It doesn't matter whether you know exactly where your future lies, or you want to explore the possibilities; Flinders offers degrees in a range of study areas.

The following pages cover the broad areas of study at Flinders and the degrees available in each area. Can't find the degree you're looking for? Check out page 48 for a full listing of all undergraduate courses available at Flinders.

FLINDERS BUSINESS

BUILD YOUR WORTH

There's never been a better time to embrace the business world. Technological changes are opening up new opportunities. The online economy is rapidly evolving and entrepreneurs are changing the world. Flinders Business degrees are designed to prepare you for a career in the real-world and could put you in the driver's seat to take advantage of a new tomorrow.

Find out more
FLINDERS.EDU.AU/BUSINESS

GRADUATE WORK-READY WITH PRACTICAL BUSINESS EXPERIENCE

Go beyond theory and gain real-world insights into the day-to-day operations of business. With over 230 partner organisations, Flinders Business guarantees you a practical work placement that will give you invaluable workplace experience.

Our key partners include BankSA, Bendigo Bank, BT Financial Group, Ernst & Young (EY), Hudson, McDonald's, and PricewaterhouseCoopers.

Bachelor of Accounting New in 2020

Bachelor of Accounting (Online) New in 2020

Prepare yourself for a career in accounting and commerce including the analysis, interpretation and communication of financial information. Careers in accounting are available in a broad range of business situations. This degree is accredited by the professional accounting bodies in Australia.

Bachelor of Accounting and Finance New in 2020

Prepare for a career in accounting or finance with an introduction to the realities of the global marketplace. Learn fundamental business concepts and apply them to real-world scenarios. This degree is accredited by the professional accounting bodies in Australia, with core studies in a range of business-related topics.

Bachelor of Banking and Finance New in 2020

This degree provides students with the skills and knowledge financial institutions, financial instruments and markets of the financial services sector require for managing money, trading stock and managing investments in an institutional setting.

Bachelor of Business

Bachelor of Business (Online)

Turn your passion for problem solving into a business career. The business world has a wide range of opportunities for people with drive and ambition. Gain the skills to solve real-world business problems by analysing key issues that businesses deal with every day.

Bachelor of Business (Human Resource Management)

Build a career attracting, motivating and managing people. At a time when many organisations are undergoing change, there are opportunities for professionals trained to identify ways to recruit, support, develop and retain staff.

Bachelor of Business (Innovation and Enterprise)

The world is changing, and this degree will prepare you for the jobs and entrepreneurial opportunities of the future. You'll develop your personal enterprise skills to enhance creativity, understand and embrace innovation, and think like an entrepreneur.

Bachelor of Business (International Business)

Bachelor of Business (International Business) (Online)

Develop advanced skills and knowledge relating to international trade and prepare yourself for a global career. Learn how culture, language, political systems and socio-economic factors affect international business practice in core business disciplines of finance, marketing, human resource (HR) management and global sustainability.

Bachelor of Business (Management)

Bachelor of Business (Management) (Online)

Implement strategies for management and build the foundations of a rewarding management career by combining studies across all areas of business practice, including planning, decision-making, e-business, marketing, and HR and strategic management.

Bachelor of Business (Marketing)

Bachelor of Business (Marketing) (Online)

Work towards a career understanding and meeting consumer needs. Marketing is one of the driving forces of business. In this degree, you'll learn how to understand customers and how to create, communicate and deliver products and services. It prepares you to be a market researcher, analyst and strategist.

Bachelor of Business (Sports Management) New in 2020

This degree aims to provide students with knowledge and competencies related to a broad range of sport management and business aspects of sport. The degree covers various key aspects of sports with emphasis on enterprise, digital and leadership knowledge and skills.

Bachelor of Business (Supply Chain Management) New in 2020

This degree aims to provide students with knowledge and competencies in supply chain, logistics and procurement management as well as current and emerging data analytical practices.

Bachelor of Business Economics New in 2020

Build a career applying economic principles for the benefit of business. Understanding the principles of economics and how to apply these to the practical needs of business will open up a range of career options.

Bachelor of Commerce

There are a broad range of employment opportunities within the business world. This degree will see you graduate with a broad skill set and prepared for a range of professional, business-related careers in private and public enterprise.

Bachelor of Finance New in 2020

Prepare yourself for a career in fields such as financial engineering, treasury, fund management and investment banking. Develop an overall understanding of the applied finance discipline, financial management, wealth creation, macroeconomics and international finance.

Bachelor of Finance and Business Economics New in 2020

Build a career applying economic principles for the benefit of business. Understanding the principles of economics and how to apply these to the practical needs of business will open up a range of career options.

Advanced Leadership

If you're a high-achieving student, meet your full potential with advanced leadership studies in business. It's designed for students demonstrating potential to attain leadership skills and work-relevant experience to make them of distinct value to employers.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

FLINDERS CREATIVE ARTS AND MEDIA

CREATE YOUR FUTURE

Creativity is one of the most powerful and sought-after skills on the planet. It drives screen, fashion, digital media, dance, writing and more. Learn how to unlock your visual, verbal and written skills to communicate your ideas and drive innovation.

Find out more
FLINDERS.EDU.AU/CREATIVE-ARTS

Bachelor of Creative Arts (Costume Design)

Bachelor of Creative Arts (Costume Design) (VET Pathway)

Bring characters to life through costume design. Offered in collaboration with TAFE SA*, this degree enables you to design and construct costumes to create iconic looks and visually stunning garments.

Bachelor of Creative Arts (Creative Writing)

Write your own creative future. Acquire an understanding of the Australian publishing industry and gain professional skills that will prepare you for work as an editor, researcher, freelance writer, publisher or author.

Bachelor of Creative Arts (Dance)

Leap into a professional dance career. Offered in collaboration with TAFE SA* through Adelaide College of the Arts, this degree will equip you with elite professional dance skills and theoretical knowledge in areas such as dance technique, choreography and stage performance.

Bachelor of Creative Arts (Drama)

Fine-tune your performance skills for a creative career. Pursue an exciting career in the performing arts by developing your creative, practical, critical and collaborative skills.

Bachelor of Creative Arts (Enterprise)

Build a career in the business of creativity. This degree provides you with knowledge and skills in entrepreneurship, arts and festival management, creative computing and cultural policy education.

Bachelor of Creative Arts (Fashion)

Bachelor of Creative Arts (Fashion) (VET Pathway)

Offered in collaboration with TAFE SA*, this industry-focused degree combines practical skills with theoretical knowledge about garment construction, patternmaking, drawing and design as well as academic and professional communication and marketing.

Bachelor of Creative Arts (Screen)

Gain the skills necessary for a career in screen-based media. Study scriptwriting, cinematography, creative collaboration, editing, sound, lighting and directing, and graduate ready for a rewarding career in screen with specialised skills for associated creative areas.

Bachelor of Creative Arts (Visual Arts)

Offered in collaboration with TAFE SA* through Adelaide College of the Arts, this degree offers an intensive studio-based program that covers both creative and academic skills. You'll receive training in the medium of your choice in ceramics, jewellery, painting, photography, printmaking or sculpture.

* TAFE SA RTO Code: 41026

Bachelor of Creative Arts (Visual Effects and Entertainment Design)

Bachelor of Creative Arts (Visual Effects and Entertainment Design) (Honours)

Bachelor of Creative Arts (Visual Effects and Entertainment Design) (VET Pathway)

Flinders and CDW Studios combine forces to offer this hands-on degree. If you're a Game of Thrones fan, Fortnite addict or Pixar lover, turn your passion into a successful career in the exciting world of film, television, gaming, animation and digital design.

Bachelor of General Studies

Begin your journey to a successful career. Flinders' Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.

Bachelor of Media Arts

Gain the practical skills and knowledge to work across all media-intensive environments with a focus on the creative industries. You'll gain hands-on practical training in a range of technical and design formats so you are able to produce high-quality media presentations.

Bachelor of Media and Communication

Created to meet the needs of the constantly evolving field of contemporary communications, this degree helps you to develop written, visual and verbal communication skills that can be applied to a broad range of professional and creative industries.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

WORLD No 1. DIGITAL ILLUSTRATION SCHOOL

Flinders University in collaboration with CDW Studios has been named the world's No. 1 Digital Illustration School.

Rookies Global Rankings 2017 and 2018

FLINDERS CRIMINOLOGY

BUILD A CAREER EXPLORING THE WORLD OF CRIME

The rate of technological and societal change around the world is astounding. Transnational crime, cybercrime, terrorism and corruption are merely a few of the challenges facing our justice systems. Studying Criminology at Flinders could open up a range of employment opportunities not only in Australia, across the globe.

No 1. SA UNI

for teaching quality, learning engagement and student support.

QILT Student Experience Survey 2018, public SA-founded universities only

FLINDERS.EDU.AU/CRIMINOLOGY

Bachelor of Criminology

Bachelor of Criminology (Honours)

This degree will prepare you with career-ready skills and knowledge in such areas as transnational crime, policing and security, organised crime, cybercrime, terrorism, corrections and corruption. You'll gain a broad understanding of criminological theory and its applications in criminal justice contexts.

Bachelor of Law and Society

Learn the concepts central to the structure and functioning of a just society, and develop the skills to research and analyse social issues and assess proposals for social change. This degree will give you a strong foundation in social and public policy, and equip you with the practical, work-ready skills you'll need to seek employment in a range of organisations.

"From real-world experience in court rooms and crime labs, there are amazing opportunities to engage with practical work."

Anh Dinh

Bachelor of Criminology student

A COMBINED DEGREE WILL BROADEN YOUR OPPORTUNITIES

Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the crowd. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Find out about combining these qualifications:

Bachelor of Psychological Science/Bachelor of Criminology

By studying the Bachelor of Criminology combined with the Bachelor of Psychological Science, you can explore the intersection between psychology and the criminal justice system and the psychological factors underlying criminal behaviour.

Bachelor of Laws and Legal Practice/Bachelor of Criminology

By combining studies in laws and legal practice with criminology, you'll develop the professional legal skills to prepare you for a job in the legal profession and gain an understanding of how justice and society influence each other.

Bachelor of International Relations and Political Science/ Bachelor of Criminology

Combining your criminology studies with an understanding of international relations opens the door to a multitude of careers in international organisations, aid and human rights, government, transnational crime, terrorism, and non-government organisations.

