UNIVERSITY

A senior role shaping the future of aerospace at Cranfield

### Professor of Aerospace Engineering

£ Competitive

Cranfield is a globally respected centre of excellence in the aerospace sector.

With strategic relationships with the world's major aerospace organisations, we are well positioned for even greater success at a time of exciting opportunities. We are seeking a senior professional from this sector to make a major contribution to our future.

If you have the vision, professional standing, strong management and technical skills to help shape our future at a senior level we want to hear from you.

For an informal and confidential discussion please contact Professor Philip John (Head of the School of Engineering) on T: +44 (0)1234 754769 or E: [p.john@cranfield.ac.uk](mailto:p.john@cranfield.ac.uk)

Apply online at [www.cranfield.ac.uk/hr](http://www.cranfield.ac.uk/hr) or contact us for further details at E: [vchr@cranfield.ac.uk](mailto:vchr@cranfield.ac.uk) or on T: +44 (0)1234 754050/4195.

Please quote reference number: 1448 Closing date for receipt of applications: Friday 6 September 2013

## Director of Policy and Services

**£55,000 approx (+ benefits)**

The UK Council for International Student Affairs is the UK's national advisory body serving the interests of international students and those who work with them.

As the current post holder moves on to be Chief Executive of another body, we are seeking to appoint, as a member of our Senior Management Team, a Director of Policy and Services to

- Lead on international student policy issues
- Design and manage a portfolio of research, professional development and good practice projects
- Develop and expand UKCISA's communications, and
- Oversee the management and development of membership services and systems

This is therefore an influential post within the education sector which makes a major contribution to national and institutional policies.

We are looking for a strategic thinker with substantial knowledge of and commitment to international student affairs, with institutional and research experience, who can advise on good practice, contribute to policy formulation, and ensure efficient and effective communications and member services.

Deadline for applications: **2 September 2013 (5pm)**

Further details: [www.ukcisa.org.uk/jobs](http://www.ukcisa.org.uk/jobs)

**Getting ready for the future**

## Sohar University

### VICE CHANCELLOR

Sohar is the fastest growing city in Oman, situated on the coast a two hour drive from Muscat and Dubai. Sohar University is the first private University in the Sultanate of Oman and was established in 2001. The University started its operation with affiliation to the University of Queensland in Australia. Quality Education and Industrial relevance is key to its operation. Sohar University has since continued growth and development, including completion of the first phase of the new campus and plan to continue second and third phases of developments. To continue the momentum created by the departing Vice-Chancellor, the University is seeking to appoint a forward looking Vice Chancellor to support its mission and to provide a significant contribution to the leadership, strategic planning and management of the University.

The main roles of the Vice-Chancellor is to ensure continuing development of both the University's infrastructure and pedagogy, planning and quality assurance activities; to supervise the activities of the Deputy/Pro Vice-Chancellors in developing and implementing University goals and priorities in their respective areas.

### REQUIREMENTS INCLUDE:

- A recognized PhD with evidence of University management skills and substantial experience.
- Experience in academic leadership with excellent qualifications and research expertise in a related field.
- Quality communication and team-working skills.
- Experience in working with business and/or the public sector.
- A commitment to the highest standards of academic and administrative integrity.
- Knowledge of Arabic language would be a bonus.

For informal discussion of the position, please contact the outgoing VC at [a.alsawafi@soharuni.edu.om](mailto:a.alsawafi@soharuni.edu.om)

To apply send a letter of application and a detailed C.V. to [Personnel@soharuni.edu.om](mailto:Personnel@soharuni.edu.om) AND [MMaawali@soharuni.edu.om](mailto:MMaawali@soharuni.edu.om)

**Closing date of receiving the applications will be 31<sup>st</sup> August 2013**

**NUI Galway**  
OÉ Gaillimh

Applications are invited for the following post:

### College of Arts, Social Sciences and Celtic Studies

- University Teacher/Programme Director  
Early Childhood Studies and Practice

**Closing date:** Thursday, 5th September 2013

- Lecturer (Above/Below the Bar)  
in Psychology

**Closing date:** Thursday, 12th September 2013

## → Chair in Engineering

Reference: ENG031A

As part of on-going investment and expansion in the School of Engineering at the University of Aberdeen, we wish to appoint an energetic academic with an established national and international research profile in a field that is compatible with our existing areas of research strength: Power Systems, Communications & Optics; Applied Dynamics; Environmental & Industrial Fluid Mechanics; Solid & Granular Mechanics; Materials and Chemical Engineering. The appointment is primarily intended to further strengthen the School's leading research position in at least one of these subject areas.

You will have excellent leadership and communication skills, a proven record of achievement in industry and/or academia and will be expected to continue to make outstanding contributions to your discipline. You will be prepared to implement a range of approaches for attracting external funding in order to grow a major research group within the School of Engineering at the University of Aberdeen.

A competitive remuneration package will be available for exceptional candidates considered for appointment at the Professorial level.

