President's Welcome

A warm welcome from Universiti Tunku Abdul Rahman (UTAR).

Since its official launching on 13 August 2002, UTAR has carved its name among Malaysia's leading universities with its dedication to excellence in education and research. UTAR has progressed steadily to be a comprehensive university providing a diverse range of academic and professional development programmes to students from all over the world.

UTAR is a vibrant University which owes much of its academic success to its dedicated staff and faculty, talented and motivated student body, and engaging alumni, partners, and donors who strive to make UTAR what it is today and much more in the years ahead. In UTAR, there is close interaction and free exchange of knowledge and ideas between students and staff of different races, nationalities and background.

We are dedicated to providing students with quality higher education and equipping them with a broad range of knowledge, technical competencies, soft-skills and industry-relevant skills. Our goal is to nurture graduates who are able to contribute to the society, industry and nation as competent professionals of high integrity.

I hope that you will browse through this Guide to learn more about the uniqueness of UTAR. I welcome you to join UTAR and be part of our educational journey to help you in achieving your educational goals and build your path to success.

I look forward to having you on board this exciting journey at UTAR.

Ir. Professor. Dr. Ewe Hong Tat
President

About Malaysia

Malaysia is a beautiful tropical country in Southeast Asia with a rich diversity of languages, races, cultures and food. It has a population of over 32 million people, comprising Malays, Chinese, Indians and many indigenous groups, all living in peace and harmony.

With its history, social-economic diversity, culture and values, Malaysia is a living classroom for holistic education. You will join more than 170,000 international students from over 150 nations to live and study in an exciting country with the multicultural and multi-religious background.

8 Reasons to Study in Malaysia

UTAR at a Glance

Universiti Tunku Abdul Rahman (UTAR) is one of the leading progressive private universities in Malaysia where excellence in teaching and research are encouraged, nurtured and pursued for a greater educational experience. UTAR houses more than 22,000 students from around the world, offering students a dynamic learning experience spread across its 2 campuses. The university has over 67,000 global alumni with a high employability rate.

2 Campuses

3.7 million square feet of built-up area, the equivalent of 275 Olympic-size swimming pools

15

9 faculties, 3 centres and 3 institutes

34

research centres

120+

programmes from foundation studies, undergraduate and postgraduate

22,000+

students

41

95-97%

graduate employability rate (within 6 months after graduation) as at 2019

2,000+

academic and administrative staff

67,000+

alumni

120+

industry advisors

100+

external examiners from 18 economies

78

student clubs and societies

460+

memoranda signed with industry partners and universities from 30 economies for collaborative activities

301,300+

volumes of books, e-books, publications and numerous online databases resources

60+

international and national awards received by students in 2020

Why UTAR

1 Global Recognition

UTAR is ranked among the top 600 universities in the Times Higher Education (THE) World University Rankings 2021 and ranked #119 in THE Asia University Rankings 2020. UTAR also ranked #157 in QS Asia University Rankings 2021.

2 Recognised Qualification

All study programmes are approved by the Ministry of Higher Education Malaysia (MOHE) and the Malaysian Qualifications Agency (MQA). Professional recognition and accreditation are being actively sought from leading Malaysian and international professional bodies for the relevant professional-related programmes. This enable students to acquire additional internationally recognised qualifications by professional bodies.

3 Compulsory Industrial Training

UTAR has made the industrial training compulsory for all undergraduate students so as to provide them with experiential learning opportunities. For postgraduate studies, some courses provide students hands-on and consultative experience through participation in consultancy trips to international organisations, and guest speakers from industries.

4 Global Networking

UTAR has collaboration with over 460 educational institutions and industries from 30 economies to provide students access to international collaborative activities such as student exchanges, study tours, cyber classrooms, joint research, research attachments, international conferences and industry forums. Academic credit hour transfer options are available through the student exchange programmes.

