FROM THE CHANCELLOR

Welcome to the United Arab Emirates University

The United Arab Emirates University

(UAEU) is a globally connected, forward-looking, research-intensive university. We pursue new ways of thinking and achieving: making us stand out from more traditional universities and creating an inspiring place to study and undertake research. In less than forty years we've become one of the top 500 best universities worldwide.

We are a university that promotes independent thinking, being based, first and foremost, on academic excellence. We employ some of the world's leading academics whose research feeds into their teaching, thus creating a dynamic, challenging and inspiring learning environment.

The success of UAEU is underpinned by innovation and academic excellence and is driven by our exceptional staff, students and alumni.

The UAE is culturally diverse and politically stable, providing a safe environment in an attractive location. You can enjoy a rewarding lifestyle whilst studying at the highest level.

As a student at UAEU, you'll be part of a dynamic community where knowledge is being created, rather than simply being described. You won't be able to help feel inspired by your fellow students.

Our student community consists of more than 59 nationalities. Our students are ambitious, passionate about learning, proactive and take advantage of the many opportunities available to them, both academically and socially.

I would like to welcome you to the UAEU community. By choosing to study with us, you will give yourself a foundation that will set you apart for the rest of your life.

**Dr. Ali Rashid Al Noaimi
Chancellor
United Arab Emirates University**

UAE: THE LAND OF OPPORTUNITY

Location

The United Arab Emirates (UAE) is situated in the southeast of the Arabian Peninsula, bordering Oman and Saudi Arabia. Four-fifths of the UAE is desert with contrasting landscapes – from the towering red dunes of Liwa to the rich oasis of Al Ain. From the Hajar Mountains to fertile coastal plains.

The city of Al Ain is an old city, central to the cultural heritage of the UAE, and the birthplace of the President H.H. Sheikh Khalifa Bin Zayed Al Nahyan. It remains close to the heart of the royal family and the people of UAE. It is the second largest city in the Emirate of Abu Dhabi and is located approximately 150km inland from the capital city of Abu Dhabi and the popular tourist destination of Dubai. The UAE consists of seven emirates – Abu Dhabi, Dubai, Sharjah, Ajman, Umm Al-Quwain, Fujairah and Ras Al Khaimah.

Tourism & Attractions

The UAE has established a position as a major center for trade, tourism and investment. Abu Dhabi is the federal capital of the United Arab Emirates and the largest Emirate in the UAE. Abu Dhabi has many things to offer visitors and is home to a large concentration of premier cultural institutions including the Sheikh Zayed National Museum, the

Guggenheim Abu Dhabi and Louvre Abu Dhabi, museums and galleries. It has also become a center for world-class sporting events such as the Abu Dhabi Golf Championship, the Abu Dhabi Desert Challenge rally and the Abu Dhabi Formula One Grand Prix.

Dubai is the second largest Emirate after Abu Dhabi. With year-round sunshine, beautiful beaches, luxurious hotels – including the seven star ‘Burj Al Arab’ – shopping malls, fascinating heritage and a thriving business community. Dubai receives millions of leisure and business visitors each year from around the world. Dubai is known worldwide as a shopping destination and has become symbolic for its skyscrapers and high-rise buildings, in particular the world's tallest building, ‘Burj Khalifa’. Dubai is the venue for many major world-class sporting events including the Dubai Desert Classic Golf Tournament, the ATP Dubai Tennis Championships, the Dubai Rugby Sevens, the Emirates Grand Prix (off-shore Power Boat Championship), the UAE Desert Challenge and the Dubai World Cup (the world's richest horse-race). Dubai also recently won the right to host the World Expo 2020.

Sheikh Zayed Grand Mosque, Abu Dhabi

Currency

The dirham is the currency of the United Arab Emirates and pegged to the US dollar, which makes currency conversion more straightforward.

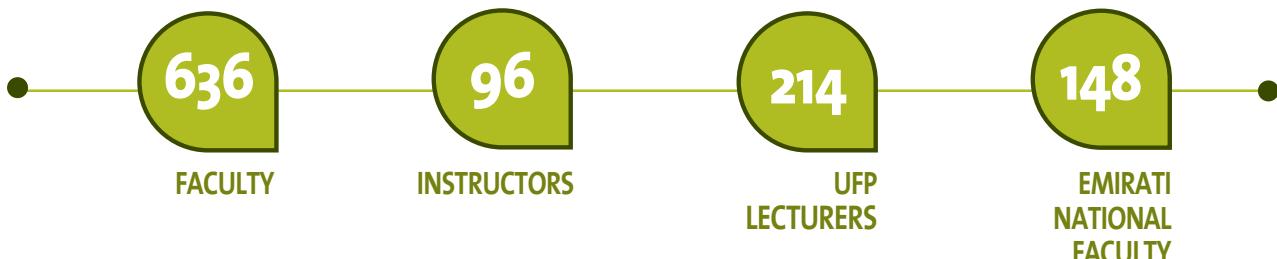

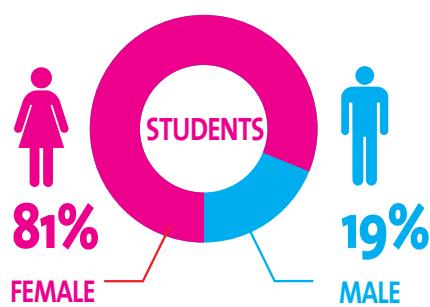

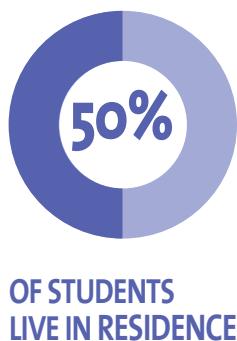

Religion

Islam is the official religion of the UAE, and Arabic is the official language, although English is widely spoken and most road and shop signs and restaurant menus are in both languages.

Temperature

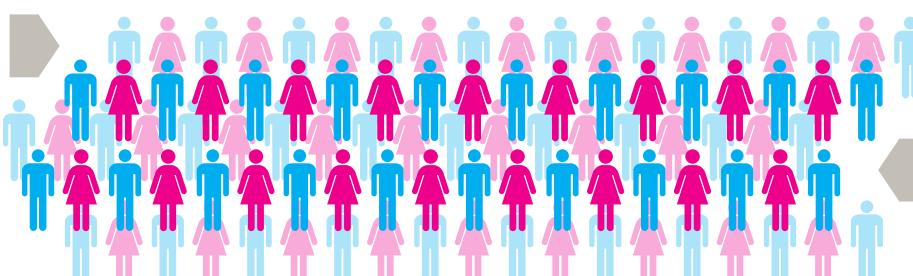

This is a destination with almost year-round sunshine, little rainfall and near perfect winter temperatures. Temperatures range from a low of around 13°C (50°F) on a winter's night, to a high of around 42°C (118°F) on a summer's day. The cooler months, November to April, are the most pleasant time, when temperatures are around 24°C (75°F) during the day and 13°C (56°F) at night.

