Deakin Hallmarks

Deakin Hallmarks are prestigious University awards that recognise students' outstanding achievement, at course level, of capabilities that are key to employment success. deakin.edu.au/deakin-hallmarks

Communication

Digital literacy

Teamwork

Critical thinking

Problem solving

Self management

Global citizenship

The university where new thinking never gets old

With more than 40 years of experience, Deakin is a multi-award winning university that teaches more than 53 000 students each year. We offer students world-class learning experiences across four Victorian campuses and our online Cloud Campus.

Study at the cutting edge

Access tomorrow's technology today in our inspiring learning environments. Learn by doing as you walk through virtual landscapes, prototype ideas with 3D printing, trade stock in a simulated trading room, and merge movement and art in our motion capture lab.

Courses to careers

Deakin is ranked top three in Australia for graduate employability. Our courses integrate real-world expertise with practical skills, giving you a competitive edge in your future career. Gain direct access to industry through our learning partnerships with some of Australia's biggest companies and graduate job-ready.

Learning without limits

Study when, where and how it suits you at Deakin. Our progressive, supportive and flexible approach to education helps create successful graduates. You might decide to study online, switch between part- and full-time study, or fast-track your degree by taking extra units – the choice is yours.

Open infinite possibilities

Join the university that's shaping big-picture thinkers for a big future. We empower our students to break the conventions of today in search of a better tomorrow. Find your place at the home of young thinking – Victoria's #1 university under 50 years old.

Travel the world

See the world with an international internship, exchange, study tour or volunteer placement. Get a competitive edge and gain credit towards your degree by studying overseas at a Deakin partner university, located in more than 40 different countries.

Build a better future

Access more than 17 research bodies that advance knowledge, better humanity and preserve our planet. With our sought-after graduates and ambitious research programs, we aim to make a positive difference in Australia and around the world.

Online learning revolution

Join the thousands of students currently studying online at Deakin's Cloud Campus. Online students access the same quality academics and resources as campus students, and enjoy the ultimate flexibility to study anywhere, any time. Choose from more than 160 courses and experience world-class learning 24/7 using the latest digital tools. Find out more on page 12.

'During my time at Deakin I was challenged and encouraged to think outside the box and develop my critical thinking skills. Not just to accept any information at face value, but to think about what else could be there in front of me!'

Deakin's top achievements

Top graduate employment rate

Ranked top three university in Australia for graduate employability. *Times Higher Education Global University Employability Ranking 2016*

Top two per cent university worldwide

Ranked in the top two per cent of universities globally by all three international university rankings. *QS World University Rankings 2016–2017, Academic Ranking of World Universities 2016, Times Higher Education World University Rankings 2016–2017*

5-star rated university

Rated 5 stars for our world-class facilities, teaching and research. *QS Stars University Ratings 2016–2017*

#1 uni under 50 years

Victoria's #1 university under 50 years old. *Times Higher Education 150 under 50 Rankings 2016*

Most-satisfied students

Voted #1 for overall student satisfaction in Victoria seven years running. *Australian Graduate Survey 2010–2016*

Locations

Deakin has five campuses, with each offering an engaging study environment and atmosphere.

Cloud Campus

Join our 12 000-strong community of online students. Cloud Campus students learn with the same top academics as on-campus students, with the ultimate flexibility to study anywhere, anytime.

- The Cloud Campus is a virtual campus – in the cloud you'll engage with classes, submit assessments and chat to students and academics. All of your study can be done online, using any device, which means you can study from anywhere in the world.
- Students who study online are taught by the same academics as on-campus students, and online courses cover the same content as on-campus courses. As a result, studying online means the same high-quality course experience, but with greater flexibility.
- Online students access a range of tailored support services, easy-to-use digital tools and resources, and dedicated orientation sessions. An experienced student success coach will connect with you regularly, providing ongoing support to ensure your personal and professional development.
- Online study is made easy with our personalised digital study hub, DeakinSync. Manage everything from your enrolment and course material to email, classes and career plan, in one online platform tailored to your needs.
- As an online student you can visit physical campuses and learning centres to use facilities, including libraries, printers and fast wi-fi.

Visit deakin.edu.au/courses/study-online for more information.

DeakinSync is a digital study hub that gives you easy access to University resources

Melbourne Burwood Campus

Melbourne Burwood Campus

Our Melbourne Burwood Campus is just 30 minutes from Melbourne's bustling central district in a leafy suburb with many open spaces and parks.

- Melbourne Burwood Campus is our busiest campus, with around 26 000 students and 1500 staff.
- The campus boasts architecturally impressive buildings and top-notch facilities, including the professional motion capture lab, dance, drama and television studios, food and nutrition labs, IT gaming facilities, and much more.
- Burwood students love the relaxed suburban atmosphere and huge choice of learning and social spaces.
- The campus sits alongside parkland, which is great for cycling and walks.

Living on campus

- On-campus residences accommodate more than 1000 students year-round, with a range of accommodation options, from private studio apartments to private bedrooms within large unit complexes.
- Life on campus is so much more than just a comfy bed in a safe building. Our campus-based residents enjoy a range of exclusive activities throughout the year. You'll be connected with a supportive student community, and this encouraging environment will ensure a balanced study/social life.

Living near campus

- The closest suburbs to our Melbourne Burwood Campus are Burwood East, Box Hill South, Camberwell and Ashburton.
- From Melbourne's CBD it takes about an hour to get to our Melbourne Burwood Campus using either train, tram and bus. It is also possible to drive or cycle to Burwood.
- To find accommodation visit Houseme (studystays.deakin.edu.au) – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/locations/melbourne-burwood-campus for more information.

Geelong Waterfront Campus

Geelong Waterfront Campus

Our Geelong Waterfront Campus is right on the seafront – in the heart of Geelong, about an hour away from Melbourne. Originally built as wool stores in the 19th century, the buildings have been extensively renovated, creating a modern, impressive campus.

- Geelong is the second-most populated urban area in Victoria (after Melbourne), with a population of about 180 000 people.
- One of the world’s most beautiful coastal drives, the Great Ocean Road, is just 30 minutes away, complete with famous surf beaches and the occasional whale sighting.
- Geelong Waterfront Campus was founded in 1994. It currently has 4330 students and offers 201 courses.

Living on campus

- The Geelong Waterfront Campus will accommodate its first residential community of 410 students in 2018, with 33 studio apartments also available within Geelong’s iconic T&G House. Postgraduate students receive first preference within T&G House.
- Life on campus is so much more than just a comfy bed in a safe building. Our campus-based residents enjoy a range of exclusive activities across the year. You’ll be connected with a supportive student community and this encouraging environment ensures a balanced study/social life.

Living near campus

- If you choose to live centrally, you’ll be residing very close to your classes. If you live further from the city centre, getting to the Geelong Waterfront Campus by car, bike or public transport is easy.
- To find accommodation visit Houseme (studystays.deakin.edu.au) – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/locations/geelong-waterfront-campus for more information.

Geelong Waurrn Ponds Campus

You get the best of both worlds at our Geelong Waurrn Ponds Campus – access to world-class programs and superb facilities, as well as a relaxing, regional environment, close to some of Australia’s best surf beaches.

