BEYOND BORDERS...**

SEMESTER ABROAD

PROGRAM DESCRIPTION

This study abroad semester is for students of any discipline who have an interest in other cultures and languages, and who wish to have a deeper learning and life experience. The program combines intensive Spanish language instruction, travel and intercultural learning with a wide range of courses in both English and Spanish, and service learning placements in the community. The program is based in the city of Guayaquil, Ecuador.

WHAT IS INCLUDED?

- Orientation Tour: 3 days of travel beginning in Guayaquil and heading to the coast of Ecuador visiting several communities that are important to the development of the country.
- City Tour and Campus Tour.
- Field Trip: A full day trip to Churute and a chance to experience the coastal ecology of Ecuador.
- Cultural activity with international and local students.
- Homestay with an Ecuadorian family (all meals included).
- Full use of the university's facilities, including sports complex, buses and nurse's office in campus.
- Up to 15 Credits with an international transcript in English.

PROGRAM DATES

Students can choose to study during either Spring or Fall Semester. Spring begins in early January and lasts until late April; Fall begins in late August and finishes in late December. Exact dates are available by emailing: international@uees.edu.ec.

SERVICE OPPORTUNITIES

Students can choose to be placed in a variety of community organisations that work at addressing the pressing social needs in Guayaquil, such as health, nutrition, education, shelter and housing, and environmental protection, or working with the physically and mentally disabled, street children, and other marginalized members of society. Students are placed according to their skill sets and Spanish language level.

REQUIREMENTS

- General Application Documents.
- GPA 3.0.
- Complete 1 assistantship during the semester in the area of preference (Communication, Liberal Arts, Psychology, Medicine, Education, Environmental Sciences, Computer Sciences, Economics and Administration, Architecture and Civil Engineering, Information Technology, Law, International Studies, Hospitality and Tourism).

CO-OP ABROAD

PROGRAM DESCRIPTION

Cooperative Education at UEES provides local and international students with opportunities to alternate terms of academic study and periods of full- time employment related to their academic majors and interests.
