

STUDY AT UWS 2015

INTERNATIONAL COURSE GUIDE

**LIFE
AT UWS**

WELCOME TO THE UNIVERSITY OF WESTERN SYDNEY

In 2014, UWS celebrated a significant milestone – our 25th anniversary as a university in Australia. Although a relatively young university, we acknowledge our long tradition of providing higher education for over 200 years through our predecessor institutions.

Today, UWS has grown to become a truly world-class university. UWS is now ranked in the top two percent of universities worldwide, according to the Times Higher Education (THE) World Rankings. UWS is also ranked in the top 100 universities in the world under 50 years of age.

As we look forward to the future, our international student community plays a vital role in further developing ourselves as an internationally recognised university.

UWS is a university of the people that increasingly provides opportunity for our students to achieve their full potential.

I know that choosing the right education provider will be one of the most important decisions in your life.

In this course guide, I hope you enjoy reading about our international student success stories and reasons why students from more than 70 countries choose to study at UWS every year.

From day one, you will feel at home at UWS and I am confident that you will enjoy your journey at one of the best universities in the world.

I look forward to welcoming you to UWS.

Professor Barney Glover
Vice-Chancellor and President
University of Western Sydney

DEGREES OF SUCCESS

The future you've been dreaming of starts here – discover how you can take the first steps towards your future.

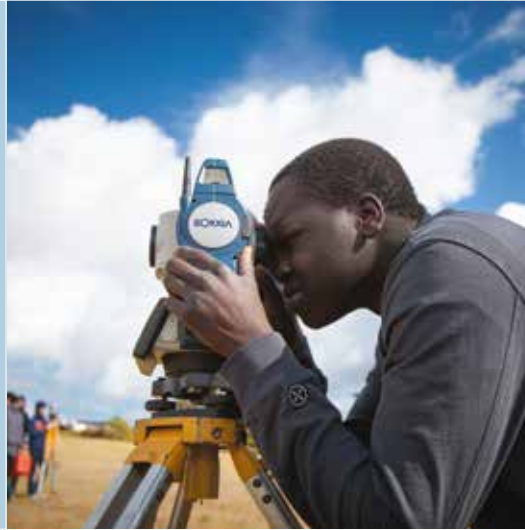

DISCOVER MORE

This course guide will help you to discover more about what UWS can offer you and why you would want to be part of the 'UWS Degrees of Success' story.

ACADEMIC EXCELLENCE

As a UWS student, you'll learn from nationally and internationally recognised researchers and lecturers whose passion is teaching and learning excellence. We want to make sure you have the best possible learning experience at UWS and this is why we have designed and implemented a range of opportunities such as The Academy, Student Exchange and industry-supported practical internships which can all help you to shape a successful future.

STUDENT CENTRED LEARNING

At UWS, we understand that education is not only about what you learn – but also about how you learn. The quality of your educational experience is a critical factor which can significantly affect your learning outcomes.

The University of Western Sydney has a reputation for teaching and learning excellence and we are incredibly proud of this. We value innovation and our student centred learning strategy encourages our teachers to incorporate flexible and innovative learning techniques into our courses. Technology is a critical aspect of learning today and we utilise online learning portals and interactive classes which ensure that your time spent with us prepares you for work in the new digital world.

A DIFFERENT STYLE OF TEACHING

The teaching styles you will encounter at UWS and the study skills required might be very different from what you have been used to in your home country. At UWS 'rote' learning (or memorising information) is not the main method of teaching. You will be required to understand and apply concepts and theories, and to critically examine and present a range of arguments to support your decisions.

Gaining practical experience is another key ingredient for success in the workplace after graduation and forms part of most of our degree programs.

CLASS PARTICIPATION AND UNDERSTANDING

You will be expected to participate in class discussions and to question your lecturers and tutors if you do not understand what is being taught and discussed. In Australia it is not considered bad manners to express views that are different from those expressed by your teacher. In fact, you will be encouraged to do so.

TEACHING AND LEARNING SUCCESS

Our lecturers are industry-trained professionals whose goal is to ensure you are career-ready when you complete your degree. They are also outstanding achievers in their own fields, maintaining an excellence in teaching that has been recognised within and beyond the University. In 2014, three UWS academics were awarded with prestigious Office of Learning and Teaching (OLT) Citations for their contributions to student learning. Our lecturers want to see you achieve your future success by giving you the benefit of their experience.

uws.edu.au/awardsuccess

LECTURES AND TUTORIALS

You will be required to study a full load of units (subjects) per teaching session. Generally, study is undertaken on a UWS campus involving a combination of lectures and tutorials. You will be required to attend many hours of classes each week or you may be penalised if you do not comply. You will also be expected to spend a substantial amount of unstructured time on individual reading and research outside of class.

ASSESSMENTS AND ASSIGNMENTS

Assessment methods vary from course to course. To pass most subjects you will be required to complete a number of assessment tasks or assignments during each session (semester). These may include essays, research papers, oral presentations, fieldwork, laboratory practicals, mid-term and final exams. At the beginning of each teaching session you will be given an outline of these tasks and assignments, including the 'deadlines' (final dates) for completion. If you fail to meet these deadlines you may be penalised even though you have completed your work.

