

# INTERNATIONAL STUDENT LIFE AT WBU

At Western Balkans University, our vibrant international community brings together students from over 30 countries, creating a welcoming and multicultural learning environment. WBU is proud to offer a friendly and supportive atmosphere where everyone feels at home.

From orientation to everyday campus life, our staff and students are always ready to help - making your journey abroad both exciting and comfortable.

Albania boasts stunning landscapes, from the scenic Albanian Riviera to historic towns like Berat and Gjirokaster, adorned with UNESCO World Heritage sites. WBU stands out for its affordable tuition fees, offering a cost-effective alternative to universities across the Balkans and Europe. With living costs averaging €400-500 per month, students benefit from an affordable and safe environment in one of the safest countries in Europe.

STUDY PROGRAMS

Western Balkans University (WBU) is a dynamic higher education institution in Tirana, Albania, dedicated to shaping the future of Medicine and Medical Sciences, Technology and Innovation, and Economics and Business. Established through a strategic partnership between American Hospitals Group and International Hospital Hygeia, WBU provides a unique blend of academic excellence and hands-on experience.

All programs are taught in English, ensuring a globally competitive education. The EPIC Program guarantees internships from the first year, allowing students to gain practical experience while studying. WBU's highly qualified international faculty and Cambridge-designed curriculum further enhance the quality of education.

Multiply your opportunities with a WBU dual degree

Get more choices, more career opportunities, and more knowledge with a dual degree at WBU through strong international partnerships with some of the leading universities.

CONTACT INFO
