Testimonials from International Faculty
and Students

Greetings from VinUniversity!

VinUniversity (VinUni) is the first private, not-for-profit Vietnamese university established by Vingroup, the largest private conglomerate in Vietnam.

The University comprises of the College of Arts and Sciences; College of Business and Management; College of Engineering and Computer Science; and College of Health Sciences and several Research Centers. We offer a fully English-speaking academic environment. Every aspect of the University: its curricula, research, faculty, student body, facilities, and campus life, is being developed to meet the highest standards set by the world's leading accrediting and ranking organizations, such as ABET, AACSB, WFME, ACEN, Quacquarelli Symonds (QS) and Times Higher Education (THE).

VinUni's founding benefactor - Vingroup is one of the biggest private conglomerates in Asia with the largest market capitalization value in Vietnam. As a multisector corporation, Vingroup focuses on six main areas: Industrials & Technology; Real Estate & Services; Infrastructure; Green Energy; Social Enterprises and Culture. VinUni is proud to be a part of the Vingroup ecosystem, giving its students the opportunities to connect with several pioneering companies (such as VinFast, Vinpearl, Vinmec, Vinschool, and Vinhomes) and a dynamic entrepreneurial ecosystem (such as VinVenture, VinMotion, or VinRobotics...).

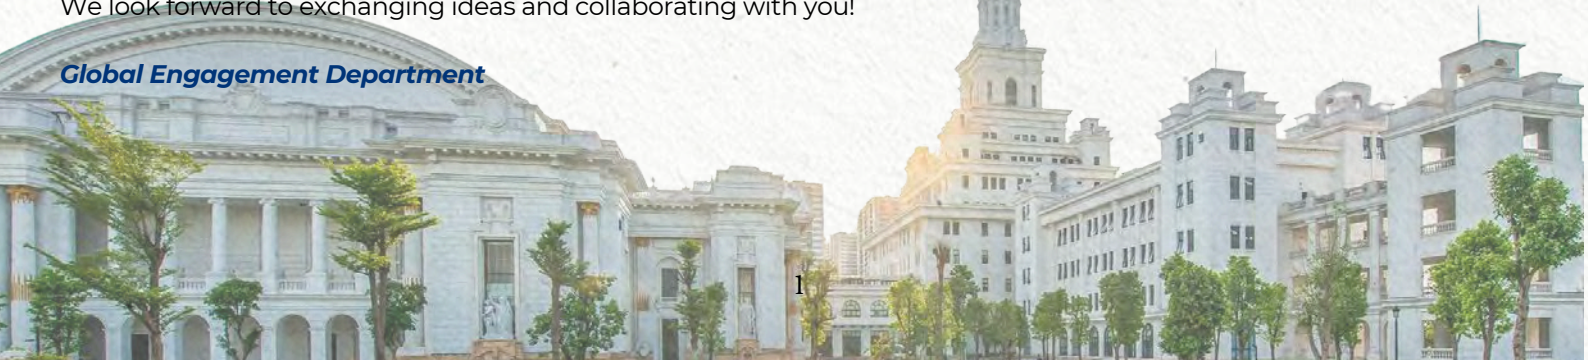

In September 2024, VinUni became the youngest and fastest university in the world to achieve QS 5 stars, earning 5 stars in 9 categories: global engagement, good governance, program strength, academic development, teaching, employability, facilities, arts, and social impact. In October 2024, VinUni was appointed by UNESCO as the first and only UNESCO University Chair, focusing on Environmental Leadership, Cultural Heritage, and Biodiversity. In March 2025, VinUni became the youngest university in Vietnam to achieve institutional accreditation from the Foundation for International Business Administration Accreditation (FIBAA) following international standards, only nine months after its founding cohort of students graduated and within five years of its inception.

Since June 2025, VinUni has officially entered a new chapter in our development. We are gradually transitioning into a research- and innovation-oriented university, with an ambitious vision to join the world's top 100 universities. Our strategic focus includes attracting global academic talent, establishing integrated research-innovation-industry complexes, and launching excellent research clusters in priority areas. VinUni's development strategy is built on two core pillars: enhancing academic and research infrastructure to international standards and strengthening academic capacity to meet global benchmarks. To support this transformation, Vingroup - our benefactor - has committed an additional investment of US\$427 million into VinUni over the coming years.