- Geelong is on a peninsula, with surf beaches, diving and recreational fishing all on offer.
- On campus there are heaps of outdoor areas and spacious new buildings, perfect for both socialising and studying.
- Geelong Waurrn Ponds Campus offers incredible sport facilities. The campus is home to Deakin’s Elite Sport Precinct, which includes an MCG-sized AFL oval, FIFA-grade soccer pitch, eight-lane 400-metre athletics track, outdoor basketball court and more. A deluxe health club complete with gym, workout studios and group fitness classes is also available.

Living on campus

- We have townhouses, units and apartments available for 790 students at our Geelong Waurrn Ponds Campus, close to classes and our sporting grounds.
- Living on campus gives you exclusive access to residential programs including Health and Wellbeing, Social, Academic, Arts and Culture and Leadership, connecting you in a supportive student environment to ensure a balanced study and social life.

Living near campus

- Our Geelong Waurrn Ponds Campus is a 20-minute drive from the centre of Geelong, so if you choose to live centrally you won’t be far away from your classes. Closer suburbs to live in include Grovedale, Wandana Heights and Highton.
- You can access the campus by car, train, or the free shuttle bus that runs between our two Geelong campuses – and Melbourne is just an hour away.
- To find accommodation visit Houseme (studystays.deakin.edu.au) – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/locations/geelong-waurrn-ponds-campus for more information.

Elite Sports Precinct (above) and CADET (below), Geelong Waurrn Ponds Campus

Geelong Waurrn Ponds Campus

Warrnambool Campus and surrounds

Warrnambool Campus

Three hours from Melbourne, Warrnambool is a welcoming campus, close to the town centre and beautiful surf beaches. Deakin's Warrnambool Campus offers a friendly, close-knit community, with a personal and informal relationship between students and staff.

- Deakin's Warrnambool Campus is set on the banks of the picturesque Hopkins River, close to local surf beaches and popular tourist attractions.
- The 94-hectare site is approximately 5km from the centre of Warrnambool CBD, which is serviced by the Princes Highway and its own railway station and bus services.
- Warrnambool has a population of about 34 000 people, and is roughly 250km south-west of Melbourne.

Living on campus

- We have studio apartments and shared houses available on campus at Warrnambool, just metres from the Hopkins River and close to local surf and fishing hot spots.
- Living on campus in Warrnambool means you are part of a close-knit residential community, giving you access to exclusive residential programs.

Living near campus

- Warrnambool is an increasingly popular tourist destination, with historic buildings, beautiful waterways and surf beaches, and a whale-watching centre.
- Living off campus is a great – and affordable – way to get to know the town and wider community while you're studying.
- Visit Houseme (studystays.deakin.edu.au) – our online database of rooms, houses and apartments for rent.

Visit deakin.edu.au/locations/warrnambool-campus for more information.

Deakin learning centre locations

- Deakin at Hume Global Learning Centre – Craigieburn
- Deakin Learning Centre – Dandenong
- Deakin Learning Centre – Lilydale (facilities and student support at Box Hill Institute's Lilydale Lakeside Campus)
- Werribee Learning Centre, which is jointly operated with The Gordon – Werribee

TAFE locations

You can also study Deakin's Bachelor of Education (Early Years) at select TAFE partner locations across Victoria. Visit deakin.edu.au/learning-centres for more information.

Visit deakin.edu.au/learning-centres for more information.

Deakin learning centres

Deakin learning centres act as an extension to our campuses – including the Cloud Campus – with locations in outer-metropolitan Melbourne and Victorian regional centres. Learning centres give you the opportunity to study higher education courses and access support without having to travel to a university campus.

- There are four learning centres in the outer-metropolitan area of Melbourne, and we deliver courses at several TAFE partner sites.
- Anyone can study at a learning centre, from school leavers to mature-age students.
- Learning centres allow you to start your higher education in a supported environment, with small classes, mentors and study skills workshops.
- Study options are flexible and can be tailored to suit your needs – combine online and face-to-face study, or study part or full time, for example.
- You can use our learning centres as a pathway into studying at a Deakin campus or online.
- Some Deakin learning centres offer the first year of a range of bachelor degree courses, with some second-year units available at Werribee.

'Deakin gave me a great foundation for working in a graduate position, as well as giving me valuable life skills!'

Josh Dundas
Bachelor of Nursing/Bachelor of Public Health and Health Promotion graduate
Graduate nurse, Austin Health

Life at Deakin

There's more to university life than just textbooks and lectures. At Deakin, we've got so much to offer. From making new friends and orientating yourself to getting the individual support you need to do well, we've got you covered.

Why study at Deakin?

There's a reason why we're rated one of Australia's top universities: we're all about giving you the best university experience. Our student satisfaction ranks the highest among all the Victorian universities, and has done for the past seven years. We're a top choice for students thanks to our first-rate teaching, varied work placements, innovative research and top-notch facilities.

Orientation and getting started

Nervous about starting university? There's no need to be – we've got everything in place to help you through the process. Check out our handy online checklist at deakin.edu.au/life-at-deakin/orientation-getting-started for what to prepare before you start at Deakin and learn everything about enrolment, orientation and your course.

Study assistance

Whether you want to improve study skills or need help on a tricky assignment, there's plenty of support available. As a Deakin student, every aspect of your study will be supported by online resources, student mentors and, of course, our staff. DeakinSync Communities enables like-minded students to connect online, collaborate and support each other, and even arrange to meet in person. Find out more at deakin.edu.au/life-at-deakin/why-study-at-deakin/study-support.

Student life

Your social life is a top priority. Away from the textbooks, there's a whole campus and local area to explore. We'll help you find great accommodation, the best eateries and work out which clubs and societies to join. Find out more at deakin.edu.au/life-at-deakin/student-life.

Support services

At Deakin, you get support every step of the way. For job advice, our career service can help. For health or mental wellbeing services, healthcare professionals are on hand. From childcare services to disability support, we take care of your needs so you can enjoy life at Deakin. Find out more at deakin.edu.au/life-at-deakin/support-services.

Elite Sports Precinct, Geelong Warrn Ponds Campus

'Ending extreme poverty 15 years ago might have seemed like idealism, but this generation can have a voice because of their ability to connect with campaigns and use social and traditional media to do so. They have the capacity to do something.'

Elliot Costello
Bachelor of Arts/Bachelor of Commerce graduate
Co-Founder & CEO of non-profit organisation YGAP

Disability support

Deakin's Disability Resource Centre (DRC) promotes inclusion and access, and delivers information and services for students with a disability, health or mental health condition that affects their study or participation in university life.

If you have difficulty with reading, writing, mobility, concentration, being understood, or meeting deadlines you may be eligible for services.

Support is available whether your disability, health or mental health condition is ongoing, temporary or affects you from time to time.

Find out more at deakin.edu.au/life-at-deakin/support-services/disability-services.

Clubs and societies

As a Deakin student, you can explore more than 120 clubs and societies across our campuses. We've got groups dedicated to everything from anime to basketball. From sports, health and personal development clubs to academic, religious, course and discipline-specific groups, there's sure to be a club or society to suit you. Make the most of your time at Deakin: meet new people, try new things, share your skills and discover your hidden talents. Find out more at deakin.edu.au/life-at-deakin/student-life/clubs-and-societies.

Study options

Geelong Waurin Ponds Campus

We give you the flexibility to study what, when and how you want, so you can fit your studies into your busy life.