“UAEU has provided me with an exceptional learning atmosphere along with various opportunities and world-class faculty to help me to grow in my passion and knowledge for engineering. The university is multicultural, open and committed to research of the highest standard.

The university provides many opportunities to enjoy your time outside the classroom with its exceptional sports facilities, seminars, field trips and student activities. The community is helpful and friendly with students and staff from many different cultures. I am delighted to play a role in this cultural exchange.”

TEACHING EXCELLENCE

At UAEU, we have an outstanding reputation for teaching. Our commitment to maintaining excellence in teaching and learning ensures that the university is consistently ranked among the top universities in the world.

We offer dozens of courses, spanning a range of disciplines. These courses aim to equip students with a deeper understanding of the subject, as well as a critical approach and the development of skills relevant to your future career. Our teaching is informed by the very latest research findings. Our courses constantly evolve to incorporate new research developments and many are delivered by research scholars, passionate about their subjects. We also regularly consult with businesses and employers to ensure our programs provide you with the opportunity to develop key transferable skills for future employment.

The university is keen to ensure that teaching is always innovative and effective. Problem-based learning – an approach which fosters skills, group work and collaboration, self-direction, reasoning, critical reflection, acquisition of knowledge and its practical application – is incorporated into many courses. In addition to this the university builds research experiences into all undergraduate and graduate degree programs.

The majority of our courses are taught in English and most undergraduate degree programs at UAEU include an internship as a required course. Others have a professional experience requirement.

RESEARCH EXCELLENCE

As a research-intensive institution, one of UAEU's goals is to develop research capacity and innovation in areas of national importance. The university achieves this through its many graduate programs, most of which focus on research and by building research experiences into all undergraduate degree programs.

As a student, you will play a key role in the university's research community. You will share in exciting opportunities to tackle global issues in collaboration with some of the world's foremost academics and leading industrial partners, and have access to the latest in advanced research facilities.

Research at UAEU has contributed significantly to the country's development in many areas, ranging from water resources, petroleum resources, solar and other forms of renewable energy, to medical advancements, as well as significant social and economic activities.

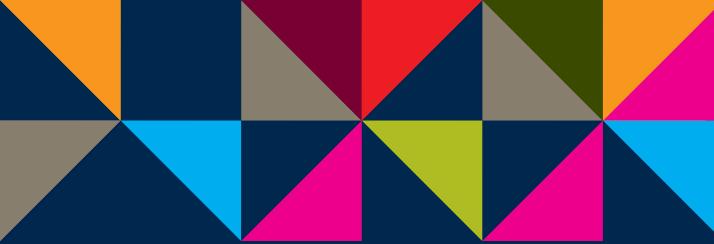

UAEU fosters research collaborations with the government, corporate and academic institutions, both nationally and internationally, as it continues in its pursuit to provide solutions to society's most pressing issues through scientific advancement and technological innovation.

The university continues to build upon its reputation as a leading research-intensive university as it actively supports and encourages engagement in high-quality research and knowledge transfer activities amongst its pool of world-class researchers. Students and faculty can make use of many research grant opportunities. In addition to this, UAEU has an emerging Intellectual Property (IP) portfolio. The university also boasts seven specialized research centers equipped with the most advanced technology in the region.

COLLEGES & PROGRAMS

UAEU's academic programs have been developed in partnership with employers, so our graduates are in high demand.

The university is divided into 9 Colleges, all of which undertake pioneering multidisciplinary teaching and research of worldwide significance. In addition, UAEU boasts the College of Graduate Studies and University College. The university offers 52 Bachelor's degree programs, 31 Master's programs, a Doctor of Medicine (MD), a Doctor of Pharmacy (Pharm.D.), a full complement of Ph.D. programs, and a Doctor of Business Administration (DBA).

► College of Business & Economics

Undergraduate Programs:

- Bachelor of Accounting
- Bachelor of Business Administration (Double track: Any two tracks offered within the Bachelor of Business Administration)
- Bachelor of Business Administration (Entrepreneurship)
- Bachelor of Business Administration (Human Resources Management and Development)
- Bachelor of Business Administration (Marketing)
- Bachelor of Business Administration (Supply Chain Management and Logistics)
- Bachelor of Economics
- Bachelor of Finance and Banking
- Bachelor of Management Information Systems
- Bachelor of Statistics

Master's Programs:

- Master of Business Administration

- Master of Professional Accounting

Doctoral Program:

- Doctorate of Business Administration

► College of Education

Undergraduate Programs:

- Bachelor of Education in Art Education
- Bachelor of Education in Early Childhood Education
- Bachelor of Education in Elementary Education (English Language)
- Bachelor of Education in Elementary Education (Islamic Studies and Arabic Language)
- Bachelor of Education in Elementary Education (Mathematics and Science)
- Bachelor of Education in Elementary Education (Social Studies and Civics)
- Bachelor of Education in Preparatory and Secondary Education
- Bachelor of Education in Special Education (Gifted and Talented)
- Bachelor of Education in Special Education (Mild/Moderate Disabilities)

Master's Programs:

- Master of Education - Curriculum & Instruction:
 - English

- Arabic
- Islamic Studies
- Mathematics
- Science
- Social Studies
- Master of Education - Educational Leadership
- Master of Education - Special Education

Ph.D. Program:

- Doctor of Philosophy

► College of Engineering

Undergraduate Programs:

- Bachelor of Science in Architectural Engineering
- Bachelor of Science in Chemical Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Communication Engineering
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Mechanical Engineering
- Bachelor of Science in Petroleum Engineering

Engineering

Master's Programs:

- Master of Engineering Management
- Master of Science in Architectural Engineering
- Master of Science in Chemical Engineering
- Master of Science in Civil Engineering
- Master of Science in Electrical Engineering
- Master of Science in Material Science and Engineering
- Master of Science in Mechanical Engineering
- Master of Science in Petroleum Engineering
- Master of Science in Water Resources

Ph.D. Program:

- Doctor of Philosophy

► College of Food & Agriculture

Undergraduate Programs:

- Bachelor of Science in Agribusiness
- Bachelor of Science in Dietetics
- Bachelor of Science in Food Science