Bachelor of Science (Forensic and Analytical Science)/ Bachelor of Criminology

Forensics and Analytical Science opens up career options in areas such as illicit drug testing, DNA analysis, trace evidence examination and toxicology. Combine a hands-on experience of collecting, analysing and identifying physical evidence with an understanding of the workings of the criminal justice system.

Bachelor of Information Technology (Network and Cybersecurity Systems)/Bachelor of Criminology

This exciting new combined degree brings together your studies in network and cybersecurity systems with criminology, providing a comprehensive understanding of computer security, communications technology, administration, network engineering, enterprise systems and information networks.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

OPEN MINDS

Education is a fast-growing sector, with great job opportunities. With over one million people already employed, Australia's education and training sector is projected to grow by 12% by 2022*. Becoming an educator means joining an industry with long-term career prospects. We need more educators. We need people who will guide and teach the next generations.

*Australian Jobs 2018

Find out more
FLINDERS.EDU.AU/EDUCATION

SUCCEED IN EDUCATION

Flinders provides a variety of study pathways for students who are thinking about studying to qualify as a teacher.

Find your passion before you commit

The Bachelor of Arts Education pathway offers you the opportunity to study three education topics that are normally restricted to students enrolled in the Education double degree, and then transition after a year to a double degree, provided you achieve the required standard.

A guaranteed entry pathway into the Master of Teaching Primary R-7 or Secondary lets you study a three-year Bachelor of Arts first. If you complete this degree to the required standard, you will be guaranteed a place in the two-year masters degree, subject to an additional written statement entry requirement.

Master of Teaching double degree options

If you are a high-achieving student who is sure of your choice of a teaching career, we also offer double degrees that combine a Bachelor of Arts, General Science, Science or Languages with a Master of Teaching.

Already have an undergraduate degree?

If you already have an undergraduate degree, the Master of Teaching will allow you to enter the profession and become a qualified teacher, building on your first degree.

ATAR 95+ GUARANTEED ENTRY

Direct-entry bachelor/masters double degrees – five-year teaching qualification

ATAR 70+

Direct-entry double degree – four-year teaching qualification

ATAR 60-70

One-year pathway to double degree four-year teaching qualification

ATAR 60-70

Three-year Bachelor of Arts plus two-year Master of Teaching

Bachelor of Education (Early Childhood)/Bachelor of Arts

Bachelor of Education (Early Childhood)/Bachelor of Special Education *New in 2020*

Much of our childhood is spent in education, but the first years are exciting and filled with wonder. This is your chance to guide a child's early learning and development, and build a framework for their education that will last them a lifetime.

Bachelor of Education (Primary R-7)/Bachelor of Arts

Bachelor of Education (Primary R-7)/Bachelor of General Science

Bachelor of Education (Primary R-7)/Bachelor of Special Education *New in 2020*

Becoming a primary school teacher can have a lifelong impact. A child's primary years are often the ones they remember the most intensely, and their primary school teachers can have a profound effect on their lives.

Bachelor of Education (Secondary)/Bachelor of Arts

Bachelor of Education (Secondary)/Bachelor of Health Sciences

Bachelor of Education (Secondary)/Bachelor of Languages

Bachelor of Education (Secondary)/Bachelor of Science

Bachelor of Education (Secondary)/Bachelor of Special Education

Help guide young adults towards the future. If you're passionate about helping others, about guiding and advising them at a crucial period of their lives, then you'll find a career as a secondary school teacher rewarding in many ways.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

Inherent requirements

The Australian Government has introduced the Literacy and Numeracy Test for all initial teacher education students to ensure they have the high level of personal literacy and numeracy skills required of teachers. For further information, including registration details, please check the test administrator's website at: **teacheredtest.acer.edu.au**

Entry requirements

All prospective students interested in studying an initial teacher education course in South Australia are required to complete a non-academic assessment task known as a Teaching Capabilities Statement. This is a requirement of the Australian Institute for Teaching and School Leadership (AITSL) and supports the national priority to ensure those entering the teaching profession have the personal qualities to best support learners and graduate as classroom-ready, high-quality teachers.

BROADEN YOUR OPPORTUNITIES

Double your teaching expertise with a Flinders education double degree. Flinders' education degrees allow you to follow your interests by combining your Bachelor of Education with a range of degrees.

Arts

The Bachelor of Arts (BA) provides a comprehensive, liberal education for all new teachers.

In addition to teaching roles, this means you'll be suited to employment in many fields given the broad scope of specialisations available in the BA.

General Science

The Bachelor of General Science gives you the skills required to effectively teach science subjects at a broader level than that required in a traditional Bachelor of Science.

Health Sciences - Health Education and Physical Education

The Bachelor of Health Sciences offers you core health sciences topics and a choice from one of two specialist streams (health education or physical education).

Languages

In the Bachelor of Languages, you will complete major sequences to teach two secondary school subjects related to languages and chosen from Chinese, French, German, Indonesian, Italian, Japanese, Modern Greek, Spanish, or teaching English as a second language.

Science

The Bachelor of Science provides you with the foundation skills required to effectively teach subjects which draw on mathematics, science or technology.

Special Education and Disability Studies

In addition to teaching roles, the Bachelor of Special Education and Bachelor of Disability Studies prepares you for a range of professional roles related to supporting students with disabilities and their families within the broader community.

RATED No 1.

in South Australia in education and training for learner engagement, skills development and starting salary.

The Good Universities Guide 2019, public SA-founded universities only

FLINDERS ENGINEERING

A CAREER POWERED BY CREATIVITY

If you can imagine it, chances are you can help bring it to life with an engineering degree. From robotics to renewable energy, ship building and defence, civil engineering or creating new medical technologies... engineers are in high demand worldwide. You can help design and build tomorrow.

**No 1.
SA UNI**

No. 1 SA university in engineering and technology for learning resources, student support and teaching quality.

Good Universities Guide 2019, public SA-founded universities only

Find out more
FLINDERS.EDU.AU/ENGINEERING

Bachelor of Design and Technology Innovation

Make your ideas a commercial reality. Graduate prepared to solve problems and create commercial solutions. Develop a sound understanding of three areas: design; innovation management; and science, technology and engineering.

Bachelor of Engineering (Biomedical) (Honours)

Bachelor of Engineering (Biomedical) (Honours)/Master of Engineering (Biomedical)

Build a career designing systems that enhance the quality of human life.

Health care is a large and rapidly growing industry, and your skills could help improve the way we plan, design, manufacture and maintain healthcare systems and equipment.

High-achieving students can use the Bachelor of Engineering (Biomedical) (Honours) as a pathway into a Master of Engineering (Biomedical).

Bachelor of Engineering (Civil) (Honours)

Prepare yourself for a career solving civil engineering problems. This degree covers the four main civil engineering themes of structures, transport, water and geomechanics, then applies them to infrastructure design and construction.

Bachelor of Engineering (Computer and Network Systems) (Honours)

This degree prepares you to develop the specialised skills to design and analyse hardware systems and algorithms for products such as mobile phones and gaming consoles through to aircraft flight control systems, unmanned vehicles and global telecommunications systems.

Bachelor of Engineering (Electrical) (Honours)

Develop the skills to power the machines of the future. Develop a strong foundation in the systematic development of electrical systems, with an emphasis on renewable energy systems and electrical drive systems.

Bachelor of Engineering (Electronics) (Honours)

Electronics is the enabling technology for today's society, and career opportunities are wide ranging. In this degree, you'll learn the skills and knowledge to plan, design and build the electronic circuitry that is integral to an extensive range of high technology applications.

Bachelor of Engineering (Maritime) (Honours)

Prepare to become a professional engineer in the maritime engineering industry. You'll learn to design and manage the building of maritime vehicles, coastal engineering projects, port and harbour facilities, and offshore oil and gas installations.

Bachelor of Engineering (Mechanical) (Honours)

Bachelor of Engineering (Mechanical) (Honours)/Master of Engineering (Biomedical)

Push mechanical systems to the limit in a challenging and rewarding field. Build a hands-on career with real-world applications. Learn to design, construct and operate mechanical systems.

High-achieving students can use the Bachelor of Engineering (Mechanical) (Honours) as a pathway into a Master of Engineering (Biomedical).

Bachelor of Engineering (Robotics) (Honours)

Bachelor of Engineering (Robotics) (Honours)/Master of Engineering (Electronics)

Create a career designing the robot workforce of the future. This degree will see you graduate with the latest learning in robotics technologies, preparing you to become a key player in developing the robots that will populate our future.

High-achieving students can use the Bachelor of Engineering (Robotics) (Honours) as a pathway into a Master of Engineering (Electronics).

Bachelor of Engineering (Software) (Honours)

This degree has been specifically created for students looking to work as professional software engineers, and provides you with a solid foundation in the technical and professional skills and knowledge required to pursue a successful career in the software industry.

Bachelor of Engineering Science

In this degree you'll gain the foundations for further study in engineering or for a career in an engineering-related field. The degree offers specialisations in biomedical engineering, civil engineering, electrical and electronic engineering, mechanical engineering, software engineering, and design and technology.

Bachelor of Mathematical Sciences

Bachelor of Mathematical Sciences (Honours)

Mathematics is the foundation of many industries. Demand for mathematics graduates is particularly strong in areas including science, engineering, technology and business, and in areas as diverse as linguistics and health.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

GET A TASTE OF ENGINEERING BEFORE CHOOSING YOUR SPECIALISATION

Bachelor of Engineering (Honours) – Flexible Entry

Embark on a first-year engineering degree without choosing the engineering specialisation you wish to pursue with the Bachelor of Engineering (Honours) – Flexible Entry. At the end of your first year you can transition to a named engineering degree of your choice without having to study the standard four-year course.

FLINDERS HEALTH

MAKE A REAL DIFFERENCE

Become a trained professional who can help us become healthier, and stay healthier. Health care and social assistance is Australia's fastest growing industry* and Flinders' graduates enjoy a median salary above the national average**.

* Dept of Jobs & Small Business 2018
** QILT Student Experience Survey 2018

Find out more
FLINDERS.EDU.AU/HEALTH

Bachelor of Disability and Developmental Education

Bachelor of Disability and Developmental Education (Online)

Your studies could lead you to an amazing career helping others live rich, fulfilling lives.

You'll gain the skills and knowledge to provide services for people of all ages with diverse needs, including developmental and acquired disabilities.