ATTENDANCE AND ACADEMIC PERFORMANCE

Attendance at class and submission of required work is also a condition of your student visa. The University is required to report poor attendance and poor academic performance of student visa holders to the Department of Immigration and Border Protection (DIBP).

APPLE IPAD INITIATIVE

We understand that technology is vital in today's world and that is why, in 2015, UWS will provide all new commencing undergraduate students* with an Apple iPad which will enable them to engage in learning anytime, anywhere.

INDUSTRY EXPERIENCES

INDUSTRY EXPERIENCE WHILE YOU STUDY

Industry experience is a great way to put your studies into practice and improve your employability. We have a number of programs to help you find the right industry experience.

INTERNSHIPS

Here at UWS we have an internship program that is specifically designed to link students with degree-relevant opportunities. With the support of UWS Careers, students have undertaken placements in various areas such as website design, marketing, chemical testing, stormwater management, database development, and social research.

JOBS ON CAMPUS

UWS understands it is tough juggling study and work so we have established the Jobs on Campus program which can assist you financially whilst studying. The Jobs on Campus program aims to enhance your University experience by providing opportunities for paid professional experience, right here at UWS!

CAREERS ASSISTANCE FOR INTERNATIONAL STUDENTS

If you find yourself needing help at any stage of your career planning, whether it is to find a part-time job or figure out what you want to do after university, UWS Careers can provide you with a range of resources to help, including:

- » One-on-one careers advice for international students
- » Drop-in sessions
- » Workshops on topics such as résumé writing and interview skills
- » Employer presentations and events such as Career Fairs and Expos

ONLINE CAREER RESOURCES SPECIFICALLY FOR INTERNATIONAL STUDENTS

- » Star Pronunciation – a web-based course tailored to your language background to help build better English pronunciation skills for more confident and effective oral communication in class or at work.

STUDENT SUCCESS STORIES

DO THANH HOANG LE **VIETNAM**

Master of Business and Commerce
(Human Resources Management)

One of the services that was of most help to me was the CareerHub. They helped me to write my resume and provided me with interview tips. I really liked the fact that all the lecturers and teachers at the University of Western Sydney and **UWSC** College treated both international and local students in the same way, and supported and guided us equally.

WENXING ZHANG **CHINA**

Master of Convergent Media

The atmosphere in the classroom is very flexible. I can communicate with my tutors even after the class. Only after I chose this course at UWS, I really understood the course structure on creative thinking and media production. The course is well structured and the campuses have fantastic facilities, especially the library. Personally for me it is so convenient because I can borrow a book from any campus and return it in another campus. I love my course at UWS!

ISHAN KARANJIT **NEPAL**

Bachelor in Information and Communication Technology

My course is very practical here at UWS, my teachers help me a lot and it is going smoothly. UWS campuses are really big, very spacious. The libraries are equipped with all the latest technologies, and the computer labs are very modern and well-equipped. If you are considering coming to Australia, there are challenges, but the teachers and staff here at UWS will help you throughout the journey!

FLORIAN STOLZ
GERMANY

Sydney Graduate School of Management
Master of Business and Commerce

The best thing I liked about the course at UWS was that we had a small class size. So we had an opportunity to talk to the teacher, it was always an interactive session. We had the opportunity to ask lots of questions, the teachers were always well prepared and experts in their fields.

MANEESH MATHAI
INDIA

Master of Information and
Communications Technology

I found that the units of my course in UWS were very much aligned with the real world needs of the industry. The academic approach with focus on practicals as well as research investigations blended into the units forced me to think and implement independently and analytically.

LUH (MICKE) ANGGRAINI
INDONESIA
PhD

UWS is an excellent campus; it is a nurturing place to study with a wide range of modern academic facilities. Its location and access to public transport in greater Sydney are also of advantage. Food outlets and cafes are available in every campus with many food varieties. I have been actively involved in campus leisure activities through the UWSCoConnect programs. UWS also provides students with on campus accommodation that is UWSVillage where I spent the first six months in Australia; it was convenient student accommodation that I highly recommend to new students.

ISAAC PALAVICINI
VENEZUELA

Master of Business
(Operations Management)

Everything for me was a surprise; I didn't expect Sydney to be such a beautiful city – the Harbour, the Opera House – it has people from so many cultures, it is such a technologically advanced city and the natural environment is so good!

PUTTING LEARNING INTO PRACTICE

SOLAR CAR TEAM UP FOR THE CHALLENGE

The UWS Solar Car team will enter the next World Solar Challenge to be held in October 2015. The team is expected to target the prestigious Challenger Class again, aiming for the top spot in the 3021km challenge.

A new management team, recruited from UWS students, has been appointed by the School of Computing, Engineering and Mathematics. Leading the team is Ben Grant, a second year UWS Engineering (Mechatronics and Electronics) student with more than 10 years' experience in his field.

The UWS team is aiming to be the best equipped of all of the Australian Solar Car teams. For this project

team members will undertake free professional training provided by the School, outside of their regular studies, to sharpen their engineering and fabrication skills.

