TRADITIONAL LAND ACKNOWLEDGEMENT

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and most recently, the Mississaugas of the Credit River.

Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.

CANADA'S FLAGSHIP UNIVERSITY

Students choose from 700+ programs while tapping into a 600,000-strong alumni network spanning 160+ countries.

Every student enjoys access to worldwide industry partnerships, cutting-edge labs and studios, and research collaborators who will become lifelong friends. An innovation powerhouse that attracts \$1.3 billion in research funding each year, and a caring community that nurtures every newcomer, U of T has something for everyone.

THE GREATER TORONTO AREA

At The Crossroads of Imagination and Impact

There is no better place for the enterprising student than the University of Toronto: a research and development hotbed that contributes \$15.7 billion a year to Canadian prosperity.

Not only are our faculty members renowned the world over as industry visionaries, our campuses are just steps away from Bay Street's movers and shakers, and a stone's throw from the commercial heartlands of the Golden Horseshoe. Best of all, at Canada's top university—routinely ranked #1 for funding, innovation, and research output—students can collaborate with friends and mentors in any field to build solutions to the world's most pressing challenges.

Anchored by the Toronto Stock Exchange, the world's largest exchange for energy firms, and a financial district that headquarters Canada's five main banks, the GTA is an economic powerhouse that nurtures unmatched talent in everything from cybersecurity to food security, and is acclaimed for its network of 15,000+ technology firms—the famed southern Ontario "digital corridor."

YOUR CAREER LAUNCHPAD

Major industries in the GTA include: **aerospace**, **biotechnology**, **design**, **healthcare**, **financial services**, **fashion**, and **film**.

60+

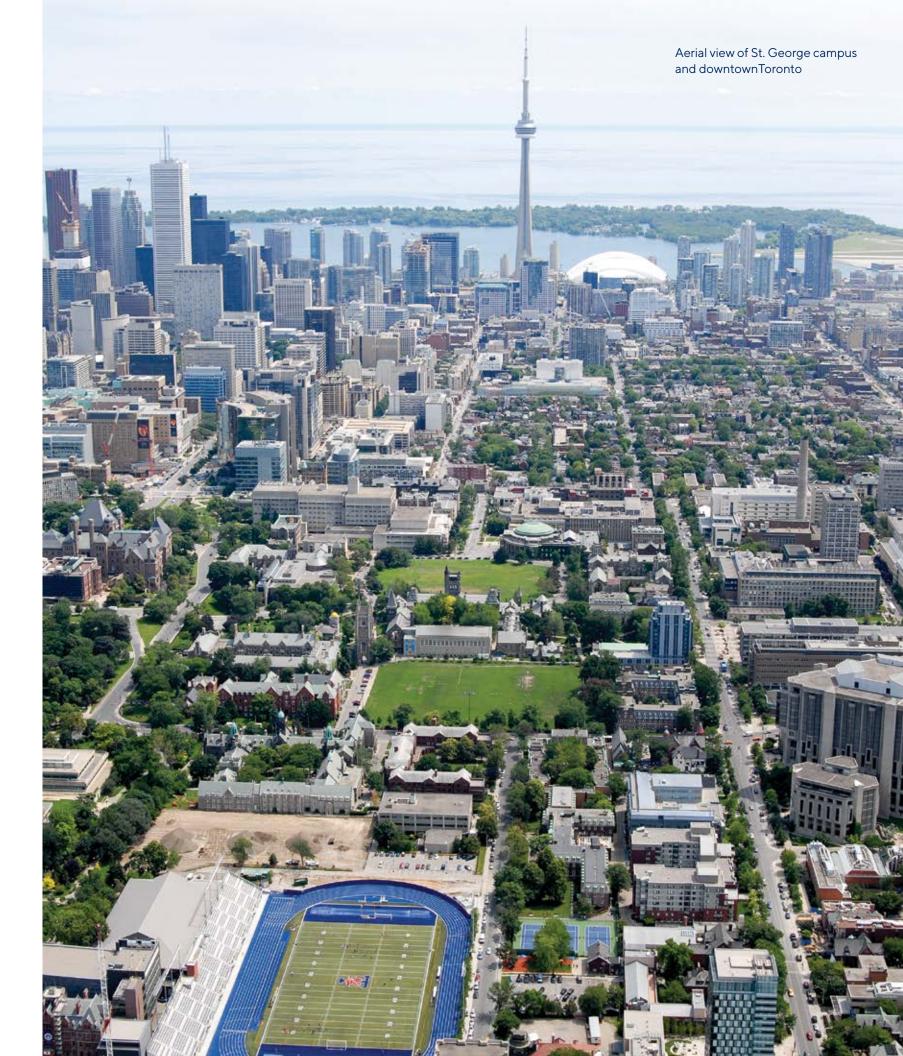

Fortune 500 companies are headquartered in Mississauga

9

GTA hospitals are fully affiliated with U of T – Canada's largest healthcare network

3RD

largest design industry in North America

The GTA's many neighbourhoods are where the world comes to learn, laugh, build bridges, and celebrate diversity.

Savour subtropical snacks in summertime markets, drink in fall foliage on a woodland hike, and enjoy a holiday show or three in December. We've got maple syrup festivals and indie film festivals, not to mention boardwalks, beaches, and buskerfests, complete with live music for every season and every mood. Home to world-class museums and art galleries, the nation's most influential media personalities, and the Toronto International Film Festival (TIFF)—second only to Cannes in prestige—the GTA is a magnet for colour, flavour, and friendship.

SPRING

Things to do: Toronto Comic Arts Festival, Cherry Blossoms at High Park, Cherry Blossoms at Kariya Park, Doors Open Ontario

SUMMER

Things to do: Luminato, CNE, FanExpo, Taste of the Danforth, Pride Toronto, Caribbean Carnival, Scarborough Night Market, Guild Festival Theatre, Mississauga Waterfront Festival, Canadian Music Week

FALL

Things to do: TIFF, Word on the Street, Nuit Blanche, Toronto Watefront Marathon, One of a Kind Show

WINTER

Things to do: Winterlicious, free outdoor ice skating across the GTA, Winter Stations, Toronto Light Festival

PARKLIFE

300 acres of parkland surround the Scarborough campus

225

acres of greenbelt land surround the Mississauga campus

CAREER TRAJECTORIES

University of Toronto alumni can be found working and innovating at multinational firms and organizations that are household names, including: Google, NVIDIA, TD Securities, the Toronto Blue Jays, the Royal Ontario Museum, Qualcomm, Microsoft, BMW, and Amnesty International.