**Closing date:** 30 November 2013.

The University of Aberdeen is a charity registered in Scotland No. SCO13683.

For further information on this opportunity and to view all current vacancies at the University visit:

The Hong Kong Polytechnic University is a government-funded tertiary institution in Hong Kong. It offers programmes at various levels including Doctorate, Master's, and Bachelor's degrees. It has a full-time academic staff strength of around 1,200. The total consolidated expenditure budget of the University is close to HK\$5 billion per year.

## DEPARTMENT OF CIVIL AND ENVIRONMENTAL ENGINEERING

### Assistant Professor / Research Assistant Professor in Environmental Management and Sustainable Development

The Department of Civil and Environmental Engineering is seeking a highly motivated individual with a PhD degree related to Environmental Management and Sustainable Development (with an undergraduate training in Science or Engineering). The Department enjoys high reputation in conducting application oriented research and has well established connections with industry partners and government agencies in Hong Kong. The new appointee will further add to existing research strengths in environmental engineering and sciences of the Department and its Research Centre for Environmental Technology and Management.

The Department offers academic programmes at various levels, including MPhil degree and PhD degree, in the disciplines of Construction and Transportation Engineering, Environmental Engineering Science, Geotechnical Engineering, Hydraulic Engineering, and Structural Engineering. The Department currently has 40 faculty members and about 34 technical and administrative personnel and is committed to the international standards of excellence in teaching and research. Please visit the website at <http://www.cee.polyu.edu.hk> for more information about the Department.

The appointee will be required to (a) teach relevant subjects at various levels; (b) supervise student projects and theses; (c) initiate, lead and participate in research activities; and (d) undertake relevant administrative duties.

Applicants should (a) have a PhD degree in Environmental Management or Sustainable Development or a related discipline (with a first degree in Science or Engineering); (b) have strong commitments to excellence in teaching and research; and (c) be able to demonstrate effective classroom teaching skills and have good interpersonal skills.

Applicants for the Assistant Professor post should also have a good record of research and scholarship. Applicants for the Research Assistant Professor post should also (a) have the relevant postdoctoral research experience (as supported by evidence of research projects and outputs); and (b) demonstrate potential for establishing significant externally funded research programmes. Preference will be given to those with demonstrated track record and expertise in teaching and research on environmental management and sustainable development. Relevant professional qualifications and working experience in government or industry will be an asset.

#### Remuneration and Conditions of Service

A highly competitive remuneration package will be offered. Initial appointment for Assistant Professor will be on a fixed-term gratuity-bearing contract. Appointment for Research Assistant Professor (with remuneration package same as that for an Assistant Professor) will be on a fixed-term gratuity-bearing contract for up to three years. Re-engagement thereafter is subject to mutual agreement. Applicants should state their current and expected salary in the application.

#### Application

Please submit application form via email to [hroffice@polyu.edu.hk](mailto:hroffice@polyu.edu.hk); by fax at (852) 2364 2166; or by mail to **Human Resources Office, 13/F, Li Ka Shing Tower, The Hong Kong Polytechnic University, Hung Hom, Kowloon, Hong Kong**. If you would like to provide a separate curriculum vitae, please still complete the application form which will help speed up the recruitment process. Application forms can be obtained via the above channels or downloaded from <http://www.polyu.edu.hk/hro/job.htm>. **Recruitment will continue until the position is filled.** **Initial consideration of applications will commence on 30 September 2013.** Details of the University's Personal Information Collection Statement for recruitment can be found at <http://www.polyu.edu.hk/hro/jobpics.htm>.

For further details about the University, please visit [www.polyu.edu.hk](http://www.polyu.edu.hk)

## LECTURERSHIP IN HUMAN GEOGRAPHY

Bath Spa University's vision is to be a leading educational institution in creativity, culture and enterprise. With innovative teaching and learning, focused research excellence and state-of-the-art facilities, we put our students at the very centre of all we do.

Based in the School of Society, Enterprise and Environment, the Department of Social Sciences comprises undergraduate awards in Sociology and Geography within a vibrant, interdisciplinary teaching and research environment. We are currently seeking to appoint to the following full time position:

**Lecturer/Senior Lecturer: Human Geography (Ref: 08/13/1708)**

**£35,244 - £44,607 per annum (dependent upon experience)**

With a PhD in a relevant discipline, you will have recent experience of university level teaching in a relevant discipline as well as evidence of successful research outcomes through publications. An excellent teacher with a clear commitment to a student-centred learning environment, you will also be able to evidence an ability to embed enterprise skills into the curriculum.

For an informal discussion please contact Dr Mark McGuinness, Head of Department: Social Sciences, on 01225 876113 or email: [m.mcguinness@bathspa.ac.uk](mailto:m.mcguinness@bathspa.ac.uk).

# Chair in Structural Integrity and Director, National Structural Integrity Research Centre (NSIRC) Cambridge

Vacancy Ref: LBA0040-1

The post will offer a competitive salary and benefits package and is offered on a 5 year basis in the first instance.

