

INTRODUCTION

Founded in Shanghai in October 1951, East China Normal University (ECNU) is one of the most prestigious universities in China and is sponsored by the national programs "Project 211" and "Project 985". With two campuses located in Minhang and Putuo District, and with a total area of over 207 hectares, ECNU has long been reputed as a "Garden University" for its beautiful campus scenes.

The development and transformation of the country and the modern international metropolis of Shanghai bring huge opportunities to the university for its progress. ECNU is steadily and enthusiastically working towards its goal of establishing itself as an internationally renowned high-level research university, with a number of first-class disciplines and a well coordinated discipline development, while also taking the lead in the development of China's teacher training.

Among the over 4,000 strong faculty, 1576 are professors and associate professors, including 11 academicians from the Chinese Academy of Sciences or Chinese Academy of Engineering. Currently, the number of full-time undergraduate students is 14,405 while that of graduate students is 15,771. There are also about 5,000 international students studying at ECNU.

DEGREE PROGRAMS (Scholarships Available)