8,000+

one-to-one appointments with in-house career educators each year, where students can hone their interview skills and have their grad school applications and resumés critiqued.

6,000

students are placed in volunteer roles throughout the world each year.

18,000+

students have taken courses with a community engagement component in the past decade.

RESEARCH OPPORTUNITIES

Ever wonder what it's like to uncover artifacts that haven't seen daylight in centuries, or observe international trade negotiations? Wonder no more. Our unique Research Opportunity Programs (ROPs), Research Excursion Programs (REPs), International Course Modules (ICMs), Co-op programs, learning abroad networks, field schools, and independent study courses were designed for students just like you.

Get your hands dirty. Get published. Put your skills to work in the world's biodiversity hotspots, or team up with security researchers right here on campus to safeguard democracy on the internet. Explore the steppes of Central Asia in your junior year, then help devise microfluidic tests for emerging viral threats in your senior year. Your degree is yours to customize.

200+
courses across our three campuses
in which undergraduate students
have a direct hand in faculty and
industry research

I've been at SickKids research institute for the past two years working on exploring ion channels implicated in childhood brain cancers. We found an ion channel that's associated with medulloblastoma (the most common malignant childhood brain tumor) and when we remove it, survival increases and the tumour size decreases. Specifically, we think it's associated with cancer stem cells, which give rise to the bulk of the tumor, which could serve as a new cancer therapy target. This was super interesting to me because I came to university wanting to study stem cells (after being sold from a StemCellTalks Toronto event I went to at U of T when I was in high school). Cancer stem cells are something I never learned about in classes so it's been amazing learning about an entirely new field, within an area I've always been interested in.

- Miranda, Faculty of Arts & Science

Stem cell project at Toronto's SickKids Hospital

FROM DAYDREAM TO DREAM JOB

At the University of Toronto—the birthplace of stem cell research, insulin therapy, multi-touch input screens, and seminal ideas in critical media theory—students nurture their ingenuity with the help of 200+ industry mentors and 11 business accelerators and incubators.

Win seed capital, office space, equipment access, and expert guidance with funding applications, prototyping, and IP protection. Our longstanding partnerships with MaRS Innovation and other nonprofit research consortia across the region offer unparalleled networking advantages—and our Career Educators can help you hone your pitch.

DID YOU KNOW?

U of T has an Innovations & Partnerships Office (IPO) dedicated to helping students, research trainees, and other collaborators access industry partnerships, commercialization opportunities, and entrepreneur networks.

START A STARTUP

180+

entrepreneurship courses are offered across our three campuses, attracting nearly 11,000 registrants 11

incubators and accelerators across all three campuses. Each offers mentorship, hands-on guidance, and a built-in professional network to undergraduate and graduate creators and innovators

All entrepreneurship resources at U of T are open to students from all three campuses, no matter what program or year you're in: **entrepreneurs.utoronto.ca**

FUEL YOUR BIG IDEAS

500+

7,000

700+

startups were founded by the U of T research groups in the past decade, which have raised a combined \$1 billion in investment

faculty members and 18,000 graduate students and postdoctoral fellows across multiple disciplines who can help you launch your idea

inventions, 200+ patent applications, and 150+ licenses granted every five years—and rapidly rising

Our True Blue Fund (\$5M) was created in 2019 to support student entrepreneurship: **entrepreneurs.utoronto.ca/truebluefund**

GLOBAL LEARNING

Through co-op placements, paid internships, learning abroad options in 160+ institutions, field schools, international course modules, and research opportunity programs, you'll make industry contacts—and lifelong friends—and tackle pressing challenges like climate change, quantum cryptography, financial derivatives, and homelessness.

Study the history of German cinema in Berlin, the rise and fall of Bronze Age powers on the Anatolian plateau, and marine ecosystems in the South Pacific. The University of Toronto is committed to engaging at least 30% of our students with a global experience.

Field courses are a great way to enrich your degree and expand your horizons

You learn so much from being abroad that goes beyond the classroom. It's like throwing yourself into the deep end, and while there is a period where you feel lost, you end up feeling like you have a second home at the end of it. It was the greatest experience of my university career.

-Nitika, U of T Finance and Economics student and participant in the 2017 Waseda University Exchange Program

STUDY ABROAD

4,500+

students take part in a learning abroad opportunity each year 71%

of students who studied abroad agreed that their experience abroad had influenced their choice of career path after returning 87%

of students reported having more openness to different ways of thinking

Students can now work towards a **Global Scholar** designation by taking a curated set of courses offered by their program or faculty. When those courses are completed, students will receive a certificate and a "Global Scholar" notation on their transcript. Students can also work towards a "**Global Citizen**" designation that will appear on their co-curricular record (CCR) by getting involved in programs and activities that develop three competencies: global perspective and engagement, inclusivity and equity, and community and civic engagement.

Learn more about these unique transcript notations:

learningabroad.utoronto.ca/global-university

There are thousands of things to be passionate about at the University of Toronto.

Our clubs, committees, and civic groups reflect the pluralism of Canadian society and the full spectrum of talent across our student community. Try your hand at chess, debate, archery, or calligraphy. Hone your cooking skills, or your coding skills, and learn how to tend a beehive, aquarium, or investment portfolio. Advance a cause you care about. Learn a second language, or a fifth.

tri-campus Accessibility
Services teams are advised

and assisted each year

Meet with a Learning Strategist, an International Transition Advisor, a Campus Chaplain, an Elder-in-Residence at our First Nations House, or a nurse, doctor, or counsellor at Health & Wellness. Connect with our Sexual & Gender Diversity Office, our Community Safety Office, or our Family Care Office.

uoft.me/student-support

There are 60+ alumni and peer mentor programs across our three campuses, including groups for mature students, Black and Indigenous students, First Generation students, and students with family responsibilities.

uoft.me/accessinclusion

U of T's Sexual & Gender Diversity Office is the oldest (20+ years) of its kind at any postsecondary institution in Canada. Our annual Queer Orientation is a huge draw for many students and our campuses are home to 20+ student groups for queer and trans undergraduate students. U of T's Health & Wellness clinics have a Trans Healthcare Team, whose services are open to students from all three campuses.