5 Holistic Student Development

UTAR goes beyond just imparting technical knowledge and encourage students to take part in extracurricular activities such as soft skills development, student entrepreneurship activities, sports and character building events. Ambitious students can participate in the UTAR Undergraduate Research Scheme (URS) which allows them to be trained to conduct scientific research and work with our researchers on a real-life research project. Participation in extracurricular activities organised by clubs and societies, and the unique UTAR Soft Skills Development Certification (USSDC) programme will enhance students' management, leadership, entrepreneurial and social skills.

6 Affordable Fees and Cost of Living

UTAR keeps the programme fees affordable. As an example, students can acquire a 4-year Electrical and Electronic Engineering degree at an overall tuition fee of RM69,000 (RM17,250 per year). If the cost of living is taken into account (approximately RM12,000 per year), students can complete the entire degree in UTAR at RM117,000.

7 Medium of Instruction

English is widely used in communication, teaching and learning. In addition, the unique multicultural environment in UTAR will enable cross-cultural learning with students picking up new languages formally (through language classes) or informally (through friendship).

> Engineering: Electrical and Electronic

“The tutors are highly responsive and are always helpful when I need assistance. The learning culture in UTAR is well supported by a supportive and modern environment and this creates a conducive learning environment for the students here. It feels more comfortable studying at UTAR.”

Septriyan Orpina
Indonesia
Faculty of Arts and Social Science

Professional Recognitions

UTAR maintains strong connections with leading professional bodies. Our programmes are recognised by many local and international professional bodies such as:

In addition, UTAR is also a member of the Association to Advance Collegiate Schools of Business (AACSB), the Alliance on Business Education and Scholarship for Tomorrow, a 21st century organisation (ABEST21), the Association of Commonwealth Universities (ACU) and the Chartered Institute of Logistics and Transport (CILT).

Washington Accord for Engineers

As Malaysia is a signatory of the Washington Accord, UTAR's engineering degrees are recognised by each signatory as being substantially equivalent to accredited or recognised qualifications within its own jurisdiction.

The following are other signatories of the Washington Accord:

- | | | | |
|-------------------|--------------------|------------------|--------------------|
| 1. Australia | 6. Hong Kong China | 11. New Zealand | 16. Turkey |
| 2. Canada | 7. India | 12. Russia | 17. United Kingdom |
| 3. China | 8. Ireland | 13. Singapore | 18. United States |
| 4. Chinese Taipei | 9. Japan | 14. South Africa | 19. Pakistan |
| 5. Costa Rica | 10. Korea | 15. Sri Lanka | 20. Peru |

Campuses

The University has two campuses – the Kampar Campus in Perak and Sungai Long Campus in the Klang Valley. The two campuses accommodate its faculties, research institutes and study centres.

Kampar Campus

The Kampar Campus is conveniently located off the North-South Highway, a 190-kilometre drive from Kuala Lumpur. It is flanked by picturesque mountains and scenic lakes, offering a naturally serene and quiet environment that enriches the learning experience. The campus was awarded Gold in the education category by Malaysian Institute of Architects in 2013. In addition, Kampar town offers affordable accommodation, restaurants, shops, supermarkets and other amenities. Students living in Kampar get the best of both worlds.

Faculty of Information and Communication Technology (FICT)
Faculty of Science (FSc)
Institute of Chinese Studies (ICS)
Institute of Postgraduate Studies and Research (IPSR)
Centre for Extension Education (CEE)
Centre for Foundation Studies (CFS)

Sungai Long Campus

The Sungai Long Campus located in Bandar Sungai Long, a main township in Kajang, Selangor, is a state-of-the-art, purpose-built campus.