Bachelor of Exercise Science

Bachelor of Exercise Science/Master of Clinical Exercise Physiology

Turn your passion for exercise into a career that will make a difference. In this course you'll study basic medical sciences such as human physiology, anatomy, psychology and pathology, and you'll graduate ready to use your specialised knowledge to improve health or to enhance exercise, motor skill and movement performance.

If you're a high-achieving student, you can progress from an exercise science degree to a Master of Clinical Exercise Physiology with a clinical exercise physiology focus.

Bachelor of Health Sciences

Establish a solid foundation for a career in health care. This degree will give you exposure to a wide variety of health professions, as well as the opportunity to focus your studies in a particular area with a major.

The Bachelor of Health Sciences at Flinders gives you the flexibility to build your own study program from a broad range of majors to suit your interests.

Majors

The following study areas can be taken as a major:

- Disability and community rehabilitation
- Environmental and public health
- Health promotion
- Health management
- Life sciences
- Nutrition
- Public health
- Therapy studies.

Bachelor of Health Sciences/Graduate Diploma in Environmental Health Practice

Build a career exploring the effects of environmental factors on human health. You'll graduate with two qualifications with just one extra year of study, ready to work as an accredited environmental health officer in Australia and overseas and with the knowledge required to promote community understanding of environmental health issues.

Bachelor of Health Sciences (Principles of Occupational Therapy)/Master of Occupational Therapy

Help people get back to living healthy lives. Occupational therapy is an incredibly rewarding career. You'll learn skills that will help people rebuild and regain their health through high-quality therapy and graduate with the hands-on knowledge required to register and work as an occupational therapist.

Bachelor of Health Sciences (Principles of Physiotherapy)/Master of Physiotherapy

If you love the idea of helping people recover from injury, helping them improve their mobility and improve their quality of life, then you'll find a career in physiotherapy rewarding in many ways. Gain the skills and expertise you'll need to prepare for professional practice in physiotherapy.

Bachelor of Healthy Ageing (Online)

This degree teaches you foundation skills in ageing studies and covers a broad spectrum of knowledge such as experience of ageing, psychological wellbeing and physical activity, along with areas such as elder abuse and neglect, popular culture and ageing, and dementia.

Bachelor of Human Nutrition

Human nutrition is one of the most interesting careers in Health. This degree will give you skills and knowledge in demand around the world, as societies look to prevent health issues and manage nutrition, sports science and public health.

Bachelor of Medical Science

Prepare for a career as a medical scientist. This specialised degree provides exciting options for students interested in a wide range of careers in the medical and health sciences, and emphasises the fundamental sciences that underpin virtually all fields of medical science.

Bachelor of Medical Science (Vision Science)/Master of Optometry

Build a career helping improve people's vision. Prepare yourself for a rewarding career in optometry in a high-quality learning environment. In this degree you'll receive a grounding in the fundamentals of science with an emphasis on vision science.

Bachelor of Nutrition and Dietetics

Prepare to become a professional who can interpret and translate scientific knowledge into practical information to help people improve their health through diet. You will gain knowledge about the nature, management and prevention of diet-related diseases, and the social and psychological factors that influence what people eat.

Bachelor of Paramedic Science

Becoming a paramedic means keeping your cool in emergency and non-emergency situations. In this degree, you'll develop the skills, knowledge and attitudes to manage pre-hospital emergency and out-of-hospital non-emergency situations in a manner consistent with best practice.

Bachelor of Speech Pathology

Working as a speech pathologist can help people in many ways. Speech pathologists help people whose educational, vocational, personal and social functioning is affected by communication or swallowing impairment resulting from developmental difficulties, social disadvantage, illness or accident.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

FLINDERS HUMANITIES AND SOCIAL SCIENCES

GET SET FOR LIFE

The workplaces of tomorrow are likely to be very different from those we see today. But one thing is unlikely to change: Employers will be searching for independently minded people with valuable, transferable skills. A Humanities and Social Sciences degree from Flinders will give you the knowledge and skills you'll require in tomorrow's workplace.

RATED No 1.

in South Australia for teaching quality, learning engagement and student support.

Bachelor of Archaeology

South Australia's only Bachelor of Archaeology degree will prepare you for a wide range of jobs in museums, government, community organisations and the cultural heritage management industry.

Delve into the world's rich cultural history, uncovering the links between past, present and future societies.

Bachelor of Arts

Build a career around ideas that shape the world we live in. Develop a range of transferable skills that are highly valued in a wide range of jobs and industries. You'll learn how to investigate and analyse ideas, communicate your findings and build your knowledge base in a variety of areas.

Bachelor of Arts – Enhanced Program for High Achievers

If you're a high-achieving student, this program offers additional material to challenge you and enable you to maximise your intellectual growth. You'll thrive in an environment where students with similar capabilities come together to pursue their studies, develop their interests and share ideas.

Bachelor of Arts and Science

Your career could cover science and the arts. Flinders University arts and science graduates have a vast body of knowledge across arts and the sciences that prepares them for a wide range of careers. You'll learn adaptable and analytical skills, including the ability to think creatively and solve problems.

Bachelor of General Studies

Begin your journey to a successful career. Flinders' Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"Flinders was the perfect choice for me as it really allowed me to pursue my interests and study in a friendly and productive environment. Flinders stands out to me from other universities because of the diversity in topics they offer as well as the tightknit and welcoming community within the college."

Yianni Cartledge
Bachelor of Arts (History)/Bachelor of Education

DISCOVER YOUR PASSION WITH A BACHELOR OF ARTS

Arts gives you the flexibility to explore a variety of study areas and build a study program that suits your interests.

Arts majors and minors

The following study areas can be taken as a major or minor:

Applied linguistics

Applied linguistics is concerned with the practical issues of language such as learning and teaching, policy, multilingualism, cross-cultural communication, maintaining languages, and language difficulties.

Creative writing

Creative writing develops the creative, practical, critical and collaborative skills necessary to pursue a career in the communication, arts and related creative industries.

Criminology

Criminology explores who commits crime, and critiques how the criminal justice system responds to crime.

Drama

Drama offers grounding in the theories of theatre and performance workshops in movement, voice, improvisation and Stanislavskian techniques.

English

English encourages a knowledge of and enthusiasm for literature, and fosters effective communication skills critical in the workplace today.

French

French is spoken in more than 40 countries, including some of Australia's closest neighbours, and is one of the most widely taught second languages in the world.

Geography and Environmental Studies

Together, geography and environmental studies explore dynamic relationships between people, places, and the so-called 'natural' and built environments we shape.

History

History introduces issues that have shaped and continue to influence the modern world, such as revolution, fascism, migration, population, warfare and globalisation.

Indigenous and Australian Studies

The Indigenous and Australian Studies major offers thought-provoking and challenging insights into Indigenous and non-Indigenous contemporary contexts. The major will privilege Indigenous knowledges, perspectives, voices and histories and use innovative creative arts methodologies to teach about Indigenous sovereignties, Indigenous human rights, race relations, social policy, self-determination, and collaborative futures.

Indonesian

As Indonesia undergoes unprecedented change, studying Indonesian language is a vital key to understanding our region.

Innovation and enterprise

Innovation and enterprise provides you with the skills to enhance your creativity, understand and embrace innovation, and think like an entrepreneur.

International relations

International relations studies global issues such as diplomacy, foreign policy, the military, human rights, economies, trade and international organisations.

Italian

Italy is one of the wealthiest nations in the world, an essential tourist destination, and a major trading partner with Australia. Italian language is a pathway to employment.

Law and society

Law and society equips you with practical legal and analytical skills valuable in many industries including social work, policing, legal services, research and policy positions.

Modern Greek

The study of Modern Greek language and culture provides the key to understanding the importance of the Hellenic tradition in western intellectual development.

Philosophy

Philosophy deals with some of the big questions about the world, society and ourselves, and encourages thought and discussion by presenting a range of possible answers.

Politics

Politics encompasses how groups of people conduct and understand their public life together. Politics is the study of public life in Australia and the rest of the world.

Psychology

Psychology is the study of human behaviour and experience including how we learn and develop, personality and self-esteem, thinking processes, and psychological problems.

Screen and media

Screen and media involves the study and analysis of a wide range of screen-based media including film, television, computer games and online media.

Sociology

Sociology studies the social institutions and processes of contemporary society, linking the way individuals form identities against the backdrop of society and the construction of culture.

Spanish

Spanish is one of the three most widely spoken languages in the world, one of six official languages of the UN, and an important trading language in the Asia-Pacific.

Visual arts

Visual arts provides the technical, aesthetic and cultural skills to understand and work in the arts and cultural sectors, and related fields.

Women's and gender studies

Women's and gender studies addresses the broad questions of gender in contemporary life and historically, in Australia and globally, and how to change gendered relations of power.

Minors

The following areas are available as minors in the BA:

- Archaeology
- Indigenous studies
- Information technology
- International affairs
- Mathematics
- Professional studies
- Sciences.

EXPLORE TWO CULTURES WITH A BACHELOR OF ARTS AND SCIENCE

Choose from major areas of study across the realms of both arts and science.

Arts and Science majors

In addition to choosing an arts major, the following science majors can also be taken:

Animal biology

The animal biology major involves the biology of animals, including their classification, molecular and chemical structures, evolution, physiology, and ecology and biodiversity.

Aquatic biology

Aquatic biology involves the biology of marine and freshwater aquatic life: from mammals, birds and reptiles to plants and algae.

Biochemistry and molecular biology

The biochemistry and molecular biology major explores the very building blocks of life: from chemical structures and bonding to proteins and DNA.

Chemistry

Chemistry affects almost everything we do or use: from drugs, antibiotics and anaesthetics to polymers and plastics to synthetic fibres and batteries.

Cognitive science

Cognitive science is the scientific study of the mind and its processes in both humans and machines, including intelligence and behaviour, perception, language, memory, attention, reasoning, and emotion.

Computer science

The computer science major provides you with a broad background in programming, databases, networks and computer systems, enabling you to develop technical expertise in computers and their application.

Ecology and evolutionary biology

The ecology and evolutionary biology major introduces you to the study of living animals, plants and fungi, how they interact, and their role in the complex ecology of life in communities.

Environmental geology

Environmental geology applies geology or geoscience to our living environment. The environmental geology major examines how geological processes and hazards influence human activities and vice versa.