Hart House offers classes in everything from filmmaking and financial literacy to improv and life drawing? No matter which campus or college you call home, you're automatically a member of Hart House when you join U of T.

harthouse.ca

uoft.me/queerorientation

Whether you're a national all-star or the neighbourhood MVP, your future teammates need you! With men's and women's Varsity Blues teams across 24 sports, and an 11,000-strong intramural community, athletics is a major part of life for our students.

Last year, U of T's teams racked up a dozen intercollegiate championships in baseball, badminton, fencing, figure skating, golf, mountain biking, water polo, and more. But you don't have to be an athlete to join up and join in. No matter your skill level, there's a class for you:

uoft.me/whatyoucando

The Tri-Campus Development League is a great way for students to come out and try out for sports they have a passion for. As someone who is not from this province, it's been great to meet different people with different interests, who share the same passion for sport as me.

-Jessica, third-year Forensic Science student at U of T Mississauga

SPORT & RECREATION

Drop into any of our state-of-the-art facilities to enjoy the largest range of classes, events, and club sports at any Canadian university.

Classes include aquatics, aerial circus silks, ballet, fencing, parkour, squash, kendo, swimming, diving, lifeguarding, strength and conditioning, and more.

uoft.me/sportandrec

INTRAMURALS

Intramural sports are open to all students and offer varying levels of competition through leagues, tournaments, and special events. Make friends while making game-winning shots!

uoftintramurals.ca

TRI-CAMPUS DEVELOPMENT LEAGUE

The Tri-Campus Development League is open to all students and represents the highest level of sport competition outside of the Varsity program. Participants from three campuses develop sport skills with the help of coaches and play in competitive games with registered officials.

facebook.com/uoftdleague

VARSITY BLUES

The Varsity Blues program provides competitive sport opportunities at the provincial and national level for outstanding student-athletes. The program is the largest intercollegiate program in Canada, with 42 teams across 24 sports, and 840 student athletes across all three campuses.

3 CAMPUSES 1 UNIVERSITY

Unique in North America, our tri-campus system makes it easy for students to learn, network, and innovate in Canada's economic heartland, just steps from some of the world's most diverse neighbourhoods.

You can apply to one admission category per academic division. Outlined just ahead, our seven first-entry academic divisions are U of T Mississauga, U of T Scarborough, plus five faculties on U of T St. George:

- Faculty of Applied Science & Engineering
- John H. Daniels Faculty of Architecture, Landscape & Design
- Faculty of Arts & Science
- Faculty of Kinesiology & Physical Education
- Faculty of Music

Once you're a registered student, you'll be able to personalize your degree with majors, minors, specialists, and certificates.

For our complete program listings, check out the bulletin at the back of this book.

Faculty of KINESIOLOGY & PHYSICAL EDUCATION

uoft.me/kinesiology recruitment.kpe@utoronto.ca @futurekpe

> KPE student ambassadors lead each year's orientation and welcome activities

I love the size of our faculty because with it being so small it lets you become part of a great community (or KINmunity to be cheesy), and it feels great to feel part of something like this. You get to know most of the people in your year and many of the other years as well and it makes for an amazing environment, especially when you get to places like the Benson student lounge where you see all four years hanging out together and just helping each other out.

-Rugayyah, third-year BKin student

Kinesiology and **Physical Education**

With the emerging consensus that physical activity is central to preventing illness and optimizing health, there is more demand than ever for professionals in kinesiology and physical education. Our BKin students thrive in careers spanning the biophysical, psychological, physical, and cultural, including exercise physiology, psychology of injury and rehabilitation, ethical issues and biomechanics.

Faculty of MUSIC

uoft.me/studymusic undergrad.music@utoronto.ca @uoftmusic

> Hands-on learning drives every part of our curriculum.

A degree in Music fosters critical thinking, discipline, and teamwork. Our alumni have gone on to score films, pioneer new technologies, and pack stadiums. Music students take part in a total of 600+ concerts and recitals each year. From Early Music, to Jazz, to African Drumming and Dancing, to Japanese Taiko Drumming, we bring the diversity of Canada into the classroom.

Auditions/interviews are held in February. Learn more: uoft.me/MusicAdmReq

The U of T Jazz program has given me many opportunities to play in professional settings, allowing me to gain real industry experience while still in school. Many of my academic performances have led to professional performance opportunities in the city.

LIVING ON CAMPUS

Our mission at U of T Scarborough is to cultivate the potential in each student. Overlooking lush parklands on the eastern shoreline of Canada's most cosmopolitan city, UTSC's closely knit residence communities are just steps from gleaming, sustainably built facilities and state-of-the-art labs. Toronto's most diverse neighbourhood—"the dining capital of the world," as American economist Tyler Cowen calls it—Scarborough is the perfect home base for crafting a business proposal, policy paper, or novel, while sealing the deal over Hakka noodles, banh mi, and bubble tea.

Residence options at UTSC include townhouses, apartment-style units, and furnished single rooms conveniently located minutes away from transit, grocery stores, and malls, as well as scenic creeks and valleys. Under the guidance of a dedicated staff team, the residence life experience is driven by students, for students, through a Scarborough Campus Residence Council whose members see to it that every resident feels connected, inspired, empowered, and at home.

Learn what it's like to live at UTSC, and discover the amenities and meal plans that await you at

utsc.utoronto.ca/residences

I instantly felt that this is the right fit for me. A warm, friendly and encouraging community is what I felt and have loved ever since. I chose a double major in Media Studies and Human Biology because it gives me the balance and different perspectives I need to get the full picture.

–Annie, Media Studies and Human Biology; originally from Aleppo, Syria

APPLY NOW

Join the University of Toronto and become part of a vibrant research community. Admission is competitive—spaces fill quickly—so be sure to apply as soon as possible. Then, add **@utoronto.ca** to your safe senders list, and keep a close eye on your inbox. About a week or two after you submit your application, we'll send you an acknowledgement email with further instructions.

1. COMPLETE YOUR APPLICATION

NOV 7

Recommended application deadline for early consideration.

JAN 15

Final application deadline for most divisions.

2. SUBMIT ANY REQUIRED DOCUMENTS

FEB₁

Deadline for documents: Self-Reported Grades; English language tests: uoft.me/elr

MAR 31

Deadline for residence application: uoft.me/livingoncampus

3. MONITOR YOUR INBOX!

JAN - MAY

Admissions decisions are made and offers are issued.