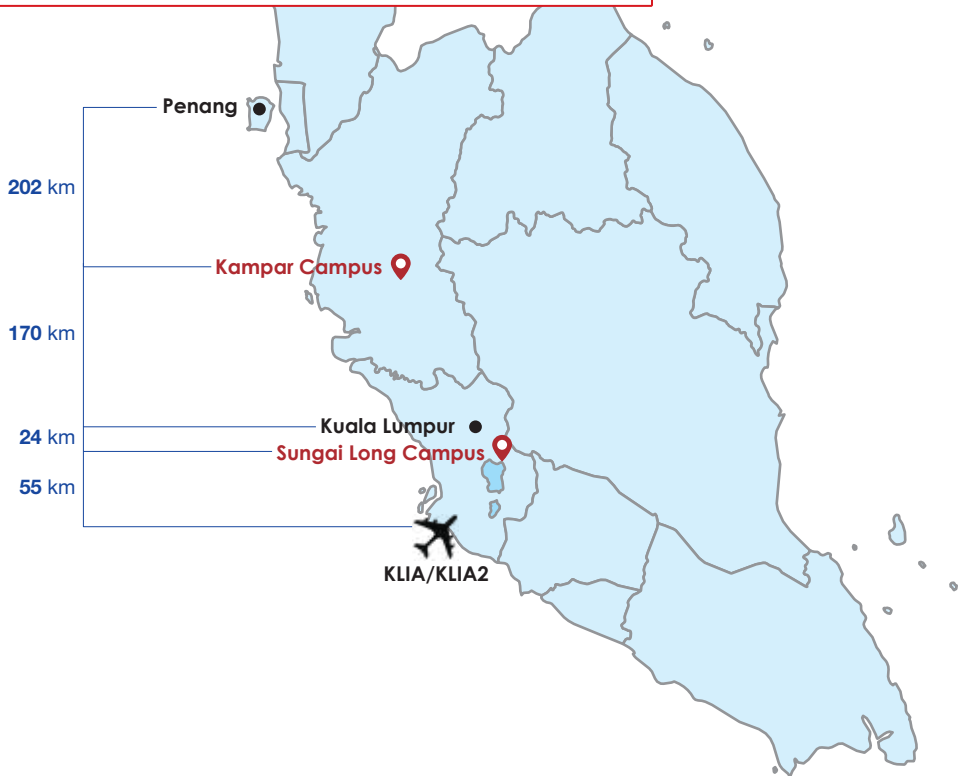

Its location within the Bandar Sungai Long residential township near Kuala Lumpur city provides the best of both worlds. It offers the tranquil learning environment of a suburban setting and the conveniences of a big city such as plentiful housing, affordable eateries, banking facilities and diverse entertainment.

To complement its teaching, learning and research experience, the campus is equipped with a library, laboratories, computers and medical equipment.

Faculty of Accountancy and Management (FAM)
Faculty of Creative Industries (FCI)
Faculty of Medicine and Health Sciences (FMHS)

Campus Locations

Facilities

UTAR provides the latest facilities for the academic and personal development of our students.

3,000+ Computers

installed in practical, project and research laboratories on Windows, UNIX and Apple OS platform.

120+ Types of Software

are available from a standard office application to programme specific applications, including 80+ engineering and science, 10+ design-based, 10+ business application, 5+ game development, 5+ statistical analysis, 5+ English language, and 5+ accounting and audit.

24/7 Wireless Internet

available in the 2 campuses.

2 Libraries

with a total built-up space of over 100,000 square feet and 301,000 volumes of books, publications and numerous online research.

120+ Laboratories and Workshops

for Architectural, Art, Audio, Biochemistry, Engineering (all sorts), Construction Management, Design Room, Early Childhood, Bioscience, iMac, Internet/Online Radio, Journalism, PC, Photography, Simulation Ward, TCM Centre and other areas.

24/7 Access to Web-based Learning Environment (WBLE)

allowing students to access lecture notes, tutorial and assignment questions, course materials, and a discussion platform among students and faculty members.

16 UTAR Buses

facilitate students travelling to the campuses from their residential areas, train stations, MRT stations and bus stop.

Cafeteria

in our campuses offer a variety of food at reasonable prices and a comfortable ambiance for having meals.

Gymnasium and Sports Complex

Students can use the well-equipped gymnasium at both campuses. In Kampar Campus, we have the Sports Complex for basketball, futsal, netball, tennis, volleyball and badminton. Students may use off-campus facilities such as the swimming pool and squash courts at nominal fees.

For Sungai Long Campus, the University has made arrangements with nearby sports and fitness centres for students to use their facilities.

Wellness Centre

is available inside the Kampar Campus. Healthcare centres and clinics are also available in the residential areas near our campuses.