- Bachelor of Science in Horticulture
- Bachelor of Science in Marine Fisheries and Animal Science
- Bachelor of Science in Nutritional Science
- Bachelor of Veterinary Medicine

Master's Programs:

- Master of Agribusiness Management
- Master of Science in Food Science
- Master of Science in Horticulture

Ph.D. Program:

- Doctor of Philosophy

► College of Humanities & Social Sciences

Undergraduate Programs:

- Bachelor of Arts in Applied Linguistics/ TESOL
- Bachelor of Arts in Arabic Language and Literature
- Bachelor of Arts in Double Major (any two programs offered by the college)
- Bachelor of Arts in English Literature
- Bachelor of Arts in Geography
- Bachelor of Arts in History
- Bachelor of Arts in Linguistics
- Bachelor of Arts in Mass Communication
- Bachelor of Arts in Philosophy
- Bachelor of Arts in Political Science
- Bachelor of Arts in Psychology
- Bachelor of Arts in Sociology
- Bachelor of Arts in Tourism Studies
- Bachelor of Arts in Translation Studies
- Bachelor of Social Work

Master's Programs:

- Master of Governance and Public Policy
- Master of Science in Clinical Psychology
- Master of Science in Remote Sensing and Geographic Information Systems
- Master of Social Work

Ph.D. Program:

- Doctor of Philosophy

► College of Information Technology

Undergraduate Programs:

- Bachelor of Science in Computer Engineering
- Bachelor of Science in Computer Science
- Bachelor of Science in Information Security
- Bachelor of Science in Information Technology (Computer Systems Design)
- Bachelor of Science in Information Technology (Electronic Commerce)
- Bachelor of Science in Information Technology (Enterprise Systems)
- Bachelor of Science in Information Technology (Information Security)
- Bachelor of Science in Information Technology (Intelligent Systems)
- Bachelor of Science in Information Technology (Networking)
- Bachelor of Science in Information Technology (Software Development)

Master's Programs:

- Master of Science in E-Business
- Master of Science in Information Security
- Master of Science in Information Technology
- Master of Science in IT Management
- Master of Science in Network Engineering
- Master of Science in Software Engineering

Ph.D. Program:

