UC is proud to partner with Ngāi Tūāhuriri and Ngāi Tahu to uphold the mana and aspirations of mana whenua.

Information is correct at the time of print but is subject to change.
Nau mai, haere mai,
Welcome to Te Whare Wānanga o Waitaha
University of Canterbury

As you decide where to invest your energy for your academic goals and future career, I am pleased you are considering the University of Canterbury. UC is the second oldest university in Aotearoa New Zealand and we celebrated our 150th anniversary in 2023.

We are ranked in the top 2% of universities and top 100 globally in the THE and QS sustainability rankings. UC is committed to ensuring the inclusion of Māori (our Indigenous peoples) and their knowledge and worldviews. We also have more than 100 nationalities represented through our international student community, thus creating a welcoming and diverse environment.

UC is a special place to study and live; located in New Zealand’s second largest city, Christchurch, we have a park-like campus with the Ōtākāro Avon River meandering through. You will also find affordable housing, a student government that looks after your interests, and the largest number of student clubs of any New Zealand university.

Christchurch the gateway to the South Island’s spectacular and unique geography; you can surf, ski, walk, or bike, with beaches and mountains only 90 minutes apart, and explore food, culture, and more.

Create lifelong friends and build the next steps of your career with us. Experience kotahitanga (togetherness), manaakitanga (caring for one another) and whanaungatanga (relationship/kinship) in a university where people really matter.

We look forward to being part of your journey.

Cheryl de la Rey
Tumu Whakarae | Vice-Chancellor
Established in 1873 as Canterbury College, the University of Canterbury was the second university established in Aotearoa New Zealand. UC was set up differently from many universities of the time: women were admitted right from the start.

Canterbury College was renamed Canterbury University College in 1933 before becoming the University of Canterbury (UC) in 1957.

For the first 100 years, the University was situated in the centre of Christchurch (now the Arts Centre), but moved to its current location in 1975. We are currently located in a spacious, purpose-built 76-hectare site in the suburb of Ilam — like a little city between the sea and the mountains.

The ‘new’ campus has a central complex of libraries, lecture theatres, laboratories, and student accommodation surrounded by playing fields, a river, and the renowned Ilam Gardens.

It also has the most extensive network of research field stations of any university in Aotearoa, including Kaikōura, Cass, Westport, Harihari (South Westland), Aotearoa New Zealand’s premier astronomical research facility at Mount John in Tekapo, the sub-Antarctic Snares Islands, Antarctica, and Nigeria.

“University is an important stage of growth in your life – make the most out of it!”

Legends of UC

From scientists, former prime ministers, journalists, artists to entrepreneurs, many legends have graduated from UC. Many of the buildings on campus are named after accomplished graduates such as Ernest Rutherford, the first person to split an atom and Nobel Prize winner; Beatrice Tinsley, known as the ‘Queen of the Cosmos’ and has a mountain named after her; one of the greatest philosophers of the 20th century Karl Popper; physicist and electrical engineer Jack Erskine, after whom UC’s Erskine Fellowship is named after; Elsie Locke, a writer and historian who fought for women’s rights, nuclear disarmament, social justice, and the environment long before these causes became popular.

Other well-known graduates include leader and politician Sir Āpirana Ngata (Ngāti Porou), a contemporary of Ernest Rutherford, who became the first Māori graduate from a New Zealand university. Portraits of the two legends are on New Zealand’s $100 and $50 notes respectively.

Dame Ngaio Marsh and Rita Angus, graduates of UC, are important artists. Dame Ngaio is known as a “Queen of Crime” novelist and an actor; and Rita, a pioneer of modern painting known for showcasing her love of humanity in her art. Inspired by Dame Ngaio Marsh is UC alum Sam Neill. You would recognise him from the original Jurassic Park movies and many other big Hollywood projects.

Anthony Wilding, former world no. 1 tennis player and winner of 11 Grand Slam titles, was considered to be the world’s first tennis superstar. He was killed in action during World War I.

Besides our legends, we have other notable alumni from the 21st century, including recent graduates.

canterbury.ac.nz/alumni/our-alumni
As an international student, you will experience all that Aotearoa New Zealand has to offer, from breathtaking landscapes to dynamic cities, and unlimited outdoor adventure.

**Why Aotearoa New Zealand?**

*NEW ZEALAND IS...*

1st South Island is ranked best place in the world to visit*

2nd most peaceful country**

11th in the world for natural environment*

18th in the world for education*

---

** Global Peace Index, 2022.
* Legatum Prosperity Index, 2021.
Why Ōtautahi Christchurch?

Ōtautahi Christchurch is Aotearoa New Zealand’s most affordable major city. It is in the iwi region of Ngāi Tahu, is the largest city in the South Island, and the second largest in the country.

Ōtautahi Christchurch has transformed itself into one of the world’s most modern and sustainable cities, through its strong partnership with Ngāi Tūāhuriri as mana whenua. Mana whenua refers to the mana (authority) held by the local hapū or iwi (tribe) over the land or particular area.

The landscape now includes many cultural narratives of the region in its city streets, spaces, and buildings.

Christchurch is a city that makes time and space for play, because play, all kinds of play, takes us to the path leading everywhere we want to go:

- to innovation and recreation
- to serendipity and wonder
- to the future the world wants, needs, craves.

To wellbeing. To harmony. To a balanced life.

**What sets Ōtautahi Christchurch apart?**

You are in a city teeming with entrepreneurial spirit — for future-focused, sustainable businesses and people who want to do things differently.

