CONSELHO GERAL
UNIVERSIDADE DE
COIMBRA

PUBLIC NOTICE

FOR THE POST OF RECTOR OF THE UNIVERSITY OF COIMBRA

In accordance with article 86 of Law n.º 62/2007 of 10th September, article 45 of the University of Coimbra Statutes, and the Regulations approved by the General Council of the University, public notice is hereby given to start the process of application for the post of Rector.

1. The Rector is the highest body of University governance and external representation. He/She has a four year mandate that must be served on a full time basis.

2. The application process for the post of Rector of the University of Coimbra is open to professors and researchers of the University of Coimbra and of other national and foreign universities or research institutions, provided that they hold a doctorate and are not yet retired or otherwise made ineligible by the provisions of the law and the University of Coimbra Statutes.

3. Applications, in print and digital form, should be submitted by the applicants themselves and addressed to the President of the General Council along with the following documents:

- a) a cover letter giving the applicant's personal data and contact information, including an email address or fax number for the sole purpose of being notified on matters pertaining to the electoral process;
- b) a detailed, signed and dated *curriculum vitae* and any other documents deemed relevant to the application;
- c) a declaration by the applicant stating, on his/her honour, that he/she is not ineligible under the provisions of the law;
- d) an action programme, written in Portuguese, for the four year mandate.

4. Applications may be submitted by email to conselhogeral@uc.pt. Only complete applications actually received before 5.30 PM on 7th January 2019 will be considered.

5. Further information pertaining to the electoral process – specifically the date, time and place of the public hearing for presenting and discussing the action programmes before the General Council and the election date – can be obtained by following the link below:

BE PART OF OUR SUCCESS

De Montfort University (DMU) is an ambitious, globally-minded institution with a strong focus on delivering excellence across all aspects of its teaching and research.

This focus has been recognised with a Gold award in the Teaching Excellence Framework (TEF) in 2017, and our commitment to diversity, student exam success and graduate job prospects have seen DMU named University of the Year for Social Inclusion in The Sunday Times Good University Guide for 2019.

The Faculty of Computing, Engineering and Media is home to a diverse range of courses across three specialist schools taught by experienced academics in professional facilities. Exciting new opportunities are now available for outstanding candidates to join the Faculty's Senior Management team and the School of Computer Science and Informatics.

We offer a collegiate environment for the development of your research and teaching. We also have a rigorous scheme for the allocation of research allowances, comparable with the best in the sector, a strong research culture and Departmental/Faculty-wide resources for conference participation.

We are looking for individuals who have experience and enthusiasm for teaching as well as an established or emerging individual research agenda.

Applications to these posts are encouraged from all members of the community. Considerations will be made to applicants interested in working part-time.

- Associate Dean for Research and Innovation (part of the Senior Management team)
- Professor in Artificial Intelligence
- Associate Professor in Information Systems
- Senior Lecturer in Information Systems
- Senior Lecturer in Cyber Security x2
- Lecturer in Computer Games Programming x2
- Lecturer in Information Systems x2 (fixed term)

Closing Date: 13 December 2018

Application details are available from our website dmu.ac.uk/jobs

DMU awarded Gold in 2017 Teaching Excellence Framework

Master of St Catherine's College, Oxford

The Fellows of St Catherine's College intend to elect a Master to take up office on 1 January 2020, or as soon as possible thereafter, following the retirement of Professor Roger Ainsworth.

This is a full-time position, based in Oxford. Candidates should have exceptional leadership qualities, a distinguished record of achievement in an academic or other professional field, and a detailed commitment to advancing the College's objects and interests both within the Collegiate University and in the public domain.

Particulars will be available shortly on the St Catherine's College website: <http://www.stcatz.ox.ac.uk/Vacancies>

Applications or nominations (including a CV) should be submitted to the Vice-Master, Professor Penny Handford, St Catherine's College Oxford OX1 3UJ (or vice.master@stcatz.ox.ac.uk) by 31st December, 2018.

The College is committed to diversity and equality and to improving opportunities for fair access to higher education. The College is an equal opportunities employer.

Academic Positions in Digital Economy, Innovation & Entrepreneurship at Surrey Business School

At SBS, we accelerate innovative thinking into action. AACSB and AMBA-accredited, the School is growing strongly, both in terms of size, and in terms of the quality and impact of our work. The University of Surrey is making major investments in the area of digital innovation, one of its key strategic themes. Supported by philanthropic and corporate sponsorship, we are now expanding our Department of Digital Economy, Innovation and Entrepreneurship, and the Centre of Digital Economy. We are looking for candidates for four positions:

- Professor of Digital Innovation and Entrepreneurship
- Professor or Professor of Practice in Digital Transformation, especially Blockchain and Distributed Ledger Technologies
- Lecturer or Senior Lecturer in Digital Innovation and Entrepreneurship (2 positions)

You will join a multidisciplinary team dedicated to understanding the social, technological, economic, managerial, organisational, political and ethical implications of innovation in the digital economy. The University of Surrey, with its strengths in telecommunications, computer science, artificial intelligence and related areas, offers unrivalled opportunities for collaboration.

We are looking for both research-active academics with excellent publication records (or clear evidence of potential), and colleagues with outstanding experience in industry collaboration, and in the management of externally funded research programmes. There will be ample opportunities for you to become active in business engagement and executive education. We will also expect you to become involved in our degree programmes in the area of entrepreneurship and innovation management.

To find out more about any of these roles, please visit jobs.surrey.ac.uk

Closing date for applications:

7th December 2018 (for the professorial positions)

4th January 2019 (for the Lecturer/Senior Lecturer positions)

We acknowledge, understand and embrace diversity.

THEunijobs

Times Higher Education has helped to foster another important dimension of diversity at Harvard: international diversity. The exposure of Harvard's faculty positions on THEunijobs, since we embarked on our subscription package in October 2015, enhances our outreach efforts to a global community and showcases our institution as a destination of choice for academics around the world. Working with the THE team has also been a pleasure, and has enriched the conversation around international recruitment and retention.

– Elizabeth Ancarana, assistant provost for faculty development and diversity, Harvard University