- Doctor of Philosophy

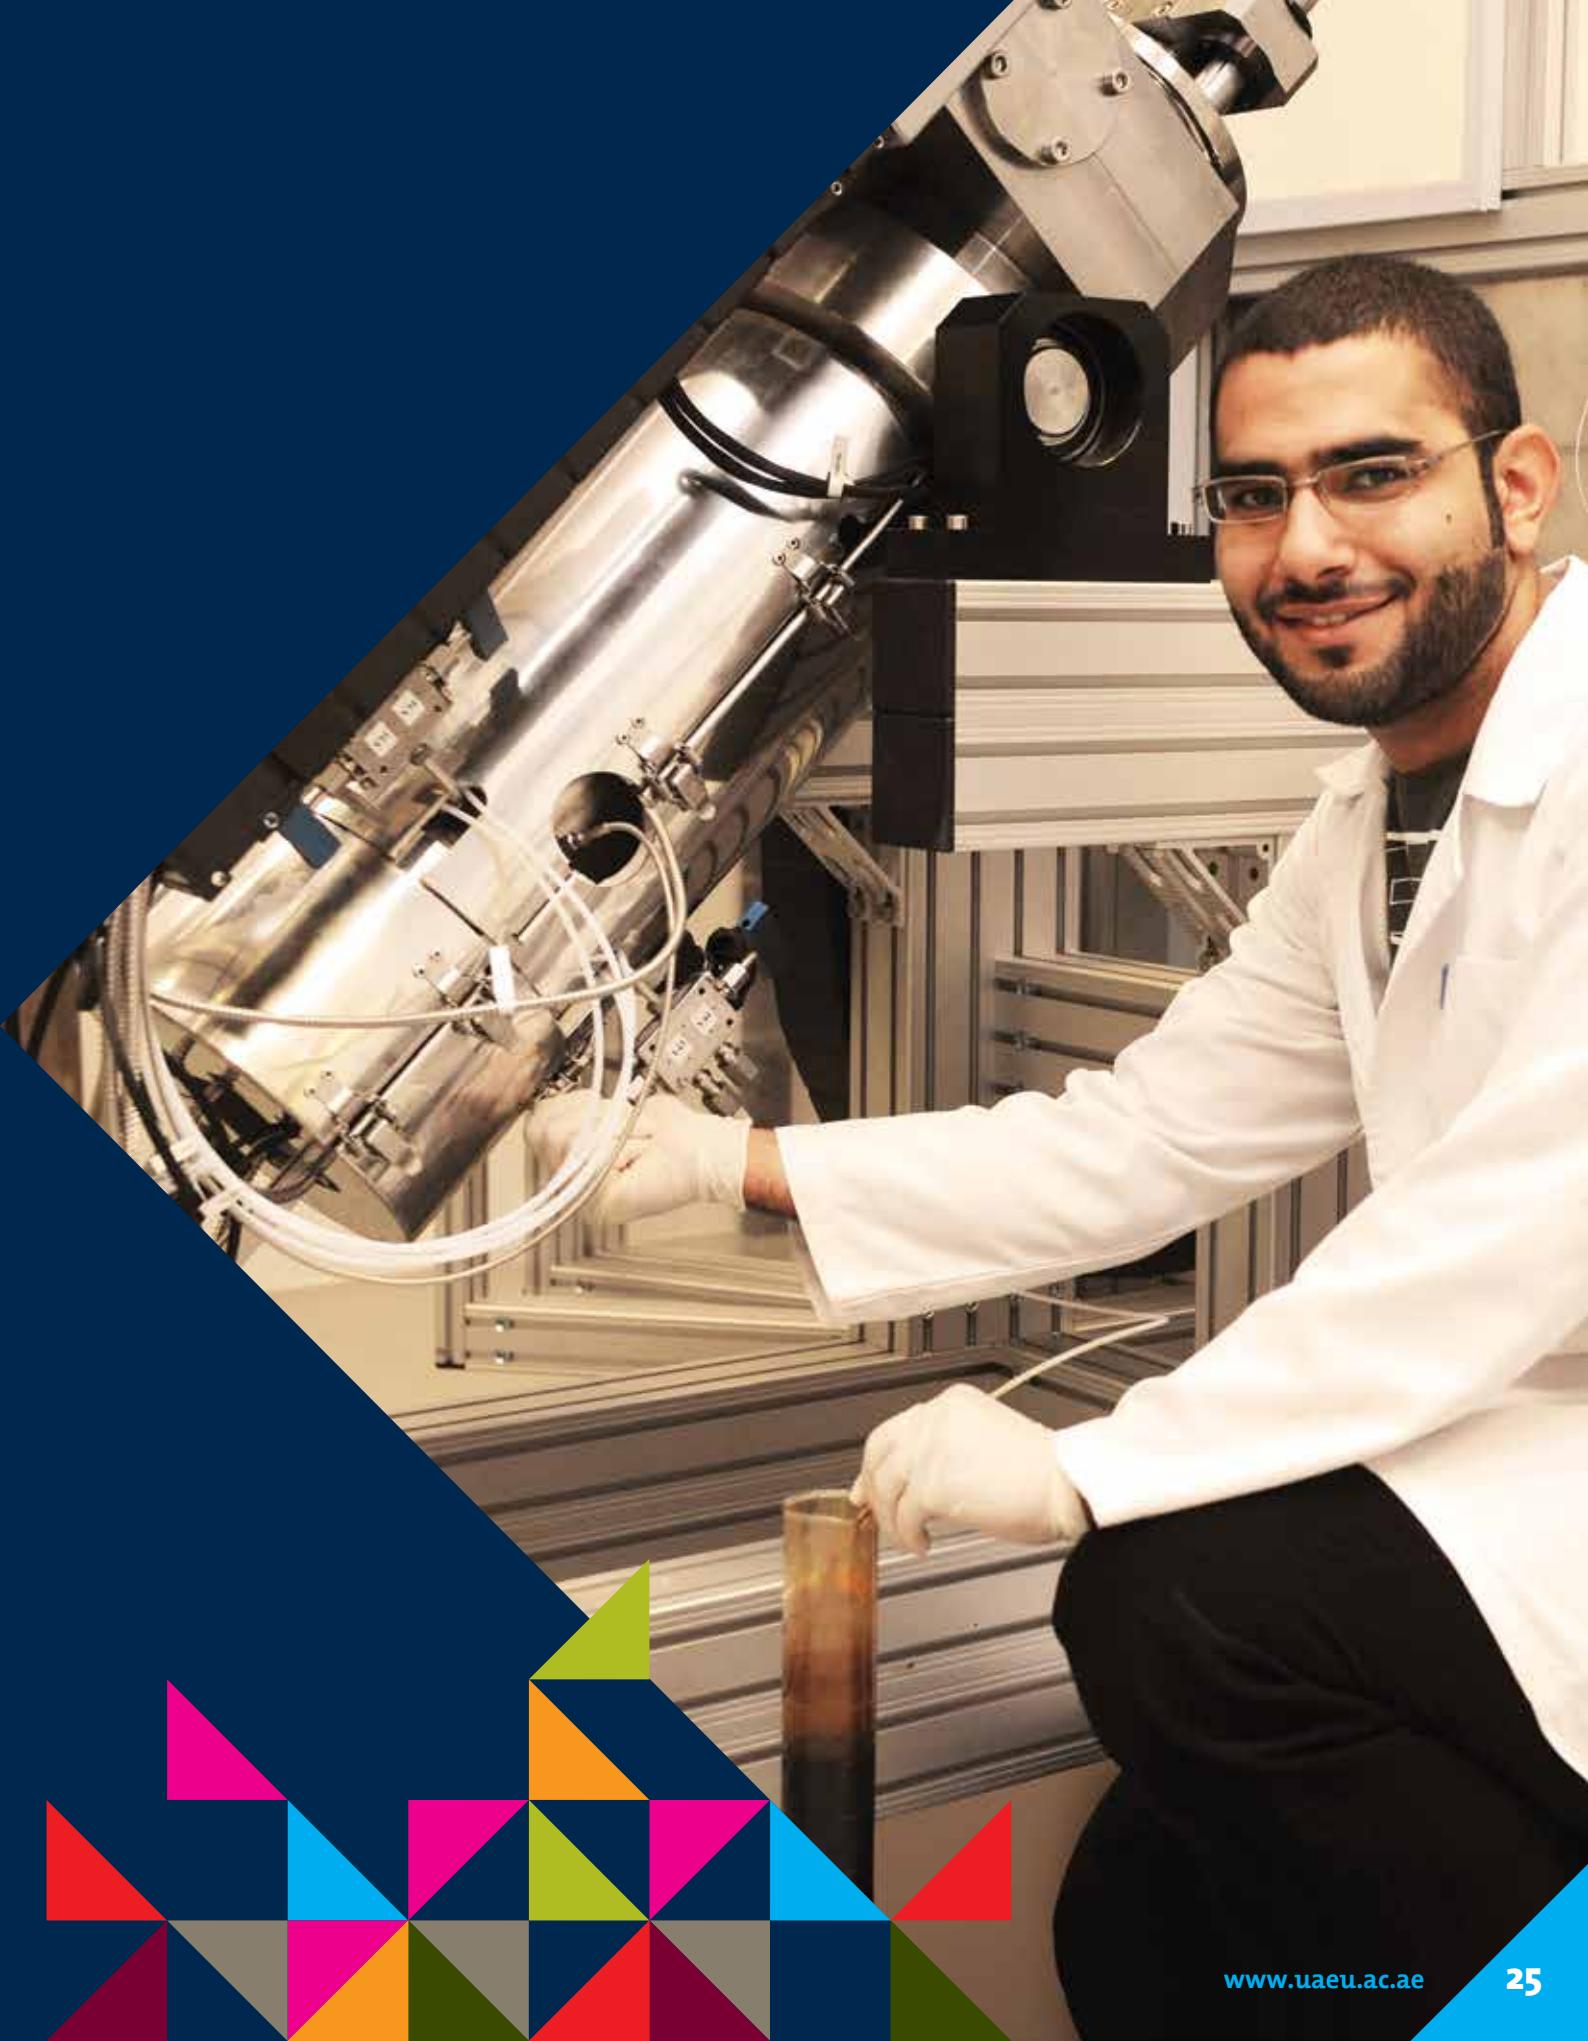

► College of Law

Undergraduate Programs:

- Bachelor of Law

Master's Programs:

- Master of International Trade Law
- Master of Public Law
- Master of Private Law

► College of Medicine & Health Sciences

Undergraduate Programs:

- Bachelor of Medical Sciences (B.Med.Sci)

Professional Degrees:

- Doctor of Medicine (MD) – (MBBS Equivalent)
- Doctor of Pharmacy (Pharm.D)

Master's Programs:

- Master in Medical Sciences (M.Med.Sci.) offering 3 tracks:
 - Pharmacology & Toxicology Track
 - Biochemistry and Molecular Biology Track
 - Microbiology & Immunology Track
- Master of Public Health (MPH)

Ph.D. Program:

- Doctor of Philosophy

- Ecological & Environmental Biology Concentration

- Cellular & Molecular Biology Concentration

- Bachelor of Science in Chemistry

- Bachelor of Science in Geology:

- Applied Geology Concentration
- Petroleum Geology Concentration

- Bachelor of Science in Mathematical Sciences

- Bachelor of Science in Physics

Master's Programs:

- Master of Science in Chemistry
- Master of Science in Environmental Sciences
- Master of Science in Mathematical Sciences
- Master of Science in Molecular Biology and Biotechnology
- Master of Science in Physics

Ph.D. Program:

- Doctor of Philosophy

College of Graduate Studies

The College of Graduate Studies ensures that UAEU offers a comprehensive and diverse range of post-graduate programs of international standards, and that we respond to the graduate education needs and aspirations of the people of the United Arab Emirates.