VinUniversity proactively seeks to develop lasting collaborative relationships with leading universities and institutions around the world for academic development activities. We cordially invite your esteemed university to explore the opportunity to collaborate with us via the global exchange and short-term immersion programs in Vietnam with VinUni.

We look forward to exchanging ideas and collaborating with you!

Global Engagement Department

OVERVIEW OF VINUNI

VISION	VinUni will be an innovative entrepreneurial university built upon science, technology and research, ranked among the top 100 universities in the world.
MISSION	The university's mission is to attract talents to develop global entrepreneurs, global leaders, and the next generation of scientific experts, driving change and creating a better future.
CORE VALUE	EXCELLENCE University of excellence, developing talents for the future

VINUNI PROGRAMS

VinUni comprises of College of Arts and Sciences; College of Business and Management; College of Engineering and Computer Science; and College of Health Sciences. VinUni offers different degree programs, namely:

- Bachelor of Arts in Multimedia Communication
- Bachelor of Arts in Economics
- Bachelor of Arts in Psychology
- Bachelor of Business Administration
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Mechanical Engineering
- Bachelor of Science in Computer Science
- Bachelor of Science in Data Science
- Medical Doctor
- Bachelor of Nursing
- Master of Business Administration
- Master of Science in Nursing
- Graduate Medical Education degree programs in Internal Medicine, General Surgery, Pediatrics, Orthopaedic Surgery, Anesthesiology, and Radiology
- Ph.D. in Computer Science
- Master of Science in Computer Science, Electrical Engineering, and Mechanical Engineering

WHY VINUNI?

Ecosystem

VinUni is proud to be a part of the Vingroup ecosystem, largest ecosystem in Vietnam with market leadership across multiple businesses. VinUni's commitment to providing students with opportunities to connect with reputable research institutes, pioneering industrial enterprises, and leading Vietnamese companies reflects its dedication to offering a well-rounded and industry relevant. This provides access to practical experiences, internships, and projects in industries like technology, healthcare, etc.

Global Distinguished Faculty

You will get to learn from lecturers and professors who come from 11 countries who have rich experiences in teaching and possess in-depth work and research experience from leading universities around the globe and strong industry connections, ensuring high-quality education and mentorship.

Active Learning & English Speaking Campus

VinUni's teaching pedagogy is geared towards developing students into active problem-solvers through team-based learning, experiential learning, case studies, story telling, and simulation. VinUni is an English-speaking campus, inclusive, and diverse environment that sets us apart from public universities.

Strong Industry & Research Engagement

Students will gain strong industry perspectives and engagement through the courses, in-semester internship, summer internship, and by closely interacting with business leaders, participating in industry-specific projects, and joining company visits. In addition, students will have opportunities to collaborate with VinUni faculty on research projects, allowing them to deepen their academic experience and contribute to innovative, real-world solutions.

Global Partnerships and Collaborations

VinUni proudly has strong global partnerships and collaborations with leading universities worldwide. These connections provide VinUni and international students with valuable opportunities for exchange programs, internship, joint research opportunities, and integrated degree pathways.

#01

Diverse Academic Courses and Interdisciplinary Learning

#02

VinUni offers a wide range of academic courses across multiple disciplines, including business, engineering, computer science, health sciences, and humanities. The curriculum emphasizes interdisciplinary learning, allowing students to explore diverse subjects and develop a well-rounded skill set.

#03

Rich Cultural Experience in Vietnam

#04

The program offers a chance to explore Vietnam's rich culture, history, and natural beauty. Students can participate in cultural excursions, language classes, and community activities to fully experience Vietnamese life.

#05

World-class Standards

#06

Every aspect of the University, its curricula, research, faculty, student body, facilities, and campus life, is being developed to meet the highest standards set by the world's leading accreditation and ranking organizations, such as FIBAA, ABET, AACSB, Quacquarelli Symonds (QS) and Times Higher Education (THE).

#07

World-Class Facilities

#08

VinUni is equipped with 5-star facilities, including state-of-the-art classrooms, advanced research labs, modern dormitories, and comprehensive sports and recreation complex. The campus provides an inspiring environment for academic and personal growth.