4. IF YOU GET AN OFFER

Check your offer of admission in the JOIN portal for the deadline by which you'll need to accept, and any further steps to take to secure your spot.

If you reside outside of Canada, are applying solely to the University of Toronto, and have neither past nor present experience studying in Canada, you can apply using the "University of Toronto International Application." If you wish to apply to several universities in Ontario, you should apply through the Ontario Universities' Application Centre (OUAC) using the "105" application.

Learn all about our application types, deadlines, and more: **future.utoronto.ca/apply/applying**

Activate your JOIN portal and follow the instructions.

Shortly after receiving your OUAC application, we will send you an acknowledgement email with a set of credentials that you can use to activate and access your JOIN portal at **join.utoronto.ca**

Once you get the credentials we send you, sign into JOIN and complete the rest of your application. Engineering applicants will be redirected to a separate portal after signing into JOIN, called the Engineering Online Student Portal. Submit any required documents by the deadlines listed in your portal.

- Transcripts should be sent electronically through Parchment/Naviance. If your school doesn't use Parchment/Naviance, upload your transcripts through JOIN or the Engineering Online Student Portal.
- If you are completing the IB curriculum, final IB results must be sent to the University electronically by the International Baccalaureate Organization (IBO).
- Students completing a U.S.-patterned high school curriculum should note that test-optional assessment has been adopted for the 2020-21 admissions cycle. For full details, including minimum requirements, consult the bulletin at the back of this book or visit: uoft.me/UnitedStates

You can always monitor the status of your application by signing into the JOIN portal.

You'll also be able to see a running list of documents that you've submitted and that we still need from you.

Be sure to satisfy any conditions listed in your offer of admission. If you are not a Canadian Citizen or Permanent Resident, you should plan to obtain a valid study permit before entering Canada. Required documents include—but may not be limited to—your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

Learn more about study permits through Immigration, Refugees and Citizenship Canada: canada.ca/en/immigration-refugees-citizenship

SUPPLEMENTAL APPLICATIONS

Supplemental Applications help us get to you know better. They're a chance for you to showcase your unique experiences, strengths, and interests. We're looking for engaged students of any background who will bring leadership, passion, and diverse perspectives.

FINANCING YOUR EDUCATION

Our newly admitted students are eligible for 5,000+ entrance awards, including about 150 scholarships valued at \$10,000 each through the President's Scholars of Excellence Program—just one of thousands of awards for which incoming students are automatically considered. Think you might be a contender?

Check what's available at **awardexplorer.utoronto.ca**Don't forget: some awards require a nomination from your school.

FINANCIAL AID

\$192M

in financial aid and awards disbursed each year

70%

of funds for enrolled students have a need-based component

\$43M available annually in merit-based awards Among our many entrance awards for outstanding international students are the Lester B. Pearson International Scholarships (**pearson.utoronto.ca**), including those completing high school diplomas within Canada. The Pearson Scholarships cover tuition fees, incidental fees, and living costs for four years. Candidates must be nominated by their schools by November 30th of the year before they plan to start their first year.

To learn more about financial aid programs, fees, awards, and budgeting tools, visit **future.utoronto.ca/finances**

Use our handy planning estimator:

HELPING YOU FIND YOUR WAY

Joining our community means gaining full access to all campus programming—including work study programs and co-op programs. Once you become a student, our international advisors can offer guidance on eligibility criteria for on- and off-campus work, and how to apply for a co-op work permit should your degree include an internship or placement. Learn more:

uoft.me/cie

If you are not a Canadian Citizen or Permanent Resident, you must obtain a valid study permit before entering Canada. Required documents include—but may not be limited to—your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance. International students who complete a Canadian university degree may be allowed to work full-time in Canada for up to 3 years. Learn more about study permits and post-graduation work permits through Immigration, Refugees and Citizenship Canada:

canada.ca/en/immigration-refugees-citizenship

Attending university abroad was not my original intention, but upon learning I was selected as a Pearson Scholar at U of T, I immediately felt like I was being called home. U of T is the first academic setting to inspire me to use what I learn in the classroom to shape my worldview. This has much to do with the university's commendable team of educators, who impart ingenuity of thought to their students rather than simply teach course content. I can even sense the effect of U of T's unique philosophy on education during casual conversation with my peers.

-A recipient of our 2018 Lester B. Pearson International

Students from Woodsworth College

FREQUENTLY ASKED QUESTIONS

What are your admission requirements?

- For minimal requirements from all secondary school systems, please visit uoft.me/reqs and browse to your home country. For a searchable index of our 700+ first-entry programs and their specific prerequisites, visit future.utoronto.ca/undergraduate-programs
- For complete details on Engineering requirements, visit discover.engineering.utoronto.ca
- Are you completing the International Baccalaureate curriculum? Visit uoft.me/IBdiploma
- For full details on our English language requirements, see **uoft.me/elr**. Qualified students who don't meet these requirements can explore one of our English language transition programs: uoft.me/eltp

Are applicants required to submit personal essays, reference letters, or portfolios?

If your program requires supplemental materials, this will be noted in your JOIN portal at join.utoronto.ca (or in your Engineering Online Student Portal). While some programs require supplemental applications or profiles—see p. 51—most of our programs do not.

Please note that essays and letters of reference will not be considered unless we specifically request them. Should supplemental materials be required for one of your target programs, you'll be notified after you've submitted your application.

Can international students live in residence?

On all three of our campuses, residence is guaranteed for new full-time students entering their first year of a postsecondary program for the first time, provided that they indicate their interest in residence by completing the First Year StarRez application by March 31, and receive and accept an offer of admission by June 1.

Students must respond to all deadlines and meet all deposit requirements to maintain their eligibility. Learn more at residence.utoronto.ca

I'm completing high school abroad, but I am a Canadian citizen. Will I pay international or domestic tuition fees?

Canadian Citizens, Landed Immigrants, and Permanent Residents are eligible to pay domestic tuition fees regardless of where they happen to be living when they apply to U of T. However, be aware that admission consideration is always based on the regional high school curriculum that you're completing.

What is U of T's acceptance rate?

Each of our academic divisions varies substantially in both size and application volumes, and so we don't have a defined acceptance rate. In addition, some specialized programs attract more interest and are consequently more competitive, and these programs admit fewer students due to space limitations.

Are there scholarships and financial aid programs for international students?