You will find:

- New infrastructure
- Low traffic congestion
- Favourable rent-income ratio
- Affordable housing
- A collaborative, innovative community
- A strong education sector
- Social enterprise
- Meaningful work and balanced lifestyle.

**CHRISTCHURCH IS...**

| 2nd largest city in New Zealand |
| 11% cheaper than Wellington to live* |
| 15% cheaper than Auckland to live* |
| 1#1 largest inner city park in the southern hemisphere |

---

* [christchurchnz.com](http://christchurchnz.com)
Digital City

Ōtautahi Christchurch leads the way in innovation, research, and technology, and is home to the country’s 2nd largest tech sector. Our graduates are highly sought after and we have an increasing skill shortage in this sector.

The Canterbury economy is growing at a higher rate than the national average. We have a current and long-term skills shortage of over 50,000 workers by 2030.

Future Growth Industries

Sectors with global growth opportunity

Sectors where Canterbury has a competitive advantage, opportunity of scale, and value chain collaboration.

- Aerospace and Future Transport
- High Tech Services
- Health Tech and Resilient Communities
- Food, Fibre, and Agritech.

“New Zealand offers a great learning environment with a beautiful surrounding that can help keep minds relaxed.”

Syaida

Master of Applied Data Science
Tourism Economic Analyst, ChristchurchNZ
Life in Christchurch

In Christchurch, there’s always a way for students to be part of something exciting — home to multinationals and future growth industries: aerospace and future transport, health tech and resilient communities, food and agritech, and IT.

Modern facilities
There are a range of facilities to support your study at UC:
• over 1.9 million research items in UC’s three libraries
• computer suites that are open 24–7
• modern lecture theatres and innovative learning hubs
• online portal and interactive resources
• well-equipped laboratories, including the Canterbury Engineering the Future (CETF) precinct and the Rutherford Regional Science and Innovation Centre (RRSIC).

Hands-on experience
Many of our courses offer workplace internships, community engagement, and access to world-class field stations like Cass field station and the Mount John observatory.

World-class academics
UC’s academic staff are well known in their fields and often write the textbooks you will study. We also bring in academics from universities around the world, including Oxford and Cambridge, via our staff exchange programme.

Cutting-edge research
UC has a raft of cutting-edge research facilities, including:
• Biomolecular Interaction Centre
• Gateway Antarctica: Centre for Antarctic Studies and Research
• Human Interface Technology Laboratory (HITLabNZ)
• MacDiarmid Institute for Advanced Materials and Nanotechnology
• New Zealand Institute of Language, Brain and Behaviour
• NZi3
• Social Science Research Centre
• Waterways Centre for Freshwater Management.

The University operates field stations in Cass, Westport, Harihari, the sub-Antarctic Snares Islands, and Antarctica; and Aotearoa New Zealand’s premier astronomical research facility at Mount John, famous for its clear southern skies.

These facilities mean that UC offers research opportunities in the field that no other New Zealand university can match.

“I chose to study at UC because I want to find a place to figure out what’s for me in the future. I wanted to be studying at a place that allows a good degree of freedom but provides all the necessary support I need.”

Be part of the exciting transformation in the digital screen industry!

The digital screen sector is rapidly growing, in areas such as virtual production, 3D storytelling, virtual and augmented reality, and more. UC’s Bachelor of Digital Screen with Honours is an applied, four-year degree with a key focus on storytelling, whether it is with words, still or moving images, animated graphics, or sound. During your degree, you will work on collaborative projects with other students to build a portfolio of work to give you a headstart in your career.

You will have access to high-tech facilities and industry standard tools. Including editing suites, motion capture studio, and digital filmmaking technology.

The Bachelor of Digital Screen with Honours will equip you with the core foundations required to join the film and game industry! canterbury.ac.nz/study/qualifications-and-courses/bachelors-degrees/bachelor-of-digital-screen-with-honours

Career pathways

As a successful graduate of the Bachelor of Digital Screen with Honours, you will finish your study with a portfolio of work to show future employers. Career options include:

- Game Engine Programmer
- Automation Engineer
- Film Producer
- Character Animator
- Screenwriter
- Sound Engineer.
UC Business School offers you the opportunity to gain internationally recognised qualifications with courses underpinned by research in a vibrant learning environment.

**Global experiences**
UC Business School offers many opportunities for international experiences, like spending a semester abroad at one of our partner universities through the UC Global Exchange programme, participating in an overseas study tour or short course, or joining a virtual or on-campus experience.

canterbury.ac.nz
/business/global-opportunities

**Practical learning**
You will be able to participate in business challenges with real-life cases for local organisations, or create a startup with the support of the UC Centre for Entrepreneurship. Project-based courses and internships will let you connect with businesses and other organisations. Competitions and inter-university business challenges develop your entrepreneurial, project management, and teamwork skills.

**Support**
UC Business School supports international students by offering personalised support, and tailored programmes designed to help students build connections and succeed academically and professionally.

### Postgraduate programmes

As a postgraduate student at UC Business School, you will interact closely with supervisors and lecturers, plus have the opportunity to engage with guest lectures and presentations by business leaders, innovators, and entrepreneurs.

Our options are developed to support both students with a commerce degree and those from other areas of study.