#09

Commitment to Social Responsibility

#10

VinUni emphasizes social responsibility and community engagement. This commitment could be reflected in initiatives such as community outreach programs, environmental sustainability efforts, green projects.

VINUNI FACULTY & STUDENTS

People are the invaluable asset of a university. At VinUni, we pride ourselves in attracting leading, influential and dedicated faculty and academic leaders from around the globe. The University is also home to talented students not only from Vietnam but from over 30 different countries. At our University, education is not just about imparting knowledge — it's about transforming students through innovation, personalization, and experiential learning.

GLOBAL EXCHANGE PROGRAMS

Inbound Exchange Programs

International students can spend a semester/short term at VinUni to gain global experiences, both academic and cultural. Students can immerse themselves in a new culture, learn about different ways of life, develop their language skills, and participate in academic courses lectures or field trips.

Outbound Exchange Programs

All VinUni students have the opportunity to spend a semester/a short term at reputable international universities to gain global experiences, both academic and real-life, without extra tuition fees. Students with financial need have a chance to get further support for accommodation and living expenses.

Fast Track Integrated Degree Programs

VinUni students can pursue an integrated program at those among the most prestigious universities in the world. After 5 or 5.5 years, students receive a Bachelor's degree from VinUni and a Master's degree from an international university. When studying abroad in a STEM subject, students have a great chance of applying for the Vingroup Science and Technology Scholarship Program. Or after four years, students receive a Bachelor's degree from VinUni and a Bachelor's degree from a partner university.

INBOUND EXCHANGE PROGRAMS @VINUNI

SEMESTER EXCHANGE

01

Students from partner universities can study at, and earn the credits from, VinUni by participating in a semester exchange program. More information on the courses offered, life on and off campus, living expenses, accommodation etc. is available at the exchange factsheet below. Inbound students of our partner universities may be nominated for the Inbound Global Exchange Student Ambassador (I-GESA) Scholarships.

STUDENT EXCHANGE ON RECIPROCAL FACTSHEET

INDUSTRY INTERNSHIP PROGRAM

03

VinUni, as an integral part of the Vingroup ecosystem, offers exceptional internship opportunities for international exchange students. These programs are designed to provide hands-on experience in dynamic environments, fostering practical skills and academic growth across various fields facilitated by VinUni professors, colleagues, and professionals from Vingroup companies and industry partners. It equips students with the skills and insights essential for success in their future careers. Throughout the program, students have the opportunity to build meaningful connections with professors, peers, and industry experts, gaining valuable mentorship, guidance, and career advice. Inbound students of our partner universities participating in our program may be nominated for the I-GESA Scholarships. More information about this program can be found on page 11.

02

RESEARCH INTERNSHIP PROGRAM

The Program offers students a special opportunity to do research with esteemed VinUni professors. Participants will engage in hands-on research experiences, working alongside leading scholars and industry professionals in various fields such as technology, sustainability, healthcare, business, and engineering. This program is designed to enhance students' research skills, expand their academic network, and foster innovation through real-world problem-solving. It is an excellent platform for those looking to gain insights into the practical application of research and contribute to impactful projects within Vietnam's dynamic academic and corporate ecosystem. Inbound students of our partner universities may be nominated for the I-GESA Scholarships. More information about this program can be found page 10.

04

DISCOVER VIETNAM WITH VINUNI PROGRAM

This unique initiative is an immersive cultural and educational study tour program designed to introduce international students to the vibrant culture, history, and innovations of Vietnam. Hosted by VinUni, this program combines academic lectures, seminars, hands-on activities, cultural excursions, field trips, company visits and networking opportunities with local experts and students. Spanning from a few days to several weeks, participants will gain valuable insights into Vietnam's dynamic economy, rich cultural heritage, and contemporary developments, all while enjoying a unique opportunity to build global connections and broaden their international perspectives. More information about this program can be found on page 13 - 17.

RESEARCH INTERNSHIP PROGRAM

The VinUni Research Internship Program offers undergraduate and graduate students the opportunity to engage in hands-on research under the guidance of VinUni faculty. Through internships, students gain real-world research experience in fields such as AI, data science, health sciences, sustainability, and social innovation. Interns are mentored by faculty supervisors, work on cutting-edge projects, and may earn academic credit depending on program requirements. The program aims to cultivate research skills, critical thinking, and innovation, preparing students for future academic and professional pursuits in a dynamic, interdisciplinary environment.