University Bookstore

There are in-campus bookstores where books, stationery supplies, photocopying, book-binding, postal and other services are available. The estimated expenses on reference books for a trimester are about RM500.

Places of Worship

Surau or Muslim prayer rooms are available in our campuses. There are mosques, churches and temples around UTAR campuses.

E-Commerce Delivery Centre (ECDC)

The ECDC is a pick-up centre dedicated to students and staff to collect online purchases and parcels. The expansion of other services by the centre, such as e-wallet system, UTAR eMarketplace, e-commerce order fulfilment services, outbound parcel service (J&T Express), are in the pipeline.

Student Life

Clubs and Societies

You can join over 78 student clubs and societies on campus. There are course-based and non-course-based bodies, such as general interests, performing and creative arts, sports and recreation, voluntary category and self-defense category.

Recreational Activities

UTAR together with various clubs and societies organise many recreational and social events such as treasure hunts, trekking, competitions, debates, dances, performances, choir, cultural events, prom nights, festival/reunion parties, annual balls and many others.

Sports

UTAR organises Sports Carnival with a range of sporting activities every year. In addition, students have opportunities to participate in inter-faculty games, intra-university races, Sports Exchange Programme, Clash of the UTARians and many more.

Community Services

UTAR endeavours to cultivate community spirit among its students by engaging them in volunteer services for the community. Students who engage in volunteerism work learn to better understand the communities around them and gain meaningful experience to nurture humility and compassion. The activities include cultural activities, health campaigns, English and IT tuitions, waste recycling campaigns, school safety projects, school motivational camps, school and village beautification projects and even family days.

"I wanted to expand my knowledge of business operations and management. I believe that the knowledge that I obtained from UTAR will be beneficial for my future career development. The programme is well-structured and it fulfils the industry standard."

Sahet Muhametniyazov
Turkmenistan
Faculty of Business and Finance

Global Networking

UTAR Explore the World Programme is a short-term programme that provides global networking opportunities for students to experience student life in a foreign country, pick up a new language, experience new cultures and make new friends from around the globe. UTAR students may choose to join partner institutions for a semester or up to one academic year from a list of partner economies for the academic exchange.

Support Services

Student Visa Application

You need to have a valid student visa to study in Malaysia, and the university staff will assist you throughout the process of application for a student visa prior to arrival to Malaysia. There are charges in the student visa application imposed by the Education Malaysia Global Service (EMGS) which are added to your billing statement.

Pick Up Services

We will provide meet and greet service upon your arrival to Malaysia. However, you should liaise with our staff in the Department of International Student Services (DISS) before you purchase your air ticket and also inform us on your arrival at least 10 days prior arrival in Malaysia, in order for the university to arrange a smooth pick up at the airport and immigration clearance.

Orientation

You are required to attend the orientation usually a week before the semester starts. You will get to meet your seniors, faculty members, senior university officials, your classmates and other new students. It is the best time for you to get to know the related university rules, regulations, the facilities and services available at UTAR.

Counselling and Guidance Services

UTAR has a team of trained professional counsellors who offer caring and confidential counselling for individuals and groups. They organise peer helping programmes and workshops on career guidance, stress management and learning skills. Students are welcome to walk in or make an appointment to see a counsellor.

Peer Mentoring Programme

Our 'peer-to-peer' programme offers a connecting bridge between seniors and university freshmen. Upon joining this programme, a senior who has gone through at least 10 hours of mentoring training by counsellors from the Department of Student Affairs will guide you through the orientation and help you adapt to campus life.

Insurance Coverage

It is compulsory for all international students entering Malaysia to have a locally (Malaysia) purchased medical health insurance scheme. You will be insured from the date you enter Malaysia. The medical health insurance fee ranges from RM400 to RM850 per student per year which covers repatriation, personal accident and death, hospitalisation at private hospitals and outpatient treatment.

In addition, if you are pursuing our Medicine, Nursing, Physiotherapy or Chinese Medicine programme, you are also insured for personal liability coverage.

Living Costs

You need to budget for your monthly living expenses on accommodation, meals, transport and other necessities. These costs will depend on where you choose to live, your interests and lifestyle.