As the UWS Solar Car project team is constantly recruiting, opportunities exist for all passionate students with an interest in engineering, science and sustainability. So why not join the team? You will have the chance to represent the University against some of the most prestigious universities in the world.

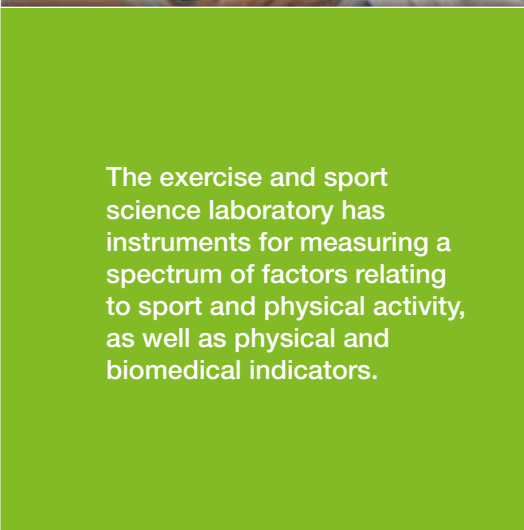

For more information, visit: uws.edu.au/solarcarchallenge

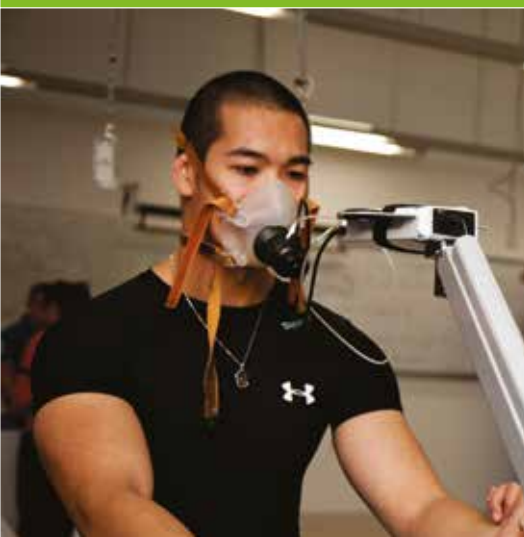

Our Campbelltown campus is home to the \$52 million state-of-the-art School of Medicine which is training the next generation of doctors in its anatomy laboratories and other practical facilities.

UWS Nursing students put their practical skills into action in our laboratories at the Campbelltown, Hawkesbury and Parramatta campuses, which feature a full replica of a hospital ward.

The exercise and sport science laboratory has instruments for measuring a spectrum of factors relating to sport and physical activity, as well as physical and biomedical indicators.

Media students get creative in the convergent media studio complex, equipped with recording, post-production, broadcast and narrowcast facilities.

INTERNATIONALLY RECOGNISED RESEARCH

The University of Western Sydney nurtures a distinctive, high impact research culture. The quality of our research has resulted in 36 areas being listed as 'at or above world standard' in the Excellence in Research Australia (ERA) exercise. This includes five-star rankings for 'evidence of outstanding performance well above world standard.'

Boasting four research institutes, UWS is attracting international, national and local interest.

The Hawkesbury Institute for the Environment (HIE) is a multimillion dollar research institute dedicated to investigating the impact of climate change on native trees and forests.

At the MARCS Institute, researchers examine, explain and enhance human-human and human-machine communication through behavioural, neuroscience, and computational investigations.

The Institute for Culture and Society (ICS) builds on the proven track record of the Centre for Cultural Research (CCR), carrying out research on the transformations in culture and society in the context of contemporary global change.

The Institute for Infrastructure Engineering (IIE) is building on the work of the Civionics Research Centre (CRC), promoting the concept of 'Smart Engineering', which has developed through research into smart structures and smart materials.

UWS also hosts the National Institute of Complementary Medicine (NICM). Funded by the University, industry partners, philanthropy, and research grants and contracts, NICM conducts clinical and laboratory research to close the gap between our use of complementary medicines and our understanding and knowledge of how they work.

HAWKESBURY INSTITUTE FOR THE ENVIRONMENT

Growing more food and fibre for an expanding population is a major challenge for Australia as we face a changing climate and competition for land and water resources. The Hawkesbury Institute's team of scientists are meeting this challenge by discovering how crops, grasslands and forests and the animals that live in them are responding to environmental and land use change.

Equipped with leading-edge facilities, the Hawkesbury Institute is the ideal environment for researching our managed and natural ecosystems. For example, an 'ecological time machine' that uses a gigantic structure over an intact mature forest ecosystem is providing a look into a future, high CO₂ world. This EucFACE experiment allows scientists to study the response to high CO₂ of the entire forest ecosystem.

Research at the Hawkesbury Institute is having a global impact and our scientists are renowned for their work

Two areas of specialisation, plant biology and forestry sciences, within the Institute were characterised in ERA as 'of outstanding performance' and received the highest possible rating of '5'.

in ecology, forestry, and plant, animal and soil sciences. The Excellence in Research for Australia (ERA) evaluation ranked the Institute's research well above world standard (highest possible score of 5) in plant biology and forestry, and above world standard (score of 4) in soil sciences and ecology.