### Conversion programmes

- **Bachelor of Commerce with Honours**
  - Further your expertise in your chosen major, and explore specialist topics that can lead to entry to master’s programmes by thesis. (C+R)
  - Feb 1 year 120 $35,100

- **Graduate Diploma in Commerce**
  - Complete advanced undergraduate commerce courses in a new subject area and transition to research-based postgraduate study. (C)
  - Feb or July 1 year 120 $34,000

- **Postgraduate Diploma in Business**
  - Gain knowledge and skills that you can apply to graduate positions across a wide range of industries. It is a pathway qualification to the Master of Business or Master of Professional Accounting. (C)
  - Feb or July 1 year 120 $35,000

- **Postgraduate Diploma in Business Administration**
  - The diploma includes eight core courses from the Master of Business Administration programme. Transfer to the Master of Business Administration is available for those students who complete the PGDipBA with a B average or higher. (C)
  - Feb or Sept 1 year 120 $39,000

- **Postgraduate Diploma in Business Information Systems**
  - Gain skills leading to roles in information systems-related industries. It is a pathway into the Master of Business Information Systems. (C)
  - Feb or July 1 year 120 $35,000

- **Postgraduate Diploma in Information and Systems Technology**
  - This qualification allows you to further explore Information Systems either to deepen your knowledge in the area or to prepare yourself for further research in this area. (C)
  - Feb or July 1 year 120 $35,000

### Executive programmes

- **Master of Business Administration**
- **Postgraduate Diploma in Business Administration.**

### Research programmes

- **Bachelor of Commerce with Honours**
- **Master of Commerce**
- **Doctor of Philosophy.**

Education and Teaching. Youth and Community Leadership

UC is committed to excellence in teacher education, educational studies, and youth and community leadership. We will equip you to make a positive difference in the lives of children and adults, and their communities.

Practical learning
As part of your learning experience at UC, you will undertake professional practical placements to build teaching and management skills, and connect with students and community.

Learn from the best
Our lecturers are national and global leaders and we lead with Aotearoa New Zealand and international research on student engagement in learning; education leadership and policy; development for teachers; children’s language and literacy learning; and culturally responsive practices, inclusivity, and equity in education and e-learning.

Innovative teaching-learning environments
Understand how digital technologies can be best used to create student-centred practices that enhance student learning.

UC Education has been training teaching and educational professionals for over 135 YEARS

Undergraduate programmes

Teacher Education
We offer teacher education programmes at undergraduate and postgraduate levels that allow you to apply to become a certified teacher in New Zealand.

Ako: Bachelor of Teaching and Learning
The Ako: Bachelor of Teaching and Learning has the following endorsements:

- Early Childhood Education
- Primary Education.

These endorsements are internationally recognised, giving you options to work abroad after graduating. Professional placements and the opportunity to take te ao Māori courses in each endorsement allows you to build bicultural knowledge and competence in teaching practices. The programme meets the requirements to apply for provisional teacher registration with the Teaching Council of New Zealand.

Graduate diplomas
We also have two graduate diploma options that can allow you to apply to become a certified teacher in New Zealand:

- Graduate Diploma in Teaching and Learning (Early Childhood)
- Graduate Diploma in Teaching and Learning – endorsed in Primary or Secondary education.

These are one-year, undergraduate programmes that are available if you already have a bachelor's degree. See application information at canterbury.ac.nz/education/qualifications-and-courses/teacher-education/guide-to-applying

Applications
All applications for teaching qualifications close on 31 October. Many of our teaching qualifications have a limited capacity for places and applications may close earlier if this capacity has been reached.

“I decided to study Early Childhood Education at UC because UC Education is well known both nationally and internationally for its high-quality education and outstanding lecturers.”

Engineering, Forestry, and Product Design

Founded in 1887 as the first school of Engineering in Aotearoa New Zealand, UC Engineering is internationally recognised for excellence in teaching and research, and high calibre graduates.

As well as its elite ranking in Civil and Structural Engineering, UC Engineering offers innovative programmes tailored to careers in the real world, with study options in different types of Engineering plus our unique qualifications in Global Humanitarian Engineering, Forestry Science, and Product Design. UC has close links with numerous local companies, which presents the opportunity for students to work alongside them and gain vital ‘on the job’ experience as part of their study.

Undergraduate programmes

Bachelor of Engineering with Honours

A UC Engineering degree is fully accredited by Engineering NZ, meaning it is benchmarked with other engineering programmes worldwide. Our programme is internationally recognised — a ticket to a career that can take you around the world. The first year is comprised of nine courses — one fees-free course and eight courses which vary depending on which discipline you want to specialise in. Your first year is followed by three years of study in one of the Engineering disciplines. Entry into the disciplines is limited and based on your performance in the first year(s).

Disciplines

- Chemical and Process Engineering
  Minors: Bioprocess Engineering, Environmental Process Engineering, Sustainable Energy Engineering

- Civil Engineering
  Minors: Structural Engineering, Water and Environmental Systems Engineering

- Computer Engineering
  Minor: Communications and Network Engineering

- Electrical and Electronic Engineering
  Minor: Power Engineering

- Forest Engineering

- Mechanical Engineering
  Minors: Aerospace Engineering, Biomedical Engineering

- Mechatronics Engineering

- Software Engineering

Practical work is a key component of the degree with regular field trips and 90 days of work experience undertaken in the forestry industry.

Postgraduate programmes

UC offers both coursework and research-based qualifications and doctoral degrees. Our award-winning lecturers and researchers, in topics from earthquakes to renewable energy, are among world leaders in developing new technology and responses.

Students also benefit from our strong industry links to establish their professional network.

Key Research centres include:

- Electric Power Engineering Centre (EPE Centre)
- Human Interface Technology Laboratory (HIT Lab NZ)
- Wireless Research Centre
- Spatial Engineering Research Centre
- UC Quake Centre
- QuakeCORE
- Wood Technology Research Centre.