Study full time or part time

In most undergraduate degrees you can study full time or part time depending on the number of credit points you take in each trimester. You can even switch between full-time and part-time study throughout most degrees, to suit your personal situation. This means if things change, you're not locked into a pace that no longer suits you.

Study in the cloud or on campus

You have the option to switch between campus and online learning during your course (provided the course and unit is available in both study modes). You can also combine the two study modes and complete some units in online mode and others in campus mode in the same trimester. Our students love the freedom this gives them to balance other priorities, such as family and part-time work.

Study when you are ready

We have three study periods during the teaching year. This gives you more choice about when to start your degree and can even enable you to fast-track your study by taking extra units throughout the year. Some students take a trimester off to work or travel, then catch up later. It also allows you to spread your study load, so you can fit your studies into your lifestyle.

Deakin's trimesters run from March to June (Trimester 1), July to October (Trimester 2) and November to February (Trimester 3). Trimester 3 is optional and subject to availability of units.

Digital tools and resources

Students are fully supported with a range of online resources. Through your personalised digital study hub, DeakinSync, you connect with students, learning and assessment experiences, teaching and support staff and potential employers. An experienced student success coach connects with you regularly via Skype and email, providing ongoing support to ensure your personal and professional development.

What's it like to study online?

Just because you're not physically attending a campus doesn't mean you miss out on our support services. Starting with an online orientation, we support Cloud Campus students with specialised peer support programs, language and learning advisers, writing mentors, and more, all helping you develop successful study skills.

Students who study via the Cloud Campus:

- join the online Cloud Student Community
- receive ongoing support from an experienced student success coach via Skype and email
- have remote access to support services and activities
- enjoy access to peer support programs and mentors
- can connect to specialist careers advisers
- get 24/7 access to the library's resources and services.

Find out more about online learning at onlinecourses.deakin.edu.au.

Institute of Koorie Education (IKE)

The Institute of Koorie Education provides community-based education programs, enabling Aboriginal and Torres Strait Islander Australians the flexibility to gain access to higher education while still being able to maintain family and community connections and obligations.

Our programs offer:

- community-based delivery
- campus-based intensive study blocks in a supportive environment
- local tutors in community.

IKE also offers two graduate programs and one unit in Indigenous Knowledge and Culture.

The approach to course delivery promotes access and equity for Indigenous Australian students, creating a close-knit learning community, as well as an inspiring and supportive learning environment away from home.

Find out more at deakin.edu.au/courses/ike.

Types of undergraduate courses

If you are studying for an associate, bachelor's or honours degree in a particular subject, you're known as an undergraduate student. The term can also be used to describe the degree you're taking, i.e. an undergraduate degree.

Associate degree

Two years full time or part-time equivalent (for example, Associate Degree of Arts).

- Geared towards a specific career or used as preparation for a bachelor's degree.
- Guaranteed entry into a bachelor's degree on completion (as approved by Deakin).
- May give you up to 18 months' credit towards your next degree.
- Some roles (such as medical assistants and paralegals) only require an associate degree.

Bachelor's degree

Three or four years full time or six years part time (for example, Bachelor of Arts).

- The minimum tertiary requirement for many professional careers.
- The prerequisite for a master's degree (or, sometimes, significant work experience in a related area). For some master's degrees, you may need to complete an honours year or a graduate certificate.
- In some courses you may choose one or more majors in specialised areas.

Bachelor's degree (honours)

One year full time or part-time equivalent (for example, Bachelor of Arts (Honours)).

- An additional year of specialised study, taken after you complete a bachelor's degree or with a bachelor's degree (some courses have a compulsory built-in honours year, for example, Bachelor of Construction Management (Honours)).
- Can help you gain entry into further research study.
- Gives you a competitive edge in the job market.

Cloud Campus allows you to combine work and study

Melbourne Burwood Campus

'My course introduced me to concepts of sustainability and social research, allowing me real life experiences in both!'

& New Zealand; Engagement and Sustainability Director,
Trash Puppets

Pathways to Deakin

The path from Year 12 to university isn't the only way into Deakin. We welcome students through diverse entry pathways. If you didn't get the marks you needed, haven't completed Year 12, or are working and looking for ways to transition into tertiary education, we can help.

Pathways through Deakin

Taking a pathway through Deakin means you get to begin the Deakin experience immediately, starting and finishing your study at Deakin.

Complete an associate degree

Deakin's associate degrees in arts and education are two-year, full-time (or part-time equivalent) programs specifically designed for students who would benefit from a supported entry to tertiary study. Completion of a Deakin associate degree provides up to 18 months of credit and guaranteed entry to certain courses.

Transfer between Deakin campuses

One of the great things about Deakin is that we have five campuses. Many of our courses are offered at more than one campus and the ATAR required for each campus often differs, but the same high-quality degree is delivered no matter which campus you choose. You can apply to transfer your studies from one campus to another after your first trimester of study, with credit for the subjects already completed (subject to availability and meeting academic criteria).

Transfer between Deakin courses

You can apply to study a course with similar subjects or major sequences with a lower ATAR, and use this as a pathway into your ideal course, gaining credit for the subjects already completed. Pathways between Deakin courses include moving from a single degree to a combined course or from a general to a specialist degree. Transfers may be possible following completion of your first trimester of study at Deakin (subject to availability and meeting academic criteria).

Undertake single unit (non-award) study

You may wish to undertake single units of study at Deakin, without being enrolled or accepted into a course. These units are subject to fees and do not lead to a degree, but may be credited towards a degree if you succeed in gaining entry to a course at a later stage.

Deakin learning centres

Deakin learning centres enable you to begin tertiary study in a supported environment. At the end of your first year at a learning centre, meeting academic requirements, you can apply to transfer to one of our campuses. Find out more on page 9.

Pathways through Deakin College

Deakin College provides an excellent pathway for students who do not meet the admission requirements for Deakin courses. Deakin College diplomas are equivalent to the first year of a Deakin undergraduate degree. Upon satisfactory completion of a Deakin College diploma, and subject to meeting academic entrance criteria, domestic graduates from Deakin College are eligible to apply for a Commonwealth Supported Place in the second year of the relevant Deakin undergraduate degree. Deakin College is located at Deakin's Melbourne Burwood Campus, Geelong Waterfront Campus and Geelong Waurn Ponds Campus, allowing you the opportunity to gain access to Deakin's facilities and services, and get involved in university life, while undertaking a diploma. deakincollege.edu.au

Pathways through TAFE

Use your TAFE study as a stepping stone to study at Deakin. Benefit from having not one but two qualifications and potentially reduce the number of units you need to complete to obtain your degree. deakin.edu.au/TAFE

Complete a guaranteed entry pathway

Deakin offers guaranteed entry pathways from a number of TAFE partners in a growing range of disciplines. If you are taking a guaranteed entry pathway course, as long as your study performance meets the required standard, you will be guaranteed a place at Deakin following successful completion of your TAFE course. You will also benefit from up to 18 months of credit towards your Deakin degree. Currently, guaranteed entry pathways are available at Bendigo TAFE, Box Hill Institute, Chisholm, The Gordon, Melbourne Polytechnic, South West Institute of TAFE and TAFE NSW – Riverina Institute. deakin.edu.au/TAFE

Complete a relevant TAFE course

If you undertake an eligible TAFE or Registered Training Organisation (RTO) course in a field similar to the Deakin course of your choice, you may gain credit towards your Deakin degree. A wide range of courses leads to credit transfer and recognition and all TAFE qualifications are considered for application to Deakin.