Check with your home country's ministry of education and student financial aid programs to see if you qualify for assistance. All applicants to U of T, including international applicants, are automatically considered for merit-based entrance scholarships. Learn more at future.utoronto.ca/finances/scholarships

If you're applying to one of our Engineering programs, check discover.engineering.utoronto.ca/money

ADMISSIONS CHECKLIST

Accept your offer—and keep your grades up. Find instructions on how to accept your offer of admission on the JOIN portal.

Pay your non-refundable admission deposit when you accept your offer of admission. For instructions on how to pay your deposit, go to your JOIN portal.

Apply for a study permit. Required documents may include, but may not be limited to, your official offer of admission to a university, evidence of adequate funds, and proof of medical clearance.

Maintain your residence guarantee by completing your first-year residence application on StarRez before March 31. Your residence office will contact you with your residence placement and deposit payment instructions.

Check your email regularly during the summer. Your Registrar and residence will send you essential next steps by email. Starting in July, you'll also be prompted to log into ACORN for your course enrolment start time. At that point, you can begin enrolling in courses. Note that first-year Engineering students do not choose courses and will be provided, instead, with a readymade schedule.

Your first tuition fee installment will be due in August. Each student will receive an invoice during the summer, tailored to their program. If you'll be living in residence, monitor your email regularly for updates from your Dean of Residence. And learn all about orientation week, sometimes known as Frosh Week, at hello.utoronto.ca

Orientation week at UTSC

From my first day on campus to now, U of T has always felt like home. Even with 85,000+ students between the three campuses, the sense of community within the colleges and faculties is astounding.

I was not expecting to have such a large support system and so many resources to help me make the adjustment to university life. From the Kinesiology professors, to learning strategists and the in-house academic advisor, U of T has created an environment in which I can thrive and create my own unique identity. U of T offers a great community and learning space that allows students to grow.

-Sephora, student leader and athlete, Faculty of Kinesiology & Education

HOW TO APPLY

Applicants wishing to be considered for admission to several Ontario universities should apply to the University of Toronto through the Ontario Universities' Application Centre (OUAC) using the "105" application.

Applicants who are interested in applying only to the University of Toronto, who reside outside of Canada, and who are neither currently studying nor have previously studied in Canada may apply using the "University of Toronto International application."

The University of Toronto does not deal with agents and it does not recommend that applicants deal with agents.

We encourage you to apply well in advance of published deadlines. Spaces fill quickly and programs may close before the application deadlines listed below. For complete details: future.utoronto.ca/apply/applying

DOCUMENT DEADLINES

Document deadlines vary by division. For a complete list of document deadlines, visit **future.utoronto.ca/apply**. We encourage applicants to submit all required documents well in advance of posted deadlines. Once we receive your application, we will send you an email acknowledgement with next steps.

ADMISSION REQUIREMENTS

Applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. Minimum requirements for consideration vary by program. You must present all requirements, including prerequisite courses, to be considered. All programs have limited spaces and selection is competitive. Some programs require a supplementary application. Learn more: future.utoronto.ca/apply/requirements

APPLICATION DEADLINES

Submitting a complete application as early as possible allows your application to be considered for a wider range of admission opportunities — and, in many cases, permits earlier decisions.

Campus/Program Area	Recommended date for early consideration	Official Deadline						
ARTS, SCIENCE, COMMERCE/MANAGEMENT								
U of T St. George	November 7	January 15						
U of T Mississauga	November 7	January 15						
U of T Scarborough	November 7	January 15						
PROFESSIONAL FACULTIES								
Applied Science & Engineering	November 7	January 15						
Architecture, Landscape, and Design	November 7	January 15						
Bachelor of Information*	November 7	April 30						
Kinesiology & Physical Education	November 7	January 15						
Music	November 7	January 15						
Medical Radiation Sciences*	November 7	February 1						
Nursing*	November 7	January 15						
INTERNATIONAL FOUNDATION P	ROGRAMS							
Arts & Science	November 7	January 15						
Applied Science & Engineering	November 7	January 15						
Architecture, Landscape and Design	November 7	January 15						
Music	November 7	January 15						

 $^{^*}$ Note that our Bachelor of Information, Nursing, and Medical Radiation Sciences have prerequisites at the university level.

Student Permit/Visa

If you are not a citizen or permanent resident of Canada, you should apply for a study permit and entry visa (depending on your citizenship) as soon as you receive your letter of admission from the University. You can obtain applications for these documents from a Canadian embassy or consulate before departing.

To obtain a study permit, international students must demonstrate to Immigration, Refugees and Citizenship Canada that they have sufficient resources to cover tuition fees and all living expenses for at least one year. Complete details can be found at cic.gc.ca

Centre for International Experience

Adapting to a new cultural environment and a new educational system may present some unexpected challenges. The Centre for International Experience is ready to help you with a wide range of services and programs: cie.utoronto.ca

Guardianship

If you are an international student under the age of 18, you may be asked by Immigration, Refugees and Citizenship Canada to find a Canadian citizen to act as a guardian. Your family is responsible for satisfying this requirement.

UNIVERSITY TRANSFER APPLICANTS

Applicants interested in transferring from recognized degree-granting postsecondary institutions, along with current University of Toronto students across all three campuses, must meet the minimum admission requirements for their program. Find requirements for your educational jurisdiction at **future.utoronto.ca**

Applicants are required to provide transcripts for all secondary and postsecondary level study completed. Admission consideration is based on the overall academic record, with an emphasis on the most recent (or highest) level of study completed, and results in prerequisite subjects.

Applicants who have completed studies beyond the minimum requirements at a recognized postsecondary institution may be granted transfer credits if admitted to a first-entry bachelor's degree program. Transfer credits will be assessed after admission, and after the Transfer Credit Assessment application, if required, has been completed. Details will be provided after an offer of admission is made. Interviews may be required.

Some programs do not consider applications from students who have attended other postsecondary institutions. Consult **future.utoronto.ca** for details.

Applicants who already hold a bachelor's degree from another postsecondary institution can only apply to a different field of study. For instance, students who have completed a degree in, or have majored in, economics, management, commerce or business, cannot complete our Bachelor of Commerce or Bachelor of Business Administration. If admitted to a different program, these applicants will be granted a maximum of one year of transfer credits (five full credit courses). Applicants who already hold an undergraduate degree in Engineering are not eligible for undergraduate studies at U of T Engineering.

