INNOVATION

Yeditepe University carries out R&D and technology development studies with its Technology Transfer Office . Yeditepe University continues to host innovative ideas with the increasing number of projects and patents it has developed since its foundation.

Erasmus & Exchange

Yeditepe University has over **500** Erasmus and **140** Non-Erasmus cooperation agreements with the world's leading universities. Through its Global Study Program, Yeditepe is a leader among Turkey's foundation universities in student and faculty mobility.

The language of instruction at Yeditepe University is *English*.

HOSPITALS

Since its foundation in 2005, Yeditepe University Hospitals have been providing services with superior technology and advanced infrastructure. Yeditepe University Hospitals are Turkey's first university hospital group to be accredited with all its systems by JCI in 2007, 2010, 2014 and in 2017. In addition, an Integrated Education System is implemented between Yeditepe University Hospitals and the Faculty of Medicine.

ENGLISH PREPARATORY SCHOOL

The language of instruction at Yeditepe University is English. The English Preparatory School, located at the 26 Ağustos Campus, will provide you with the academic English background you will require to study in our faculty departments. After passing the B1/B2 Standard European Level of English, our new students enter their selected department of study.

Option: Students who pass the standard English Proficiency exams will be exempt from the English Preparatory School.

- Courses at the Department of Political Science and International Relations are offered in French.
- Courses at the International Management Department are offered in German.
- Courses at the Russian Language and Literature Department are offered in Russian.

CANADIAN PREPARATORY SCHOOL

- Our students who wish to study English Preparatory Education abroad can get English Language Education in Canada for six months under the agreement with the Canadian Center of English Studies.