Pathways through other institutions

If you're currently studying at another university and wish to transfer to Deakin to finish your degree, you can apply for credit transfer and recognition. deakin.edu.au/courses/entry-pathways

Pathways through the workforce

Deakin students come from all walks of life – not everyone goes straight to university after finishing high school. You may be able to gain entry to Deakin and/or credit towards a Deakin course, based on your work experience or prior industry training. deakin.edu.au/courses/entry-pathways

Contact us

Sometimes it's great to talk through options. You can contact our team on 1800 693 888 or email myfuture@deakin.edu.au.

Geelong Waterfront Campus

Find your pathway to Deakin

There are many different ways you can get into an undergraduate course at Deakin. No matter your ATAR, use our pathway planner to explore your options and map your journey to Deakin. deakin.edu.au/courses/entry-pathways/pathway-finder

Applying to Deakin

Once you've chosen a course, submitting an application to study at Deakin is easy. Read through the options below to find the right process for you.

Who can apply?

Whether you've just finished Year 12, or you haven't studied for a number of years, there is a Deakin course or a pathway for you. Generally, applicants are considered either as a Year 12 or a non-Year 12 applicant, depending on your highest educational claim.

Year 12 applicant

- VCE student
- Interstate Year 12 student*
- New Zealand school leaver*
- International Baccalaureate (IB) student

Non-Year 12 applicant

- TAFE/VET student/higher education graduate
- Private provider student
- Current/previous member of the workforce
- Gap-year student
- Current university student
- Mature-age applicant

Entry requirements

When you are applying for a course, make sure you check all of the entry requirements carefully. All courses have prerequisites and some have additional requirements that you will need to complete to be eligible for selection.

Selection requirements for non-Year 12 applicants may include:

- VTAC Personal Statement
- entrance tests as specified, e.g. STAT (Special Tertiary Admissions Test)
- supplementary information form
- audition, interview or folio presentation.

For an explanation of key terms, please refer to pages 56–58.

Extra requirements are listed in this guide's course table (page 20 onwards), as 'Year 12 prerequisites' and 'Non-Year 12 requirements'.

The Victorian Tertiary Admissions Centre (VTAC) website (vtac.edu.au) also contains information on all Deakin courses, how to apply and other important information.

What is a VTAC Personal Statement?

It allows you to provide additional information that is not collected as part of your application. For example:

- motivation to study
- work experience
- community experience
- academic performance
- languages other than English.

Special consideration

At Deakin, we are committed to providing equity and access for individuals and groups who might not otherwise enjoy the benefits that flow from participation in higher education. Deakin's Access and Equity program considers applicants who may have experienced difficult circumstances, such as family, financial, medical, a disability or other challenges.

To apply for entry under Deakin's Access and Equity Program if applying through VTAC, submit an application through VTAC's Special Entry Access Scheme (SEAS). If applying direct to Deakin, provide information when prompted in our online applicant portal. For information visit, deakin.edu.au/access-equity.

How do I apply via VTAC?

VTAC applications open in August of each year and will continue to accept late applications up until early December (fee applies). Application dates and information can be obtained online at vtac.edu.au or by phoning VTAC on 1300 364 133. Most Deakin undergraduate applications for Trimester 1 are submitted online through VTAC, unless stated otherwise in the admission guidelines.

Step 1

Choose your course

Visit explore.deakin.edu.au to explore courses and careers based on your interests, or browse courses at deakin.edu.au/courses.

Step 2

Register

Register for a VTAC user account online at vtac.edu.au.

Step 3

Log in

To access the course application, log in to your VTAC user account using your VTAC ID and PIN.

Step 4

Open the course application

To open the application, select 'course application' in your VTAC user account. All course applications through VTAC are submitted online.

Step 5

Enter details

The next few sections ask for details of your secondary studies, post-secondary studies and any admission tests results.

*Please note key application dates for some interstate and New Zealand applicants are different from Victorian applicants.

EXPLORE
KICKSTART YOUR COURSE AND CAREER EXPLORATION

Visit explore.deakin.edu.au to start your course and career exploration at Deakin. With hundreds of paired courses and careers, this online tool helps you explore your future career and study options.

Step 6

List your preferences

You can enter up to eight course preferences – it is important to list your course preferences in the order you'd most like them to be considered. That is, enter the course that you'd most like to study first, followed by the course you'd next prefer to study, and so on.

Step 7

Review your details, submit and pay your application fee

You will be asked to review your course preferences, authorised nominee details and statistical information, and confirm that the details are correct. You may then submit your application. A record of your original course application will be available to view in the 'course application' section of your VTAC user account and also sent to your email address.

How do I apply via Deakin's Applicant Portal?

Step 1

Prepare

Check your course-specific entry requirements at deakin.edu.au/course. Prepare the documents and information required for the application.

Step 2

Register

Start your online application by registering as a user at deakin.edu.au/apply.

Step 3

Provide documentation

Submit the following supporting documentation:

- copies of qualification/s
- curriculum vitae detailing work experience applicable to your course application
- other course-specific information or documents required
- personal statement
- if you have previously studied at Deakin under a different name, a certified copy of documentation detailing your name change.

Step 4

Submit

Submit the completed online application. You'll receive an email to confirm your submission and can also track the progress of the application in the portal.

Visit vtac.edu.au for how to apply and other important information.

Offers

Information about dates and offers from VTAC can be found on the VTAC website, vtac.edu.au. For Trimester 1, Deakin makes most of its offers in the first round of offers to applicants.

For applications made direct to Deakin, offers are made via email, timing varies depending on the course and time of year, but offers are generally made within 10 working days.

Deferment

At Deakin, we understand that you might want to have a break before you commence your university course. That's why we have made deferring your studies easy. Most courses allow you to postpone your studies, but still retain your Deakin place for up to two years.

Visit deakin.edu.au/courses/how-to-apply/your-offer-and-enrolment-options for information on offers, deferring and more.

Scholarships and fees

Scholarships

We're here to support you. Whether it recognises your achievements or helps you overcome challenges, one of our many scholarships could transform your life and your future.

You can use our online search tool to help you find information on scholarships at Deakin. Use the search filters and find out what scholarships you might be eligible to apply for at deakin.edu.au/courses/scholarships/find-a-scholarship.

Deakin scholarships acknowledge a range of strengths and abilities including:

- academic excellence
- leadership
- community service
- extracurricular achievements
- elite sports performance
- commitment to study while experiencing financial or personal need.

Deakin offers a variety of scholarships that ensure higher education is accessible for all, including:

- regional and rural students
- students with a disability
- Aboriginal and Torres Strait Islander students
- students experiencing financial or personal need.

Library, Melbourne Burwood Campus

'The scholarship is a really good motivator for me. It encourages me to seek out my own opportunities to develop and improve my character, as well as helping me find professional success through networking. Academically it sets a benchmark for my achievements, which also provides an important incentive.'