► College of Science

Undergraduate Programs:

- Bachelor of Science in Biochemistry
- Bachelor of Science in Biology:
 - General Biology Concentration

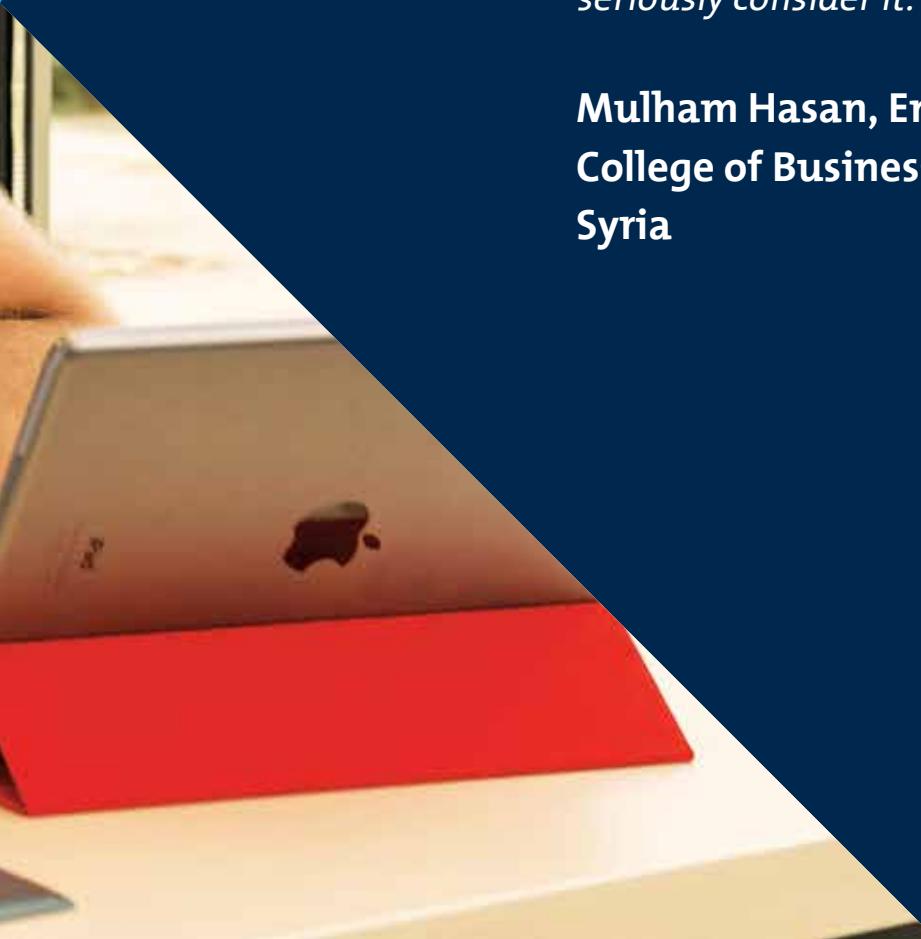

University College

University College is committed to assisting new students with their successful transition from high school to UAEU; enhancing student engagement; integrating academic and co-curricular programs; connecting students with available resources; and fostering both independent and lifelong learning. The college is made up of three units. They are the University Foundation Program, the Student Academic Success Program and the General Education Program.

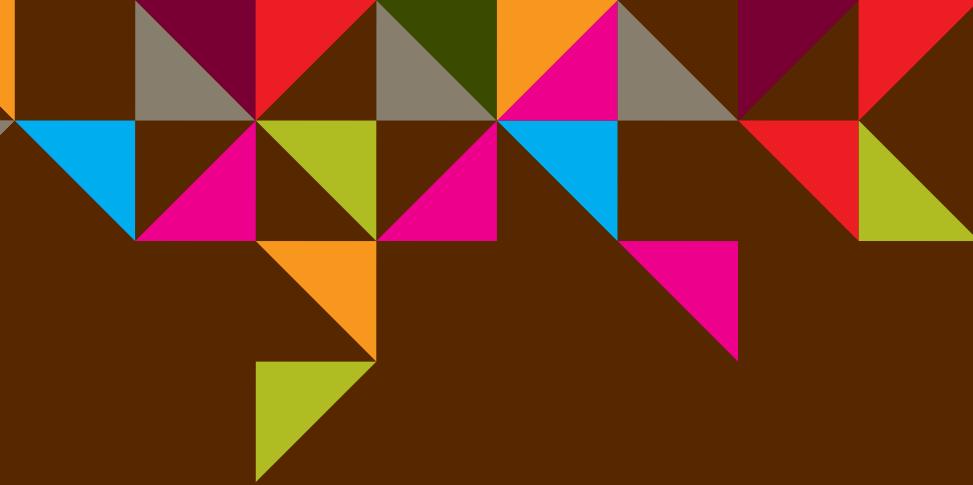

"The lecturers make the subject come alive. My academic experience so far has definitely changed the way that I think and challenged any preconceptions I had. I am in my final year and I look forward to what the future brings. I would encourage anyone thinking about UAEU as a place to study to seriously consider it."

**Mulham Hasan, Entrepreneurship,
College of Business & Economics,
Syria**

ADMISSION REQUIREMENTS

Undergraduate Admission

Undergraduate admission to UAEU is based on an annual admission policy, which sets forth specific criteria for each of the following categories:

Arab Countries

The university accepts students from other Arab countries only in the second semester (Spring) of the academic year.

Admission Criteria

1. The minimum secondary school certificate grade must not be less than 85%.
2. The secondary school certificate must be new (recent).

How to Apply

Students should apply through their National Embassy in Abu Dhabi/ Dubai. If the student is nominated by their embassy, the student should then visit the University's Admissions Department with the required documents.

