The University of Bradford is a world-leading technology institution with over 50 years of academic excellence. The University has an unwavering commitment to academic excellence, internationalisation, equality and diversity and sustainability. We are distinguished by our world-leading applied research and our impact on social mobility. 70% of our programmes have professional statutory and regulatory body approval and our School of Management is part of an elite group of business schools worldwide with the triple-crown of accreditations (AACSB, AMBA and EQUIS).

We are proud of our outstanding track record of increasing access and participation in higher education, and the achievement of our graduates. This success is reflected by our Silver Teaching Excellence Framework Award and our UK top 25 position for graduate outcomes. Our strategic

intentions for learning and teaching are to continue to impact on social mobility and economic growth and become world-leading in narrowing attainment gaps.

The University is seeking to appoint a Pro-Vice-Chancellor (Learning, Teaching and Student Experience), who will play a vital leadership role in ensuring excellence in learning, teaching and student success. As a member of the University Executive Team, the Pro-Vice-Chancellor Learning, Teaching and Student Experience will be responsible for a range of strategic responsibilities relating to the enhancement of learning and teaching and the student experience. Importantly we seek a leader in this field who will support the transformation of our teaching portfolio to create programmes that will, in turn, create industry relevant, multi-disciplinary programmes that prepare our students to be global change makers.

PRO-VICE-CHANCELLOR (LEARNING, TEACHING AND STUDENT EXPERIENCE)

THEunijobs

Built on a platform of meticulous comparative research, the THEunijobs advisory session probed current practices and policies at our university. Sometimes uncomfortable, it was the kind of frank, evidence-driven analysis that every institution needs.