Environmental hydrology and water resources

The environmental hydrology and water resources major is about solving a diverse range of environmental and water problems. It gives you a broad background in natural sciences including earth sciences, environmental sciences and marine sciences.

Environmental management

Environmental management is the management of our impact on the environment. The environmental management major aims to prepare you with an understanding of the complexity and contexts of environmental decision-making.

Geography

The geography major investigates the fundamental and dynamic relationships between people, places and environments, and their interconnections across time and space.

Mathematics

The mathematics major provides a firm foundation in the basic principles and techniques of modern mathematics, and an understanding of how mathematics is applied in the social and natural sciences.

Microbiology

Microbiology is the study of microscopic organisms: from viruses and bacteria to parasites and fungi. The microbiology major involves the study of evolution, biodiversity, chemistry, biostatistics and immunology.

Ocean and climate sciences

The ocean and climate sciences major provides you with a deeper understanding of the physical processes shaping the marine environment and influencing climate.

Plant biology

The plant biology major involves study in areas such as Australian environmental change, diversity of plants and algae, animal and plant physiology, conservation biology and restoration ecology, and food biotechnology.

Physics

The physics major provides an understanding of the fundamental laws of nature. You will develop an understanding of the broad spectrum of known phenomena from classic and modern science, and explore the frontiers of modern science.

Statistics

The statistics major involves the use of mathematics, data science, biostatistics, probability and stochastic processes to analyse and solve complex statistical problems.

Vertebrae palaeontology

The vertebrae palaeontology major involves studying the fossils of extinct vertebrate animals, providing a specialised understanding of palaeontology, palaeoecology and vertebrate evolution.

EXPLORE INFINITE POSSIBILITIES

With a degree in IT you could work in areas such as medical research, climate change, the environment and business, or contribute to the creative industries and the development of new products and services.

No 1. SA UNI

No. 1 SA university in undergraduate science and mathematics in overall quality of educational experience, learner engagement, learner resources and skills development.

FLINDERS.EDU.AU/INFORMATION-TECHNOLOGY

Bachelor of Applied Geographical Information Systems

In this degree, you'll be taught skills to support change and growth in areas like urban planning, mining and exploration, archaeology, transportation, and biodiversity management. You'll gain the expertise to use smart technologies to tackle real-world problems.

Bachelor of Computer Science

Bachelor of Computer Science (Honours)

Chase your passion and gain the applied skills, tools and techniques to work as a professional software designer and developer. This degree will give you the practical experience required to design efficient, reliable software that meets industry standards.

Bachelor of Computer Science (Artificial Intelligence)

New in 2020

Bachelor of Computer Science (Artificial Intelligence) (Honours) **New in 2020**

Gain the in-demand skills to use and build systems that can analyse data and make intelligent decisions. This degree will prepare you to work in a world of computers that learn and speak, analyse and advise: a world where buildings and cars understand your needs and where even the most humble of objects can communicate with you.

Bachelor of Information Technology

Bachelor of Information Technology (Online)

Bachelor of Information Technology (Honours)

The IT industry is an exciting innovator and helps solve problems in business, commerce, defence, medical research, climate change and the environment. This degree will equip you with all the technical and practical skills for a rewarding long-term career.

Bachelor of Information Technology (Digital Health Systems) (Honours)

Begin a career designing and developing digital technologies for a healthier world. This degree will help you learn how to develop and implement the use of computational technologies, smart devices and communication media to manage illness, reduce health risks, and promote health and wellbeing.

Bachelor of Information Technology (Digital Media)

Bachelor of Information Technology (Digital Media) (Honours)

Prepare yourself for a career in an ever-growing industry that combines computer science and digital media to create animation, computer games, computer graphics and information visualisation as an animator/developer, digital integration assistant, creative digital designer or developer.

Bachelor of Information Technology (Network and Cybersecurity Systems)

Bachelor of Information Technology (Network and Cybersecurity Systems) (Online)

Bachelor of Information Technology (Network and Cybersecurity Systems) (Honours)

Be a power-player and build a career in our networked society. This degree will equip you with a comprehensive understanding of computer security, communications technology, administration, network engineering, enterprise systems and information networks.

Bachelor of Information Technology (Simulation and Serious Games)

Bachelor of Information Technology (Simulation and Serious Games) (Honours)

Unlike games designed purely for entertainment, serious games are an important tool for modelling real-life scenarios for training, problem solving and research in a variety of fields. Graduate with qualifications that are in demand across a broad range of industries.

Bachelor of Mathematical Sciences

Bachelor of Mathematical Sciences (Honours)

Mathematics is the foundation of many industries. Demand for mathematics graduates is particularly strong in areas including science, engineering, technology and business, and in areas as diverse as linguistics and health.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"Tonsley's reputation for having state-of-the-art equipment available was a big factor as to why Flinders was the right choice for me."

Samantha Browne
Bachelor of Information Technology

FLINDERS INTERNATIONAL RELATIONS AND POLITICAL SCIENCE

SHAPE THE WORLD

An incredible breadth of career opportunities awaits you in the corporate world, in the public sector or with non-government organisations. You could work locally for a government department or an SA-based business, pursue a corporate career helping set international policy, or help change the world with organisations like Amnesty International or Projects Abroad.

BACHELOR OF INTERNATIONAL RELATIONS AND POLITICAL SCIENCE

New in 2020

Flinders' new degree will teach you the skills to play a part in world events, and drive political, social and economic change through exciting careers in the public, private and not-for-profit sectors.

This degree is for students with an interest in political and social questions that arise where they live and overseas. It is designed to equip a new generation of change makers for a new generation of challenges.

Study with SA's largest group of International Relations and Political Science experts, and gain practical experience through industry placements and opportunities to travel to Indonesia, China, Japan, USA, and elsewhere, including unique internship opportunities with the US Congress (Washington) and Consulate (Melb).

Your studies could lead to a range of employment opportunities, including:

- Policy analyst for business, government and NGOs
- Diplomat or public service officer
- Environment and climate companies, agencies and NGOs
- Journalist or digital media content maker/manager
- International aid or development worker
- Electorate officer
- Research officer, analyst or assistant
- Intelligence, security or political analyst
- Risk manager or public relations specialist
- Education – teacher, aid, administrator
- Advocacy officer/researcher in the community sector
- Human resources.

Find out more

BROADEN YOUR OPPORTUNITIES

Explore your interests and unlock more career opportunities by combining this degree with one of the following:

- Bachelor of Arts
- Bachelor of Accounting
- Bachelor of Business
- Bachelor of Business (Human Resource Management)
- Bachelor of Business (International Business)
- Bachelor of Business (Management)
- Bachelor of Business (Marketing)
- Bachelor of Finance
- Bachelor of Finance (Business Economics)
- Bachelor of Criminology
- Bachelor of Languages
- Bachelor of Laws and Legal Practice
- Bachelor of Laws and Legal Practice (Honours)
- Bachelor of Law and Society.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

WASHINGTON INTERNSHIP PROGRAM

The Washington Internship Program provides you with an opportunity, unparalleled in Australia, to experience political life in Washington DC.

Flinders has been sending students on this unique seven-week placement in the US Congress since the program's inception in 2000. Last year, we sent our 100th Washington intern to Capitol Hill.

The program gives you a unique insight into US politics and appreciation of the workings of the American political system.

As a participant in the program, you will work full-time in the office of a member of the United States Senate or the US House of Representatives. During this time, you are required to develop a research project, which will be the basis for your assessment. The placement contributes to the completion of your final year of study, or a component of your honours degree.

"My degree has taken me around the world, and in 2016 I interned in Washington DC for two months for Republican Congressman Billy Long. I was able to grasp a better understanding of the internal workings of American politics. I vastly improved my writing and research skills. I was able to network with a variety of people and organisations."

Sarah Flynn

Relations student

FLINDERS LANGUAGES AND CULTURE

MAKE SENSE OF THE WORLD

Whether your interests lie in language, media, archaeology or international tourism, you'll gain transferable skills and industry experience that will help you throughout your career and let you explore your passions and the world we live in.

Find out more
FLINDERS.EDU.AU/LANGUAGES-CULTURE

Bachelor of Archaeology

South Australia's only Bachelor of Archaeology degree will prepare you for a wide range of jobs in museums, government, community organisations and the cultural heritage management industry.

Delve into the world's rich cultural history, uncovering the links between past, present and future societies.

Bachelor of General Studies

Begin your journey to a successful career. Flinders' Bachelor of General Studies is a flexible degree designed to prepare you with communication skills, a firm grasp of ethics, and the confidence to make connections across geographical, disciplinary, social and cultural boundaries.

Bachelor of Languages

With the internationalisation of the job market, graduates with a qualification in a foreign language will have greater employment opportunities both in Australia and overseas. This degree will help you develop the confidence, open-mindedness and cultural understanding for careers with an international focus.

Bachelor of Media and Communication

Created to meet the needs of the constantly evolving field of contemporary communications, this degree helps you to develop written, visual and verbal communication skills that can be applied to a broad range of professional and creative industries.

Bachelor of Tourism and Events

Turn your love of events and travel into a lifelong career. If you're fascinated by the way major events come together, or you love the idea of a career in tourism, this degree will give you the tourism and event development and planning skills to start your journey, wherever it leads.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

LOVE LANGUAGE WITH A BACHELOR OF LANGUAGES

The Bachelor of Languages gives you a higher concentration of study in languages than any other Flinders degree.

The following languages can be taken as an extended major, major or minor:

French

French is one of the official languages of the United Nations and is spoken in more than 40 countries, including some of Australia's closest neighbours, and is one of the most widely taught second languages in the world.

Indonesian

As Indonesia undergoes unprecedented change, studying the Indonesian language is a vital key to understanding our region.

Italian

Italy is one of the wealthiest nations in the world, an essential tourist destination, and a major trading partner with Australia. Italian language is a pathway to employment.

Modern Greek

The study of Modern Greek language and culture provides the key to understanding the importance of the Hellenic tradition in western intellectual development.

Spanish

Spanish is one of the three most widely spoken languages in the world, one of six official UN languages, and an important trading language in the Asia-Pacific.

Also available

The following languages are also available as a minor through cross-institutional study at the University of Adelaide:

- Chinese
- German
- Japanese.

THERE'S MORE THAN ONE WAY TO STUDY A LANGUAGE...

