Horizon-broadening International Exchange

國際交流

澳門作為中國與國際交流的一個平臺，澳門科技大學亦致力於開發對外教學合作和學術交流專案，積極尋求與海外院校建立校際關係，通過合作辦學，互派學生等方式，向學生提供到國外學習深造的機會。學生學習知識的同時，還可以體驗不同國家的教育方式，為自己選擇更合適的學習途徑，通過領略不同文化和生活環境來為自己樹立更遠大的發展目標。

澳門科技大學通過聯合培養、與國際知名高校共建學科發展中心、引入頂尖科研人才、舉辦前沿科技講座、建立國際銜接課程平臺、開展國際文化交流等多種形式活動，加

強了學校學術領域對外交流與合作，提升了學校國際化的合作規模與國際聲譽，也豐富了大學生的校園文化生活。

暑期出國項目

澳門科技大學與海外和內地數十所大學建立了友好合作關係，為本科生和研究生提供長期或短期的出國交流機會，使同學可以按照自己的要求和興趣，選擇在海外院校繼續攻讀外國學位、研修專業課程、進修英文和參與跨文化實習項目等等。涵蓋廣泛的暑期課程也為學生提供了在暑假期間在國外生活的絕佳機會，這將是學生們探索新國家和結交新朋友的好方法。

澳門科技大學為開闊學生的國際視野，尤其鼓勵同學們利用暑假期間參加國外大學的各種學習和實習計劃，通過學習及進行實地考察，體驗外國的教育和生活文化，感受世界不同地方的風土人情，同時也可以提升語言能力。高年級的同學還可以參加美國紐約跨文化實習 (The Cross-cultural Internship Program)，項目為期 7 週，通過在當地公司參與實際工作和活動，從實踐中瞭解商業操作和感受東西方文化差異，同時也能學習工作技巧，為將來進入社會打下堅實的基礎。

Internationalization

As a platform for exchanges in the world, Macau University of Science and Technology (MUST) is committed to collaboration of joint academic programs, exchange programs and field opportunities for students. Moreover, MUST actively seeks to expand its networking with other overseas institutions and to coordinate joint research projects for faculty members. Students can also immerse themselves in different cultures and experience alternative approaches to education, which intends to help them focus their future academic and professional goals.

MUST strengthens the exchange and cooperation in the academic field globally through joint training, joint

development of disciplinary development centers with internationally renowned universities, recruitment of outstanding researchers, organizing presentations and talks on cutting-edge issues in science and technology, establishing an international interface teaching platform, and conducting international cross-cultural exchanges. MUST enjoys enhanced global communication and international reputation and offers the experience of cultural life on campus for the students.

Summer Study Abroad Programs

MUST is in partnership overseas institutions for short-term programs and semester-based exchange programs offered by these universities to boost our students' chance of succeeding in their advanced study abroad at both undergraduate and postgraduate levels. MUST also offers students the fantastic opportunity to experience living abroad over the summer vacation, through our range of summer school programs. All such activities create a great way to study something that students wouldn't normally have the chance to do, explore a new country and make new friends.

MUST summer study abroad program can particularly help our students improve their understanding and appreciation of other cultures, apply their knowledge through field placement, and upgrade their language skills in a target language environment. Senior students may be selected to participate in The Cross-Cultural Internship Program in New York that lasts seven weeks. This unique opportunity can offer our students a deeper insight in the cultural differences between companies in the East and the West, thus benefiting their future career development.