Nicholas Tran
Bachelor of Vision Science/Master of Optometry student

Fees

Tuition costs

Depending on the course, an Australian Commonwealth supported undergraduate student at Deakin in 2017 can expect to pay between \$6349 and \$10 600 per year of study. These fees will change for 2018.

Eligible students may obtain loans via the Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP). Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold. Eligible students can pay their contribution upfront and receive a discount.

A range of government financial assistance is available for eligible students, such as Youth Allowance and Austudy.

Other costs

As a student you will also need to pay for living costs and course-related expenses, such as computer equipment, books, field trips and special equipment or clothing (if applicable to your course).

Deakin Accelerate for VCE students

If you're a high-achieving VCE student, Accelerate allows you to study two first-year university subjects during Year 12. Studying one subject per trimester through Accelerate gives you a headstart in university studies while providing a potential boost to your ATAR.

There aren't any enrolment costs for the units you study as part of Deakin Accelerate, except maybe the cost of a textbook. If your subjects are related to the Deakin course you enrol in after you graduate from secondary school, you'll gain university credit – that's two units ticked off your uni degree, for free.

For more information or to apply, visit deakin.edu.au/accelerate.

Mac studio, Melbourne Burwood Campus

Geelong Waurin Ponds Campus

Courses at Deakin

The following table contains a list of all undergraduate courses at Deakin. Here is a rundown of how the table works.

Courses

Courses are listed in interest area groupings, for example Architecture and built environment, Business etc. Course name and code are listed, as well as Year 12 prerequisites, non-Year 12 requirements and other admission requirements (if applicable). Find out more about interest areas and courses of interest at deakin.edu.au.

Campus/Learning centre and 2017 clearly-in ATAR

The 'Campus/Learning centre and 2017 clearly-in ATAR' column indicates where a course is available and what the 2017 clearly-in ATAR is at the campus.

Deakin has five campuses and four Deakin learning centres. The course is only available at the campuses, or learning centres, indicated in this column. See page 4 for information on each of our campuses and page 9 for information on learning centres.

Course duration in years

This is the course duration in years, based on completing the course full time. Part-time study options may also be available. Search for your courses at deakin.edu.au/courses to find out.

Entry requirements

The Year 12 prerequisites and non-Year 12 requirements are correct at the time of publication. The entry requirements for each course can be checked at deakin.edu.au/courses.

Trimester intake options

Most courses start in Trimester 1 (T1) (March to June). This column indicates whether you have the option of commencing your studies in Trimester 2 (T2) (July to October) or Trimester 3 (T3) (November to February). Not all units are offered in every trimester. Check each course at deakin.edu.au/courses for the most up-to-date intake information.

Fee

The fees listed are indicative 2017 Commonwealth Supported Place (CSP) fees for one year of the course. A CSP is a university place for which the government pays a proportion of the tuition costs. Visit deakin.edu.au/fees for up-to-date information.

Architecture and built environment

Study architecture and built environment and you will develop the professional expertise to create innovative, well-designed and sustainable environments.

Skills and experience employers want

Study architecture from day one, building models, examining architects' projects, and developing drawing, digital design and communication skills. As a construction management student, you will experience practical learning in all aspects of the industry, including cost estimation, project management, construction methods, contracts and scheduling.

Innovative teaching and facilities

Deakin offers a 24/7 contemporary design studio, fully equipped workshop with 3D printers and laser cutters, rapid prototyping and a building performance lab. We were one of the first universities in Australia to integrate Building Information Modelling (BIM) into our courses, and now give students opportunities to use BIM from year one to final year.

Professional accreditation

Accreditation provides industry recognition of the qualifications you receive at Deakin. Our graduates are well regarded in the profession, and known for their adaptability, design and technical knowledge, initiative and ability to hit the ground running.

[#] The 2017 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

[^] Leads to professional recognition when followed by successful completion of the Master of Architecture.

^π Available for high-achieving students with a minimum ATAR of 80.00. Applicants must also meet the published prerequisites for their specific course preference within the Faculty of Science, Engineering and Built Environment.

[≠] Refer to specific course entry.

[§] Leads to professional recognition when followed by successful completion of the Master of Architecture (Design Management).

[†] Students are able to commence this course at either Melbourne Burwood or Geelong Waterfront. Delivery is at both campuses and students will be required to undertake units of study from both the Geelong Waterfront Campus and the Melbourne Burwood Campus. Students should seek advice from their course adviser prior to the commencement of their course. Please note that all property and real estate units are also offered via online learning.

Arts, humanities and social sciences

Study humanities and social sciences and help to make Australia a fairer, more humane and innovative place.

Courses that lead to careers

Our courses stay relevant and lead to excellent career outcomes, thanks to Deakin's strong industry connections. Our industry contacts offer direction on curriculums, based on what's affecting industry now and in the future, so you'll be able to make your mark on the world, through a rich career, doing what you love.

Study a language to enhance your career

At Deakin we teach the world's most relevant languages – Arabic, Chinese, Indonesian and Spanish – with exciting overseas language study tour opportunities available as part of your degree. You can also choose to head overseas on a study exchange or through international volunteering opportunities.

Gain industry experience

A number of internships are available to humanities and social sciences students, providing work experience and networking opportunities before you graduate. Work experience plays a critical role in developing your employability, with students who undertake placements and internships highly sought-after by employers.

Business

Our business courses are developed in consultation with industry, accredited by professional associations and emphasise practical work experience.

Internationally recognised

Deakin Business School (DBS) is accredited by the Association to Advance Collegiate Schools of Business. Only five per cent of business programs worldwide are AACSB accredited. Deakin's Bachelor of Commerce is the only Australian university internationally recognised and EPAS accredited by the European Foundation for Management Development.

Shaping your business journey

How you study business at Deakin depends on your interests and career aspirations. Commerce offers flexibility with 11 areas of study, and management offers nine, allowing you to tailor the program to suit you. Links with industry, government departments, professional associations and other educational providers ensure our courses are developed and reviewed with industry and professional input.

Professional experience

Kick-start your business career with work integrated learning from internships to community-based volunteering, building your network and resume while you get credit towards your degree. You can also choose to head overseas on a study exchange or through international volunteering opportunities.

The 2017 indicative Commonwealth Supported Place (CSP) fee is based on a typical enrolment for an Australian domestic student enrolled in two trimesters of full-time study, or 8 credit points, unless otherwise indicated. This fee should be used as a guide only and is subject to change.

† Cloud Campus only.

‡ You will be required to undertake one or more units via Cloud Campus.

†† Not all majors are available at Warrnambool and some units may need to be taken online. Students undertaking units in majors that are not available in campus mode may enrol in units offered via the Cloud Campus.

^ The first year only is available at the Deakin learning centres in Craigieburn, Dandenong and Werribee.

‡ Cloud Campus, Melbourne Burwood Campus and Geelong Waterfront Campus only.

f Professional recognition by the Australian Property Institute (API) and the Royal Institution of Chartered Surveyors (RICS) can be attained by completing the Bachelor of Property and Real Estate, Bachelor of Property and Real Estate/Bachelor of Commerce, Bachelor of Property and Real Estate/Bachelor of Laws or Bachelor of Construction Management (Honours)/Bachelor of Property and Real Estate.

* Students enrolled in this combined course at Geelong will be required to undertake units of study at both the Geelong Warrn Ponds Campus and the Geelong Waterfront Campus.