“\[The reason I chose UC is that I am able to study in more detail the project management field. UC helped me make a soft-landing. While studying construction management at UC, I was able to learn about the construction industry situation in NZ, and connect my prior knowledge with NZ’s codes and standards. It is very helpful to me working in NZ.\]”

Jongmin
Korea
Master of Civil Engineering with an endorsement in Construction Management

| Master of Architectural Engineering       | A practice-focused taught Master's degree for students to gain professional, work-ready, collaborative building design skills, and advanced training in selected technical areas of building design. This degree also caters for practitioners wanting to upskill. (C) The degree can be endorsed in:  
• Building Services and Energy Engineering  
• Integrated Building Design  
• Structural Engineering.                                                                                                          | Feb or Aug | 1 year   | 120    | $48,000      |
| Master of Civil Engineering               | This is a taught postgraduate programme that enhances an engineer’s knowledge and skills, improving their prospects for career progression. (C) Ten endorsements are offered in:  
• Construction Management  
• Earthquake Engineering  
• Geotechnical Engineering  
• Renewable Energy  
• Structural Engineering  
• Structural Fire Engineering  
• Transportation Engineering  
• Water Engineering. MCivilEng also includes an Indigenous Consultation and Engagement workshop.                             | Feb      | 1 year   | 120    | $48,000      |
| Master of Engineering                     | The ME is an endorsed research degree that aims to provide a research-focused learning environment where you can develop your independent problem-solving skills through supervised research.  
• Bioengineering (R)  
• Chemical and Process Engineering (R)  
• Civil Engineering (C+R)  
• Construction Management (C+R)  
• Earthquake Engineering (C+R)  
• Electrical and Electronic Engineering (R)  
• Mechanical Engineering (R)  
• Software Engineering (R)  
• Transportation Engineering (R).                                                                                                      | Varies – see website | 1–3 years | 120–165 | $48,000 (120 points) $66,000 (165 points) |

Health is becoming more about wellness and prevention, with a stronger focus on community. Sport is now more professional, and not just about performance but wider participation — ultimately, it is all about people.

At UC, we recognise this shift, and prepare you for diverse roles, from frontline nurses; psychologists; sports coaches; and health promoters, policy, and management. If you want to make a difference in your community, this study area is for you.

Why UC

- **Actively engaged lecturers** take an interprofessional approach to teaching and engage with national and international experts from a range of health and sport disciplines.
- **Designed for the future** – UC's multidisciplinary approach allows you to develop the skill sets that employers are seeking: collaboration, cultural responsiveness, and innovation. The time you spend in internships, practice clinics, labs, and gyms prepares you well for the workforce.
- **State of the art facilities** – Our Sports Science, Biomechanics, and Strength and Conditioning laboratories provide you with a dynamic environment filled with sport-related technologies, testing, and performance equipment.

Undergraduate programmes

Bachelor of Health Sciences

Key highlights:

• Smaller classes mean academic staff can work closely with you to help you achieve your goals.

• Option to study a minor from subjects across Arts, Commerce, Health Sciences, Science, Sports, and Youth and Community Leadership.

• Successful completion of the Public Health major means you meet the generic public health competencies and the health promotion competencies endorsed by Health Promotion Forum of New Zealand.

Major subjects

- Health Education
- Physical Activity (minor)
- Psychology
- Public Health
- Maori and Indigenous Health
- Society and Policy (minor)

Bachelor of Sport*

The Bachelor of Sport is a 3-year programme which offers a blend of practice and theory covering all aspects of sports and allows you to put your skills into practice with a 120-hour internship in your final year.

Subjects

- Marketing and Management (major only)
- Nutrition (Minor only)
- Performance Data Analysis
- Physical Activity and Wellbeing
- Sport Coaching (Minor only)
- Sport Coaching and Physical Education (Major only)
- Sport Management (Minor only)
- Te Ao Hākinakina

Postgraduate programmes

UC offers a variety of interdisciplinary postgraduate options that include clinical and non-clinical programmes. Increasingly, employment in the health sector requires postgraduate qualifications, particularly for senior roles.

The Health Precinct – Manawa
Manawa is a world-class hub for health education, research, and innovation, bringing together a network of researchers, students, and clinicians. A collaboration between UC, Ara Institute of Canterbury, and Te Whatu Ora – Health New Zealand Waitaha Canterbury, Manawa is part of Christchurch’s Te Papa Hauora Health Precinct. Guest lectures, workshops, and seminars are held in Manawa each year, placing our academics at the forefront of the health sector.

Law

UC Law is one of Aotearoa New Zealand’s leading law schools – consistently ranking in the top 200 law schools worldwide – and combines academic and practical legal skills.

We have a strong reputation in traditional areas of law and offer innovative courses investigating the ways law intersects with Antarctica, the media, sport, and medicine. Our unique Criminal Justice qualifications also have a strong vocational focus, and can lead to careers in law enforcement, corrections, offender rehabilitation, working with young offenders, criminal law, security, and border control.

“I choose UC for its strong academic reputation.”

Eric
Malaysia
Bachelor of Laws
Associate, Layburn Hodgins Barrister and Solicitor

MORE

UC Law has been producing outstanding legal graduates for 140+ years

UC Bachelor of Criminal Justice degree is the 1st of its kind in Aotearoa New Zealand

UC Law is ranked in the Top 250 worldwide*

* QS World University Rankings by subject 2023.
Undergraduate programmes

Bachelor of Laws (LLB)
The Bachelor of Laws degree (LLB) is a professional 4-year degree. The content of the compulsory courses is prescribed by the New Zealand Council of Legal Education (NZCLE) and meets the criteria set by this organisation for courses of study that qualify for the examination and practical legal training of persons wishing to be admitted as barristers and solicitors in Aotearoa New Zealand.

