Message from the Dean

Welcome to the College of Business at Abu Dhabi University

The College of Business (COB) is an internationally recognized business school accredited by the Association to Advance Collegiate Schools of Business (AACSB) and the European Foundation for Management Development (EQUIS). Our programs are accredited by the Ministry of Education’s Commission for Academic Accreditation here in the United Arab Emirates (UAE).

Positioned as the no. 1 college of business in the UAE and joint second in the GCC and Arab region, the college’s reputation speaks for itself. The 151-175 ranking category for business and economics globally, in which Abu Dhabi University is placed includes some of the most prestigious universities regionally and globally.

Abu Dhabi University is a young, dynamic university, consistently ranked among the best on the national, regional and international level. According to the Times Higher Education Rankings (THE), ADU ranks among the top three universities in the UAE, while holding the number one position in the teaching pillar.

The College curriculum is informed by local and international business leaders to ensure it remains relevant to the contemporary work environment. We continually review and improve our program and course portfolio to provide our students with innovative and engaging learning experiences that reflect the current and emerging priorities of industry, government, and the professions. This year, we have introduced a suite of undergraduate degrees infused with key elements such as technology, data management and sustainability along with the core attributes of critical thinking, problem solving, emotional intelligence and entrepreneurship. These degrees will give its graduates the soft and technological skills to thrive in the future workplace.

Infusing our programs with a digital culture allows our students to understand business analytics, information and digital technology, and business mathematics. Our commitment to our students includes research into the scholarship of teaching and learning that enhances student support programs and allows our students to reach their academic potential. This student-centric philosophy includes creating international study opportunities in Australia, Brazil, France, Ireland, South Korea and the United Kingdom. Students can also elect to enroll in joint degree programs with Queensland University of Technology or Monash University (QS world rank 55). We select our highly qualified faculty from some of the world’s most prestigious universities. They advance student learning by creating a learning environment that bridges the gap between business theory and industry practice. Real-world examples include our Bloomberg trading floor, business simulations, local and international industry case studies, and authentic industry-based assessments. Our research extends our industry orientation, and we collaborate locally, regionally and internationally to conduct high impact research focused on current and emerging business challenges.

Whether you join us for an undergraduate, master’s, or doctoral program, I am confident that you will find the College of Business an exciting and supportive learning environment. It is my privilege to welcome you to our College - my colleagues and I are committed to your success.

Why the College of Business?

• Our College of Business is both EQUIS and AACSB accredited. Only 1% of business schools worldwide have this double accreditation.

• The College is the number one business school in the UAE and joint second in the GCC and Arab region, and among the elite 151-175 academic institutions for business and economics globally, as ranked by the Times Higher Education Rankings.

• Dual Degree with Queensland University of Technology 2.5+1.5 Degree with Monash University and student exchange agreements with Universities in US, Asia, Europe and Australia

• Degree programs infused with AI, data management, technology, and sustainability to ensure that you’re a valuable asset to any industry or government organization.

• Flexible schedule to suit working students • Opportunity to gain prestigious international professional certifications including CIMA, CIPFA, IFC, CFA, CMA, Google Awards, and Google Analytics.

• Diverse faculty from top universities • Close collaboration with corporate partners • Innovative programs demanded by the marketplace • Diverse student body with over 80 nationalities • University and all its programs are accredited by the Commission for Academic Accreditation (CAA®) UAE Ministry of Education and Western Association of Schools and Colleges (WASC®) USA

• College of Business offers membership in Beta Gamma Sigma (BGS®) international business honor society through its ADU Chapter. We offer our business students to gain insights into business operations through a variety of programs supported by our BGS Engagement activities. The Chapter plays a pivotal role in promoting the BGS® principles through its unique initiatives such as Executive Shadowing program and Distinguished Speaker series. Our Chapter comprises the best and brightest Business students at ADU, and they benefit from BGS® and help make our Chapter an asset to ADU as a whole. Joining this global society of ‘best in business’ will help open doors for you that no other organization can.

Prof. Barry O’Mahony  
Dean, College of Business
Programs in collaboration with International Universities

The International Partnerships in the College of Business at ADU reflect our Global Standing. We offer joint degree and Short term exchange study opportunities with world class institutions across the world. This will enable COB students to gain a global outlook and become part of internationally accredited and highly ranked universities in countries such as Australia, Brazil, France, Ireland, South Korea, UK and U.S. We offer joint degree Programs with the following highly ranked Universities:

- Queensland University of Technology, Australia (Dual Degree in Bachelor of Business)
- Monash University, Australia (2.5+1.5 Degree in Bachelor of Business)
- Griffith University, Australia (Master of Business Administration (MBA) program in collaboration with Griffith Business School)

Partnership with International Universities

In collaboration with institutions that are spread across four continents, the College of Business Study Abroad Program provides students the opportunity for a semester exchange with our partner universities given below.