Asian and African Countries

The university accepts students from Asian and African Countries only in the second semester (Spring) of the academic year.

Admission Criteria

1. Student must be from Muslim Asian and African countries (non-Arabic speakers).

2. The minimum secondary school certificate grade must not be less than 85%.
3. The secondary school certificate must be new (recent).

How to Apply

Students should apply directly to UAEU's Admissions Department.

Sons and Daughters of UAEU Employees

Sons and daughters of UAEU employees are accepted in both the first and second semesters of the academic year.

Admission Criteria

1. Students should receive a minimum grade of 85% and above on their secondary school certificate.
2. The secondary school certificate must be new (recent).

How to Apply

Students should apply directly to UAEU's Admissions Department.

*** Note: Please visit the university's admissions website to see the documents required for each application (<http://www.uae.ac.ae/en/admission/>).**

Graduate Admission

UAEU offers a diverse set of graduate degree programs at Master's and Doctorate levels: professional and research-based. Any international student can apply for the graduate programs offered at UAEU.

Admission Criteria - Master's Programs

The minimum requirements are:

1. A cumulative Grade Point Average (GPA) of 3.0 on a 4.0 scale or equivalent, in all undergraduate work;
2. A Bachelor's degree or its equivalent from an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research; and
3. A score of at least 6.0 on the IELTS (International English Language Testing System) Academic exam, or equivalent, for all disciplines delivered predominantly in English. This test score must be less than two years old at the time of application, with the following exceptions:
 - A native speaker of English who has completed his/her undergraduate education in an English-medium institution and in a country where English is the official language; or
 - An applicant with an undergraduate degree from an English-medium institution who can provide evidence of a minimum TOEFL score of 500 on the paper-based test, or its equivalent, at the time of admission to his/ her undergraduate program.

How to Apply

Students should apply online and then submit the original documents to the Admissions Department.

Admission Criteria -

Ph.D Program

The minimum requirements for admission to the Ph.D program are:

1. A Master's Degree from an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research, in an area appropriate to the academic area to which the application is being made.
2. A minimum cumulative GPA of 3.3 on a 4.0 scale, or equivalent, in the Master's Degree earned at an accredited university recognized by the UAE Ministry of Higher Education and Scientific Research.
3. A score of 6.5 or higher on the IELTS Academic exam, or equivalent, for all disciplines in which the main language of instruction is English or where the dissertation must be written in English. This test score must be less than two years old at the time of application.
4. A minimum IELTS score of 5.0, or equivalent, is required for admission into a Ph.D program where the language of instruction is Arabic.
5. Individual colleges may set additional and/ or higher standards for admission to a Ph.D program. Applicants are advised to contact the college and/ or department in which they wish to study to discuss their application.

How to Apply

Students should apply online and then submit the original documents to the Admissions Department.

FEES

Housing Rates

The housing rate for graduate and visiting students is AED 5,600 per semester, or AED 50 per day.

STUDENT SUPPORT AND FACILITIES

Support Services

UAEU is committed to providing the support necessary to ensure that every student can be successful. Our support services include counseling, healthcare, IT support, disability support, career services, financial aid, international student services, alumni services, a student success center and a student council. Regardless of the obstacles that you encounter along the way, there is always a mentor, a counselor or an advisor nearby to help. Each student is assigned an individual academic advisor to assist with the critical decisions and choices that they face along the road to academic and career success.

Accommodation

UAEU provides modern on-campus and off-campus housing that includes shared and single rooms, mosques, gyms, social clubs, lounges with cable TV, kitchens, laundry rooms, internet connections, cleaning and food services. Each housing unit is assigned a Residential Life Coordinator who aims to provide a nourishing, supportive and friendly environment for all. Our diverse university accommodation offers something for everyone and provides an array of social activities, making it the ideal place to make new friends.

Library

The main library and the National Medical Library provide access to an array of information sources including books, eBooks, eJournals (the largest collection in the Arab world), databases, manuscripts; microforms and audio-visual collections.

Laboratories and IT

UAEU offers unrivalled laboratories and training facilities equipped with the latest teaching and research technologies some of which include science labs, multi-media labs and TV studios, linguistics labs, psychology labs, nutrition and health labs, food science labs (including a pilot plant), fish and horticulture labs, engineering labs, medical labs with a 20,000m² clinical skills and simulation training center, an animal research facility, IT labs, a trading room and court rooms. A full list of facilities can be found on each of the respective colleges' websites.

Recreation

The university has two world-class health clubs equipped with the latest fitness equipment, two Olympic-sized swimming pools, indoor sports halls, squash, volleyball, tennis, basketball and badminton courts and outdoor training fields. The health clubs also provide an array of group exercise classes for students to enjoy.

Restaurants and Retail Outlets

On the campus you can enjoy a cup of coffee or have lunch in a diverse selection of restaurants, cafeterias, pizzerias, cafés and other dining facilities. There are also food courts located on both the male and female campuses, which offer a wide selection of healthy and nutritious foods, including Oriental, Middle-Eastern, Asian and European menus.

Moreover, there are retail outlets, banking facilities and a beautician located on campus.

“Combining beautiful gardens, modern architecture, state-of-the-art learning and research facilities and an array of extra-curricular activities, UAEU is an inspirational place to live, work, study and have some fun.”

**Yuka Miura,
College of Humanities & Social Sciences,
Japan**

STUDENT LIFE

Student Clubs

The university offers a wealth of extra-curricular activities and life enhancing experiences to enrich students' university experience. With more than 40 clubs and societies at UAEU, there is no shortage of opportunities to have fun outside of lectures and to make friends. Some of these include:

Student Clubs & Societies

- **Anime (Animation Club)**
- **Academic Integration Network**
- **Accounting Club**
- **Arirang (Korean Club)**
- **Astronomy Club**
- **Baeram (Children's Educational Club)**
- **Basmt Najah (Success Club)**
- **Biology Club**
- **Business Leaders**
- **Chemistry Club**
- **Color Your Diet (Healthy Food Club)**
- **Economics and Finance Club**
- **Educational Student Club**
- **English Literature Club**
- **Entrepreneurship Club**
- **Flamez**
- **Geography Club**
- **Geology Club**
- **Housing Student Leaders**
- **Human Resources Club**
- **Ibtikar (Innovation Club)**
- **Innovators' Imprint Club - Technology and Scientific innovations**
- **Linguistics Club**
- **Marketing Club**
- **Math Club**
- **Media Center**
- **Media Club**
- **Medical Students Association**
- **MIS Club**
- **New Dimension (Fitness Club)**
- **One Heart (Muslim Spiritual Club)**
- **Organizers (Event Management Club)**
- **Psychology Club**
- **Red Crescent**
- **Sakura (Japanese Club)**
- **Sawtul-Ebda3 (Poetry and Anthems Club)**
- **Social Work Student Association**
- **Sociology Club**
- **Supply Chain Club**
- **Swaaed (Volunteer Club)**
- **Takatof (Volunteer Club)**
- **Tawajud Team (Male Volunteer Club)**
- **Translation Club**
- **UAEU Rover Scouts**