In the first year, you will study two core courses designed to teach you about the legal systems in Aotearoa and build your foundational skills in legal research and writing. With good grades in LAWS101 and LAWS110 (normally at least a B), you can advance into 200-level Law courses, all of which are subject to limited entry.

From third year, you will be able to customise your study to focus on different areas of the law, including:
- Corporate and Commercial Law
- Criminal Justice and Rights
- Employment and Dispute Resolution
- General Legal Practice
- Media Law
- International Law
- Property and Resources
- Constitutional Law.

You will also need to also study five non-Law courses in the first year of your degree.

Bachelor of Criminal Justice
Bachelor of Criminal Justice is a 3-year programme which involves understanding the law and psychology behind crime, its causes, and the treatment of convicted offenders. UC is the only University in New Zealand that offers a degree in criminal justice with innovative practical teaching.

“The Law degree at UC is great as the lecturers are the authorities for their respective legal fields in NZ.”

Santanna
Malaysia
Bachelor of Laws
Corporate Finance Solicitor, Holland Beckett Law
Postgraduate programmes

UC offers a wide range of opportunities for postgraduate studies and is ranked as one of the world’s top 250 law schools. UC Law has a strong reputation in the fields of international law and governance and offers a master’s programme in International Law and Politics.

Master of Laws

The LLM by thesis gives you the flexibility to thoroughly research an area of particular interest. A thesis is a significant piece of research of 40,000 to 50,000 words. LLM students develop in-depth expertise in particular fields of legal specialisation, broaden their knowledge in a range of legal subjects, and combine law study with related disciplines. You will get the chance to undertake research under the supervision of expert staff in the Law team. You must have qualified for the degree of Bachelor of Laws with a minimum B+ grade average.

Master of Laws (International Law and Politics)

The LLM(IntLaw&Pols) is a one-year programme designed for Law graduates to meet a growing interest in multi-disciplinary study in international law and politics. Our graduates work for international organisations such as the United Nations, government departments such as foreign ministries, international law firms, and international non-governmental organisations. Students take courses in international law and international politics plus a dissertation.

Science

UC’s convenient location provides a living laboratory for our science students’ work. Lab and field work can be part of your studies from day one.

Purpose-built facilities
As well as extensive science laboratories, research hubs and field stations, UC has:
- A Regional Science and Innovation Centre
- On-site clinics
- 24-hour computer labs
- An Engineering and Physical Sciences library.

Learn in the field
UC Science has more field stations than any other New Zealand university, with more than 30 field trips each year.
- Our courses make extensive use of our field stations in Cass, Harihari, and Westport.
- We operate New Zealand’s leading astronomical observatory at Mount John.
- UC Science also runs an experiential weekend as part of UC’s Study Abroad programme, you’ll have the opportunity to discover Aotearoa New Zealand’s spectacular South Island.
- UC also has research connections with Antarctica and Nigeria.

**Bachelor of Science**

The 3-year Bachelor of Science degree is flexible and allows you to mix and match across a range of subjects. You can choose from 18 Science majors and many more minors and courses from other subject areas to give you the opportunity to design your own future.

“Financial Engineering caught my attention immediately. It was not a traditional major, indeed it was quite a new major and was only offered at UC.”

Aerinn

Vietnam
Bachelor of Science in Financial Engineering
Deal Advisory Analyst, KPMG
Bachelor of Speech and Language Pathology with Honours

The BSLP(Hons) is a highly regarded, professional degree accredited by the New Zealand Speech-language Therapists’ Association (NZSTA). Students have the opportunity to work with people of all ages at clinics on campus, nationally, and overseas. Fieldwork accounts up to 50% of your coursework depending on the year of study. Entry into the professional years of the degree is limited based on your grade point average from year 1, a personal statement and interview, and your fluency in English.

Bachelor of Data Science

The first year of your degree includes introductory courses in programming, mathematics, statistics, and computer science. You will also do hands-on lab work and group projects. In the final year, you also complete a research project aimed at solving a particular industry or community problem.

Majors

- Bioinformatics
- Business Analytics
- Computational Linguistics
- Data Science
- Population Health Data Science
- Spatial Data Science

Bachelor of Environmental Science with Honours

The Bachelor of Environmental Science with Honours is accredited by the Environment Institute of Australia and New Zealand (EIANZ). It is a career-focused degree that will prepare you with the knowledge and skills to solve environmental and global sustainability challenges.

Majors

- Ecosystem Health and Biosecurity
- Environmental Change
- Environmental Contamination
- Environmental Hazards and Disasters
- Freshwater
- Sustainable Coasts

Getting to UC
Am I eligible?

Studying towards a university qualification will be one of the most exciting challenges you will ever face. At UC, we can help you reach your goals.

How do I gain admission to UC?
There are two main entry requirements to get into UC:
• English language entry requirements
• Academic entry requirements.