- Audencia Business School, France
- Rennes School of Business, France
- Burgundy Business School, France
- NEOMA Business school, France
- Dublin City University, Ireland
- Korean University Business School, South Korea
- SDM Institute of Management, India
- University of South Florida, United States
- University of Sao Paulo, Brazil
- University of Kent, UK
- Indian Institute of Management Kozikode, India

For more information, kindly contact advising office.

Job Placement & Internships

Our students have access to an all-inclusive approach to their career development, beginning with career awareness and career decision making, and this helps students and graduates in developing, evaluating and executing their career plans. For students to get job opportunities in top companies, some of the career services include:

- Career services that offer guidance from professional career advisors.
- Career fairs that are attended by local and international companies.
- Employer talks that allow students to get acquainted with professional career paths.
- On-campus student employment program.

Financial Aid & Scholarships

The University offers very attractive scholarships for meritorious students and ADU Alumni. Details are available at the Financial Aid and Scholarships Office.

Accreditation

ADU is internationally accredited by the Senior College and University Commission of the Western Association of Schools and Colleges (WSCUC).

WSCUC is the highest form of accreditation available in the USA, and accredits such prestigious institutions as Stanford University, California Institute of Technology, The University of California System, and the California State University System.

The Association to Advance Collegiate Schools of Business is the world’s largest business education network connecting students, academia, and businesses to advance business education worldwide.

AACSB ensures the highest quality standard in business education to prepare the next generation of business leaders. AACSB fosters engagement, accelerate innovation, and amplify impact in business education through the accreditation standards.

EQUIS is the leading international system of quality assessment, improvement and accreditation of higher education institutions in management and business administration. Business Schools that are accredited by EQUIS must demonstrate not only high general quality in all dimensions of their activities, but also a high degree of internationalization and connectedness to corporations. EQUIS accreditations attach particular importance to the development of managerial and entrepreneurial skills, together with a students’ sense of global responsibility.
Research & Events

All College of Business faculty are research active. A total of 76 faculty projects from the college have received internal and external research funding over the last few years from organizations, such as Abu Dhabi Educational Council, National Research Foundation, Al Hosn Gas, Emirates Foundation, Google, etc.

In addition, some of the key initiatives of the College of Business in this area are:

- **Annual International Conference of Management (ICOM):** The College organizes the annual International Conference of Management (ICOM), in partnership with various reputed International journals. It is one of the biggest academic conferences in the region.
- **Forum on Sustainability** in the UAE in collaboration with the Social Environmental Accounting Research Center in Scotland in (October 2017).
- **The Teen India event** with more than 500 teachers representing over 100 schools across the UAE.
- **The Smart cities forum** in collaboration with Dubai Economic Department.
- **Student Activities:** The College organizes a rich variety of social, artistic, educational, cultural, environmental, athletic and business programs and competitions. Students of the College of Business have won awards at many national competitions in the UAE, such as: the Undergraduate Research Competition, IDEA Factor, Business for Better and the Stock Market Competition as well as the CIMA - Accounting Competitions and Ernst and Young Excellence award in Accounting/Finance.

College of Business Programs

College of Business's programs are offered across three campuses to meet the market needs in the region.

### Program Requirements: 18 Credit Hours

- Completion of three (3) Major Requirement Courses plus ninety (90) credit hours to be eligible for Internship course (MGT 399-I).
- The internship course normally starts during year 4 for a total of 16 weeks before student's graduation.
The BBA program provides students with the essential knowledge and skills needed to effectively and efficiently manage businesses, public, and not-for-profit organizations both locally and internationally.

BBA graduates will be able to

• Communicate organizational topics effectively in written and/or verbal form.
• Elaborate key aspects of organizational sustainability in business environment.
• Apply analytical and critical thinking to specialized business problems.
• Employ information technology in solving business problems.
• Explore how organizations are influenced by the international environment.
• Apply the principles of teamwork and collaboration.
• Articulate theoretical knowledge of the functional and/or cross-functional areas of business.

Program Overview

The BBA program offers many career paths for BBA graduates include: Account Executive, Purchasing Agent, Administrative Analyst, Claims Representative, Insurance Underwriter, Management Consulting, Materials Management, Business Analyst, Account Manager, Administration Consultant, Project Manager, Contract Administrator, Production/Operations, Production Planner, Public Administration, Health Administrator, and Bank Officer.