INSTITUTE FOR CULTURE AND SOCIETY

The way we live is changing at an unprecedented speed. Economic instability, rapid developments in technology, and environmental crises are just some of the major global trends, which will transform culture and society in the years to come.

UWS is undertaking research to help us understand, interpret and meet the challenges of this changing social landscape. Based at Parramatta campus, the Institute champions inter-disciplinary, engaged and collaborative scholarship in the humanities, arts and social sciences.

It takes a contemporary perspective to bring the opportunities of the digital age into all aspects of its research. The research themes of the Institute cover dynamic areas such as intercultural dialogue, transnational culture, institutional governance, economic and cultural globalisation, heritage, creative industries and city cultures.

Cultural Studies – which reflects the research activity of the Institute for Culture and Society and the research activity in the School of Humanities and Communication Arts – was characterised in ERA 'above world standard' and received a rating of '4'.

The high calibre of these researchers was recognised in the 2010 Excellence for Research in Australia (ERA) audit, with the University of Western Sydney awarded a '4' rating – indicating 'above world standard' – in the field of cultural studies.

NATIONAL INSTITUTE OF COMPLEMENTARY MEDICINE

Local and international demand for complementary medicine products is growing at unprecedented rates. Over 80% of the world's population and two out of three Australians use some form of complementary medicine. Australian annual expenditure is close to \$3.8 billion and growing. Yet this use often occurs without a full understanding of the effectiveness of complementary medicine treatments. Many complementary medicines offer a wealth of potential healthcare solutions, backed by hundreds of years of clinical use.

NICM's research program focuses on the safety, efficacy and use of complementary medicine, and employs a diverse range of disciplines to investigate these issues. Scientific research into the clinical efficacy, safety, mechanisms of action and economic value of complementary medicine is a relatively new academic endeavour. It spans the biomedical, clinical, social, economic and public health fields, creating a vibrant, interdisciplinary context.

Drawing on its legacy of traditional knowledge, NICM's research program investigates the breadth of interrelated issues in complementary medicine from the broad social research perspective to detailed analysis of the chemical constituents and molecular effects of herbal medicines. It addresses the national research priorities of preventative healthcare and aged care, and its activities fall into three streams:

1. Clinical research to validate the efficacy and safety of complementary medicines and therapies.
2. Pre-clinical laboratory research on the identification, bioactivity and mechanisms of action of herbal medicines and herb-drug interactions.
3. Health policy research on issues such as safety, industry regulation, service provision and integration of complementary medicine, health policy development through federal and state government agencies, development of clinical practice guidelines, economic analyses of complementary medicine usage, and database development, including the Chinese Herbal Medicine Toxicology Database.

NICM's world class research team provides leadership in clinical research, with a track record for completing high quality trials that have been published in the world's leading medical journals. International collaborations provide access to the world's leading clinical experts and facilities.

Complementary medicine research at the University of Western Sydney was ranked in ERA as 'well above world standard', and received the highest possible rating of '5'.

GET SOCIAL, PLAY SPORT

Once you start studying at UWS give yourself the opportunity to meet other students through sports and leisure activities. uwsconnect coordinates a wide range of leisure outings and recreational activities. These are available to students, staff alumni and their friends.

UWS caters for a wide range of interests in sport and recreation whether you're into football, shooting pool or ping pong! There are numerous social and sporting clubs you can join and sporting facilities you can use across UWS campuses* including:

- » fitness centres
- » 50 metre outdoor swimming pool
- » synthetic hockey fields
- » tennis courts
- » squash courts
- » multi-purpose courts catering for:
 - » badminton
 - » netball
 - » basketball
 - » futsal
 - » beach volleyball
- » grass athletics track including long jump pits
- » cricket pitches and practice nets
- » sports ovals for AFL, soccer and rugby codes

UWS also participates in the Eastern University Games and Australian University Games as well as Australian University Sports Championships during the year. UWS teams competing at these major events range in size between 250 – 350 people and they have an opportunity to compete at the highest level for tertiary sport in over 22 sports.

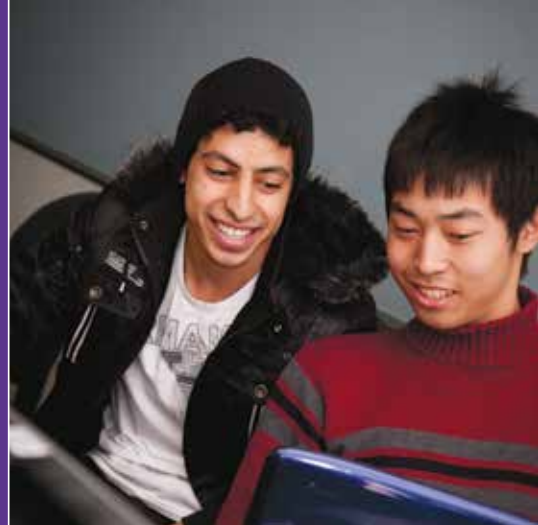

For elite sports people playing at the top end of their sport, UWS is a member of the Elite Athlete Friendly University Program which is a formal agreement between the University and the Australian Sports Commission to assist athletes with the balance of their studies and sports participation. Athletes who fulfil the Elite Athlete and Performer criteria are provided with assistance through UWS to allow them to study and compete without jeopardising their academic aspirations.