In addition to the Bachelor of Languages, you can also study a language as a major in a number of Flinders degrees or combine your chosen degree with a Bachelor of Letters in a language.

Studying language as a major

Language major sequences are available in the following degrees:

- Bachelor of Arts
- Bachelor of Arts – Enhanced Programs for High Achievers
- Bachelor of Business
- Bachelor of International Relations and Political Science.

Bachelor of Letters

The Bachelor of Letters in a language is normally three years part-time in conjunction with a bachelor degree, adding one extra year to your overall program. If you are undertaking any other bachelor degree at Flinders – from science or psychology to law or business – you can complete a Bachelor of Letters in a language alongside it.

FLINDERS LAW

BUILD A CAREER FOR THE FUTURE

Industry leaders. Government advisers. Promoters of global change. Advocates of justice and human rights. As a legal professional, you'll have the opportunity to find a fulfilling career and make your mark. As the world changes, the law changes with it. At Flinders Law, we're preparing a new generation of legal professionals to meet the exciting challenges and opportunities tomorrow will bring. Future focused, outcomes driven, a Flinders Law degree will give you the critical thinking skills to succeed in a profession where the brightest minds are needed now more than ever.

No 1. SA UNI

FLINDERS.EDU.AU/LAW

Bachelor of Laws and Legal Practice New in 2020

In Laws and Legal Practice you'll develop an innovative and enterprising mindset alongside the professional legal skill set needed for a legal career today. You'll focus on problem solving and solution-driven thinking while mastering the high-level communication, presentation and collaboration skills needed in a world where emerging technologies and business models are changing the way lawyers work.

Our new courses will expose students to the legal implications of emerging technologies and how these technologies can be used in legal practice to increase access to justice. Students will explore the relationship between Indigenous peoples in Australia and national and international public legal systems, while also gaining an understanding of international issues and the importance of intercultural awareness, and to how to respond to jurisdictions beyond the Australian legal system.

Bachelor of Law and Society (Law Pathway)

If you didn't gain entry into the Bachelor of Laws and Legal Practice at Flinders, the Bachelor of Law and Society (Law Pathway) is available to give you a foot in the door. This pathway lets you study first-year law topics, preparing you to transfer to the Bachelor of Laws and Legal Practice and receive some credit towards the degree.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"Throughout my degree I have been developing a 21st Century mindset, as we are taught to think critically, creatively and 'outside the box'. In many of my assignments and exams, I have had to apply existing law to new, emerging issues and make arguments that have not been made before."

Brayden Mann
Bachelor of Laws and Legal Practice

A COMBINED DEGREE WILL BROADEN YOUR OPPORTUNITIES

Bachelor of Laws and Legal Practice/Bachelor of International Relations

A laws and legal practice degree from Flinders satisfies the academic and practical requirements to practise law in South Australia. Combining these studies with a Bachelor of International Relations opens the door to a multitude of careers in international organisations, aid and human rights, government, transnational crime, terrorism, and non-government organisations.

Bachelor of Laws and Legal Practice/Bachelor of Criminology

Develop the professional legal skills to prepare you for a job in the legal profession and gain an understanding of how justice and society influence each other. The combination prepares you for a broad range of careers in law, government, leadership and educational settings.

Bachelor of Psychological Science/Bachelor of Criminology

Explore the intersection between psychology, the criminal justice system and the psychological factors underlying criminal behaviour by studying the Bachelor of Criminology combined with the Bachelor of Psychological Science. With further study, you will be able to apply for registration as a psychologist, and will be well placed for a future career in forensic psychology.

WORK FOR THE GREATER GOOD

Have a profound impact on the health of the people around you. Medical practitioners are in high demand, and with a wide variety of opportunities, you could work towards a career in private practice, or in hospitals and medical centres across Australia.

FIVE STARS

for student satisfaction with learning resources in Medicine, the highest in the country.

The Good Universities Guide 2019, public SA-founded universities only

Find out more
FLINDERS.EDU.AU/MEDICINE

Bachelor of Clinical Science/Doctor of Medicine (Flinders University, Adelaide)

Bachelor of Clinical Science/Doctor of Medicine (Charles Darwin University/Flinders University, Darwin)

This double degree program enables school leavers without an undergraduate degree* to pursue a career in medicine. The program provides a high standard of academic, clinical and professional medical training to equip graduates with the skills necessary to take up positions as hospital interns and thereby qualify for medical registration in Australia.

*Applicants for the double degree in Adelaide must not have a record of study at a higher education level. Applicants for the CDU/Flinders double degree in Darwin may have completed up to one year of higher education study.

Rural and remote sub-quotas

An annual sub-quota is available for applicants from rural and remote areas. To be considered for the rural and remote sub-quota applicants must apply to SATAC in the normal way.

Indigenous sub-quotas

An annual sub-quota of up to five places is available for Indigenous applicants. Such applicants are required to apply in the normal way. It is expected that applicants will need to achieve an ATAR of 90 or above (after the addition of eligible adjustment factors) to be considered a place in this sub-quota.

More information: flinders.edu.au/study/courses/bachelor-clinical-sciences-doctor-medicine

Doctor of Medicine

Graduate well prepared for the challenges of internship and future professional training.

The Flinders Doctor of Medicine (MD) is the cornerstone of the University's dynamic and highly regarded medical program. The MD delivers outstanding clinical and academic training, and draws on the innovation and excellence that characterises the University's medical program.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"I love that Medicine at Flinders is very hands-on. The great amount of support we receive and the small class sizes allow our learning to be much more student focused, collaborative and easy to comprehend."

Sydney Ma

Bachelor of Clinical Sciences / Doctor of Medicine

FIND YOUR OWN PATH

There's more than one way to get into the Flinders Doctor of Medicine

We need to ensure that people from all walks of life have an opportunity to study medicine. That's why Flinders offers a range of admission pathways that enable you to enter a medical degree, whatever your background.

Undergraduate entry pathway

If you have completed Year 12 and wish to study medicine in Adelaide or the Northern Territory*, you can apply for admission to a double degree pathway which enables you to enter Flinders' medical program without having to complete a separate undergraduate degree first.

This pathway enables you to complete a Bachelor of Clinical Sciences combined with the Doctor of Medicine (MD) in just six years.

Graduate-entry pathway

Flinders University offers graduate entry to the MD in Adelaide and the Northern Territory*, providing an alternative to the traditional pathway from secondary school to an undergraduate medical course. The four-year program enables you to graduate with a medical qualification that is comparable to a six-year undergraduate program.

* If studying in the NT, the Bachelor of Clinical Sciences is delivered by Charles Darwin University, and the MD is delivered by Flinders University.

Flinders graduate sub-quotas

Up to 75 per cent of places in the Doctor of Medicine are reserved for those who hold Flinders qualifications and meet the admission requirements. This specifically includes places for up to 25 graduates of the Bachelor of Health Sciences, Bachelor of Medical Science, Bachelor of Paramedic Science, and the medical biotechnology stream of the Bachelor of Science (Biotechnology). The remaining places are available for applicants who hold any Flinders qualifications.

Sub-quotas

Indigenous applicants

A key priority of the Northern Territory and Commonwealth governments is to increase the participation of Indigenous people in medical training. Flinders University's Indigenous Entry Stream is available to Indigenous graduates who wish to study medicine either in Adelaide or in the Northern Territory. For this stream, you may apply directly to Flinders University for graduate entry to the Doctor of Medicine without having to sit the Graduate Medical School Admissions Test.

Aboriginal and Torres Strait Islander applicants are encouraged to contact the Yunggorendi Student Engagement office on 08 8201 3033 or yunggorendi@flinders.edu.au to discuss applications.

Rural applicants

Consistent with Flinders University's commitment to improve the health of those in rural and remote areas, at least 28 per cent of Commonwealth supported places for graduate entry to the MD are reserved for students who come from a rural background. This includes a sub-quota of up to 24 places available each year for students from rural communities who apply to undertake the entire third year of the MD in one of four rural locations.

Northern Territory applicants

Flinders University, in partnership with Charles Darwin University, offers undergraduate and graduate entry to the Flinders Doctor of Medicine in Darwin through the Northern Territory Medical Program (NTMP). Whether you are a school leaver or university graduate in the Territory, the NTMP allows you to undertake your entire medical training in the Northern Territory. Places are only available to Australian citizens and permanent residents.

More information: flinders.edu.au/study/health/rural-remote-sub-quotas

A CAREER FOR LIFE

Start each day knowing that your work will change the lives of those around you. Apart from being personally rewarding, a career in nursing and midwifery is in one of Australia's largest and fastest growing industries. Health Care and Social Assistance is projected to have the strongest employment growth of any industry through to May 2022*.

* Australian Jobs 2018. Department of Jobs & Small Business.

STUDY FOR SUCCESS

Flinders is internationally recognised for being at the forefront of nursing and midwifery education. We are rated as one of the top 100 universities in the world for nursing*.

*QS World University Rankings by Subject 2018

Find out more
FLINDERS.EDU.AU/NURSING

Bachelor of Midwifery (Pre-registration)

Take the first steps towards a rewarding career providing high quality, safe and effective woman-centred care. With a focus on the principles of primary health care and continuity of care, you will develop an understanding of various midwifery models to enable you to apply theory and skills in your daily practice.

Bachelor of Nursing (Pre-registration) Adelaide

Bachelor of Nursing (Pre-registration) Riverland

In this degree, your studies will cover the fundamental requirements to be eligible to apply for registration as a practising nurse with the Nursing and Midwifery Board of Australia. You'll also have the option to undertake your studies at Flinders Bedford Park, or our rural campus in the Riverland.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"What do I love about nursing? Someone asked me this the other day. I think that I love being able to do something for people... helping people.

I feel like I'm on the right track, and by the time I graduate I'll have all the skills, physical and mental, to take on the job. It's more than just books in this degree... it's a very hands-on career."

Sheridan Golding

Bachelor of Nursing (Pre-registration)

FIND YOUR OWN PATH

We understand that everyone is different, so in addition to the Bachelor of Nursing (Pre-registration) and Bachelor of Midwifery (Pre-registration), people from a range of different educational backgrounds are able to study and gain registration as a practising nurse or midwife via the following pathways.

Nursing pathways

The following nursing pathways are available depending on your prior nursing experience. They are only offered to students at the Bedford Park campus.