Various types of organizations demand these types of professions. These include: banks, hospitals, insurance companies, manufacturing firms, retail firms, import-export companies, management consulting firms, utility companies, and public and government organizations.

Career Prospects

Sara Kittaneh - Associate Auditor

I consider ADU as one of the greatest stations in my journey. It helped me to invest my time and energy through my studying years in various extracurricular activities such as research, competitions, sports, and volunteering activities. I used to spend and enjoy my time at campus using the facilities available. I am very grateful for the professors who were mentors and supported me with their knowledge to identify my goals in the career path and reach them. As a business graduate I am very pleased that my BBA degree is accredited by AACSB and EQUIS which only 1% of business schools worldwide have this double accreditation.

Student’s Testimonial

Azra Maliha
Abu Dhabi University’s cultural diversity provides a great opportunity to enrich the knowledge and learning experience. ADU’s College of Business has a very strong reputation in the UAE. The academic-focused traditional university environment is enhanced with creativity and innovation. With excellent faculty, effective teaching methods and professional career advising, I was able to graduate in only three years and also maintain a remarkable CGPA. The skills that I have gained through my degree will make me a productive and proactive employee, and take me a long way in my career.

BBA in Accounting graduates will be able to

- Communicate organizational topics effectively in written and/or verbal form.
- Elaborate key aspects of organizational sustainability in business environment.
- Apply analytical and critical thinking to specialized business problems.
- Employ information technology in solving business problems.

This program focuses on the financial aspects of business operations and provides a strong platform on which to build a career in either the finance or business sectors. It will help you unlock the mysteries of the financial markets, examining the function and operations of the stock market, bond market and foreign exchange market. You will be exposed to the links between finance disciplines and other business functions and how this affects the success of any business.

Students graduating with a Finance and Fintech are eligible for waivers and special concessions in getting professional diplomas and certifications such as: CIMA Diploma in Management Accounting, IFC’s Certificate in Financial Consulting (CFC) and CIPFA’s portfolio of qualifications (the UK Professional Qualification Certificate (PQ), and the International Public Financial Management Certificate (IPFM).

Graduates of this program are ready to take up positions in both the finance and business sectors.

Specialized financial knowledge combined with sound business skills are highly desirable and graduates have gone on to work in a large and diverse range of public and private organizations, including banks, government entities, oil companies, education institutions, utility companies, property developers, hospitals, financial institutions and international consulting firms.

Graduates of this program are ready to take up positions in both the finance and business sectors.

Specialized financial knowledge combined with sound business skills are highly desirable and graduates have gone on to work in a large and diverse range of public and private organizations, including banks, government entities, oil companies, education institutions, utility companies, property developers, hospitals, financial institutions and international consulting firms.

Organizations include Abu Dhabi Islamic Bank, Ministry of Finance, Mubadala, Masdar, ADNOC group, Abu Dhabi Securities Exchange, Barclays Bank, Aldar Properties, Etihad Airways, General Electric and Ernst and Young to name but a few.

Lukas Christnacht - Business Consultant at BluJay Solutions.

Pursuing a Bachelor’s degree in Finance and the MBA program at Abu Dhabi University has always been one of the greatest experiences to me. In my opinion, ADU offers an excellent community accompanied with magnificent faculty and bright students creating a unique educational environment. The knowledge and skills taught in a practical manner enabled me to stand out of the crowd in a fast-paced work environment. Moreover, thinking out of the box and high academic achievement were always recognized. I also had the privilege to serve as Beta Gamma Sigma Student Officer by engaging in various co-curricular activities, including the representation of ADU at the Global Leadership Summit in Chicago. I recommend the COB programs to anyone willing to not only learn about business, but also to accelerate career perspectives by building an exclusive network paired with flexible leadership development.

Dr. Hazem Marashdeh - Associate Professor of Finance.

He has over 15 years of experience in the government and academic sectors. Prior to joining ADU, he worked as Dean of the College of Business at Al Hoor University, as a senior financial economist researcher at the Securities and Commodities Authority in UAE (SCA), and as an Assistant Professor of Finance at the University of Dubai. His research interests lie in the fields of financial economics, stock market integration in the GCC and MENA region, stock market efficiency, Islamic stock markets and financial development, and economic growth.

