THE UNIVERSITY  
of EDINBURGH

The University of Edinburgh is an exciting, vibrant, research led academic community offering opportunities to work with leading international academics whose visions are shaping tomorrow's world.

## College of Science and Engineering School of Engineering

### Lecturer or Senior Lecturer in Infrastructure Programme Management

The University of Edinburgh is one of the world's top 20 institutions of Higher Education and provides exceptional research, teaching, and living environments. The School of Engineering reflects all of the University's principal characteristics, with a cosmopolitan academic staff numbering over 125, and with a body of 1,700 undergraduate and 640 postgraduate students from all over the world. We carry out internationally excellent teaching and research, attracting high-calibre students and an excellent level of research funding. We are now investing to strengthen and deepen our coverage of Civil & Environmental Engineering by appointment to: Lecturer or Senior Lecturer in Infrastructure Programme Management.

The successful candidate will be internationally prominent in Engineering or Infrastructure Project Management or in Major Programme Management, or will demonstrate strong potential to be so. The post is suitable for

candidates from industry as well as academia. The successful candidate will undertake teaching duties in Civil & Environmental Engineering, as well as taking a leadership role in the new MSc in Leading Major Programmes, an initiative jointly developed by The School of Engineering and The Business School. The successful candidate will carry out fundamental and applied research in Infrastructure Programme Management and lead related research within the School, winning substantial external research funding.

The culture of the School of Engineering and the University is open and diverse and we are committed to reflecting that in our appointment process.

For informal discussion, potential candidates are invited to contact the Head of School, Prof Hugh McCann, [HoS.Eng@ed.ac.uk](mailto:HoS.Eng@ed.ac.uk), Director of Discipline for Civil & Environmental Engineering, Prof Jin Ooi, [j.ooi@ed.ac.uk](mailto:j.ooi@ed.ac.uk) or Head of Institute for Infrastructure and Environment, Prof Alistair Borthwick, [Alistair.Borthwick@ed.ac.uk](mailto:Alistair.Borthwick@ed.ac.uk)

This post is full time and open-ended. The post is available from January 2019.

**Vacancy Ref: 044377.**

**Closing Date: Monday 27th August 2018 at 5pm (GMT)**

This is an inspiring, positive, creative, challenging and rewarding place to work. We will support and nurture your talent, reward success and integrate academic, professional and personal career goals, as well as give your career the benefit of a great and distinguished reputation. You will benefit from a reward package that includes a competitive salary, generous holiday entitlement, defined benefits pension scheme, staff discounts and much more.

Committed to Equality and Diversity.

The University of Edinburgh is a charitable body, registered in Scotland, with registration number SC005336.

Teesside University is a great place to work and we seek your enthusiasm, drive and energy to engage in high quality teaching, research and enterprise, and to prepare our students for a successful career in a global economy.

## SCHOOL SCIENCE, ENGINEERING & DESIGN

### LECTURER IN CIVIL ENGINEERING

**Salary £30,688 - £36,613**

**(A higher salary MAY be offered in exceptional circumstances)**

Job Reference: A0260

Teesside University is a vibrant, modern university in the North East of England, with a reputation for academic excellence and for an outstanding and stimulating student and learning experience, informed by engagement with research, business and the professions. Our wide range of study options are supported by a commitment to investing in our campus and facilities, with £300m to be spent over the next ten years. We have set out an ambitious programme of transformation that will drive academic innovation and deliver excellence for our students, partners and the communities we serve.

In this role you will contribute to the teaching, research, knowledge exchange, enterprise and business engagement in the Department of Engineering in the School of Science, Engineering & Design.

A First Degree in a relevant Discipline/equivalent professional qualification or significant practical work experience in a related discipline is essential as is a PhD in a relevant discipline. You must also be willing to achieve a relevant Teaching

Qualification normally within two years of employment such as PGCE/Higher Education Academy (Associate Fellow/Senior Fellow) accreditation.

It is essential you can demonstrate analytical and design competence in structural engineering commensurate with a chartered engineer qualification.

The Tees Valley is an enjoyable place to live – in the heart of the North of England's coastline and countryside, with easy access to Durham, Newcastle and York.

Apply now if you would like to join us.

For further details of this and other posts, please refer to our website at <http://www.tees.ac.uk/sections/jobs/> or for more information about the School please refer to the website at <http://www.tees.ac.uk/schools/sse/>.

Closing date: 21 August 2018

Interview date: 21 September 2018

### Lecturer/Senior Lecturer in Electronics and Electrical Engineering (2 posts) - School of Engineering

The University of Edinburgh is one of the world's top 20 institutions of Higher Education and provides exceptional research, teaching, and living environments. The School of Engineering reflects all of the University's principal characteristics, with a cosmopolitan academic staff numbering over 125, and with a body of 1,700 undergraduate and 640 postgraduate students from all over the world. We carry out internationally excellent teaching and research, attracting high-calibre students and an excellent level of research funding. We are now investing to strengthen and deepen our coverage of Electronics and Electrical Engineering, by appointment to the following positions:

#### Lecturer/Senior Lecturer in Radio Frequency Technology (Ref: 044361)

#### Lecturer/Senior Lecturer in Electrical Machines (Ref: 044368)

The successful candidates for both posts will be internationally prominent in Electronics and Electrical Engineering or will demonstrate strong potential to be so. They will undertake teaching duties in Electronics and Electrical Engineering and carry out fundamental and applied research in Electronics and Electrical Engineering and lead related research within the School, winning substantial external research funding.

The culture of the School of Engineering and the University is open and diverse and we are committed to reflecting that in our appointment process.

The closing date is Monday 27 August 2018 at 5pm (GMT).

For informal discussion regarding either post, potential candidates are invited to contact the Head of School, Prof. Hugh McCann at +44 131 650 5566, or [HoS.Eng@ed.ac.uk](mailto:HoS.Eng@ed.ac.uk), or Director of Discipline for Electronics and Electrical Engineering, Prof John Thompson at +44(0) 131 6 505585, or [John.Thompson@ed.ac.uk](mailto:John.Thompson@ed.ac.uk)

This is an inspiring, positive, creative, challenging and rewarding place to work. We will support and nurture your talent, reward success and integrate academic, professional and personal career goals, as well as give your career the benefit of a great and distinguished reputation. You will benefit from a reward package that includes a competitive salary, generous holiday entitlement, defined benefits pension scheme, staff discounts and much more.

Committed to Equality and Diversity.

## Director and Executive Dean, Western Australian Academy of Performing Arts.

Edith Cowan University (ECU), home of the Western Australian Academy of Performing Arts (WAAPA), is a young and progressive university with a strong reputation for excellence in teaching and engagement with its communities. ECU is seeking to appoint a new Director and Executive Dean of WAAPA.

For over 30 years, WAAPA has been helping students realise their dreams and launch successful careers in the performing arts and entertainment industries. This role represents a unique opportunity to build on already strong foundations and to lead WAAPA through the next phase, cementing its position as a leader in Australia and on the global stage.

As a member of the University Executive Committee and reporting to the Vice-Chancellor, the appointee will shape the ongoing development of WAAPA and contribute to the wider strategic direction of the University. The successful candidate will demonstrate significant leadership experience, marked by an inspiring, energetic, inclusive, and highly effective management style. Along with the ability to set and deliver a transformational agenda, they will have a view to broadening the reach of WAAPA globally and creating a solid platform for the future growth and development of the academy.