* sporting facilities available vary from campus to campus.

ABOUT UWSCOLLEGE

YOUR PATHWAY TO UWS

UWSCollege is a division of UWS Enterprises Pty Ltd ABN 44 003 474 468 – a wholly-owned entity of UWS and is the University's preferred provider of English language programs, University Foundation Studies and Diploma programs. This means when you enrol in a **UWSCollege** pathway program you are a student of UWS and have access to the university's wide range of education, leisure and social activities and facilities.

UWSCollege programs provide the academic knowledge and the English language skills you will need to undertake study at university. The College also helps to ensure that you have the personal, cultural and social support you need to stay focused and achieve your goals.

UNIVERSITY FOUNDATION STUDIES

The University Foundation Studies Program prepares students for university study, both academically and socially, by offering courses that are an introduction to the knowledge and skills needed for an undergraduate degree at UWS. Upon successful completion of the program, you are guaranteed direct entry into the first year of a UWS undergraduate degree. Alternatively, you can undertake an **UWSCollege** diploma, which gives advanced standing of one year in the equivalent undergraduate degree at UWS.

Students are able to choose from one of six specialisations of study:

- » Arts (for students wishing to study Arts, Psychology, Social Science and Education)
- » Business
- » Engineering
- » Information and Communications Technology
- » Health Science/Nursing
- » Science

Study specialisation will depend on the course the student would like to pursue at university.

DIPLOMAS

UWSCollege Diploma Programs are equivalent to the first year of the corresponding Bachelor's degree at the UWS. On successful completion of your diploma, you automatically receive one year advanced standing and are guaranteed a place in the corresponding Bachelor's degree at UWS. Students are able to choose from ten diplomas, namely:

- » Arts (for students wishing to study Arts, Psychology or Education)
- » Business and Commerce
- » Construction Management
- » Criminal and Community Justice
- » Engineering
- » Health Science (Health Promotion, Health Services Management and Therapeutic Recreation (HP, HSM, TR))
- » Health Science (Personal Development, Health and Physical Education (PDHPE))
- » Information and Communications Technology
- » Science
- » Social Science

UWSCOLLEGE ENGLISH LANGUAGE PROGRAMS

UWSCollege has built a national and international reputation for excellence on the results we deliver. We are a member of English Australia (EA) and University English Centres Australia (UECA) and all of

our English Programs are accredited with the National ELT Accreditation Scheme (NEAS) Limited Australia. **UWS** College is also certified by the Australian Government (CRICOS Provider Code 02851G), which means we are licensed to teach English to international students.

All English language programs are accredited courses that can give you the confidence and communication skills you need to meet the challenges of university study and attain a level of language proficiency required for entry to UWS.

Whether you want to improve your general communication skills, pass an important exam or attend an English-speaking university, we have a course for you. Choose from English for Academic Purposes (EAP), Communicating in English (General English (GE)), Advanced Academic English and IELTS Preparation courses.

ACADEMIC ENGLISH FOR TERTIARY STUDIES – (CRICOS CODE 082069M)

Academic English for Tertiary Studies has been specifically designed to develop ESL students' English proficiency to enable them to communicate confidently, express ideas effectively and achieve rhetorical competence so that they attain a level

of language proficiency corresponding to the standard required for entry to Australian tertiary educational institutions.

This course has five modules, English for Academic Purposes (EAP) 1 to EAP 5, catering for Pre-Intermediate to Advanced English level students. Each module consists of 10 weeks and includes 20 hours per week of face-to-face teaching.

- » **EAP 1** – This course provides a bridge between general English skills and academic skills in reading, listening, speaking and writing. During the course, students will concentrate on basic grammar and sentence structure, leading to more complex texts.
- » **EAP 2** – EAP 2 provides students with a foundation in academic writing, reading, listening and speaking skills through general coursework, oral presentations, factual reports and regular assignments.
- » **EAP 3** – This level consolidates students' understanding of a range of academic texts and builds on the skills developed in the EAP 2 course.
- » **EAP 4** – EAP 4 extends students' proficiency in academic English with opportunities to strengthen their language and critical literacy skills in preparation for tertiary study.

- » **EAP 5** – EAP 5 allows students to further develop their language skills in academic writing, reading, listening and speaking to a competent level. It is excellent preparation for the university environment. Students who successfully complete EAP 5 do not need to take any further English language tests to gain entry to their study at UWS.

ADVANCED ACADEMIC ENGLISH SKILLS – (CRICOS CODE 082209D)

This program has two components:

- » Module A: Reading and Writing, and
- » Module B: Listening and Speaking.

Module A provides students with the intensive writing and reading practice they need. It is designed for students who either have IELTS (Academic) 6.5 or above but only a 5.5 in reading and writing, or need to polish their reading and writing skills before entry to tertiary studies.

Module B focuses on providing students with high level spoken communication skills for work or further study. It is designed to help improve fluency, pronunciation and public speaking skills. It combines well with Module A.