- Completion of three (3) Major Requirement Courses plus ninety (90) credit hours to be eligible for Internship course (MGT 399-I).
- The internship course normally starts during year 4 for a total of 16 weeks before student's graduation.
Program Overview

Digital Marketing Communications is an interdisciplinary concentration that combines technology, social media, marketing, advertising, and communication that prepares graduates to work in all sectors and industries. Studying Digital Marketing Communications prepares students to start their own business in social media marketing and provides them with the skills to work as part of a team in large organizations.

Digital media and information technology have fundamentally altered the operations of businesses around the globe over the last decade. Digital marketing is now integral to all aspects of marketing and business growth. The traditional advertising and promotion models are being rapidly replaced by online communications modes through mobile, social media and other evolving online channels. Such changes increase the need for highly qualified graduates with relevant knowledge and skills in the field of digital marketing.

According to the Internet World Statistics, about 93% of the UAE population are Internet users. Compared to the global average, UAE has experienced a much higher rate of growth in internet and mobile use. Internet users in the UAE are spending a lot more time online compared to the global average. In addition, UAE residents are known to quickly adopt advanced technology and 37% of their time spent online is devoted to social media/online networking, which has rapidly increased the use of digital marketing tools to reach target customers.

The goal of the BBA in Digital Marketing Communications is to provide students with the required knowledge of online marketing infrastructure and the necessary marketing skills to gain entry into this exciting, growing, creative and rewarding profession.

BBA in Digital Marketing Communication graduates will be able to

• Communicate organizational topics effectively in written and/or verbal form.
• Elaborate key aspects of organizational sustainability in business environment
• Apply analytical and critical thinking to specialized business problems
• Employ information technology in solving business problems.
• Explore how organizations are influenced by the international environment.
• Apply the principles of teamwork and collaboration.
• Articulate theoretical knowledge of the functional and/or cross-functional areas of business.
• Analyze consumer markets and buyer behavior to create customer satisfaction for building market oriented strategy.
• Conduct marketing research, analyze research results and recommend marketing strategies on the basis of the research results.
• Design and implement the digital marketing and communication strategies.
• Develop sustainable marketing activities that are socially and environmentally responsible to meet both the immediate and future needs of customers and the company.

Faculty Profile

Dr. Kiran Nair • Associate Professor in Marketing

Dr. Kiran Nair is an Associate Professor in Marketing at the College of Business, Abu Dhabi University. He earned his Ph.D. in Marketing with more than six years of academic experience teaching marketing-related courses for undergraduate and Master’s programs. Dr. Kiran’s research interests are Digital and Social Media Marketing, Brand Management, Consumer Behaviour, Sustainability, etc., and has published several academic papers in international peer-reviewed journals. With over 17 years of industry experience, Dr. Kiran has successfully led global organizations’ marketing, sales, business development, and supply chain operations across the Middle East, Africa, and India before joining academics.

Program Overview

The MBA program prepares students for successful and advanced careers in industry and government. The program offers a combination of intimate learning environment with expert faculty providing multidisciplinary highly valued skills and knowledge essential for developing and implementing corporate strategies.

The courses are delivered with an emphasis on practitioner perspective, making the learning experience particularly relevant for experienced managers. The program focuses on delivering interpersonal communication, critical thinking, and team-building skills. The program content is contemporary and benchmarked against the top business school programs worldwide. The program is modular and the schedule is designed to fit the needs of working students.

Master of Business Administration (MBA) with focus on:

- Aviation Management
- Finance
- Human Resource Management
- Project Management
- Tourism and Event Management
- Strategic Management

Career Prospects

The program prepares students for managerial and leadership positions in organizations and enables them to advance and excel in their careers. As the only MBA program accredited by top international accrediting bodies such as AACSB, EQUIS and WASC, graduates have great career potential with regional and international corporations.

MBA graduates will be:

- Analyze organizational issues from a global perspective.
- Develop functional strategies for sustainable organizational performance.
- Apply appropriate knowledge from different business functions in the context of managerial decisions or in relation to financial market operations.
- Evaluate business performance using quantitative, qualitative and data analytics tools, techniques, and methods.
- Incorporate sustainability practices/principles in organizational decision making.
- Communicate complex business issues effectively in written and/or verbal form.