Approved English language test scores for entry to UC

<table>
<thead>
<tr>
<th>To study at UC...</th>
<th>IELTS (Academic)</th>
<th>TOEFL (IBT)</th>
<th>English for Academic Purposes (EAP) at CCEL</th>
<th>PEARSONS (Academic)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate programmes*</td>
<td>6.0 overall (no section &lt; 5.5)</td>
<td>80 overall with 19 in RD, WR, LS</td>
<td>EAP 2 grade C+</td>
<td>Overall score of 50 (no section &lt; 42)</td>
</tr>
<tr>
<td>Graduate Diploma and postgraduate programmes**</td>
<td>6.5 overall (no section &lt; 6.0)</td>
<td>90 overall with 19 in RD, WR, LS</td>
<td>EAP 2 grade B+</td>
<td>Overall score of 58 (no section &lt; 50)</td>
</tr>
</tbody>
</table>

* Some programmes may require higher test scores. For example, students need to give proof of an IELTS (academic) result (or approved equivalent) of at least 7.0 overall, with no band score below 7.0, for entry into teacher education programmes.

English language entry requirements
Before starting your degree at UC, you need to provide evidence of your English skills. You have met the language requirements if you have:
• National Certificate of Educational Achievement (NCEA), Cambridge International Examinations (CIE), or International Baccalaureate (IB) qualifications that meet the New Zealand University Entrance (UE) standard literacy requirements for admission.

• an overseas entrance qualification from a country where the main language is English and the instruction for the qualification was also in English.

If you do not have the above, you will be required to perform well in one of the approved English language tests listed.

Pathways to UC

Pathway diagram

English Pathway to UC

CCEL (Christchurch College of English Language)
Courses are delivered on campus in Christchurch. Programmes include General English, IELTS Preparation, and English for Academic Purposes (EAP).
Students who successfully complete an EAP 2 programme at CCEL (and meet University of Canterbury’s (UC) academic entry requirements) may transfer to UC’s degree programmes.
cel.co.nz/courses/academic/english-for-academic-purposes-eap

Academic pathways to UC

UC International College (UCIC)
UC International College (UCIC) delivers direct and exclusive pathways for international students to the University of Canterbury. UCIC is proud to be celebrating 10 years of partnership with the University of Canterbury and 10 years of supporting international students in achieving success in their studies and beyond. All UCIC programmes are delivered on the University campus, giving students a university experience from day 1 of their journey. Upon successful completion of their UCIC programme, students will transfer into the first or second year of their UC degree. UCIC programmes are moderated by UC to ensure the highest academic quality.
UCIC offers a fully integrated pathway experience for international students.

Foundation Studies Certificate
The Foundation Studies Certificate (FSC) allows students to enter into the first year of any UC bachelor’s degree.

University Transfer Programme
The University Transfer Programme (UTP) allows students to transfer to Year 2 of their UC degree programme.
UCIC students can:
• live in halls of residence
• access UC resources including libraries, computer labs, recreation facilities, on-campus accommodation (for students 18 years or older), health services, and career services
• be part of a diverse and vibrant student community
• have access to 160+ student clubs
• be given academic and personal support to reach goals
• learn in small classes, complemented by small group tutorials and workshops
• receive extra academic contact to better understand each course
• experience exceptional standards of teaching, with courses that are delivered by highly qualified academics.
Visit ucic.ac.nz to find out about the Foundation Studies Certificate and University Transfer programme (UTP) or please contact admissions@ucic.ac.nz

Postgraduate qualifications

With 120+ qualifications available in 150 subjects, we are likely to have a graduate or postgraduate qualification that suits your interests and goals.

Graduate Diplomas
Most graduate diplomas enhance the value of your undergraduate degree, or be a first step to a new career or further study. Graduate studies typically involve taking advanced undergraduate courses.

Some graduate qualifications, for example the Graduate Diploma in Teaching and Learning (Early Childhood), are professional qualifications that prepare you for a specific career.

Honours degrees
Honours degrees are often a pathway to further study: if you complete one to a satisfactory standard then you may be able to progress to a master’s degree by thesis only. It is typically taking one year of full-time coursework which will include a research component.

Postgraduate diplomas
These qualifications develop higher level understanding and specialist skills, often in the same area as your first degree (and in some instances count prior professional experience for entry consideration).

Master’s degrees
UC offers three types of master’s degrees:
• research master’s
• coursework (“taught”) master’s
• a combination of both.

A research master’s degree advances your knowledge, and enables you to conduct a significant piece of independent research (with supervision). If you are intending to conduct research, you should investigate potential supervisors before applying to study at UC.

PhD
Enrolment in a PhD requires completion of a research-focused honours or master’s degree, at First or Second Class (Division I) Honours or Distinction level (or equivalent qualifications).

“It’s very supportive, and I think that’s why I stayed at UC for my PhD. Normally in linguistics they encourage you to do your PhD elsewhere, but I’ve got such good relationships with everyone from the department lecturers and advisors through to the admin staff, I wanted to finish my linguistics studying journey here.”

Sidney
PhD in Linguistics
Scholarships

UC offers International First-year Undergraduate Scholarships to top-achieving international students.

- UC First year International undergraduate scholarship up to $15,000.
- UC Engineering International Scholarship $15,000.

You may also be eligible for many other scholarships and awards for high achieving candidates such as:

- the UC Dean’s Award
- Fast Track Award (canterbury.ac.nz/business/international-students/international-student-awards)
- South East Asia Award.

To find out more, please contact the International Relationships Office at iro@canterbury.ac.nz

For a full list of scholarships, including master’s and doctoral study, visit canterbury.ac.nz/get-started/scholarships

UC International Mobility Inbound Study Abroad Award

If you are already studying at an overseas university but would like to study with us as a non-degree student for one or two semesters on UC’s Study Abroad programme, a number of UC Study Abroad Awards are available. For details, refer to canterbury.ac.nz/study/study-abroad-and-exchange/study-abroad

To find out more, visit canterbury.ac.nz/get-started/scholarships/types/doctoral-scholarships

*International PhD students are eligible to pay domestic tuition fees if they are studying and living in Aotearoa New Zealand. International fees will apply for international PhD students if they are studying away from Aotearoa for more than 365 days during their PhD tenure (COVID allowances are currently in place).