Application Deadline: Applications are received and reviewed all year round.

INDUSTRY INTERNSHIP OPPORTUNITIES

Internship at Vingroup companies

As a participant in the internship program at Vingroup's companies, students will immerse themselves in one of the largest conglomerates in Vietnam. Vingroup's diverse portfolio spans industries such as real estate, retail, healthcare, education, industrials, and technology. Interns will work on real-world projects, gaining insights into corporate strategies, operational excellence, and innovative business practices. This internship offers a unique chance to contribute to high-impact projects, develop professional competencies, and understand the business environment of working within a major multinational corporation.

Internship with VinUni's Industry Partners

VinUniversity collaborates with a wide array of industry partners across different sectors, providing students with internship opportunities that align with their academic interests and career aspirations. These industry partners include leading companies in industrials, technology, healthcare, finance, banking, engineering, and hospitality and etc. Students will engage in internships that offer practical exposure, mentorship from industry professionals, and the opportunity to apply classroom knowledge to solve real-world challenges. These experiences are designed to enhance professional skills, build industry networks, and foster a deeper understanding of the chosen field.

(*) The availability of internship positions will be based on the current demand of the companies.

SCHOLARSHIP

INBOUND GLOBAL EXCHANGE STUDENT AMBASSADOR SCHOLARSHIPS (I-GESA)

UP TO VND 40 MILLION (US\$~1,570)

For full-time students from partner universities participating in semester exchange program, research internship exchange program and industry internship program at VinUni under the Student Exchange Agreement

Each partner university may nominate **up to 3 students for the I-GESA Scholarships annually.**

The I-GESA grant can be used to **cover accommodation and personal living expenses** during the research internship period at VinUni.

REQUIREMENTS FOR SCHOLARSHIP RECIPIENTS

- ✓ **Be nominated** by the partner university
- ✓ **Meet VinUni's admission requirements** for research exchange students and **fulfill the requirements** for the research projects

DISCOVER VIETNAM WITH VINUNI PROGRAM

Why choose this program?

- **Explore Vietnamese Businesses:** Visit leading companies inside the Vingroup ecosystem and beyond and learn about Vietnam's growing economy and business.
- **Study with leading VinUni faculty and experts in Vietnam:** Take courses, attend lectures, and workshops on key topics like business and technology.
- **Experience Vietnamese Culture:** Dive into local life with cooking classes and visits to historical places.
- **Help Local Communities:** Participate in projects that support local development and social good.
- **Explore Vietnam's Beauty:** Travel to famous sites like Ha Long Bay, Trang An or Sapa, or down south to Hoi An etc.
- **Connect with Global Students:** Build friendships and learn from students from all over the world.

Key Benefits of Program

- Enhance international perspectives and global mindset
- Explore and experience the different cultures
- Course credit recognition
- Immerse with field trips and company visits in Vingroup Ecosystem and top industry partners
- Gain exclusive experiences and insights with specifically designed syllabus at partner university's interest.

Program Activities

(Including but not limited to)

- Academic Lecture, Seminar, Panel discussion
- Industry/Guest speaker session
- Course delivery
- Vietnamese class
- City Tour
- Field trips, Company visits
- Cooking class
- Scenic Exploration Across Vietnam:
- Cultural Exchange Activities

Duration

Range from a few days to a few weeks

Some Suggested Program Themes

- Doing business in Vietnam
- Global Political Economy
- Introduction to Robotics & Automation
- Innovation and Entrepreneurship
- Economic, Politics and Society in Vietnam
- Other topics desired by partner universities

Program Fee

VinUni can offer customized short term immersion programs **based on the academic interest and budget of partner universities.**

Number of Participants: **Program Brochure**

15 - 35 students

DISCOVER VIETNAM WITH VINUNI PROGRAMS

PROGRAMS OFFERED

VinUni can offer customized short term immersion programs based on the academic interest and requirements of partner universities.