Undergraduate degree holders who wish to take additional undergraduate courses, perhaps in order to qualify for graduate studies, may consider applying for Non-degree studies. Please note that it may not be possible to register as a Non-degree student in courses that are in high demand.

Learn more: future.utoronto.ca/apply/transfer-credit-information

U of T Engineering welcomes engineering and science students interested in transferring from other universities. Transfer credits are awarded on a course-by-course basis at the time of admission. Read more: uoft.me/ENGtransfer

ENGLISH LANGUAGE REQUIREMENTS

Proof of adequate English facility is required from all applicants except for those:

- whose first language (i.e., the language learned at home as a child) is English; or
- who have achieved satisfactory academic progress in at least four years of full-time study in an English language school system located in a country where the dominant language is English; or
- whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

Common English Proficiency Tests/Qualifications

Please note that other English Language Tests/Qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, be sure to visit **uoft.me/elr**

Test of English as a Foreign Language (TOEFL) Internet-based test: The minimum requirement is a total score of 100 with 22 on the Writing section.

International English Language Testing System (IELTS) Academic: The minimum requirement is an overall band of 6.5 with no band lower than 6.0.

International Baccalaureate English:

The minimum requirement is Higher Level or Standard Level English A: Literature or English A: Language and Literature with a score of 4 (predicted or final). English B Higher Level is not acceptable.

GCSE/IGCSE/GCE O Level English:

The minimum requirement is English or English Language or English as a Second Language with a final grade of 'B' (or '6' in reformed qualifications).

GCE A/AS/AICE Level English:

The minimum requirement is English or English Language with minimum grade of 'C.'

Academic English Course, School of Continuing Studies, University of Toronto:

The minimum requirement is completion of Academic English Level 60 with grade of 'B'. Learn more: **english.learn.utoronto.ca**

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet our English language requirement. They are offered on each campus and range in length from six weeks to eight months. Such programs include:

- International Foundation Program uoft.me/intlfp
- Academic English (AE@UTSC) uoft.me/utscae
- Academic Culture and English Program (ACE@UTM) uoft.me/utmace

SECOND-ENTRY PROGRAMS

Many programs have admission prerequisites at the postsecondary level. Learn more at:

 socialwork.utoronto.ca

WORKING IN CANADA

International students are permitted to work part-time and may be able to incorporate paid work terms into their academic programs. After you graduate, you may be allowed to live and work in Canada, full-time, for up to three years.

Work as Part of Your Academic Program

Paid work placements are a feature of Co-op programs at UTSC and the Professional Experience Year Co-op Program available to Engineering students and UTM/ St. George Arts and Science students. See:

uoft.me/uoftscarborough uoft.me/peycoop

Part-Time Work

Part-time work on or off campus allows you to earn extra spending money. Not only is it an excellent opportunity to gain practical Canadian work experience, but it will also allow you to expand your social experiences. You may obtain permission to work part-time off campus following six months of study. You may also stay in the Greater Toronto Area and work full-time during holidays and between academic terms. Learn more: uoft.me/cie

Finding Work

Our Career Centres can help you to prepare for job interviews, research career paths, find jobs, and much more: **uoft.me/careers**

SCHOLARSHIPS & FINANCIAL AID

All applicants are considered automatically for admission scholarships based on their academic performance. Scholarship offers are generally sent after our offers of admission. The University of Toronto has a longstanding commitment to promoting access through financial support. Canadian citizens and permanent residents who are living outside Canada are also eligible for the University of Toronto's financial aid support for students in financial need.

U.S. citizens can apply for financial assistance from the U.S. William D. Ford Federal Direct Loan Program. The University of Toronto is a recognized postsecondary institution for Federal Direct Loans (PLUS/Subsidized/Unsubsidized). Education Savings Plans, and U.S. Federal Education Tax credits are also applicable. Complete details can be found at uoft.me/usloans

U of T Engineering Scholarships

The Faculty of Applied Science & Engineering has scholarships available for international students: **uoft.me/engscholarship**

Lester B. Pearson International Scholarships

✓ Tuition for 4 years✓ Living costs✓ Fees & books

Covering tuition fees and living expenses for four years, the Lester B. Pearson International Scholarships at the University of Toronto offer you access to an unparalleled experience in undergraduate education. Imagine a top-ranked university located in one of the world's most welcoming multicultural cities, where students come from over 160 countries and more than 900 municipalities. Imagine enriched learning within a unique community of students, alongside brilliant professors who are shaping the future of their fields. As a Pearson Scholar, you will gain a global perspective on issues that matter most to you.

Prerequisites in Program Type addition to English S Ma Mi

PHYSICAL AND MATHEMATICAL SCIENCES (HBSc)

OUAC Program Code: TPG

PROGRAMS OF STUDY: PROFESSIONAL FACULTIES AT U OF T ST. GEORGE

FACULTY OF APPLIED SCIENCE & ENGINEERING (BASC; BASC IN ENGINEERING SCIENCE) All applicants are required to submit an Online Student Profile, for which a fee will be charged. The Admissions Committee considers a candidate's overall academic history with emphasis on the prerequisite course average, along with the information provided on the Online Student Profile. In cases where applicants are not able to present a required prerequisite subject, it may be replaced with an SAT Subject test, Advanced Placement exam, International Baccalaureate result or GCE A level. Math with calculus is preferred for studies in Engineering. If your school only offers pre-calculus or does not offer math with calculus, please contact U of T Engineering directly.

U of T Engineering students can customize their learning through cross-disciplinary minors and certificates, the Professional Experience Year Co-op Program, specialized leadership and entrepreneurship programming and much more. Learn more at: uoft.me/discoverENG

Program	OUAC Program Code	Admission Prerequisites
Chemical Engineering	TB	E, M, Ch, Ph
Civil Engineering	TV	E, M, Ch, Ph
Computer Engineering	TCS	E, M, Ch, Ph
Electrical Engineering	TE	E, M, Ch, Ph
Engineering Science	TK	E, M, Ch, Ph
Industrial Engineering	TI	E, M, Ch, Ph
Materials Engineering	TTM	E, M, Ch, Ph
Mechanical Engineering	TM	E, M, Ch, Ph
Mineral Engineering	TG	E, M, Ch, Ph
TrackOne, Undeclared Engineering	TEO	E, M, Ch, Ph

FACULTY OF KINESIOLOGY & PHYSICAL EDUCATION (BKIN)

The undergraduate program is accredited in Kinesiology and in Physical Education Teacher Preparation. Students planning to take upper year biology courses in university should take Grade 12 Chemistry. Students who wish to add a major or minor in Psychology or Physics to their BKin degree should take Grade 12 Calculus. All applicants must complete an online Statement of Interest form by February 1, 2021. Learn more at kinesiology.utoronto.ca.