MASTER OF TEACHING DIRECT ENTRY ENGLISH PROGRAM (MTDEEP) – (CRICOS CODE 084618D)

This program is designed to bridge this gap and provide an integrated skills program of listening, speaking, reading and writing to develop students' English language proficiency to an overall 7.5 IELTS with a minimum 8 in Speaking and Listening and minimum of 7 in Reading and Writing. The course incorporates practice in academic study skills and practice in language skills particularly pertinent to teaching in the Australian school sector.

COMMUNICATING IN ENGLISH (GENERAL ENGLISH) – (CRICOS CODE 082210M)

The General English program prepares students for effective English language communication. The program is designed to develop English proficiency from a beginner level through to an advanced level, and teaches students how to communicate effectively in everyday society.

IELTS PREPARATION COURSE

For students wanting to enter university within Australia and overseas or needing an IELTS certificate for visa or Australian immigration purposes, the English Language Program also offers an IELTS Preparation Course.

This course provides you with skills and confidence in test taking for both modules as well as an understanding of the IELTS practice test. It also prepares you for all four skills tested (reading, writing, listening and speaking).

IELTS TEST CENTRE

The International English Language Testing System (IELTS) is an international English test used for entry to universities and other educational institutions, both within Australia and overseas. The IELTS centre is located on our Westmead campus, which is close to Westmead Station and other public transport links servicing Westmead Hospital.

IELTS Test Centre contact details:
Telephone: +61 2 9685 9709
Fax: +61 2 9685 9830

PACKAGING PROGRAMS

UWS College English courses can be packaged with University Foundation Studies and/or Diploma courses as well as UWS degrees. You will only need to pay one international student processing fee. One of the advantages of packaged programs is that only one visa is required for the entire study period at UWS College. Where a package includes

English, no further external English test will be necessary before beginning your next course at UWS College or UWS.

ENGLISH ENTRANCE TEST

UWS College offers an English language testing service to determine whether you have the English language skills required for direct entry to UWS and UWS College. The two-hour English Entrance Test will assess your English skills in listening, reading and writing.

TEACHING ENGLISH TO SPEAKERS OF OTHER LANGUAGES

A recognised qualification within the Australian Qualifications Framework (AQF), the Certificate IV in TESOL is designed for those wishing to pursue a career in teaching English to speakers of other languages. Available in various modes, accreditation can be achieved by studying full-time, part-time or in intensive mode.

STUDY TOURS

UWS College short-term English language Study Tour Programs provide intensive English language tuition for professionals and students. Every course is designed to meet the specific needs of each client group — allowing you to develop English language and professional skills in an English speaking environment.

PREPARING TO STUDY AT UWS

WHAT TO BRING WITH YOU TO AUSTRALIA

Sydney is a large cosmopolitan city in which you can buy everything you need. However, you are advised to bring some items with you to Australia because many items may be more expensive here than in your home country.

- » Some students choose to bring larger electrical appliances such as rice cookers. These items are widely available in Australia but may be more expensive than your home country. Note: Australia uses 240 volt AC 50 hertz electricity and three-pin plugs to access power points.
- » Accommodation does not include linen or blankets. A sleeping bag may be useful the first few nights until you have a chance to purchase items.

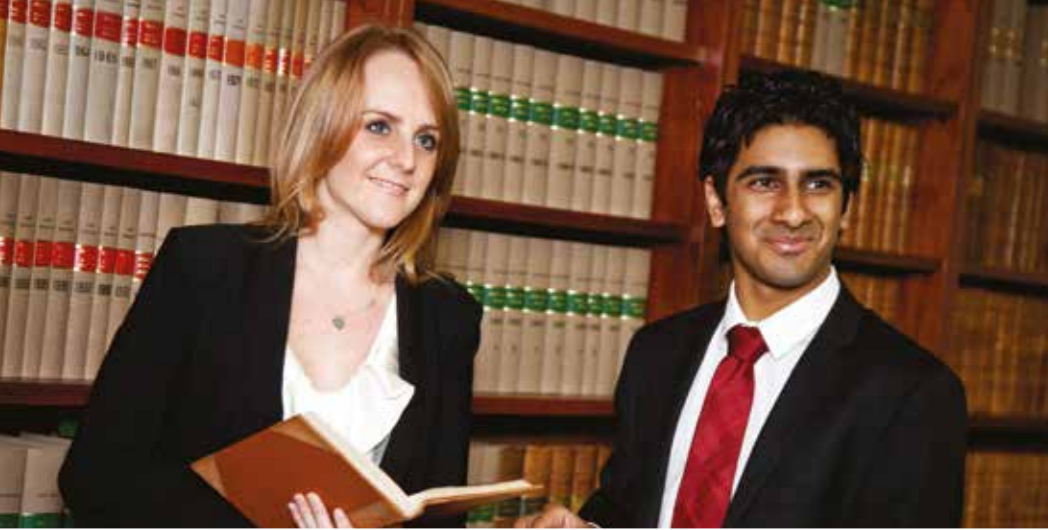

- » Australia has strict customs laws. It is illegal to bring many items, such as food of any description, including herbal medicines, into Australia.
- » As it can often take some time for money to be transferred from your home country to Australia, bring enough money to cover your expenses for the first few weeks. Foreign currency can be exchanged for Australian dollars at Sydney Airport. If you arrive on a weekend (Saturday/ Sunday) and do not change some currency at the airport, you may not be able to change it until the next working day. If you want to use cash, you may only use Australian currency.
- » Bring some lightweight items from home to make your new place feel like home — like a decorative cushion cover or photo in your favourite photo frame.

