OUR FACULTIES AND PROGRAMS ARE

- ▶ Faculty of Medicine
- ▶ Faculty of Dentistry
- ▶ Faculty of Public Health
- ▶ Faculty of Nursing
- ▶ Faculty of Pharmacy
- ▶ Faculty of Mathematics and Natural Sciences
- ▶ Faculty of Engineering
- ▶ Faculty of Computer Science
- ▶ Faculty of Law
- ▶ Faculty of Economics and Business
- ▶ Faculty of Humanities
- ▶ Faculty of Psychology
- ▶ Faculty of Social and Political Sciences
- ▶ Faculty of Administrative Sciences
- ▶ Graduate School of Environmental Studies
- ▶ Graduate School of Strategic and Global Studies
- ▶ Vocational Programs

FOR STUDENTS, WE OFFER

- ▶ a multicultural study environment with the brightest students in the country
- ▶ a range of regular and international classes
- ▶ a wide range of subjects in fourteen faculties, two graduate schools and one vocational program
- ▶ competitive course fees and living costs
- ▶ a great range of student extracurricular activities on campus and beyond
- ▶ impressive employment statistics – our graduates are the most sought after

FOR ACADEMICS, WE OFFER

- ▶ a growing list of collaborative agreements with top universities around the world for research and education
- ▶ mutual benefit collaboration in developing academic hemisphere
- ▶ top achievement in a number of research disciplines
- ▶ a distinctive interest in supporting the needs of the community

AS AN INSTITUTION, WE ARE PROUD OF

- ▶ a clear strategic plan for growth to world class status
- ▶ a dynamic and progressive leadership in achieving ultimate objective
- ▶ increasing international recognition and high quality of education
- ▶ extensive and comprehensive international networks

INTERNATIONAL PROGRAMS FOR STUDENTS

Single Degree International Programs

Our Single Degree International Programs offer the best university experience in Indonesia with international and local context. The programs use English as the medium of instruction. This program allows students to complete one semester abroad at UI's partner universities as one of the curriculum requirements.

Joint Degree Programs with 23 partner universities

Joint Degree Programs offer international curriculum, a center of excellence of global education. Our Joint Degree Programs are delivered in collaboration with a long-established university partners in Australia, UK, the Netherlands, and Germany, allowing graduates to obtain two degrees; one from UI and one from partner university. For the degree completion, students are required to transfer to the partner university, normally, at the final years of study. The programs use English as the medium of instruction.

INTERNATIONAL MOBILITY PROGRAMS FOR STUDENTS

Student Exchange

UI has signed agreement with universities overseas on student exchange program allowing students from more than 30 universities worldwide to study at UI. Our exchange students are not charged for academic fees during the studying at UI. The agreement covers credit transfers and other facilities that students can enjoy. Students may also experience cultural activities or student club activities during their semester in Indonesia.

Study Abroad

UI also opens opportunities for all university students from all over the world to spend a semester or two semesters at UI either starting September or February each year. This study abroad program is distinguished from that of student exchange. While student exchange can only be done based on reciprocity, study abroad are open for any foreign student to come in studying at UI on paying bases.

Consortium/Project based Mobility Program

Being a member of university consortiums, Universitas Indonesia establishes a strong link in the networks, giving benefits for students and researchers. Student exchange programs under AUN – ACTS (ASEAN Credit Transfer Systems), AIMS 7 (ASEAN International Mobility for Students) and ACICIS are among the best student mobility programs within this university consortium scheme. UI has also been actively involving in EU-SHARE, Erasmus Plus and New Colombo Plan mobility scheme.

UI-CREATES Short Course & Global Internship

We invite international students to join our **UI-CREATES** program, offering a comprehensive and integrated learning on various subjects at our campus. **UI-CREATES** is a two or three-week credit earning short mobility program in which students can earn 3 credits or 6 credits after completion. We also invite international students and partner university to join our customized short course program covering studies about contemporary Indonesia in its different aspects. Internship program is also offered in our Global Internship Program. This program allows students to have work experience at reputable Indonesian companies, locally-based international companies, and other institutions related to the subject taken. After completion of the program, the students can earn 2 credits.

INTERNATIONAL MOBILITY PROGRAMS FOR ACADEMICS

Universitas Indonesia launched a funded visiting scholar programs called **UI – RESOLV**, which allows exchange of academics and researchers both inbound and outbound. This program aims to facilitate academics conduct various activities, such as joint research and lecturing. In order to support international and interdisciplinary discussion on research and education, Universitas Indonesia also conducts Bilateral Workshops.

Regular Undergraduate Programs are conducted in Indonesian language and follow the single degree program scheme.
