About the program

International Advanced Technology Program is the program launched by College of Engineering of Taiwan Tech. It is a four-year international undergraduate program. All the courses in this program are related to the field of engineering and are taught in English. This program can be generally categorized into two tracks, “Advanced Structure & Intelligent Control” and “Sustainable Chemical & Smart Materials Technology”. The track of “Advanced Structure & Intelligent Control” is majorly supported by faculty members from Mechanical Engineering and Civil and Construction Engineering, and the track of “Sustainable Chemical & Smart Materials Technology” is majorly supported by faculty members from Chemical Engineering and Materials Science and Engineering. In the freshman year, all students are required to take fundamental courses. In the sophomore and junior year, students are required to choose a track to study and take corresponding professional courses. In the senior year, students will focus on internship. Students who finish all the required course work will receive Bachelor of Science degree (B.S) from the College of Engineering of Taiwan Tech.

Application
https://goo.gl/XJ3SdE
System will open on November 1, 2017.
Application Dates

Online Application Opens
1st stage  01, Nov, 2017
2nd stage  Mid of Feb, 2018

Application Deadline
1st stage  08, Dec, 2017
2nd stage  End of March, 2018

Notification
1st stage  29, Dec, 2017
2nd stage  Mid of May, 2018

Living Expense

- **Tuition:**
  4000 USD per academic year
  Besides the courses in Taiwan Tech, you can also take courses from National Taiwan University and National Taiwan Normal University. Pay 4000 USD a year. Enjoy resources from three universities!

- **Dormitory**
  470 USD per academic year
  Dorm rooms provide a bed, cabinet, study table, and chair for each student.

- **Meal & transportation:**
  250 USD per month
  Several facilities on campus offer a variety of types of food, including buffet set menus, noodles, snacks, and special foods. Living in Taipei is really convenient. You can take MRT, bus or ride Ubike.

Documents

1. One ORIGINAL diploma
2. One ORIGINAL transcript in English (including Ranking in class/school).
3. Language Proficiency Test Certificate (Ex: TOEFL, TOEIC, IELTS)
4. One or two Recommendation Letter