WORKING IN AUSTRALIA

As an international student you may work up to 40 hours a fortnight during each study session (semester) and unlimited hours when your course is not in session.

Permission to work will automatically be included in your student visa. Although you are able to work in Australia, you cannot rely on that income to fund your tuition fees or living costs for the duration of your stay in Australia.

Many international students choose to work part-time during their studies, but it is unrealistic to expect that you will find part-time work as soon as you begin looking for it. You will first need to become familiar with the city and the areas where part-time employment is available. It is also important to understand your study obligations before you commit yourself to part-time work.

COURSE FEES

Your offer of admission letter will list the fees you should pay including tuition fees, compulsory overseas student health cover fees, student services amenities fees and any other general charges levied by the University.

All required fees must be paid in advance for each session/teaching period. Tuition fees are subject to an annual increase (students commencing studies in the July session should take particular note of this as the tuition fees payable are likely to increase in the following session of study). Course fees only cover the cost of your tuition. They do not include other expenses associated with your course such as books or equipment.

FAMILIES

Students wishing to bring children and/or their spouse (dependants) will need to consider:

- » visas
- » health cover
- » schooling

immi.gov.au/students/index.htm

OVERSEAS STUDENT HEALTH COVER (OSHC)

Overseas Student Health Cover is compulsory for everyone holding a student visa. You will need to purchase OSHC for the proposed duration of your student visa and include this payment with your tuition fees when accepting an offer of study at UWS. Students from Belgium, Norway and Sweden may not be required to take out OSHC if covered by their own scheme. Students from these countries should check with their sponsors or their agent in Belgium, Norway or Sweden. OSHC is compulsory for all other students.

The cost of medical treatment is very high in Australia and you must meet any expenses not covered by OSHC. The OSHC provider for UWS is Allianz Global Assistance. More detailed information about OSHC will be sent to you prior to your departure. Please read this information carefully.

The following health covers are available:

- » Singles: covers only the valid student visa holder
- » Dual family: covers one valid student visa holder plus either one adult spouse or recognised de-facto partner or one or more dependant children
- » Multi-family: covers one student visa holder plus more than one dependant which can only include one adult spouse or recognised de-facto partner and one or more dependant children.

DO I NEED A STUDENT VISA?

You must obtain a student visa before you come to study in Australia. UWS participates in the DIBP Streamlined Visa Processing arrangement. This means when you apply for a student visa with a Confirmation of Enrolment for an eligible course at UWS (Bachelor, Master or Doctoral level) your application will be assessed as a lower migration risk, regardless of country of origin.

DO I NEED HEALTH COVER?

Overseas Student Health Cover (OSHC) is a compulsory requirement for the issuing of a student visa. When you accept your offer at UWS you will need to purchase OSHC for the proposed duration of your student visa. Students from Belgium, Norway and Sweden may not be required to take out OSHC. The cost of medical treatment is very high in Australia and you must meet any expenses not covered by OSHC.

HOW MUCH WILL IT COST ME TO STUDY?

You will need to consider the cost of travel, tuition fees, school costs of any dependents, and living costs. Other costs include compulsory health cover and student services amenities fees. Refer to pages 35-38 for full details.

uws.edu.au/international/fees

HOW DO I APPLY FOR A REFUND?

If you require a refund of your fees, it is important that you notify UWS as soon as possible. You must also provide a copy of your Confirmation of Enrolment, together with the mailing address to which your refund is to be sent. Refunds are normally made to your home country, and only in exceptional circumstances are they made in Australia. The exact refund you will be entitled to depends on the reason why you need a refund, and how quickly you notify the University in writing, that you require a refund.

NOTES

- All tuition fees are quoted in Australian dollars.
- The tuition fees quoted above are the fees for the normal full-time study load of the course (80 credit points per annum).
- International students will be subject to a variable fee regime: i.e. enrolled students will be required to pay tuition fees based in the approved fees for each calendar year.
- Fee changes (if any) will occur at 1 January each calendar year.
- Students who extend their course past the normal finish date of the course will be required to pay additional fees based on the prevailing fee levels.

* Subject to approval. Please check the online handbook at handbook.uws.edu.au/hbook for details.

^ The B Nursing (Graduate Entry) 4692 requires completion of 170 credit points i.e. 1st year = 100 credit points; 2nd year = 70 credit points. Based on the 2015 rate, annual fees are: 1st year = \$30,350; 2nd year = \$21,245 (2nd year fee is subject to a variable fee regime).