## About NSIRC

NSIRC is the world's first educational establishment offering industry-driven research and postgraduate degree programmes in structural integrity. Set up to address the shortage of structural integrity engineers worldwide, the centre is a unique collaboration between TWI, lead academic partner Brunel University, together with Manchester University, Cambridge University, University College London and industry partners.

With support from the UK Department of Business, Innovation and Skills, TWI are constructing a multi-million pound postgraduate engineering facility integrated within the expanded TWI headquarters, at Granta Park, Cambridge as part of this £150m initiative to establish a Structural Integrity Research Foundation (SIRFTM). In addition, Brunel has secured funding from the Higher Education Funding Council for England (HEFCE) to procure specialist research equipment to be housed in the facility. NSIRC will:

- carry out fundamental research to address the long term structural integrity challenges facing the engineering, energy, transport and aerospace sectors; and
- deliver postgraduate programmes at Masters and doctoral level that will train and develop industry-ready engineers and scientists in structural integrity disciplines such as fail-safe design, flaw evaluation, corrosion prevention and structural health monitoring.

## About the role

Brunel and TWI are seeking to appoint a Director to lead this exciting new venture. The role will involve the development of the centre's strategy and project engagements to build a world-class research team in the field of structural integrity. This will be a dual post as both a Professor of Brunel University (0.5fte) and an Associate Director of TWI (0.5fte).

Main duties and responsibilities will include working with the SIRFTM Board to develop and implement NSIRC's strategic, research and operational plans, leading and building a world-class research team to deliver NSIRC's strategic research priorities and establishing a dynamic environment for postgraduate training.

The ideal candidate will have a substantial national and international research profile in the field of structural integrity, significant and sustained success in securing research grants and sponsorship, extensive international networks and relationships with industry and commercial credibility, with a proven track record in international business development.

The role will be based primarily at Granta Park, Cambridge and will require travel both in the UK and abroad.

For informal enquiries, please contact: Professor Geoff Rodgers, Pro Vice Chancellor, Research, Brunel University on G.J.Rodgers@brunel.ac.uk or 01895 265609 or Professor Aamir Khalid, Technology Director, TWI Ltd on aamir.khalid@twi.co.uk or 01223 891162.

**Closing date for applications: 4 September 2013.**

Interviews will be held on 2 October 2013.

For further details and to apply please visit  
<https://jobs.brunel.ac.uk/WRL/>

**Murdoch**  
UNIVERSITY

South Street, Murdoch, Western Australia 6150

## Chair in Forensic Science

EN: 0242J01

**• Continuous Professorial position**

- \$162,119k plus employer superannuation contributions of 17% and an opportunity to salary package.**

Murdoch is a University striving to make a difference to the way we live, think and understand each other and the world around us. We are home to internationally innovative research in fields as diverse as Veterinary and Health Sciences, Asian Politics and Governance and Renewable Energy.

With a leadership team led by the Vice-Chancellor, Professor Richard Higgott and three internationally respected Deputy Vice Chancellors, Murdoch has gone 'back to the future' to re-establish its heritage of research excellence and research-informed teaching.

We have embarked upon a bold restructure which will allow the University to achieve and surpass its ambitious aims across research, teaching and learning and engagement.

The School of Veterinary and Life Sciences is seeking to appoint a Chair in Forensic Science to provide leadership in research and teaching in forensic biology. The incumbent may also be offered the opportunity to act as the Head of the academic organisational unit, "Molecular and Biomedical Sciences" within the School.

The successful applicant will have extensive experience in a forensic discipline relevant to the biomedical or molecular sciences and a capacity to teach at undergraduate and postgraduate level; an outstanding internationally recognised record of research in forensic science and a demonstrated capacity to attract competitive research grant funding in the application of molecular and/or biomedical sciences to forensic investigation.

The School of Veterinary and Life Sciences has long-standing Bachelor degree courses in Forensic Biology and Toxicology, Molecular Biology and Biomedical Science and has well-established links with the police, prosecutorial authorities and forensic service providers. The School boasts extensive research facilities relevant to DNA profiling, metabolomics and the chemical separation techniques associated with toxicological analysis.

It has a vibrant PhD program in forensic biology, molecular biology and biomedical science which is underpinned by research affiliations with major hospitals and medical research institutions in Western Australia. The School is also intending to develop new postgraduate coursework programmes in forensic science with an emphasis on professional practice and the successful candidate will be expected to contribute significantly to this initiative.

For further information about this position please contact Associate Professor Robert Mead on +61 8 9360 2736 or alternatively on [R.Mead@murdoch.edu.au](mailto:R.Mead@murdoch.edu.au)

Application procedures and a position description with detailed selection criteria is available from the Murdoch University web site <http://jobs.murdoch.edu.au/>

All applicants are required to address the selection criteria within their application. Please send applications to [recruitment@murdoch.edu.au](mailto:recruitment@murdoch.edu.au)

**Closing date: Sunday 1st September 2013**