Faculty Profile

Dr. Sven Dahms - Associate Professor of Strategic Management

Dr. Sven Dahms is an Associate Professor of Strategic Management at the College of Business at Abu Dhabi University. He holds a PhD degree in Strategic Management from Manchester Metropolitan University in the UK, which is triple crown accredited by AACSB, AMBA, and EQUIS. Dr. Dahms is a German citizen who has worked in the United Kingdom, China, the United Arab Emirates, Taiwan, Singapore, the Philippines, and Hong Kong. Faculty Profile

Dr. Hossam Abu Elanain is a Professor of Management at College of Business Administration at Abu Dhabi University. He holds a PhD in Management from Loughborough University. Dr. Abu Elanain joined Abu Dhabi University in Fall 2009. Dr. Abu Elanain's work has been published in the International Journal of Organizational Analysis, Journal of Management Development, Cross Cultural Management: An International Journal, Management Research Review, and International Journal of Productivity and Performance Management. His current research interests are in the areas of Personality and Performance, Organizational Citizenship Behavior, Job Design and Work Outcomes, Organizational Justice and Performance, Leadership and Performance, and Strategic Human Resource Management.

Student’s Testimonial

Dr. Aref Al Shehhi - Sheikh Khalifa Medical City, CEO

The pace of change has accelerated as we begin to experience the fourth industrial revolution which is more digital, robotic and facilitating access to real-time information. With the massive advances in Internet, social media, technology and automation we are becoming more aware of our world and the universe. This rapid change carries tremendous advantages and opportunities. However, at the same time, it also carries risks that affect the long-term economic, social and environmental growth. My master’s program at Abu Dhabi University, made me realize that we must better understand the symptoms and causes of a management failure and develop new approaches to managing sustainable development. The Master of Strategic Leadership program is an ideal program designed to prepare professionals to successfully lead in this turbulent and yet exciting future that is upon us.

Prof. Hossam Abu Elanain - Director of MSL Program

Dr. Hossam Abu Elanain is a Professor of Management at College of Business Administration at Abu Dhabi University. He holds a PhD in Management from Loughborough University. **Total Credit Hours: 66**

**Phase I: Coursework including Research Proposal:** 39 credit hours

**During Phase I:** The students will learn about research methodologies and also attend a range of seminar series in business and management fields. The first phase provides students with a solid foundation in research methodologies, exposes them to a range of coursework in business administration, and culminates in the development of a research proposal.

**Phase II: Dissertation** 27 credit hours

**During Phase II:** Students are involved in progressing on the approved research proposal. During this phase, students are required to work closely with their dissertation committee on the requirement for research article(s) publication, and completion of the doctoral dissertation.
The DBA is an executive doctoral degree intended to enhance executive and professional practice. The program is designed to strengthen both the capability to develop knowledge and theory, as well as their application. The program will be of particular benefit to experienced senior executives, consultants, management educators, and business school academics. By addressing practicing executives’ specialized needs for advanced knowledge and applied research skills, the DBA Program enables dedicated professionals to detect patterns of change and to become more proactive and agile in leading the change.

Why Choose the DBA Program?

- Obtain a Doctoral degree from the only university that is accredited by both AACSB and EQUIS in the GCC region
- A strong international standard curriculum that allows students to enhance their professional skills and knowledge
- Close supervision by renowned faculty members with a wide range of research expertise
- Flexible part-time program, which allows students to maintain their full-time employment

Career Prospects

The DBA Program produces business leaders with advanced and applied business research capabilities within the context of today’s dynamic global business environment. It is a versatile degree that prepares executives for leadership positions within the private and public sectors. Moreover, as the highest academic degree available in business, it qualifies graduates to teach business at universities around the world.

Program Overview

Student’s Testimonial

Dr. Yousef Hasan Al Hosani - Chief Executive Officer, Pivot Engineering and General Contracting Co., Abu Dhabi, UAE

It is an honor to be a part of Abu Dhabi University (ADU) and to graduate from College of Business Administration with a distinguished Doctorate degree. I had chosen ADU about 5 years back for my apex degree and I was amazingly surprised by the warmth and care of the University administration and faculty members as I stepped in. I enjoyed every bit of my DBA classes and meetings with my encouraging, well informed, patient and professional faculty members. I have learnt a great deal, expanded my horizons, and established the foundations for success in my career. Thank You! ADU for making my educational journey unique, rewarding and enjoyable.”

Dr. Salam Abdallah - Professor of Management Information Systems

Dr. Salam Abdallah is a distinguished Professor specializing in Management Information Systems, bridging the realms of practical expertise and academia. With a Master’s degree in Industrial Engineering from the United Kingdom, focused on computer applications, and a Ph.D. in Information Systems from Curtin University, Australia, his academic journey is marked by excellence. With over 15 years of hands-on experience as a self-employed Industrial Engineer and IT Consultant across the Middle East and Australia, he possesses a deep understanding of real-world challenges. Dr. Abdallah’s research, prominently featured in international conferences and journals, focuses on the social, business, and human aspects of the digital world, shaping the discourse in this dynamic field.