Bachelor of Nursing (Graduate Entry)

This is a fast-tracked pathway for graduates with a degree in an academic area other than nursing who would like to become eligible for registration as a nurse with the Nursing and Midwifery Board of Australia.

Bachelor of Nursing (Re-entry)

A pathway for candidates with prior Australian nursing registration who are no longer eligible to hold a current practising certificate and who are required by the Australian Health Practitioners Regulation Agency to complete a re-entry course to rejoin the nursing workforce as registered nurses.

Diploma of Nursing (TAFE/VET)

Candidates who have completed a recognised Diploma of Nursing within the past 6 years are eligible for entry to the Bachelor of Nursing with equivalent to 1 year (36 units) of credit.

Bachelor of Midwifery (Registered Nurse Entry)

This is a pathway for candidates who are graduates of a nursing degree and/or hold a current practising certificate as a registered nurse who would like to become eligible to register with the Nursing and Midwifery Board of Australia as a registered midwife.

BROADEN YOUR OPPORTUNITIES

Explore your interests and unlock more career opportunities by combining degrees.

Combining your degree with a qualification in another discipline will help you develop specialised abilities to stand out from the pack. Studying a combined degree at Flinders is the key to enhancing your career opportunities.

Find out about combining these qualifications:

- Bachelor of Letters (Health) Ageing
- Bachelor of Letters (Health) Disability
- Bachelor of Letters (Health) Health Education/Promotion
- Bachelor of Letters (Health) Nutrition.

The Bachelor of Letters is designed to provide you with an avenue to pursue your passions and gain skills that will make you more employable by undertaking a second study area in addition to your primary Flinders degree, or existing bachelor degree.

FLINDERS PSYCHOLOGY

UNLOCK HUMAN POTENTIAL

Worldwide, there is a growing awareness of our need to understand human psychology and mental health. The pressures of 21st century living are driving a need for graduates who can assess, advise and help solve some of the human problems that affect how we live and function. From working with autism and sleep disorders to conducting research on social justice or industrial relations, the field of psychology is wide, and skilled graduates are in high demand.

No 1. SA UNI

No. 1 SA university in psychology for learning resources and starting salary.

The Good Universities Guide 2019, public SA-founded universities only.

Find out more
FLINDERS.EDU.AU/PSYCHOLOGY

Bachelor of Behavioural Science (Psychology)

Combine a psychology major with a second major in a range of disciplines concerned with human behaviour and development. Graduate with essential knowledge and skills required for further study to practise as a registered psychologist.

Bachelor of Psychological Science

Undertake an extensive range of key subjects and a pathway that could lead you to a career practising psychology. This degree covers fields such as personality; emotion; development; social, cultural and biological influences; and mental health.

Bachelor of Psychology (Honours)

Follow your passions in this degree and graduate career ready with high-level training in professional, practical and academic areas. Study in applied, social, clinical, neurological and developmental psychology.

Bachelor of Psychological Studies (Graduate Entry)

A nationally accredited psychology major is available to students who have already completed a degree in any discipline, with the Bachelor of Psychological Studies (Graduate Entry). This degree will enhance your understanding of human behaviour to pursue further studies in psychology.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

"Studying Psychology at Flinders has been one of the best decisions I have ever made. From the friends you make in tutorials, to the lecturers and academics who guide you through your journey, I have received nothing but unconditional support from everybody I have met at Flinders. Flinders is definitely the best choice for anybody interested in pursuing a career in Psychology."

Ksenia Zinoviev
Bachelor of Psychology (Honours)

A COMBINED DEGREE WILL BROADEN YOUR OPPORTUNITIES

Bachelor of Behavioural Science (Psychology)/Bachelor of Computer Science

Provides you with the opportunity to link the disciplines of psychology and computer science, and the management of data.

Bachelor of Behavioural Science (Psychology)/Bachelor of Science (Animal Behaviour)

Through the study of both human and animal behaviour, you will learn how we learn, think and interact with others, what motivates our actions, and the role that personality plays in behaviour.

Bachelor of Criminology (Honours)/Bachelor of Psychological Science

Provides you with a comprehensive education in psychology combined with criminal behaviour, crime prevention and responses to crime.

Bachelor of Laws and Legal Practice/Bachelor of Behavioural Science (Psychology)

Prepares you for occupations where law and psychology interact. You will develop an understanding of human behaviour, motivation, relationships, communication and cognitive processes.

Bachelor of Psychological Science/Bachelor of Business (Human Resource Management)

To manage an organisation effectively, you need to understand its people. The Bachelor of Psychological Science/Bachelor of Business (Human Resource Management) helps you to develop an understanding of psychology and apply it to human resource management.

Bachelor of Psychological Science/Bachelor of Business (Marketing)

The combined Bachelor of Psychological Science/Bachelor of Business (Marketing) provides the opportunity to link the psychology of marketing with consumer buying behaviour.

Bachelor of Psychological Science/Bachelor of Sport, Health and Physical Activity

Prepares you for sport and physical activity careers, and gives you a strong knowledge base in psychology combined with health, tourism, nutrition, disability and business.

FLINDERS SCIENCE

EXPLORE THE UNKNOWN

A career in science can quite literally change the world. You could play a part in making new discoveries, helping us understand some of the deepest questions about who and what we are, and how our universe works. From government departments to environmental organisations and private industry, you can pursue your passion and build a rewarding future.

FLINDERS.EDU.AU/SCIENCE

Bachelor of Applied Geographical Information Systems

Create a career mapping the complexity of our world. In this degree, you'll be taught skills to support change and growth in areas like urban planning, mining and exploration, archaeology, transportation, and biodiversity management. You'll gain the expertise to use smart technologies to tackle real-world problems.

Bachelor of Science

Study towards a career exploring science from its core to the outer limits. You don't need a science background to start a career in science, you just need an inquiring mind. This degree will equip you with crucial transferable skills in problem solving, communication, teamwork and computing.

Bachelor of Science (Honours) – Enhanced Program for High Achievers

Discover where science can take you and where you can take science. If you're a student of exceptional academic ability, this enhanced program provides opportunities to embark upon research in every year of the degree.

Bachelor of Science (Animal Behaviour)

Bachelor of Science (Honours) (Animal Behaviour)

Become a scientist by learning about the behaviour of insects, birds, fishes, and mammals. Throughout this degree, experts in animal behaviour will teach you how to collect, analyse, and understand information relevant to animal behaviour.

Bachelor of Science (Biodiversity and Conservation)

Bachelor of Science (Honours) (Biodiversity and Conservation)

Help reduce our environmental impact and plan wisely for the future. Develop the knowledge and skills to analyse and interpret the impacts of key environmental drivers such as habitat destruction, changing climates and invasive species.

Bachelor of Science (Biotechnology)

Bachelor of Science (Honours) (Biotechnology)

Graduate prepared to work as a professional in one of the most exciting areas of modern science by combining theory and specialised practical training in the life sciences with the study of related business, legal, ethical and social issues.

Bachelor of Science (Chemical Sciences)

Bachelor of Science (Honours) (Chemical Sciences)

Gain a broad-based foundation in chemistry, acquire extensive knowledge in the area, and graduate job-ready. You'll learn how to understand and apply chemical principles to solve problems, master lab techniques and equipment, undertake chemistry research and communicate your findings.

Bachelor of Science (Coasts and Oceans)

Build a career helping us understand and manage our marine and ocean systems.

Across this degree you'll be introduced to the use of coasts and oceans as resources and a variety of management and policy interventions, with the opportunity to participate in project work and field exercises.

Bachelor of Science (Energy and Advanced Materials)

This degree prepares you to understand physics and materials at a deeper level, apply scientific principles in a materials context, appreciate experiment design and execution, and use scientific instruments commonly used in physics and materials.

Bachelor of Science (Environmental Science)

Combine science disciplines to create a career tackling environmental challenges. This degree focuses on understanding, monitoring and improving the environment. Expand your knowledge, obtain skills, and learn critical thinking about environmental issues and problems.

Bachelor of Science (Forensic and Analytical Science)

Work towards a fascinating career using chemistry to analyse details and solve big problems.

Forensic and analytical chemistry combines the practices of analytical chemistry and forensic investigation. Forensic biology uses aspects of life sciences to examine biological material in a forensic context.

Bachelor of Science (Geography)

Geography graduates have skills and attributes that make them highly employable in a great variety of fields in Australia and overseas. You'll gain a broad foundation in geography, in a degree offering a powerful mix of skills to solve a range of real-world problems.

Bachelor of Science (Hydrology)

Work towards a career investigating the science of water movement in the atmosphere, surface systems and aquifers. The degree includes aspects such as water quality, ecological water requirements, field and computer-based methods of investigation, and management practices.

Bachelor of Science (Marine Biology)

The degree provides you with the ability to acquire extensive knowledge in marine biodiversity, ecology, genetics, conservation, fisheries and related areas. Learn from internationally eminent marine biologists and oceanographers undertaking world-class research on current issues in marine science.

Bachelor of Science (Marine Biology and Aquaculture)

Combine studies in aquacultural production technologies and business skills with scientific study of the diversity of life in the sea. This double specialisation will equip you to take up positions in either the research or applied science sectors.

Bachelor of Science (Molecular Biosciences)

Gain a broad foundation in molecular bioscience together with extensive subject knowledge in specialised topics such as molecular biology, biochemistry and microbiology. Graduate job-ready with a diverse set of laboratory skills that can be applied to many of today's most crucial scientific problems.

Bachelor of Science (Nanotechnology)

Equip yourself to be part of the exciting world of nanotechnology. The degree provides you with a background in physics, chemistry and biology, complemented by insights into business, enterprise management, commerce, and legal issues such as intellectual property.

Bachelor of Science (Palaeontology)

Turn your passion into a career with Australia's only palaeontology degree. This degree will provide you with the toolset necessary for palaeontological careers anywhere in the world, whether your interests include working in a museum, evolutionary studies, fieldwork, ecological/environmental research, teaching or science communication.

Bachelor of Science (Physics)

Gain a solid foundation in physics and mathematics, and acquire extensive knowledge in the area. You will learn to understand physics at a deeper level, apply scientific principles in a physics context, and understand the role of physics in society.

Bachelor of Mathematical Sciences

Bachelor of Mathematical Sciences (Honours)

Mathematics is the foundation of many industries. Demand for mathematics graduates is particularly strong in areas including science, engineering, technology and business, and in areas as diverse as linguistics and health.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

You may also be interested in...