Program	OUAC Program Code	Admission Prerequisites
Kinesiology and Physical Education	TPK	E, M, Bio/Ch/Ph
		/"Anatomy and Physiology 12" will be considered from education systems that have now converted

FACULTY OF MUSIC (MUSBAC; MUSBACPERF)

All applicants are required to submit a Music Questionnaire by **January 11, 2021**. The Music Questionnaire will be available online at **uoft.me/applyundergrad** in November.

A maximum of two Grade 12 Music credits may be counted in the admission average. All classical applicants must provide proof of completion of RCM Level 8 Theory (or equivalent) with a minimum grade of 60%, by **June 18, 2021**. Classical applicants have the option of taking the Faculty of Music Classical Entrance Theory Exam. Jazz applicants will be required to write the Faculty of Music Jazz Entrance Theory Exam.

All applicants must complete an audition/interview. Auditions/interviews take place in February. For guidelines, please visit: uoft.me/MusicAdmReq

Program	OUAC Program Code	Admission Prerequisites				
Artist Diploma	TO	Е				
Music Composition Comprehensive Studies - Classical or Jazz History, Culture, and Theory	TZ	E				
Music Education - Classical or Jazz	TD	Е				
Performance - Classical or Jazz	TX	Е				
JOHN H. DANIELS FACULTY OF ARCHITECTURE, LANDSCAPE, AND DESIGN (HBA)						

All students are required to complete the One Idea supplementary application to be considered for admission. The deadline for the One Idea supplementary application is **January 27, 2021**. Details can be found at **uoft.me/oneidea**. Please note that both professions of Architecture and Landscape Architecture require a graduate degree at the master's level.

ADMISSION REQUIREMENTS FOR COMMON INTERNATIONAL EDUCATIONAL SYSTEMS

Ph = Physics

Curriculum	Admission Requirements \Diamond	English Prerequisite**	Mathematics Prerequisite ₽
BRITISH-PATTERNED EDUCATION	Arts, Science, Commerce/Management, Architectural/Visual Studies, Kinesiology & Physical Education, and Music At least five different academic GCSE/IGCSE/Ordinary Level subjects and four different academic subjects at Advanced Subsidiary Level OR three different academic subjects at the Advanced Level (excluding General Paper). All examinations must be conducted by an examination authority located in the UK or an equivalent authority elsewhere. Prerequisites should be presented at Advanced or Advanced Subsidiary Level. Some programs may consider excellent GCSE/IGCSE/Ordinary Level results for fulfilling a prerequisite. Applied Advanced Level subjects are not recommended.	GCSE/IGCSE/Ordinary Level English, English Language, or English as a Second Language, OR AS Level/A Level English or English Language	Math AS Level/A Level
	Engineering Three A-Levels including Mathematics and Physics. Chemistry is strongly recommended as the third A-Level. Applicants are required to present at least AS-Level Chemistry. U of T Engineering does not grant advanced standing for A-Level subjects. Complete details can be found at discover.engineering.utoronto.ca	GCSE/IGCSE/Ordinary Level English, English Language, or English as a Second Language, OR AS Level/A Level English or English Language	Mathematics/Pure Mathematics
CAMBRIDGE PRE-UNIVERSITY	The Cambridge International Pre-U Diploma or Certificate, including three Principal Subjects (or a combination of Advanced Level subjects and Principal Subjects covering different subject areas). Refer to discover.engineering.utoronto.ca for complete information about admission requirements for Engineering.	GCSE/IGCSE/Ordinary Level English, English Language, or English as a Second Language, OR Principal Subject English or English Language	Math A Level/Principal Subject
CARIBBEAN ADVANCED PROFICIENCY EXAMINATION (CAPE)	The complete Diploma (six units). Refer to discover.engineering.utoronto.ca for complete information about admission requirements for Engineering.	CSEC/CAPE English	Pure Mathematics (CAPE Unit I or II). For complete information on admission requirements for Engineering, visit discover.engineering.utoronto.ca .
FRENCH BACCALAUREATE	The complete Baccalauréat général. Refer to discover.engineering.utoronto.ca for complete information about admission requirements for Engineering.	Anglais (Terminale)	Spécialité Mathématiques (Terminale)
INTERNATIONAL BACCALAUREATE (IB)	Arts, Science, Commerce/Management, Architectural/Visual Studies, Kinesiology & Physical Education, and Music The complete Diploma.	English HL or SL	Mathematics: Applications and Interpretations HL/Analysis and Approaches SL/Analysis and Approaches HL/Mathematics HL or SL/Further
	Engineering Mathematics Analysis and Approaches HL (recommended) or SL or Mathematics Applications and Interpretations HL; Physics and Chemistry at either level. U of T Engineering does not grant advanced standing credit for IB courses. Complete details can be found at discover.engineering.utoronto.ca		Mathematics HL. Math Studies is not acceptable
UNITED STATES	Arts, Science, Commerce/Management, Architectural/Visual Studies, Kinesiology & Physical Education, and Music U.S. Senior Year/Grade 12 in an accredited high school with a high grade point average. We expect competitive applicants to be enrolled in a rigorous academic course load, and to have taken the highest level of course available to them in pre-requisite subjects. Test optional assessment has been adopted for students applying for Fall 2021 admission. Students who cannot or choose not to submit test results will not be disadvantaged in the admissions process; however, students who have written SAT or ACT tests previously, and wish to have these considered in their assessment, are encouraged to submit their scores. Students seeking admission to science or commerce/management programs are strongly advised to complete AP Calculus. Students aiming for admission in Fall 2022 should visit uoft.me/UnitedStates in early Fall 2021 to view up-to-date requirements for their cohort.	Senior Year/12th Grade English	AP Calculus/Math Grade 12
	Engineering Grade 12 at an accredited high school with a high grade point average. Competitive candidates are expected to have two years of Chemistry, Physics as well as senior Calculus with excellent results in senior level courses (AP, Honors or Equivalent). Students who are not able to take more than one year of Chemistry or Physics, or who are not taking an AP course in that subject, should contact the Engineering admissions office directly to discuss other options to meet admission pre-requisites requirements. For 2021 Admissions, U of T is test optional. However we encourage students to submit any SAT, ACT or AP exams that they have completed. U of T Engineering does not grant advanced standing credit for AP courses.	Senior Year/12th Grade English	AP Calculus/Math Grade 12