Additional compulsory fees (2022)

| Fee Type | Cost |
|——— | ———— |
| Student Services Levy* | $992.40 (120 Points in 2023) |
| Studentsafe University insurance† | $750, 2023 rate insurance |

* See canterbury.ac.nz/get-started/fees/student-services-levy

† Insurance is required for all international students studying in Aotearoa New Zealand. If you do not want Studentsafe-University insurance you must arrange approved insurance that meets the minimum requirements for a travel and medical insurance policy – see page 52 and canterbury.ac.nz/international/how-do-i-enrol/prepare-for-your-move-to-nz/insurance

Costs per academic year (Feb–Nov)** – example only

| Item | Cost |
|——— | ———— |
| Bachelor of Commerce programme (two semesters) | $35,100 |
| Student Services Levy (120 points) | $992.40 |
| Insurance | $750 |
| Accommodation in halls of residence | $20,973 |
| Textbooks and supplies (varies with programme) | $1,000 |
| **TOTAL COSTS** | $58,815.40 |

** Costs will vary depending on course selection and lifestyle. canterbury.ac.nz/get-started/fees
Visas and insurance

Student visa
International students who study in Aotearoa New Zealand for longer than three months must have a student visa. When your UC application is approved, you will need to contact Immigration New Zealand to apply for your student visa. If possible, you should try to apply three to four months before your classes begin.

Full details of student visa requirements, financial requirements, rights to employment in Aotearoa while studying are available from Immigration New Zealand.

immigration.govt.nz

Part-time work on student visa
You may be allowed to work part-time for up to 20 hours a week and full-time during all scheduled holidays and the Christmas and New Year holiday period if you meet the visa conditions stated by Immigration NZ. Please refer to the Immigration New Zealand website for more information:

immigration.govt.nz/new-zealand-visas/options/study/working-during-after-your-study/working-on-a-student-visa

Post Study Work Visa
If you successfully completed a programme at University of Canterbury, you may be eligible for a Post Study Work Visa. The duration of your visa varies and is subject to change. For the most up to date information, visit immigration.govt.nz

Medical and travel insurance
Most international students are not entitled to publicly-funded health services in Aotearoa New Zealand, so it is important you have insurance.
To enrol at UC, having medical and travel insurance while studying is a legal requirement under the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.

health.govt.nz

Pre-existing medical conditions
Pre-existing medical conditions are conditions that you have before you enrol in the plan and can include conditions you were aware of, but did not seek treatment for. These conditions are not automatically covered by Studentsafe-University so you must apply to the insurer and receive notice of acceptance of such condition(s). You can apply for cover by completing an online medical risk assessment form.

Dental treatment
Dental treatment in Aotearoa New Zealand is expensive and is generally not covered by insurance. However, UCSA has subsidised dental care for all enrolled students.

ucsa.org.nz/student-support

See insurance options at canterbury.ac.nz/international/how-do-i-enrol/prepare-for-your-move-to-nz/insurance

The Accident Compensation Corporation (ACC) provides accident insurance for everyone — Aotearoa New Zealand citizens, residents, and visitors — but you may still be liable for some medical and related costs.

acc.co.nz

Studentsafe-University insurance
You can purchase the Studentsafe-University policy when you complete your enrolment. This insurance cost will be added to your enrolment fees.

The policy meets the standards of the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.

It covers students intending to enrol at UC from the time they leave home (up to 31 days prior to enrolment). The policy covers transit stopovers, but does not cover stopovers that are holidays.
Live — Learn — Thrive
Support services

At UC, we foster manaakitanga (support), whanaungatanga (connecting through shared experiences and working together), and tiakitanga (caring).

Code of Practice

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 is designed to guide institutions in their practice, and protect international students when they study in Aotearoa. UC, a signatory to the Code, is required to meet the standards set by the government.

Read the full code of practice at nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code

How can UC help you?

Te Pātaka

Te Pātaka, UC’s student services hub, is the first place to visit if you have a question or need help with something while you are studying at UC. Te Pātaka is a one-stop-shop of resources for students that is visible from the moment you enter the Central Library. Te Pātaka offers an abundance of resources, support, and information that will ensure you succeed and excel throughout your academic journey at UC.

canterbury.ac.nz/support/te-pataka

Academic Skills Centre (ASC)

ASC is a free service that helps students with writing and study. It helps you get a handle on how to complete assignments, receive grammar help, and offers workshops and seminars. If you need help adjusting to study in New Zealand, the ASC is a great starting point.

Rainbow support

We have a Rainbow Advisor on campus, plus other supportive staff, who can connect you with other students.

canterbury.ac.nz/support/get-support/lgbtqi

The first thing you should do if you have any concerns with your UC experience is to contact Student Care, University of Canterbury Students’ Association (UCSA), or the University Grievance Coordinator to discuss your concerns and options.

If your concerns are not resolved by UC, you can get help from NZQA, who provide an independent assessment of your complaint.

nzqa.govt.nz
E: code.enquiries@nzqa.govt.nz
T: 0800 697 296

If your concern is about a financial or contractual dispute (like tuition fees), you can contact Student Complaints at istudent.org.nz or 0800 00 66 75. This is a free, independent service for full-fee paying international students.

