## TIPS

you must bare in mind

### CHECK OUT 10 THINGS YOU MIGHT NOT KNOW ABOUT GEORGIA:

- Georgians do not call their country Georgia, it is called Sakartvelo (საქართველო) in Georgian
- While in the bus, you can enter and leave through any door, not necessarily enter from front or get off from back
- Georgians usually drink a lot, maybe better not to compete
- Georgians drive crazy; keep this in mind for your safety
- While crossing the street, look both of the sides, even though it is green light for pedestrians
- People are very helpful. If you ask for directions to a location to a random person on the street, they may not only tell you where it is but may also directly walk with you to show you
- Most food stores and shopping malls are open until 22:00 every day with no breaks. You may find many 24/7 markets and pharmacies throughout the city
- If you want to call a taxi, it is easiest and cheapest to call a taxi company. You only have to give your location and destination, and the taxi will arrive in a few minutes
- Tipping is usual in Georgia but not obligatory
- Georgia is a “close distance country”. So do not be surprised if after a few meetings someone will give you kiss and hug
