Visa and Alien Registration	Once accepted, the Office of International Affairs at KNU will start the procedure for issuing a certificate of admission and the student can arrange for visa application at any Korean embassy or consulate after receiving the certificate. The Office of International Affairs is not involved in the visa application process. In order to obtain a visa/residence permit, the Korean embassy will check whether students have sufficient financial resources to support themselves during their stay in Korea. As an estimate: the Korean embassy and Immigration Office consider about US\$9,000 per semester (about US\$18,000 per year) sufficient. More information should be confirmed through the website of the Korean embassy in one's country of residence. Alien Registration is applied for once a student arrives in Korea, following guidelines given at the orientation.				
Housing (Dormitory)	Students can apply to the on-campus dorms and will be assigned to a shared room in one of several on-campus dormitories. The dormitory fee for one semester varies depending on the requested meal plan and can range from around US\$600 to US\$1,000. The application will be completed separately before starting the semester.
