# Master

The Governing Body of St Edmund's College, Cambridge, is seeking to elect a new Master to succeed Mr Matthew Bullock, who retires from the post on 30 September 2019.

St Edmund's College is a graduate college in the University of Cambridge with an international community of fellows, visiting academics and postgraduate students as well as mature students studying as undergraduates. It has a reputation for scholarship, cultural vitality, friendliness and informality.

The successful candidate will be an individual of good judgement and integrity with a distinguished record of achievement in their academic or professional life, who will command the intellectual respect of the Fellowship. He or she will play a leading role in the governance of the College and in progressing its longer-term strategy.

It is anticipated that the post will be a part-time position, although flexibility exists to agree the relevant time percentage by negotiation. The post will carry the corresponding proportion of a University professorial stipend, which is pensionable. The appointment will be for a period of up to ten years.

Further particulars of the post are available at:  
<http://www.st-edmunds.cam.ac.uk/vacancies/master>

Applications (comprising a letter and curriculum vitae) and all enquiries should be addressed to the Vice-Master, St Edmund's College, Cambridge CB3 0BN; or by e-mail to: [vice-master@st-edmunds.cam.ac.uk](mailto:vice-master@st-edmunds.cam.ac.uk).

**Applications should arrive no later than Sunday 30 September 2018.**  
**Interviews are likely to be held on 23 or 24 January 2019.**

*The Governing Body reserves the right to consider names other than those obtained via this notice.*

## Research Director

The Heart Research Institute (HRI) is an internationally recognised Australian medical research institute that performs ground breaking cardiovascular research from their state-of-the-art facilities located in Newtown, Sydney and the Charles Perkins Centre at the University of Sydney. Today HRI has strong partnerships which include the Victor Chang Cardiac Research Institute, Sydney Health Partners and Kolling Institute of Medical Research. The Institute has more than 150 staff, working across 12 scientific groups, with research collaborations around the world. HRI is in a strong financial position, and is well placed to benefit from both the New South Wales capacity building scheme and the MRFF.

The Research Director provides overall leadership and mentorship at Newtown, HRI's headquarters located in a purpose-built facility designed to support cutting edge research into cardiovascular disease. The successful individual should possess a proven scientific leadership track record underpinned by demonstrated excellence in research and funding. The Director will be expected to provide leadership and mentorship to groups within the Institute, and to maintain a research team and an active research profile in basic science. The Research Director will be provided with the scope and autonomy to build the role.