§ Cloud Campus and Melbourne Burwood Campus only.

μ Students are able to commence this course at either Melbourne Burwood Campus or Geelong Waterfront Campus. Delivery is at both campuses and students will be required to undertake units of study from both campuses. Students should seek advice from their course adviser prior to the commencement of their course. Please note that all property and real estate units are also offered at the Cloud Campus.

β The first two years are available at the Warrnambool Campus. The remaining course load can be taken by transferring to Geelong Waterfront Campus or the Cloud Campus.

NP means the course is available at this campus, but the clearly-in ATAR is not published or is not available.

Communication and creative arts

Whether you want to write, create, communicate, film, produce, design or perform, our communication and creative arts courses open the door to a range of artistic and communicative fields.

Learn from the experts

Our staff have worked and continue to work in the industry and have many years of experience between them. This means you'll get great insights as well as invaluable contacts. The areas our expert staff work in are broad and range from Arts Victoria and the BBC through to Penguin Books and Samsung.

State-of-the-art technology

Our facilities are industry standard and include photographic and television studios, darkrooms, gallery spaces, broadcast and printing studios, dance and performance spaces. Plus, display your work in the innovative Phoenix Gallery and use the best technology available at our advanced motion capture facility, the Deakin Motion.Lab.

Learn by doing

The Deakin experience is all about learning by doing. Your studies in the communication and creative arts are hands-on from day one, developing your creative skills in outstanding technical spaces. You will benefit from work integrated learning experiences and internships, setting you on the right path towards your career goals.

Education

If you're inspired to teach, you've got the power to make a huge difference in the lives of young people.

Learn by doing

Step out of the lecture room and into real classrooms. Throughout your degree, you'll take part in Deakin's Professional Experience Program. You will spend time working with children in schools, alongside experienced teachers and develop the practical experience you need to hit the ground running.

Links to the education sector

Our courses are developed in consultation with principals, teachers and the Victorian Institute of Teaching, ensuring courses address the needs of the education industry and that our graduates are fully skilled and industry ready when they enter the workforce.

Placements around the corner or around the world

Our Global Education Program also offers you the chance to undertake a teaching placement overseas, where you'll experience different cultures, languages, teaching practices and ideas. Or you can expand your professional experience in a remote Aboriginal and Torres Strait Islander community.

Engineering and design

Develop the engineering expertise to design the infrastructure of our modern world, from roads and power generation to complex mechanical systems.

Project-oriented design-based learning (PODBL)

PODBL in collaboration with industry is a key feature of our engineering degrees. This innovative approach to engineering education means that practical learning experiences and real-world projects are woven into our engineering courses from day one.

World-class facilities

The Geelong Waurm Ponds Campus offers a huge range of benefits to engineering students, including access to the Geelong Technology Precinct and the cutting-edge Centre for Advanced Design in Engineering Training (CADET) – a partnership between Deakin and the Australian Government.

Professionally accredited courses

Deakin's long-standing partnership with Engineers Australia is an important relationship that informs our teaching program, ensures our curriculum is relevant and that our graduates develop the skills employers are looking for. It also gives our engineering degrees professional accreditation, allowing graduates to work around the world.

Bachelor of Civil Engineering (Honours) | S460

YEAR 12 PREREQUISITES VCE units 3 and 4 – a study score of at least 25 in English (EAL) or 20 in English other than EAL and a study score of at least 20 in one of maths: mathematical methods (any) or maths: specialist mathematics.

Environment

As an environment student you will acquire the skills to be involved in environmental developments that help to shape the future for generations to come.

Get your hands dirty

All of Deakin's environment courses have a focus on practical experience and provide hands-on learning opportunities from year one. Depending on the course you choose, field activities can include anything from coastal planning to surveying wildlife populations.

Thriving research culture

Deakin supports one of the world's most prestigious environmental and marine science research programs. Our ecologists are helping to protect Australia's vulnerable flora and fauna from disease, rapid development and climate change. Many academic staff are active researchers, so you will learn of new developments as they happen.

First-class facilities and equipment

Environment students have access to industry-standard equipment, such as a Geographic Information Systems (GIS) lab, wildlife tracking technology, aquaculture facilities, infrared motion sensing wildlife cameras, high-tech research labs, research vessels and remotely operated underwater vehicles.

Food and nutrition

As public health issues such as obesity and diabetes rise, there is increasing community interest in nutrition and health, and a growing demand for specialists in these fields.

Professionally accredited courses

Graduates from the Bachelor of Food and Nutrition Sciences can apply for membership of the Nutrition Society of Australia (NSA). Students who choose to undertake the food science major may also be eligible for membership of the Australian Institute of Food Science and Technology (AIFST).

Gain industry experience

A number of industry placements are available to food and nutrition students, as well as community-based volunteering roles, providing work experience and networking opportunities before you graduate.

Strong industry growth

Prepare yourself to become a food and nutrition professional. Graduates are equipped to work within the \$20 billion Australian food industry in diverse professions such as nutritionists, product developers, consumer and sensory scientists and quality assurance managers.

Health sciences and allied health

Study in one of the fastest growing health faculties in Australia, recognised nationally and internationally for its contribution to teaching, training, research and service.

Growth sector

Job prospects look bright for health professionals as one of the biggest factors in Australia's economic future is our rapidly ageing population. To meet this demand, health care and social assistance industries are expected to grow by 20.9 per cent by 2019.*

Choose a career in health

Choose a career in health and make a genuine difference to other people's lives. Health sciences will take you where you want to go – whether it's to a career based on the specialisations you undertake in your degree, to further study or to discover a passion for another Deakin health course.

Get experience in the real world

Our courses have a variety of placements that you take during your degree, giving you the chance to gain sought-after skills and experience under the supervision of qualified practitioners.

Information technology

From software engineering to cyber security, games design, data analytics and virtual reality – a career in technology today changes the way we work, socialise, communicate and entertain tomorrow.

Learn by doing

Get an edge in the job market through the combination of hands-on experience and high-level theoretical training that our IT courses provide. Whether developing state-of-the-art computer games or studying business applications of information systems, you learn by doing, not just seeing.

Industry experience in every IT course

All IT students at Deakin have the opportunity to undertake an internship. This provides you with a chance to apply your learning and gain valuable industry experience that counts towards your degree, experience the professional work environment and develop professional networks before you graduate.

Professional recognition

Professional accreditation by the Australian Computer Society means your degree is recognised in industry, resulting in stronger job outcomes. You can also choose to study units at Deakin that lead to Cisco certification, giving you a relevant and practical qualification and an edge in the job market.

Law

Gain the skills and training needed in all major areas of legal practice and become a first-class lawyer with Deakin.

A top-ranked law school

Deakin Law School (DLS) is ranked 55 on the SSRN Top 500 International Law Schools and in the top 150–200 on the QS World University Rankings. The QS World University Rankings are based on several criteria, including research, teaching, employability, facilities, internationalisation and engagement.*

Deakin law graduates in demand

DLS graduates have an international reputation for their well-rounded skill set, adaptability and excellence in arbitration. Our graduates are performing extremely well in a very competitive employment environment, with seasonal traineeships at a record high.

A practical curriculum

Regular, compulsory practical learning placements undertaken throughout the law degree at Deakin mean our graduates are confident, work-ready and successful employees, with experience in a variety of legal environments. Two pro-bono law clinics in Melbourne's legal district offer you the chance to volunteer at a specialist practice as part of final-year elective subjects.