Student Activities

The Sports and Recreational Activities Unit offers an array of activities and sports programs that include aqua aerobics, self-defense, meditation, swimming, psychological health, body energy, athletics, squash, football, volleyball, basketball, tennis, table tennis, boxing, kick-boxing, chess and billiards. The Theatre and Fine Arts Unit offers music, theatrical events, art exhibitions, visual arts, photography, poetry and story writing. In addition to this there are a range of cultural and heritage activities organized throughout the year.

STUDY ABROAD PROGRAMS

United Arab Emirates University welcomes international students from our partner institutions who add to the cultural diversity of the 60 nationalities already studying at UAEU. This offers students exciting opportunities to connect with others and grow as people. We encourage students to come here and leave with wider horizons, lifelong friendships and connections, greater cultural sensitivity and global awareness.

Study Abroad Programs Offer Students:

- The chance to obtain credit towards their degree while studying abroad.
- The opportunity to study for up to two semesters as part of an exchange agreement.
- A waiver on tuition fees for students from partner institutions. The student will, however, be responsible for all other expenses, including transportation, accommodation, insurance and textbooks.
- Research opportunities are also available.

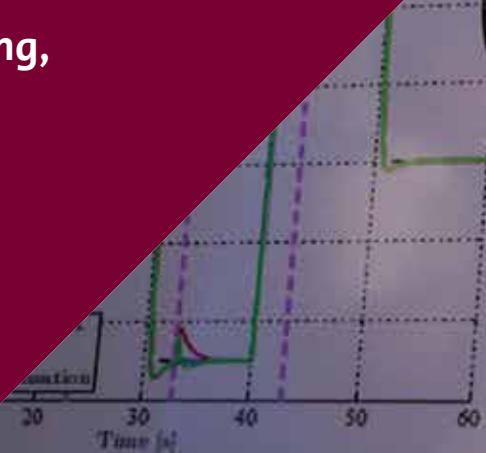

“As part of an agreement between the United Arab Emirates University and the French aircraft manufacturer Dassault Aviation, I worked on a research project dealing with the design of Fault-Tolerant Control Laws for combat aircraft.

Besides the academic aspect, working and living in the UAE has been an enriching experience.

I discovered a new culture, a new language and met many people from many different countries.

It has been an experience that I'm not going to forget and I look forward to new opportunities as a result of this.”

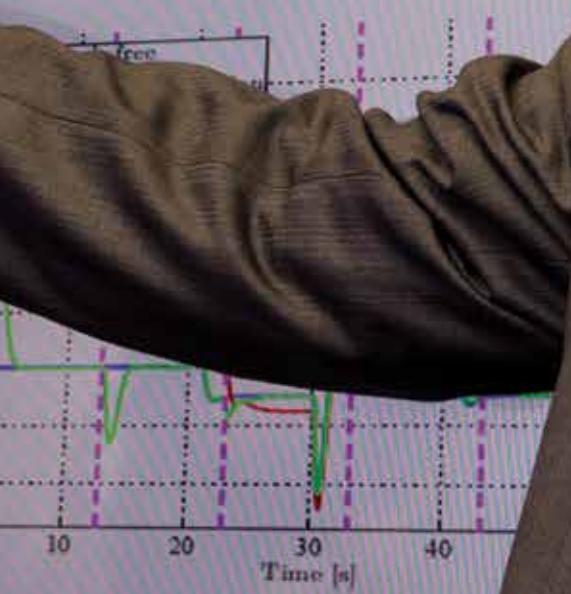

**Adrien Drouot,
Post Doctorate in Electrical Engineering,
France**

NON-NATIONAL STUDENTS OFFICE

The Non-National Students Office offers a wide variety of services and programs to international students at the United Arab Emirates University. Staff are on-hand to provide information about the campus and community and to assist students with any matters relating to visa rules and regulations, financial issues, health insurance and university policies. The Non-National Students Office also provides a liaison with governmental agencies and foreign embassies.

Some of the benefits provided to international students can include:

- Health Insurance
- Financial Aid
- Travel Tickets
- University Housing
- Medical Check-ups
- Residence Visa Fees
- UAE Identity Card Fees

UAEU is committed to ensuring that international students experience a smooth adjustment across all aspects of their life. From the application stage right through to arrival, induction and day-to-day studies, we recognize the needs of international students and have a range of support services to help ensure an enjoyable transition to life in the UAE.

"While studying at UAEU, I grew as an individual, learning to interact and talk to people from different backgrounds. My university professors were not only teachers but also mentors that were willing to help students anytime and in any situation."

**Sarah Kamal, Tourism Studies,
College of Humanities and Social Sciences,
Tunisia**

WHY UAEU?

Excellence

At UAEU we focus on the quality of the learning experience for each student. Here you will find the finest faculty in the nation, the most advanced technology in the region, and the most modern and attractive campus facilities to be found anywhere. Our unrelenting focus on excellence ensures that your degree is highly regarded, both nationally and internationally, and that you will leave the university fully equipped for professional and personal success.

International Recognition

Based upon our international reputation, the employability of our graduates, and our research productivity, UAEU continues to rank among the best 500 universities in the world.

Employability of our Graduates

Since our programs have been designed in partnership with employers, our graduates are highly sought after by both private and government entities. Our academic programs include not just classroom theory, but also practical internships and research experiences.

A Supportive Learning Environment

UAEU is committed to providing the support to ensure that every student can be successful. Regardless of the obstacles that you encounter along the way, there is always a mentor, a counselor, or an advisor nearby to help.

A Vibrant Living Environment

Our goal is not only to give students an excellent degree qualification but also to ensure that you have fun along the way. Our students come from more than 64 countries, so you will interact with and learn from people of diverse cultural backgrounds. The university offers a wealth of extra-curricular activities and life-enhancing experiences to enrich your university.