E: code.enquiries@nzqa.govt.nz
T: 0800 697 296

Support services
Mentoring
When you join UC’s mentoring programmes, you will be matched with a mentor who is studying similar subjects to you. Mentors will help you adjust to life on campus, and you can talk to them about your experiences and studies at UC.
canterbury.ac.nz/mentoring

Student Care
Student Care is your international student support team when you are on campus. Contact us when you need advice on personal wellbeing, cultural transition, visa, and any questions you might have. The service is confidential, and any further referral will be made with your knowledge and consent.
canterbury.ac.nz/support/needtotalk

UC Rec and Sport
The UC RecCentre is free to all students. Simply sign up online and your Canterbury Card becomes your membership card to access awesome group fitness classes, the climbing wall, squash or basketball courts, or get moving in the cardio and weight training areas (some programmes and hires incur extra charges).
canterbury.ac.nz/ucreccentre

UC Clubs
With over 160+ clubs and societies, UC has the most active clubs of any New Zealand University. The UCSA plays a key role in your UC experience and provides a wide range of services.
Some featured clubs include:
• Student Volunteer Army (SVA)
• Asian Kiwi Society
• UC Aerospace Club
• Animesoc
• Canterbury Malaysian Students’ Association (CMSA)
• UC Global Society (UCGS)
• Global China Connection Canterbury
• University of Canterbury Global India Reach
• UC French Society
• K-Soc (Korean Society).
ucsa.org.nz/clubs

UC Careers
Our staff are professionally qualified and experienced career consultants and recruitment specialists who are here to help students and recent graduates with:
• career development
• CV and cover letter writing
• interview practice
• one-on-one appointments.
canterbury.ac.nz/careers

UC Diversity Champions
This team understands diversity, equity, and differently-abled matters and is here to make your experience as inclusive as it can be. You can talk to them openly.
canterbury.ac.nz/support/equity

At your orientation, you will find out about the support available to you throughout your studies. Some of these are:
• equity and disability support
• health centre
• recreation centre
• the student association.
For a full list of support services, go to canterbury.ac.nz/support/get-support
Where will I live?

UC has over 2,700 rooms on campus accommodating students of all ages and level of study. Living amongst Kiwi students, we value the diversity and knowledge you bring to our student community.

We recommend you apply for accommodation as soon as you accept your offer to study at UC.

Your home away from home

With support services and staff on hand, we aim to make your transition to Aotearoa New Zealand life as easy as possible. Most rooms are single occupancy with a small number of self-contained units for couples.

All halls of residence provide:

- a fully-furnished room with a bed, desk, chair, wardrobe, and bookshelf
- heating and power included in fees
- unlimited wi-fi for UC students
- study areas and academic tutorials for first-year students
- social events and activities
- Taurima/Residential Assistants supporting you throughout your stay
- dining facilities or furnished apartments with kitchens to self-cater
- laundry and bathroom facilities
- limited car parking and bike storage

UC has agreements with specialist accommodation providers to manage all aspects of your accommodation experience. Your contract is directly with your hall of residence.

Arrival in Christchurch

Ensure you have booked accommodation before arriving in Christchurch. Check our website for information on arranging transport to your accommodation.

View your room online

Videos and 360 panoramas of all halls of residence are available to view on our website at canterbury.ac.nz/life/accommodation/halls/360-panoramas

Other accommodation options

Students under the age of 18 on arrival must apply for homestay, a fully-catered hall of residence, or live with a designated caregiver. For homestay information, see canterbury.ac.nz/life/accommodation/homestay-and-private-board

Accommodation on campus is limited for couples and families. For further information, see canterbury.ac.nz/life/accommodation/couples-and-families
Next steps

To secure your place at UC, simply follow the steps below.

1. Choose your qualification

UC offers more than 120 different qualifications across many academic fields of study. canterbury.ac.nz

2. Check your eligibility

Before you can enrol at UC, you must meet UC’s admission and English language requirements. Please visit checkwhatyouneed.canterbury.ac.nz. If you are unsure, email international@canterbury.ac.nz

3. Get advice from an expert

Before applying, it is wise to consult with a UC representative. They can give you advice about qualifications, admissions, visas, fees, accommodation, and travel. canterbury.ac.nz/international/contact-us or visit canterbury.ac.nz/international/whyuc/who-can-help-me

4. Apply for admission

If you have an overseas qualification, you need to apply for admission online at myUC (myuc.canterbury.ac.nz) or via an approved UC agent. We recommend you apply as early as possible in advance of your intended start date to allow for visa and other arrangements. Once you have done this, we will contact you by email about any further information required.

5. Receive an Offer of Place

If your application for admission is successful, we will send you an Offer of Place, which will include a pro-forma invoice with instructions on how to pay your tuition fees.

6. Accept your offer and select your courses

Accept your offer and confirm your place at UC by paying a deposit of NZ$500, or your tuition fees in full. For information on how to pay fees, see canterbury.ac.nz/get-started/fees/pay-your-fees. Contact a Student Advisor at your respective faculty for course advice or go online at my UC (myuc.canterbury.ac.nz) to select your courses. Your courses will be checked by the relevant faculty, school, or department.

7. Be ready to apply for a student visa

Prepare now and be ready to apply for a student visa. You can check updates about New Zealand border regulations and student visa requirements at immigration.govt.nz

8. Come along to International Orientation

UC offers a dedicated international orientation programme to prepare new international students. You can register for the International Welcome and Orientation at canterbury.ac.nz/international/how-do-i-enrol/welcome

9. Complete your enrolment

International enrolment takes place in the week before your lectures start. canterbury.ac.nz/enrol/international/imperson

10. Enjoy life at UC

You did it! Now come and experience what it means to be a student at UC.
