WHY YOU CHOOSE UNHAS?

"I am Shahidul Islam. I'm currently studying of the International Undergraduate Programs Faculty of Public Health at Hasanuddin University. The reason why I choose this university because All around Indonesia there are very few Universities that have international class, The education system is completely followed by the International base standard. Here all the professors are very helpful to serve the foreign students. I wish there will be more foreign students who can study here from all around the world. It is a good chance for you all, so don't miss it. (Shahid, Bangladesh)

"My name is Palmira Maria Horta, I'm from Timor Leste and I'm master student in the Forestry Faculty. I Choose to study at UNHAS because near with my country and Unhas one of the best University at Indonesia. In my opinion the campus environment very welcome, students, lectures and staf very helpful are very friendly, and my supervisor are supportive of my research and writing thesis ideas. (Palmira, Timor Leste)

"My name is Emily, I'm from Australia and I'm doing, my PhD researching language and identity at UNHAS. I Choose to study at Unhas because it's the best university is Eastern Indonesia, where my research is based, and it has a long history in linguistic research as well. I've found the staff to be very helpful and friendly, and my supervisors are supportive of my research ideas. I look forward to continuing my studies here over the next few semesters. (Emily, Australia)