Co = Co-op degree option (academic programs, plus co-op courses and paid work terms relevant to your programs)

HOW TO APPLY

Applicants wishing to be considered for admission to several Ontario universities should apply to the University of Toronto through the Ontario Universities' Application Centre (OUAC) using the "105" application.

utsc.utoronto.ca/residences

U of T Scarborough

Student Housing & Residence Life

Applicants who are interested in applying only to the University of Toronto, who reside outside of Canada, and who are neither currently studying nor have previously studied in Canada may apply using the "University of Toronto International application."

The University of Toronto does not deal with agents and it does not recommend that applicants deal with agents.

We encourage you to apply well in advance of published deadlines. Spaces fill quickly and programs may close before the application deadlines listed below. For complete details:

future.utoronto.ca/apply/applying

DOCUMENT DEADLINES

Document deadlines vary by division. For a complete list of document deadlines, visit future.utoronto.ca/apply. We encourage applicants to submit all required documents well in advance of posted deadlines. Once we receive your application, we will send you an email acknowledgement with next steps.

ADMISSION REQUIREMENTS

Applicants who have attained a high level of academic achievement and who completely satisfy prerequisites will be considered for admission. Minimum requirements for consideration vary by program. You must present all requirements, including prerequisite courses, to be considered. All programs have limited spaces and selection is competitive. Some programs require a supplementary application. Learn more: future.utoronto.ca/apply/requirements

APPLICATION DEADLINES

Submitting a complete application as early as possible allows your application to be considered for a wider range of admission opportunities — and, in many cases, permits earlier decisions.

Student Permit/Visa

If you are not a citizen or permanent resident of Canada, you should apply for a study permit and entry visa (depending on your citizenship) as soon as you receive your letter of admission from the University. You can obtain applications for these documents from a Canadian embassy or consulate before departing.

To obtain a study permit, international students must demonstrate to Immigration, Refugees and Citizenship Canada that they have sufficient resources to cover tuition fees and all living expenses for at least one year. Complete details can be found at cic.gc.ca

Centre for International Experience

Adapting to a new cultural environment and a new educational system may present some unexpected challenges. The Centre for International Experience is ready to help you with a wide range of services and programs:

Guardianship

If you are an international student under the age of 18, you may be asked by Immigration, Refugees and Citizenship Canada to find a Canadian citizen to act as a guardian. Your family is responsible for satisfying this requirement.

Lester B. Pearson International Scholarships

✓ Tuition for 4 years

Applicants interested in transferring from recognized degree-granting postsecondary institutions, along with current University of Toronto students across all three campuses, must meet the minimum admission requirements for their program. Find requirements for your educational jurisdiction at future.utoronto.ca

Applicants are required to provide transcripts for all secondary and postsecondary level study completed. Admission consideration is based on the overall academic record, with an emphasis on the most recent (or highest) level of study completed, and results in prerequisite subjects.

Applicants who have completed studies beyond the minimum requirements at a recognized postsecondary institution may be granted transfer credits if admitted to a first-entry bachelor's degree program. Transfer credits will be assessed after admission, and after the Transfer Credit Assessment application, if required, has been completed. Details will be provided after an offer of admission is made. Interviews may be required.

Some programs do not consider applications from students who have attended other postsecondary institutions. Consult future.utoronto.ca for details.

Applicants who already hold a bachelor's degree from another postsecondary institution can only apply to a different field of study. For instance, students who have completed a degree in, or have majored in, economics, management, commerce or business, cannot complete our Bachelor of Commerce or Bachelor of Business Administration. If admitted to a different program these applicants will be granted a maximum of one year of transfer credits (five full credit courses). Applicants who already hold an undergraduate degree in Engineering are not eligible for undergraduate studies at U of T Engineering.

Undergraduate degree holders who wish to take additional undergraduate courses, perhaps in order to qualify for graduate studies, may consider applying for Non-degree studies. Please note that it may not be possible to register as a Non-degree student in courses that are in high demand.

Learn more: future.utoronto.ca/apply/ transfer-credit-information

U of T Engineering welcomes engineering and science students interested in transferring from other universities. Transfer credits are awarded on a course-by-course basis at the time of admission. Read more: uoft.me/ENGtransfer

ENGLISH LANGUAGE REQUIREMENTS

Proof of adequate English facility is required from all applicants except for those: whose first language (i.e., the language learned at home as a child) is English; or

> who have achieved satisfactory academic progress in at least four years of full-time study in an English language school system located in a country where the dominant

• whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada.

Common English Proficiency Tests/Qualifications

Please note that other English Language Tests/Qualifications are also considered. For a comprehensive list and complete details on our English language proficiency requirements, be sure to visit uoft.me/elr

Test of English as a Foreign Language (TOEFL) Internet-based test: The minimum equirement is a total score of 100 with 22 on

International English Language Testing System (IELTS) Academic: The minimum requirement is an overall band of 6.5 with no band lower than 6.0.

International Baccalaureate English: The minimum requirement is Higher Level

or Standard Level English A: Literature or English A: Language and Literature with a score of 4 (predicted or final). English B Higher Level is not acceptable.

GCSE/IGCSE/GCE O Level English: The minimum requirement is English or English Language or English as a Second Language with a final grade of 'B' (or '6' in

reformed qualifications). GCE A/AS/AICE Level English:

The minimum requirement is English or English Language with minimum grade of 'C.'

Academic English Course, School of **Continuing Studies, University of Toronto:** The minimum requirement is completion of Academic English Level 60 with grade of 'B'. Learn more: english.learn.utoronto.ca

Academically qualified students who do not meet our English language requirements may be interested in one of our English language programs. These programs, if completed successfully, will allow students to meet our English language requirement. They are offered on each campus and range in length from six

weeks to eight months. Such programs include:

 International Foundation Program uoft.me/intlfp • Academic English (AE@UTSC)

uoft.me/utscae • Academic Culture and English Program (ACE@UTM) uoft.me/utmace
