Work Integrated Learning

Meet with a career coach, attend a résumé review session or take part in one of our career fairs to make connections across a variety of industries. Co-ops, internships and placements also connect you with employers so you can apply your skills and gain professional experience before you graduate.

Entrepreneurship

At Western, big ideas don't just stay ideas—they turn into action. Whether you are launching a start-up, leading change or developing innovative solutions, Western's Morrisette Institute for Entrepreneurship, powered by Ivey Business School, is designed to support your ambitions.

Project Based Learning

Collaborate with faculty and professionals to solve real-world problems. Course projects, capstones and interdisciplinary work help you build critical skills for today's workforce.

Research Opportunities

Explore big questions through research. Funded opportunities, such as the Undergraduate Summer Research Internships program, pair you with expert mentors so you can contribute to innovative and meaningful academic discoveries.
