Churchill Professorship of Mathematics for Operational Research

Department of Pure Mathematics and Mathematical Statistics • Reference: LF16754

The Board of Electors to the Churchill Professorship of Mathematics for Operational Research invite applications for this Professorship from persons whose work falls within the general field of the Mathematics for Operational Research (including optimisation, machine learning, information theory, statistics and signal processing) to take up appointment on 1 October 2019 or as soon as possible thereafter.

Candidates will have an outstanding research record of international stature in the Mathematics for Operational Research and the vision, leadership, experience and enthusiasm to build on current strengths in maintaining and developing a leading research presence. They will hold a PhD or equivalent postgraduate qualification.

Standard professorial duties include teaching and research, examining, supervision and administration. The Professor will be based in Cambridge. A competitive salary will be offered.

To apply online for this vacancy and to view further information about the role, please visit: http://www.jobs.cam.ac.uk/job/18816/

Further information is available at: https://www.hr.admin.cam.ac.uk/professorships or contact the Human Resources, University Offices, The Old Schools, Cambridge, CB2 1TT, (email: ibise@admin.cam.ac.uk).

Applications, consisting of a letter of application, a statement of current and future research plans, a curriculum vitae and a publications list, along with details of three referees should be made online no later than 3 December 2018.

Informal enquiries may be directed to Professor James Norris, Convenor of the Board of Electors, tel: +44 1223 337947, email: J.R.Norris@statslab.cam.ac.uk.

Please quote reference LF16754 on your application and in any correspondence about this vacancy.

Closing Date: 03 December 2018

The University values diversity and is committed to equality of opportunity.

The University has a responsibility to ensure that all employees are eligible to live and work in the UK.

University of Roehampton London

Investing in Nursing

Head of Nursing

The University of Roehampton is seeking a Head of Nurse Education to develop and deliver our new Nursing programme, which we are establishing for the first time.

This is an incredible opportunity for someone to join our team within our Department of Life Sciences and take the leading role in establishing a new field of study. Using your technical knowledge and expertise you will have the opportunity to translate this into long-term strategic leadership of the department. This is a crucial position and the successful candidate will work closely with the Head of Life Sciences to lead, manage, recruit, and develop staff within the nursing subject area.

The successful candidate will help formulate and implement strategies for the development of a portfolio of academic and professional activity within the field of nursing. The post is expected to deliver an excellent education and outstanding student experience within an environment where academic colleagues flourish.

The University of Roehampton, London, is an established higher education institution based in a parkland campus in south-west London. Our purpose is to change lives by helping students to develop the confidence, knowledge and adaptability they need for a successful graduate career and fulfilling life.

To find out more information about the role and what we're looking for, visit the Working at Roehampton section of our website where you will find full details, how to apply, as well as further information about the benefits of working for us.