New York University Study Abroad Program 2024 and 2026

Study Abroad Program between Students from NYU and VinUni:

- Course on Digital Twin to Tackle Sustainable Development Issues in Smart Cities
- Company visits to companies in Vietnam (VinFast)
- Cultural Exchange
- Field trips to Hanoi cultural visits

NTU ASEAN Summer Program 2024 and 2025

The meaningful two-week journey of 64 international students participating in the ASEAN Summer Program co-organized by NTU and VinUni with sponsorship from the Temasek Foundation.

- Lectures & discussions
- Group work
- Visit cultural heritage sites such as: the Thăng Long Imperial Citadel, Hạ Long Bay, and Bát Tràng Pottery Village
- Engage in practical learning experiences at companies such as: Vinamilk, BK Holdings, SMC Vietnam, and Lumi Smart Home.
- Final presentations at VinUni
- Final individual report

OVERVIEW

40+ Academic Partners

1,800+ Inbound Short Term Students

(*Data as of January 2026)

University College London Leadership and Cultural immersion Program 2024

During an 8 day program, UCL students immersed themselves in inspiring activities rich in cultural sharing and leadership development.

- Cultural connection through a series of lectures from VinUni professors and tours of cultural heritage sites in Hanoi, Ninh Binh and Quang Ninh.
- Spirit of leadership was ignited through group projects where UCL and VinUni students, from two different countries, learned, developed, and created meaningful projects together.
- Field trips to VinFast Manufacturing Factory

Hong Kong University of Science and Technology Inbound Student Programs 2023, 2024 and 2025

This is a 1-month inbound student program for HKUST students. With mixed teams involving students from both universities, the program consists of the following:

- Course on Global Political Economy and Introduction to Robotics and Automation delivered by VinUni Faculty
- Group work and culture exchange
- Field trips and site visits around Hanoi
- Credit course recognition

DISCOVER VIETNAM WITH VINUNI PROGRAMS

PROGRAMS OFFERED

VinUni can offer customized short term immersion programs based on the academic interest and requirements of partner universities.

Vietnam Adverse Childhood Experiences Pathfinders (VACEP), Cornell University 2022 and 2023

It is Community-centered Research Project under A Collaboration between VinUni and Cornell University to improve the social integration and quality of life of children who have experienced violence, abuse, or neglect.

Cornell and VinUniversity students conducted research on adverse childhood experiences in Vietnam, supporting the Vietnamese non-governmental organization Center for Supporting Community Development Initiatives (SCDI).

Singapore Management University (SMU) Inbound Student Program 2022, 2024 and 2025

Study and Cultural Exchange between Students from SMU and VinUni:

- Exchange and share cultural characteristics of Vietnam and Singapore
- Experience student life at VinUniversity and get to know Vietnam's macroeconomic policies lectures by guest speakers at VinUni
- Immerse in what Hanoi has to offer, with cyclo tour around the Old Quarter and visits to historical sites, such as Temple of Literature, Bat Trang Pottery Village

3+2, 3.5 +2, 3.5 + 1.5 Programs with Cornell University

3+2 Programs with Carnegie Mellon University

3+2 Programs with University of California San Diego

3+2, 4+1 Programs with University of Illinois Urbana-Champaign

OVERVIEW

VinUni students accepted into the integrated degree programs will have the opportunity to earn two bachelor's degrees or a bachelor's and a master's degree – one from VinUni and the other from a partner university. What makes the integrated degree programs at VinUni stand out uniquely is the network of prestigious partner universities that VinUni has built the program with and the scholarship opportunities offered exclusively to VinUni students. The programs consist of two phases in which VinUni students will study Phase 1 at VinUni and Phase 2 at a partner university overseas. Students joining the fast-tracking Bachelor's - Master's module take classes towards their Master's while earning their Bachelor's degree, helping to save significant costs of attendance and enabling them to graduate up to 12 months sooner. In addition, accelerated degree pathways are intended to build on the momentum students currently have during their undergraduate program. That is aimed to create a seamless progression toward higher degree attainment in the most efficient and cost-effective manner possible