Bachelor of Arts and Science

Gain a sound understanding of both the arts and the sciences. This degree provides the broadest range of disciplinary and interdisciplinary studies from across the University, with majors available from creative arts, humanities, law, science, mathematics, computing, and social and behavioural sciences.

Bachelor of Health Sciences/Graduate Diploma in Environmental Health Practice

Qualify to practise as an environmental health officer and develop the knowledge required to promote community understanding of environmental health issues. The degree prepares you to integrate the many disciplines that make up environmental health, including public health, to improve the health of communities.

"Choosing Flinders gave me an opportunity to study forensics in a broad way by covering laboratory vs field options and biological vs chemical forensics for future pathways. I feel confident knowing that my teaching staff have my best interest at heart and I can meet with them if I have any questions to gain clarity in lecture and assessment content. This ensures my own goals are met and I get the best outcome for my end of semester results. The campus has beautifully set up study areas that were designed around human interaction that people can immediately feel comfortable in. Flinders fulfills all my expectations and checks all my boxes."

Gabrielle Ziersch
Bachelor of Science
(Forensic and Analytical Science)

FLINDERS SOCIAL WORK

BE THE CHANGE

The work you do could help individuals and foster a greater sense of understanding and respect in our community. Your career could see you working in child protection or with older people. You could become a disability advocate or a drug and alcohol counsellor.

BACHELOR OF SOCIAL WORK

This degree qualifies you to work as a social worker in a wide range of health and social welfare services. It combines traditional social work skills with the broader issues of social policy and planning. You'll graduate prepared for careers in government and non-government sectors in largely project and policy-based positions.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

FLINDERS SPORT

MAKE SPORT YOUR BUSINESS

Australia's sports industry is thriving. According to the Australian Government's Job Outlook statistics*, future jobs growth for sportspersons is strong, and very strong for sports coaches, instructors and officials. If you have a passion for sport, your studies could lead to a long-term, rewarding career.

Bachelor of Education (Secondary)/Bachelor of Health Sciences

Enhance your secondary teaching with a health sciences specialisation, including a major in physical education. This degree is taken as a double degree with a Bachelor of Health Sciences, and will give you the knowledge and skills required to register as a PE teacher in secondary school.

Bachelor of Exercise Science

Build a career improving lives through fitness. You'll undertake study in the basic medical sciences such as human physiology, anatomy, psychology and pathology, and graduate prepared for a career in the evolving field of exercise science.

Bachelor of Exercise Science/Master of Clinical Exercise Physiology

Accelerate your career with this pathway to a masters in clinical exercise physiology. If you're a high-achieving student, you can progress from an exercise science degree to a masters degree through this five-year degree combination.

Bachelor of Health Sciences (Principles of Physiotherapy)/Master of Physiotherapy

Work in a field that helps maximise movement in people of all ages. From sports injuries to helping the aged maintain mobility, this degree will give you the skills and knowledge you'll need to become registered and work as a physiotherapist.

Bachelor of Sport, Health and Physical Activity

This degree will see you graduate with the skills to become an effective professional in sport and physical activity careers, and give you a wide knowledge base in areas including health, tourism, nutrition, disability and business.

Bachelor of Sport, Health and Physical Activity (Outdoor Education)

There are a broad range of employment opportunities in the sport development, sport coaching, leisure, health, outdoor education and recreation, sport and event management industries. This degree will help prepare you for a career based around an outdoor lifestyle.

See page 48 onwards for a full list of degrees, and information you will need before applying, including SATAC codes, selection ranks and more.

A COMBINED DEGREE WILL BROADEN YOUR OPPORTUNITIES

Combining your degree with a qualification in another discipline will help you to stand out from the pack. Our combined degrees provide the perfect pathway to take a passion for sport into a professional role. Teaming a range of sports sciences with specialised knowledge, a combined degree in sport at Flinders broadens your options while sharpening your skills.

Find out about combining these qualifications:

Bachelor of Sport, Health and Physical Activity/Bachelor of Media and Communication

Combine your sport studies with communication and professional writing.

Bachelor of Sport, Health and Physical Activity/Bachelor of Business (Marketing)

Bachelor of Sport, Health and Physical Activity (Outdoor Education)/Bachelor of Business (Marketing)

Enhance your career prospects by combining your interests in sport and marketing.

Bachelor of Sport, Health and Physical Activity/Bachelor of Business (Management)

Work towards a career in the business side of sport.

Bachelor of Sport, Health and Physical Activity/Bachelor of Psychological Science

Combine your sport studies with psychological science.

Bachelor of Letters (Sports Performance Coaching) (Graduate Entry)

Study a Bachelor of Letters in combination with your degree, or as a standalone graduate-entry degree and learn the principles of sport coaching.

GET MORE OUT OF YOUR DEGREE

Combine your study with another area to give you more expertise and expand your career prospects.

Students at Flinders Bedford Park campus

Combined degrees

A combined degree is a combination of two Flinders bachelor degrees. As a combined degree graduate you will have two qualifications in just one to one-and-a-half years of extra study.

Our combined degree programs are designed to enhance your educational, academic and professional qualifications while minimising the cost and length of your studies. Flinders' combined degrees allow you to undertake in-depth study in exciting combinations that aren't usually available in single degrees.

Many graduates believe that a combined degree gives them an advantage for employment.

Go to the course index of degrees on page 48 to see the combinations available with each degree.

Bachelor of Letters

The Bachelor of Letters is available to study alongside any degree at Flinders and enables you to graduate with two qualifications.

The Bachelor of Letters is available in the following disciplines:

- Creative writing
- Criminology (online)
- English
- French
- Health
- Indonesian
- Innovation and enterprise
- Italian
- Mathematics
- Modern Greek
- Spanish
- Sports performance coaching

The Bachelor of Letters is normally undertaken part-time over three years to allow concurrent study with your primary bachelor degree, adding one year to your overall study program.

WE'RE HERE TO HELP

Whatever you decide to study at Flinders, we're always here to help you succeed.

Transition to university

Starting at university is a big step; let's make it easier.

The Transition Office can help make your shift into university study as smooth as possible, and the Student Learning Centre provides a range of services from writing and mathematics support to assistance with study and time-management skills.

Careers & Employability Service

The Careers and Employability Service helps give you the edge in your career

CareerHub, our online employment portal, is more than a service to help you prepare for and find the job you want. It offers personalised job opportunities, career planning, programs to help you broaden your skills and experience, access to employer events and career-related resources.

Whatever you are studying, CareerHub can help you find your direction and start your career.

Work-Integrated Learning

Work-Integrated Learning (WIL) enables you to gain work experience while you study.

Flinders aims to provide each and every student with access to a WIL opportunity during their studies through placements, practicums, field studies, and simulated workplace settings and assessment activities.

Scholarships

Flinders University offers over 550 undergraduate scholarships, worth \$2.2M in total.

A generous range of scholarships is available to new and continuing undergraduate students.

Flinders Connect

Flinders Connect can help with everything from enrolment and fees to exams and graduation.

You can also access Flinders Connect for specialist services in admissions, careers and IT help. A range of support services is also available.

Flinders University Student Association

Flinders has a long history of active student involvement.

The Flinders University Student Association (FUSA) continues that tradition, and represents the rights and interests of students. FUSA manages social events, non-sporting clubs and societies, the student publication *Empire Times*, and helps with academic, administrative and welfare issues.

INNOVATION & ENTERPRISE

Careers are evolving and the workplace of the future will look very different from today.

That's why we offer a suite of innovation and enterprise electives and courses to prepare you for the careers of tomorrow. Powered by Flinders' New Venture Institute, these electives will help you to develop the 'personal enterprise skills' that employers are looking for, and equip you with the ability to adapt to whatever life throws at you, personally and professionally.

HOW DO I APPLY?

Applicants need to apply through the South Australian Tertiary Admissions Centre (SATAC): satac.edu.au
To find out more about your admission pathways to Flinders, visit: flinders.edu.au/pathways

ADMISSION PATHWAYS

At Flinders we recognise that every prospective student is an individual and that what works for one might not be right for another.
That's why we provide various admission pathways into Flinders University and your preferred degree. You're encouraged to explore your options and find the entry path that's right for you.

Year 12 entry

The majority of Year 12 applicants enter university via the traditional competitive entry method, where offers are made to eligible applicants with the highest selection rank until all places in the degree are filled. Your selection rank is used by Flinders to assess your admission to a course, and is based on your ATAR plus any adjustment factors for which you are eligible. The 2018 selection rank shown for each degree indicates the lowest rank for which an offer was made to an applicant in that degree for that year (including any adjustment factors). It is provided only as a guide for 2020 entry as it may change from year to year.

Adjustment factors

Adjustment factors (formerly referred to as bonus points) may be used in combination with your ATAR to derive your course selection rank. Adjustment factors may be available for South Australian Year 12 students applying for entry to Flinders in 2020: the SA Universities Equity Scheme (UES) and the SA Language, Literacy and Mathematics Bonus Scheme (LLM).

Guaranteed entry selection rank

Achieve a selection rank equal to or above the published guaranteed entry selection rank and you'll be guaranteed a place at Flinders. All you need to do is ensure you have listed Flinders degrees first in your preferences and you will be offered a place in the highest Flinders degree preference that you are eligible for in 2020.

uniTEST

If you're a school leaver, uniTEST is your chance to increase your options to gain a place in your preferred degree. uniTEST is designed for school leavers and complements existing selection criteria by enhancing your overall selection rank.

Flinders UniLeap

Flinders UniLeap can help you qualify for entry into a Flinders University degree in four weeks. It's a free intensive four-week program that has been designed for school leavers, to develop their independent learning skills and prepare them for university study.

Foundation Studies

The Foundation Studies program has been designed to introduce you to university study in a supportive learning environment. Open to people from all backgrounds, Foundation Studies provides a pathway to gain entry to most degrees at Flinders and offers guaranteed entry into some degrees.

TAFELink

Flinders offers guaranteed entry to selected degrees for applicants who have completed a TAFE/VET certificate IV or higher-level qualification, as long as degree prerequisites are met. Importantly, your TAFE/VET qualification does not need to be related to your selected area of study at Flinders.