~ The consecutive combination of an undergraduate degree [B Arts (Pathway to Teaching Primary), B Arts (Pathway to Teaching Secondary) or B Science (Pathway to Teaching Secondary)] AND the relevant postgraduate qualification [M Teaching (Primary) or M Teaching (Secondary)] will prepare students for a career in primary or secondary teaching depending on the Masters program studied. This can be completed in 4 years of study (in accelerated) or 4.5 years in full-time mode. A packaged offer is available.

Courses with pending CRICOS codes are not open for application. Please contact us if you require more information.

UNIVERSITY FOUNDATION STUDIES

FOR BACHELOR DEGREE ARTICULATION REQUIREMENTS

At the completion of each term of the University Foundation Studies Program, students will receive a number called a Grade Point Average (GPA). The highest GPA attainable is 10. These GPAs will largely determine a student's academic progression to the next term or course. The minimum articulation requirements for UWS courses are listed below.

Courses which have a high demand or limited places available will usually have a higher GPA requirement.

Minimum entry requirements for entry into a UWS undergraduate degree for University Foundation Studies Program students.

Section J: Declaration and signature

- I wish to be considered for entry to the course listed above, and declare that all the information submitted on this application form is correct and complete.
- I authorise the University of Western Sydney to obtain official records from any educational institution previously attended by me.
- I clearly understand and accept that enrolment in the University of Western Sydney will require compliance with the provisions established by the Australian Government for fee-paying overseas students, which include the following:
 - Temporary entry to Australia, if granted, will be for study purposes only.
 - To be accepted to study at the University of Western Sydney, I must have at least the minimum academic and English language requirements for the course.
 - I will be permitted to continue my study in Australia only if I make satisfactory progress in my course.
 - I undertake to inform the University of my Australian residential address and telephone number at enrolment.
I will advise the University of any changes to these details while enrolled at the University of Western Sydney.
- I am to return home on the completion of my study or at the expiration of my temporary entry permit, and I understand that temporary entry as a student confers no right of permanent residence in Australia at a later date.
- I undertake to pay the prescribed tuition fee for which I am liable, and am aware that failure to pay the charge when it becomes due means that I will not be permitted further temporary stay in Australia to pursue the studies which attracted the charge.
- I understand I will be required to pay compulsory school fees for any children accompanying me to Australia who are aged between 6 and 15 years.
- I understand that the University of Western Sydney reserves the right to vary any decision regarding admission or enrolment made on the basis of incorrect or incomplete information.
- Should I be found ineligible for admission to either of the courses nominated on the front of this application, I authorise UWS to assess my eligibility for a university pathway course.
- Information is collected on this form and during your enrolment in order to meet our obligations under the ESOS Act and the National Code 2007; to ensure student compliance with the conditions of their visas and their obligations under Australian immigration laws generally. The authority to collect this information is contained in the Education Services for Overseas Students Act 2000, the Education Services for Overseas Students Regulations 2001 and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007. Information collected about you on this form and during your enrolment can be provided, in certain circumstances, to the Australian Government and designated authorities and, if relevant, the TPS Director. In other instances information collected on this form or during your enrolment can be disclosed without your consent where authorised or required by law. International Student **POSTGRADUATE** Application Form

Section M: Declaration and signature

1. I wish to be considered for entry to the course listed above, and declare that all the information submitted on this application form is correct and complete.
2. I authorise the University of Western Sydney to obtain official records from any educational institution previously attended by me.
3. I clearly understand and accept that enrolment in the University of Western Sydney will require compliance with the provisions established by the Australian Government for fee-paying overseas students, which include the following:
 - 3a. Temporary entry to Australia, if granted, will be for study purposes only.
 - 3b. To be accepted to study at the University of Western Sydney, I must have at least the minimum academic and English language requirements for the course.
 - 3c. I will be permitted to continue my study in Australia only if I make satisfactory progress in my course.
 - 3d. I undertake to inform the University of my Australian residential address and telephone number at enrolment.
I will advise the University of any changes to these details while enrolled at the University of Western Sydney.
 - 3e. I am to return home on the completion of my study or at the expiration of my temporary entry permit, and I understand that temporary entry as a student confers no right of permanent residence in Australia at a later date.
4. I undertake to pay the prescribed tuition fee for which I am liable, and am aware that failure to pay the charge when it becomes due means that I will not be permitted further temporary stay in Australia to pursue the studies which attracted the charge.
5. I understand I will be required to pay compulsory school fees for any children accompanying me to Australia who are aged between 6 and 15 years.
6. I understand that the University of Western Sydney reserves the right to vary any decision regarding admission or enrolment made on the basis of incorrect or incomplete information.
7. Should I be found ineligible for admission to either of the courses nominated on the front of this application, I authorise UWS to assess my eligibility for a university pathway course.
8. Information is collected on this form and during your enrolment in order to meet our obligations under the ESOS Act and the National Code 2007; to ensure student compliance with the conditions of their visas and their obligations under Australian immigration laws generally. The authority to collect this information is contained in the Education Services for Overseas Students Act 2000, the Education Services for Overseas Students Regulations 2001 and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007. Information collected about you on this form and during your enrolment can be provided, in certain circumstances, to the Australian Government and designated authorities and, if relevant, the TPS Director. In other instances information collected on this form or during your enrolment can be disclosed without your consent where authorised or required by law.