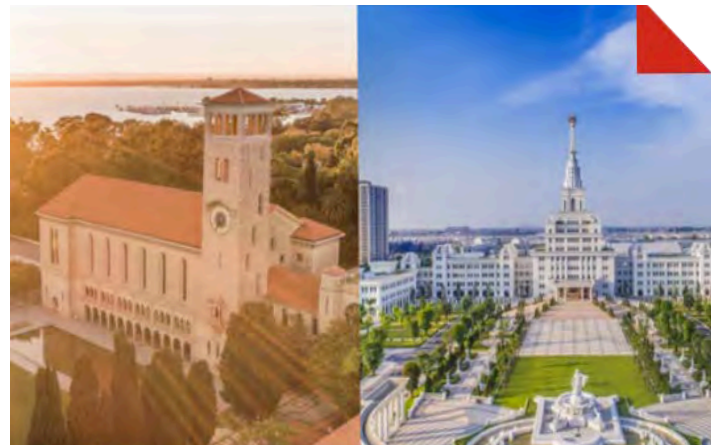

3+2 and Joint Ph.D. Programs with University Technology Sydney

3+2, 3.5 +2, 2 +2 Programs with The University of Queensland

3+2 Programs with University of Western Australia

SHARING FROM INTERNATIONAL FACULTY & STUDENTS

"I really like the "Wines of the World" course, where we got to taste various wines in the meeting room on the 9th floor with a panoramic view of the campus. It's truly an unforgettable memory! Vietnam is so beautiful, and the food is really amazing. Don't hesitate to go to Vietnam on an exchange program. Remember to study diligently and gain plenty of experiences while you're here!"

Mees, Fabian, Daan and Quinten
Nyenrode Business University
Inbound Semester Exchange Students

"It has truly been priceless to be able to come to Vietnam, to work and more importantly learn alongside the whole VACEP team. I think it is one thing to study issues like adverse childhood experiences from the comfort of your own home, but having the opportunity to speak with community-based organizations and families who have been affected was eye-opening and reminded me of why I was doing this project in the first place."

Veronica Zellers
Cornell University
Inbound Student

"I had a great time. I'm definitely going to tell the first-year students next year that this is a great opportunity. I think especially for anyone who's interested in it. Working internationally or doing medical education work, this is such a unique opportunity to work in a brand new medical school, so I'll certainly encourage my classmates to come here if they're interested."

Daniel Hartman
University of Pennsylvania
Internship Student

"The students, faculty, and staff at VinUni were wonderful to work with: filled with enthusiasm for joint research and discussions with our students, they ensured that we had access to amazing sites, people, and experiences. They also met our desires for a meaningful learning and research experience sustained over the ten days."

Prof. Yves Tiberghien
University of British Columbia
Faculty lead for the UBC Go Global research seminar in Vietnam

"The concept of excellence resonates deeply with us, and through our interactions with your staff, students, and facilities, we are convinced it is a cornerstone of what you do here, something we aspire to achieve as well."

Professor Charles Arcodia
Griffith University
Faculty lead for Griffith Business School Study tour program in Vietnam

SHARING FROM INTERNATIONAL FACULTY & STUDENTS

"One of the major valuable experiences during the course that we had is the field trip where we went into the city center with Prof. Doanh, VinUni and HUST students to look at what's going on in Hanoi, figuring out what the current issues that the locals have, because as our goal is to problem-solve, we want to figure out what the exact problems we can address for the locals, rather than just having a general view of the situation."

Christopher Brasil

New York University

Inbound Short-term Student

"From my exposure with the classes taught in VinUni, I can say that the classes in VinUni were significantly more engaging. When you have a teacher who is dedicated to a smaller number of students, the ratio is more of a classroom, you'd really feel engaged, you feel like it's a conversation. And when you leave the class, you feel like you've learned without actually having to focus because the focus is always there."

Rani Mahassen

University College London

Inbound Short-term Student

"The hands-on approach inspired me to think outside the box and gain a deeper understanding of how robotics and automation are intricately integrated into various industries. Additionally, the field trips and expert insights further fueled my passion for robotics."

Max Tseng

The Hong Kong University of Science and Technology

Inbound Short-term Student

"The three words to describe this experience are: fun, balanced, and eye-opening. It's fun because I participated in many activities with my friends. It's balanced because it was not just playing but a good mix of work as well. And It's eye-opening because I experienced and learned a lot about Vietnamese culture."

Gerald Ann Yi Hern

Singapore Management University

Inbound Short-term Student