Description	Campuses	
	Kampar	Sungai Long
Accommodation	RM250-500	RM400-800
Meals	RM350-500	RM450-600
Transportation	RM50-100	RM150-300
Other Expenses	RM150-300	RM200-300
Total	RM800-1,400	RM1,200-2,000

Accommodation

The University works with reliable hostel management companies in arranging decent private accommodation for all international students.

Admission

Academic Requirements

UTAR welcomes all eligible applicants regardless of their race, gender and nationality to apply for the admission to UTAR programmes. We accept applications from students who meet the academic and English Language requirements. These requirements may vary with programmes and levels of study, subject to the latest requirements set by the Ministry of Higher Education (MOHE) or Malaysian Qualifications Agency (MQA) and related Professional Bodies.

Foundation	Undergraduate
O-Level with 5 credits in the relevant subjects or its equivalent qualification	A-Level with 2-3 passes in the relevant subjects or high school leaving examination equivalent with 5 passes
Master's	PhD
Bachelor's degree from a recognised university with CGPA of 2.5000 and above	Master's degree from a recognised university and show evidence of adequate related research or work experience

English Language Requirements

All international students are required to fulfil the English Language proficiency requirement as follows:

Recognised Tests	Foundation	Undergraduate	Postgraduate
IELTS	4.0	5.0	5.0
TOEFL iBT	30	42	42
TOEFL PBT	397	410	410 Engineering: 500
Pearson Test of English (PTE)	36	47	47
Malaysian University English Test (MUET)	Band 2	Band 3	Band 3
Cambridge English Qualifications Test	140	154	154

Some programmes may require higher English Language test scores:

Undergraduate:

IELTS 5.5 : All Business programmes (except Finance), Biomedical Science, Chinese Medicine, Dietetics, Journalism, Nursing, Physiotherapy, Public Relations, and Environmental, Occupational Safety and Health.

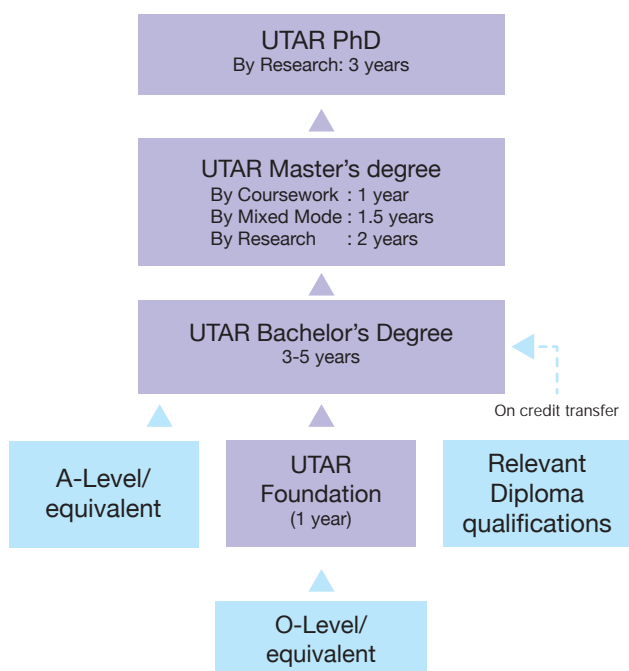

IELTS 6.0 : Finance, English Language/Education

IELTS 6.5 : M.B.B.S

Postgraduate:

IELTS 6.0 : All programmes under Business, Computing, Creative Arts, Media and Communication Studies.

Your Study Progression

Applicants who do not fulfil the English Language requirements will be considered for Conditional Offers, whereby the applicants shall enrol into the UTAR English Enhancement Programme (EEP) before enrolling for the main programme of studies. The applicants should then register for one of the above English Language tests and obtain the required test scores within 12 months from the date of entry into Malaysia.

Applicants from English speaking countries and those with qualifications fully taught in English are exempted from English Language requirements. Applicants applying for exemptions must be accompanied by supporting documents.