Bachelor of Laws | M312

YEAR 12 PREREQUISITES VCE units 3 and 4 – a study score of at least 35 in English (EAL) or 25 in English other than EAL.

NON-YEAR 12 REQUIREMENTS Educational history including GPA, VTAC Personal Statement and STAT.

You are exempt from sitting the STAT if you have:

- a Year 12 ATAR or equivalent score that is not more than 10 years old (no exceptions), or
- successfully completed a minimum of 4 credit points of study at bachelor's level or higher at an Australian institution in the past 10 years.

Applicants admitted without a STAT score on the basis of tertiary studies will be considered with a minimum GPA of:

- 70 for entry into law at Burwood (Melbourne)
- 65 for entry into law at Waterfront (Geelong)
- 60 for entry into law at Warrnambool or the Cloud Campus.

If applicants have not achieved the required minimum tertiary GPA or ATAR to be considered for admission then the STAT result and GPA/ATAR will be weighted 50:50. Whether you complete the STAT or meet with one of the ALSET exemption criteria, please note places in law courses are not guaranteed. STAT or ATAR exempt candidates are deemed eligible to be considered for offer only. For more information please visit vtac.edu.au.

Bachelor of Laws (Honours) | M412

ENTRY REQUIREMENTS Successful completion of a minimum of 16 credit points of MLL-coded Bachelor of Laws units, with a Weighted Average Mark (WAM) of 65% or higher across these units. The 65% WAM must be maintained throughout the remainder of the LLB course to be eligible for the Bachelor of Laws (Honours).

Nursing and midwifery

Our School of Nursing and Midwifery is one of the largest in Australia. Its courses focus on evidence-based practice and reflect current trends in the nursing and midwifery professions.

Study with the best

The School of Nursing and Midwifery has 30 years of experience delivering nursing courses and is ranked number 22 in the world for nursing in the QS World University Rankings.~ This puts Deakin nursing in the top one per cent of universities globally.

Hands-on learning from your first trimester

As a student you'll have early exposure to clinical environments in Trimester 1 of your first year to develop and consolidate your skills, so you graduate job-ready. When you're not on clinical placement, you'll be learning at Deakin's purpose-built, state-of-the-art simulation centre.

Great career outcomes

The quality and evidence-based nature of our courses means that our graduates are highly sought-after by health services. We link students with potential employers through our clinical placement program. Deakin's undergraduate nursing employment outcomes are significantly above the national average.*

Psychology

Study the mind and human behaviour at Deakin – the largest School of Psychology in Victoria. Learn to improve people's wellbeing, providing meaningful help and crucial support in their lives.

Fast-track your degree

Undergraduate psychology is taught across all three trimesters. By taking advantage of the subjects offered in Trimester 3, you can fast-track your studies to complete a three-year psychology degree in just two years of full-time study.

Professional accreditation

All of the psychology courses offered at Deakin meet the requirements of the Psychology Board of Australia and the Australian Psychological Society (APS)*, translating into excellent job and career opportunities for Deakin psychology graduates.

Valuable links with industry

Deakin's partnerships with industry involve collaborative activities with government agencies, public and private organisations, hospitals and other universities. These partnerships ensure that our courses are relevant to industry and workforce needs.

Science

Science at Deakin is not just about classes and lab work, it prepares you for a range of real-life settings in which today's science graduates work.

Your scientific journey

How you study science at Deakin depends on your interests and career aspirations. Choose from 12 interesting and diverse areas as part of a general science degree, or choose a specialist degree in biological, biomedical, forensic or zoology and animal science.

Experiential learning

All Deakin science courses have a focus on practical experience and offer hands-on learning from year one. Professional practice units provide opportunities for workplace visits, field trips, industry learning and the establishment of valuable networks before you graduate.

Well-rounded graduates

Deakin provides you with a broad range of skills, including specialist knowledge and practical experience in your chosen area of science, as well as the ability to think critically, solve problems and learn independently, while also being an effective team member.

Sport

Deakin has a long-standing reputation for excellence in sport education, which is why more students choose to study sport at Deakin than any other Victorian university.

Graduate from the world leader

Deakin's School of Exercise and Nutrition Science has been ranked as the world's #1 sport science school in the world.* We are also ranked in the world's top 10 for sport management programs and our graduate salaries are fifth highest in the world.‡

Gain professional accreditation

Deakin's Bachelor of Exercise and Sport Science is the first and longest-standing nationally accredited undergraduate exercise and sport science program in Victoria. This accreditation was awarded by Exercise and Sport Science Australia (ESSA) in 2009 and re-accreditation was awarded in 2014.

Industry experience with our prestigious partners

Studying sport can lead to careers in diverse areas including elite sport and health. You'll get hands-on learning with our prestigious sporting institution partners – from AFL and NRL clubs through to the Victorian Institute of Sport and Surf Life Saving Australia.

Key terms

Associate degree

The associate degree structure provides flexible pathways into tertiary education, and can be used as a guaranteed pathway into a range of target degrees (as approved by Deakin University). Completion of an associate degree may give you up to 18 months' credit towards one of these target degrees. For more information visit deakin.edu.au/courses/entry-pathways/associate-degrees.

Australian Tertiary Admission Rank (ATAR)

The ATAR is a ranking of Year 12 results, which measures your overall academic achievement compared with all other final year students in Australia (excluding Queensland).

Bachelor's degree

An undergraduate award.

Class

A presentation given by an academic to a large group of students on the subject area being studied. Traditionally known as lecture.

Clearly-in ATAR

The ATAR most school-leaver applicants needed to achieve for entry in 2017 to be offered a Commonwealth Supported Place (CSP) in a particular course, providing all requirements were met.

Cloud Campus

The Cloud Campus is one of Deakin's five campuses. It is the campus for students who choose to study wholly online, rather than be based at a physical campus. If you study via the Cloud Campus your full university experience is online, including classes, assessments, and discussions with teachers and students.

Combined course

A combination of courses in complementary areas, studied simultaneously, which leads to two degrees, e.g. Bachelor of Arts/Bachelor of Laws. This means you complete two degrees in less time than it would take to complete them separately.

Commonwealth Supported Place (CSP)

A university place for which the government pays a proportion of the tuition costs. Pay up-front and, if eligible, receive a discount.

Computer requirements

To fully engage with the Deakin learning experiences, students need to have access to and be able to use internet-connected devices. There are minimum computer standards required for your computer, connectivity and your computing capability for effective study at Deakin.

For more information on computer standards, please visit deakin.edu.au/courses/how-to-apply/computing-requirements.

Credit point

For each subject you successfully complete, you will receive the credit point value of that subject towards your studies. You must complete a specified number of credit points to obtain your degree. The number of credit points required varies for each course and is outlined at deakin.edu.au/courses.

Credit transfer and recognition

Credit granted towards your Deakin course for relevant approved study, experience or work, satisfactorily completed at Deakin or elsewhere. There are two aspects to credit transfer and recognition:

- credit may be transferred to your Deakin program from completed or partly completed studies you have undertaken at other accredited institutions; and
- credit may be granted on the basis of knowledge and skills acquired through informal learning, e.g. in the workplace.