A Magnificent New Campus

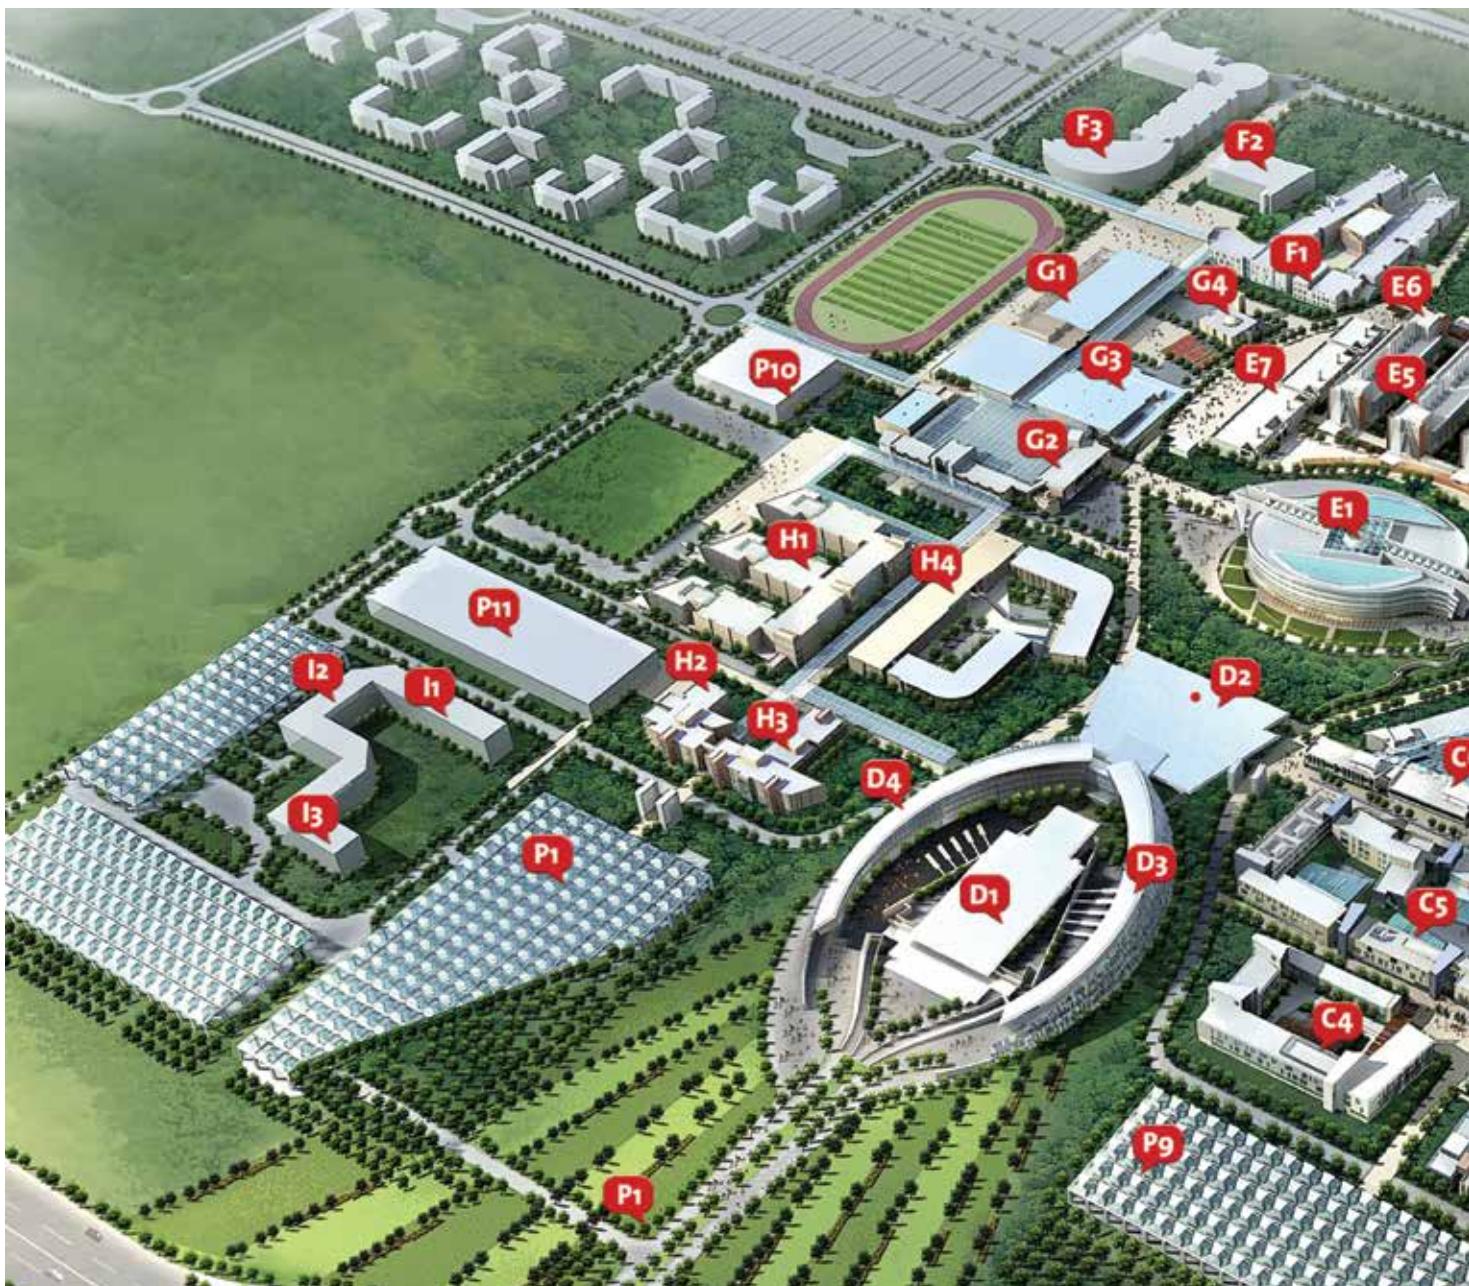

The new UAEU campus features the most modern architecture, zones for specialized research centers, cutting edge IT network infrastructure, classrooms and labs that feature the latest equipment and instructional technology to enhance student learning. There is also an expansive library offering vast physical and electronic resources, two world-class health clubs equipped with latest fitness equipment, two Olympic-sized swimming pools, as well as many other facilities.

Cutting-Edge Research

The UAEU is the nation's premier research university. We not only transmit knowledge to our students, but through our colleges and research centers we discover knowledge, work on developing new treatments for cancer, produce new technology for addressing the world's energy needs and develop new techniques for increasing the global food supply. As a UAEU student, you will have the opportunity to work side by side with internationally known research faculty on these exciting projects.