TAFE SA dual offers

You can apply for a TAFE SA# diploma or advanced diploma that is linked to a Flinders degree. You'll receive an offer to both TAFE SA and Flinders University and, on successful completion of the TAFE course, you'll have secured an offer for a Flinders degree. TAFE SA dual offers are available for a range of Flinders degrees.* TAFE SA RTO Code: 41026.

Adult entry

The adult entry scheme enables people aged 18 years and over to apply to study at Flinders via the Special Tertiary Admissions Test (STAT). Applications are made via SATAC.

Tertiary transfer

If you have completed at least one semester of full-time equivalent study at university, you may be able to transfer to study at Flinders University using your grade point average (GPA).

WHEN CAN I START?

Flinders offers two admissions cycles each year for undergraduate degrees.

Semester 1 – February start. Applications open in August for commencement the following year.

Semester 2* – July start. Mid-year applications open in August for commencement in July the following year.

*Not all degrees are offered for semester 2 entry. Check our midyear site for details: flinders.edu.au/midyear

THIS IS FLINDERS

Flinders' huge main campus features an award-winning Hub and Plaza, with retail, food outlets and a state-of-the-art sport and fitness centre.

Student Hub & Plaza

Open 24/7, the award-winning Hub and Plaza brings the best of coffee and street food culture to the heart of the Bedford Park campus, with retail options, innovative study spaces and free wi-fi access.

Food & Drink

You'll never go hungry at Bedford Park, with a wide variety of food outlets.

Retail

Bedford Park features a range of retail outlets.

Bachelor of Health Sciences	214181	3	Yes	70	90	Dip or above	Yes	None
Bachelor of Health Sciences/Graduate Diploma in Environmental Health Practice	214871	4	Yes	70	90	Dip or above	Yes	None
Bachelor of Health Sciences/Master of Occupational Therapy	224071	5	No	90	95	N/A	Yes	None
Bachelor of Health Sciences/Master of Physiotherapy	224081	5	No	97	N/A	N/A	Yes	None
Bachelor of Healthy Ageing (Online)	274055	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Human Nutrition	234841	3	Yes	75	N/A	N/A	Yes	None
Bachelor of Medical Science	214421	3	Yes	85	95	Adv Dip or above	Yes	None
Bachelor of Medical Science (Vision Science)/Master of Optometry	214931	5	Yes	97	N/A	N/A	Yes	None
Bachelor of Nutrition and Dietetics	214381	4	No	97	N/A	N/A	Yes	None
Bachelor of Paramedic Science	224321	3	Yes	98.2	N/A	N/A	Yes	None
Bachelor of Speech Pathology	214352	4	No	90	95	Adv Dip or above	Yes	None
HUMANITIES & SOCIAL SCIENCES								
Bachelor of Archaeology	214021	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Arts	214031	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Arts - Enhanced Program for High Achievers	224561	3	Yes	90	90	N/A	Yes	None
Bachelor of Arts and Science	234011	3	Yes	70	75	Dip or above	Yes	None
Bachelor of General Studies	234181	3	Yes	N/A	N/A	N/A	Yes	None
INFORMATION TECHNOLOGY								
Bachelor of Applied Geographical Information Systems	214591	3	Yes	70	70	Certificate IV or above	Yes	None
Bachelor of Computer Science	214821	3	Yes	70	70	Cert IV or above	Yes	SACE stage two mathematical methods or specialist mathematics or equivalent.
Bachelor of Computer Science (Honours)	224431	4	Yes	80	80	Dip or above	Yes	
Bachelor of Computer Science (Artificial Intelligence)	244221	3	Yes	New in 2020	75	Dip or above	Yes	
Bachelor of Computer Science (Artificial Intelligence) (Honours)	244231	4	Yes	New in 2020	85	Adv Dip or above	Yes	
Bachelor of Information Technology	214201	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Honours)	224441	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Information Technology (Online)	274095	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Digital Media)	224551	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Digital Health Systems) (Honours)	234051	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Information Technology (Network and Cybersecurity Systems)	224701	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Network and Cybersecurity Systems) (Honours)	224711	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Information Technology (Network and Cybersecurity Systems) (Online)	274075	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Simulation and Serious Games)	224101	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Information Technology (Simulation and Serious Games) (Honours)	224041	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Mathematical Sciences	224631	3	Yes	70	70	Cert IV or above	Yes	SACE stage two specialist mathematics or mathematical methods or equivalent.
Bachelor of Mathematical Sciences (Honours)	224641	4	Yes	80	80	Dip or above	Yes	
INTERNATIONAL RELATIONS AND POLITICAL SCIENCE								
Bachelor of International Relations and Political Science	224991	3	Yes	60	70	Cert IV or above	Yes	None

DEGREES

LANGUAGES AND CULTURE								
Bachelor of Archaeology	214021	3	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Languages	214921	3	Yes	70	80	Cert IV or above	Yes	None
Bachelor of Media and Communication	224151	3	Yes	70	75	Dip or above	Yes	None
Bachelor of Tourism and Events	224001	3	Yes	70	80	Cert IV or above	Yes	None
LAW								
Bachelor of Law and Society (Law Pathway)	234651	1	Yes	80	85	Cert IV or above	Yes	None
Bachelor of Laws and Legal Practice	244111	4	Yes	New in 2020	95	N/A	Yes	None
Bachelor of Laws and Legal Practice (Honours)	244122	4	Yes	New in 2020	N/A	N/A	Yes	None
MEDICINE								
Bachelor of Clinical Sciences, Doctor of Medicine	214941	6	No	N/A	N/A	N/A	Yes	Specific admissions test required. Refer to additional requirements.
NURSING AND MIDWIFERY								
Bachelor of Midwifery (Pre-registration)	214431	3	Yes	95	N/A	Adv Dip or above	Yes	None
Bachelor of Nursing (Pre-registration)	214311	3	Yes	62	75	Cert IV or above	Yes	None
Bachelor of Nursing (Pre-registration) Riverland	214312	3	Yes	62	70	Cert IV or above	Yes	None
PSYCHOLOGY								
Bachelor of Arts (Psychological Science Pathway)	234161	1	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Behavioural Science (Psychology)	214051	3	Yes	70	80	Dip or above	Yes	None
Bachelor of Psychological Science	224651	3	Yes	70	80	Dip or above	Yes	None
Bachelor of Psychology (Honours)	214321	4	Yes	90	N/A	N/A	Yes	None
SCIENCE								
Bachelor of Applied Geographical Information Systems	214591	3	Yes	70	70	Certificate IV or above	Yes	None
Bachelor of Mathematical Sciences	224631	3	Yes	70	70	Cert IV or above	Yes	SACE stage two specialist mathematics or mathematical methods or equivalent.
Bachelor of Mathematical Sciences (Honours)	224641	4	Yes	80	80	Dip or above	Yes	
Bachelor of Science	234511	3	Yes	60	70	Certificate IV or above	Yes	None
Bachelor of Science (Honours) - Enhanced Program for High Achievers	214721	4	Yes	95	95	Adv Dip or above	Yes	At least three of the following SACE stage two subjects or equivalent: biology, mathematical methods, specialist mathematics, chemistry, physics, geology.
Bachelor of Science (Animal Behaviour)	234211	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Animal Behaviour)	234361	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Biodiversity and Conservation)	234221	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Biodiversity and Conservation)	234371	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Biotechnology)	234521	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Biotechnology)	234541	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Chemical Sciences)	234231	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Chemical Sciences)	234381	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Honours) (Chemical Sciences)/ Master of Engineering (Materials)	234871	5	Yes	95	95	N/A	Yes	SACE stage two chemistry plus specialist mathematics, mathematical methods or equivalent.
Bachelor of Science (Coasts and Oceans)	234251	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Coasts and Oceans)	234401	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Energy and Advanced Materials)	234261	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Energy and Advanced Materials)	234411	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Environmental Science)	234271	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Environmental Science)	234421	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Forensic and Analytical Science)	234281	3	Yes	70	70	Cert IV or above	Yes	SACE stage two chemistry or equivalent.

DEGREES

	SATAC CODE	DURATION (FULL-TIME YEARS)	DEFERRABLE	SELECTION RANK	GUARANTEED SELECTION RANK	TAFE LINK	ADJUSTMENT FACTORS	PREREQUISITES
SCIENCE								
Bachelor of Science (Forensic and Analytical Science Pathway)	234171	1	Yes	60	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Forensic and Analytical Science)	234431	4	Yes	80	80	Dip or above	Yes	SACE stage two chemistry or equivalent.
Bachelor of Science (Geography)	234911	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Geography)	234921	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Hydrology)	234291	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Hydrology)	234441	4	Yes	No offers made	80	Dip or above	Yes	None
Bachelor of Science (Marine Biology)	234301	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Marine Biology)	234451	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Marine Biology and Aquaculture)	234311	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Marine Biology and Aquaculture)	234461	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Molecular Bioscience)	234321	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Molecular Bioscience)	234471	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Nanotechnology)	234331	3	Yes	70	70	Cert IV or above	Yes	Biomedical nanotechnology: SACE stage two chemistry or equivalent. Quantum nanostructures: SACE stage two chemistry, physics and mathematical methods or equivalent
Bachelor of Science (Honours) (Nanotechnology)	234481	4	Yes	80	80	Dip or above	Yes	
Bachelor of Science (Palaeontology)	224061	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Palaeontology)	224051	4	Yes	80	80	Dip or above	Yes	None
Bachelor of Science (Physics)	234341	3	Yes	70	70	Cert IV or above	Yes	None
Bachelor of Science (Honours) (Physics)	234491	4	Yes	80	80	Dip or above	Yes	None
SOCIAL WORK								
Bachelor of Social Work	224761	4	Yes	70	80	Dip or above	Yes	None
SPORT								
Bachelor of Sport, Health and Physical Activity	224741	3	Yes	65	80	Cert IV or above	Yes	None
Bachelor of Sport, Health and Physical Activity (Outdoor Education)	224111	3	Yes	65	80	Cert IV or above	Yes	Written statement.
BACHELOR OF LETTERS								
Creative Writing, Criminology (Online), English, French, Health, Indonesian, Innovation & Enterprise, Italian, Mathematics, Modern Greek, Spanish, Sports Performance Coaching	Apply at enrolment							

KEY	
Cert IV	Certificate IV or above from TAFE/VET
Dip	Diploma or above from TAFE/VET
Adv dip	Advanced diploma from TAFE/VET