DeakinSync

A digital study hub giving Deakin students and staff easy access to relevant University resources, customised to their specific needs.

Deferment

The approved postponement of study for a specified period prior to enrolment in a course. Most Deakin courses allow you to defer your studies for up to two years. Visit deakin.edu.au/courses/how-to-apply/your-offer-and-enrolment-options/how-to-defer.

Equity and diversity

Deakin University values diversity and promotes inclusion. The Equity and Diversity Unit provides a range of programs and services to ensure all students have the opportunity to access university education and succeed in their studies and employment. Visit deakin.edu.au/equity-diversity.

Extra requirements

These are requirements that you must meet, in addition to minimum tertiary entrance requirements, to qualify for entry to a course. Information about extra requirements is listed in this guide from page 20, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Faculty

An organisational division within a university; for example, the Faculty of Arts and Education is one of the four faculties at Deakin University. Within each faculty are several schools; for example, Deakin Law School is within the Faculty of Business and Law.

Grade Point Average (GPA)

A GPA is an internationally recognised numerical calculation used to find the average result of all grades received over a defined study period. The GPA can be used for a variety of purposes, including as selection criteria for admission to a program or for assessing academic progress over a set period for progress review purposes.

Graduate entry

A course that requires prior completion of an undergraduate degree for entry. Deakin's Bachelor of Medicine/Bachelor of Surgery is a graduate-entry course.

Higher Education Contribution Scheme-Higher Education Loan Program (HECS-HELP)

HECS-HELP is a government loan scheme to help eligible CSP students pay for tuition costs. Repayments are made through the Australian taxation system once your annual income exceeds the minimum threshold for repayment.

Honours

Honours is an additional year of specialised study, usually taken after you complete a bachelor's degree, or embedded as part of a bachelor's degree. Honours may provide you with a competitive edge in the job market or a pathway into a higher degree.

International Baccalaureate (IB)

The International Baccalaureate (IB) diploma is an internationally recognised, comprehensive two-year study program designed for university entrance. Deakin University accepts IB diploma graduates as having satisfied the requirements for university entry. For detailed information, visit www.ibo.org.

Level

The year level at which units in your course are studied. Level 1 is equivalent to your first year of full-time study, level 2 is equivalent to your second year of full-time study, and so on. You can usually tell what level a unit is by looking at the first number in a unit's code.

Major

An approved group of at least 6 (and up to 8) credit points of related units, normally taken in sequence at each level of a course.

Online learning

Online learning enables you to learn 24/7, wherever you are, at the Cloud Campus. At Deakin, students can choose to study some units online, or to study a course wholly online, if the option is available to them.

When you study at the Cloud Campus, you undertake the same courses and units as students do at a physical Deakin campus, participating in online classes and seminars.

Note that students who choose online learning will generally need to attend examinations at Deakin campuses or other specified locations.

Pathways

Pathways provide alternative entry options for getting into a course at Deakin if you do not meet the requirements for entry. Pathways to Deakin courses can include options such as TAFE courses or starting your course at a different campus. See deakin.edu.au/courses/entry-pathways.

Postgraduate degree

A course of study usually beyond bachelor's level, including graduate certificate, graduate diploma, master's and research degree. In many cases, eligibility for entry to a postgraduate course requires you to have completed an undergraduate degree and/or have significant work experience.

Prerequisites

The VCE subjects or other requirements that current Year 12 and non-Year 12 applicants must complete to be eligible for selection into a course. Information about prerequisites is listed in this guide from page 20, on the VTAC website (vtac.edu.au) and in Victorian Tertiary Entrance Requirements (VICTER) publications.

Scholarships

Deakin offers a range of scholarships for commencing students that recognise and reward many accomplishments, from leadership skills to academic success, extracurricular achievements and commitment to study during personal hardship. For more details, visit deakin.edu.au/scholarships.

Semester

This is the method of organising some courses in the Faculty of Health. Semester 1 runs from February to June; Semester 2 runs from July to November.

Seminar

A class where a small group of students discusses study materials and ideas with a tutor. Traditionally known as tutorial.

Single unit (non-award) study

Single unit (non-award) study provides access to a wide variety of university-level units, without students having to study a full degree. Some units have prerequisites or special requirements but most are open to all potential students. For more information, please visit deakin.edu.au/courses/how-to-apply/single-unit.

Special Entry Access Scheme (SEAS)

SEAS is an umbrella program of special entry schemes governed by VTAC, and conducted by participating tertiary institutions, including Deakin, that provides entry for the disadvantaged into undergraduate courses. For more information, visit vtac.edu.au. For more information on Deakin's Access and Equity Program, please visit deakin.edu.au/access-equity.

Special Tertiary Admissions Test (STAT)

STAT is a test developed by the Australian Council for Educational Research (ACER). The purpose of the STAT is to assess an individual's ability to analyse information and think critically. The STAT is compulsory for non-Year 12 applicants applying for entry into any of Deakin University's undergraduate law programs.

Some non-Year 12 applicants will be exempt from sitting the STAT. If you are unsure whether or not you need to sit the STAT, please email buslaw@deakin.edu.au.

For more information on non-Year 12 additional entry requirements, please visit vtac.edu.au.

Student Amenities-Higher Education Loan Program (SA-HELP)

SA-HELP is a government loan program for eligible students to defer all or part of the cost of the Student Services and Amenities Fee.

Student Services and Amenities Fee

This is a fee that higher education providers can charge for non-academic services and amenities, such as sporting activities, employment and career advice, child care, financial advice and food services.

Study score

A score of 0–50 that shows how a VCE student performed in a particular subject compared with others in the same year. It is calculated from your results in assessments and examinations in that subject.

Course index

Trimester

This is the method of organising the teaching year. At Deakin University there are three trimesters for most courses: Trimester 1 runs from March to June, Trimester 2 from July to October and Trimester 3 spans November to February.

Undergraduate degree

Usually the first degree you obtain in a given discipline area. For example, a Bachelor of Health Sciences. An undergraduate student is usually someone studying for their first degree in a given discipline.

Unit

A Deakin subject or unit is normally one trimester long and most have a value of 1 or 2 credit points.

Victorian Certificate of Education (VCE)

The VCE is a certificate that recognises the successful completion of Year 12 in Victoria. The VCE can provide a pathway to university studies, TAFE and employment.

Victorian Tertiary Admissions Centre (VTAC)

VTAC is the centralised admissions centre for most undergraduate university courses in Victoria. Visit vtac.edu.au.

Victorian Tertiary Entrance Requirements (VICTER)

A publication produced by VTAC for Year 10 students who are considering applying for tertiary study in the future, to help plan their pathway towards tertiary study. The *VICTER 2020 Guide* will be most applicable for students completing Year 10 in 2017.

VTAC Personal Statement

The VTAC Personal Statement is a form where university applicants can bring to the attention of selection officers any relevant factors or circumstances that cannot be included in the application itself.

The VTAC Personal Statement can be accessed online once you have registered with VTAC. You can only submit one VTAC Personal Statement – so you should address all your course preferences and provide details to support your application, such as relevant work experience and your reasons for applying. It is also important that you submit the form by the specified VTAC Personal Statement closing date at vtac.edu.au. If a VTAC Personal Statement is required or will be considered, it will be listed in the VTAC course detail online.