Applicants who have obtained the Bachelor's or Master's degree with English as the sole medium of instruction should provide the letter from the institution's Registrar. An interview or an internal assessment of English Language proficiency may be needed by the University.

Chinese Language Requirements

For Chinese Studies Programmes, you are also required to have obtained a Chinese Language grade/level in one of the following tests.

Recognised Tests	Foundation	Undergraduate	Postgraduate
China's New Hanyu Shuiping Kaoshi (New HSK)/New Chinese Proficiency Test	Level 5 (180-300 marks)	Level 5 (195-300 marks)	Level 5 (210-300 marks)
Chinese Proficiency Test: HSK (The Intermediate Certificate)	Grade C (Level 6)	Grade B (Level 7)	Grade A (Level 8)
Test of Chinese as a Foreign Language (TOCFL)	Level 3	Level 4	Level 5
Test of Proficiency-Huayu: TOP (Advanced Level)	Level 3	Level 4	Level 5
STPM Chinese Language	Pass	Pass	Pass
SPM/O-Level/UEC Chinese Language	Credit	Credit	Credit

If the medium of instruction is fully taught in the Chinese Language, you should provide a letter from your institution's Registrar. An interview or an internal assessment of Chinese Language proficiency may be needed by the University.

Health Declaration

According to recent Malaysian regulations, an applicant is required to submit a Post-Arrival Health Examination within 7 working days of arrival date. In the event that the applicant is diagnosed with any condition that deems unsuitable for studies, he/she will bear for the cost of leaving Malaysia and will adhere to the Immigration requirements on the visit pass and exit before the pass expiration, or any deadline given to the applicant whichever is earlier. UTAR shall not bear any responsibility in any manner or whatsoever.

English Enhancement Programme (EEP)

The English Enhancement Programme (EEP) provides interactive, student-centred English lessons to equip learners with necessary English Language skills for academic programme enrolment and/or personal growth.

An international student who wishes to pursue UTAR programmes but does not fulfil the English language requirement set by the University will be considered for Conditional Offers, whereby the student will undergo the EEP.

Student should then register and sit for recognised English tests, for example, IELTS, Cambridge Linguaskill, TOEFL or MUET and achieve the score stated in the conditional offer letter as a prerequisite to join the undergraduate or postgraduate programmes, within 12 months from the date of entry to Malaysia.

Programme Structure, Intake and Fees

There are 9 levels in the EEP with the following intakes and fees.

Month	Level	Fees
Every Alternate Month except June and December • Month 1 • Month 2	Levels 1, 3 and 5 Levels 2, 4 and 6	RM805 per level
Every Month except June and December	Levels 7 and 8	
Case-by-Case Basis	Level 9	

* Fees includes Tuition Fee, Resource Centre Fee, Examination and Facility Fee, Activity and Service Fee, and 6% Service Tax.

* Fees excludes Registration Fee, Caution Money (Refundable), Bond Deposit (Refundable) and Administrative Fee II.

How to Apply

- 1 Search for a programme that suits your interest and fulfils the academic entry and language requirements.

- 2 Apply and upload the required documents online or download application form at www.utar.edu.my, and pay a non-refundable application fee of USD100/RM300.

- 3 Receive an offer of admission and the first student bill via email if successful. The first bill consists of Education Malaysia Global Service (EMGS)'s charges and university administrative fees.

- 4 Pay the first student bill before the due date and email your receipt of payment to diss@utar.edu.my. UTAR will apply for the student visa for you after receiving your payment.

- 5 Receive Electronic Visa Approval Letter (eVAL) and apply for the Single Entry Visa (SEV) at the nearest Malaysian Embassy/High Commission/Consulate Office in your country.

- 6 Pay the second student bill and send the receipt together with the accommodation and airport pick up service request forms to diss@utar.edu.my a week before your arrival to Malaysia.

- 7 On your arrival date, UTAR staff will facilitate you in immigration clearance at the airport and transfer you to the respective campus.

- 8 Post-medical screening will be carried out at EMGS appointed clinics within 7 days of arrival in Malaysia to obtain student pass.

- 9 Join our orientation and begin your classes.
