PROSPECTUS 2020

FOR INTERNATIONAL STUDENTS

*"None of us  
can be as good as  
all of us"*

# ABOUT UNIKA

University of Karabuk (UNIKA) was founded on May 29, 2007.

As being one of the youngest and the most dynamic public universities of our country heading for global education and international progress, UNIKA is located in Karabuk on the Western Black Sea Region of Turkey. Safranbolu, 8 km away from Karabuk, famous for its ancient historical wooden Ottoman Houses many of which are under legal protection and used as pensions, is in "the List of World Heritage Cities" by the UNESCO.

## Faculties

### Faculty of Letters

- Archeology
- Art History
- English Language and Literature
- Geography
- History
- Philosophy
- Psychology
- Sociology
- Turkish Language and Literature
- Western Languages and Literatures
- Educational Sciences

### Faculty of Science

- Mathematics
- Physics
- Chemistry

### Faculty of Fine Arts and Design

- Architecture
- Industrial Product and Design
- Painting
- Music
- Turkish Art Music
- Turkish Folk Music

### Faculty of Economics and Administrative Sciences

- Business Administration
- Public Administration
- Economics
- International Relations
- International Relations (English)
- Social Work
- Econometrics

### Faculty of Technology

- Mechatronics Engineering
- Energy Systems Engineering
- Manufacturing Engineering
- Industrial Design Engineering

### Faculty of Business Administration

- Business Administration

- Actuarial and Risk Management
- Public Relations and Advertising

### Faculty of Engineering

- Mechanical Engineering (English)
- Electrics-Electronics Engineering (English)
- Computer Engineering (English)
- Metallurgical and Materials Engineering (English)
- Automotive Engineering (English)
- Medical Engineering
- Transportation Engineering
- Biomedical Engineering
- Industrial Engineering
- Mechatronics Engineering
- Civil Engineering
- Railway Engineering
- Environmental Engineering

### Faculty of Forestry

- Forestry Industry Engineering
- Forestry Engineering
- Landscape Architecture

### Faculty of Tourism

- Tourism Management

### Faculty of Architecture

- Architecture
- Interior Design
- City and Regional Planning

### Faculty of Health Science

- Physiotherapy and Rehabilitation
- Midwifery
- Child Development
- Occupational Safety and Health
- Healthcare Management
- Nutrition and Dietetics
- Nursing

### Faculty of Medicine

### Faculty of Dentistry

### Faculty of Theology

### Faculty of Communication

50

Master  
Programs

21

Doctorate  
Programs

## Institutes

### Iron & Steel Institute

#### Graduate Institute

- ↳ Naturel and Applied Sciences
- ↳ Social Sciences
- ↳ Health Sciences

#### Naturel and Applied Sciences (Master Programs)

- Computer Engineering
- Biomedical Engineering
- Environmental Engineering
- Electrical and Electronics Engineering
- Electronics and Computer Education
- Industrial Engineering
- Industrial Design Engineering
- Energy Systems Engineering
- Physics
- Manufacturing Engineering
- Civil Engineering
- Chemistry

#### (Doctorate Programs)

- Computer Engineering
- Electrical and Electronics Engineering
- Electronics and Computer Education
- Industrial Engineering
- Industrial Design Engineering
- Energy Systems Engineering
- Physics
- Manufacturing Engineering
- Chemistry
- Mechanical Education
- Mechanical Engineering
- Metal Education
- Metallurgical and Materials Engineering
- Architecture
- Furniture and Decoration Education

- Forestry Industry Engineering

#### Social Sciences

##### (Master Programs)

- Public Administration
- International Political Economy
- Art History
- Actuarial and Risk Management
- Geography
- English Language and Literature
- Sociology
- Turkish Language and Literature
- Business Administration
- International Relations
- Economics
- Basic Islamic Sciences
- History
- Tourism Management
- Educational Sciences
- Entrepreneurship
- Banking and Finance
- Interdisciplinary Ethical Values
- Social Service
- Interdisciplinary Region Studies

##### (Doctorate Programs)

- Business Administration
- English Language and Literature
- History
- Geography
- Basic Islamic Sciences

#### Health Sciences

##### (Master Programs)

- Cardiovascular surgery
- Public Health
- Anatomy
- Midwifery
- Nursing
- Child Development and Education

# RESEARCH AND DEVELOPMENT

## UNIKA Iron and Steel Institute (KISI)

The University of Karabuk Iron and Steel Institute (KISI) aims to provide a scientific medium for the researchers in iron and steel industry in order to make advances.

The researches in KISI are proposed to focus on development of new strategies on production of iron and steel, in increasing of products qualities and production of high value-added steels, recycling of wastes, increasing of efficiency in iron steel plants, on making researches in effective and efficient use of domestic raw material and ores.

## Materials Research and Development Centre (MARGEM)

As the executives of MARGEM Laboratories, we hereby commit to effectively conduct and continuously enhance the Quality Management System with the contribution of all our staff by following the standards of TS EN ISO/IEC 17025, TURKAK guides, costumer and legal conditions.

On the purpose of developing a quality assurance system for metal alloys producers in the region and

country, Materials Research and Development Centre (MARGEM) Laboratories provide test/quality control, and advisory services; train qualified man power; guide R&D studies with respect to university-industry; develop cooperation between universities and R&D companies who make R&D studies in the field. In this manner, the laboratories which serve in the Institute as follows:

### MARGEM Laboratories

- Heat Treatment and Surface Processes Laboratory
- Nano Technology Laboratory
- Refractory / Ceramics Laboratory
- Statics Test Laboratory
- Dynamics Test Laboratory
- Manufacturing Processes Laboratory
- Spectral Analysis Laboratory
- Elemental Analysis Laboratory
- Energy and Environment Laboratory
- Tribology Laboratory
- Polymer Materials Laboratory
- Physics Laboratory
- Intermetallic Components Laboratory
- Non destructive Inspection Laboratory
- Coatings Laboratory
- SEM Laboratory
- XRD/XRF Laboratory
- Visualisation (Optics, DTA, DSC) Laboratory
- Residual Stress Measurement Laboratory
- Hardness Measurement Laboratory
- Metallography Laboratory
- Metrology Laboratory
- Chemical Analysis Laboratory
- Powder Metallurgy Laboratory
- Mechanic Forming Laboratory
- Welding Laboratory
- Alloys Development Laboratory

# UNIVERSITY AND INDUSTRY COLLABORATION

Since its establishment, the University of Karabuk has been carrying out numerous university -industry cooperation projects that can set an example for our country with KARDEMİR, ASELSAN, Presidency of Defence Industries, Turkish State Railways (TCDD), Ministry of Environment and other institutions and industrial organizations.

## The Factory That Constructs Factories: KARDEMİR

The foundations of Kardemir that is the first integrated iron and steel factory of Turkey. Kardemir actualised the project designing, manufacturing and installation of a large number of major industrial plants by leading our country' s industrial enterprises. Therefore; It is known in Turkey as "the factory establishing factories" and memorialized by this name.

### The role model in the University-Industry Collaboration

Doors of the factory have been wide open to the scholars in an attempt to commercialize the scientific studies to be done in the company by converting them into added values and also on the purpose of bringing the academic members together with the execution area.

## Karabuk University Technology Development Zone

As an organized research and business center, where academic, economic and social infrastructure meets, Technopark hosts universities, research institutions and industrial enterprises together in the same environment and facilitates them to do research, development and innovation activities through mutual transfer of know-how and technology for the sake of realizing value-added products.

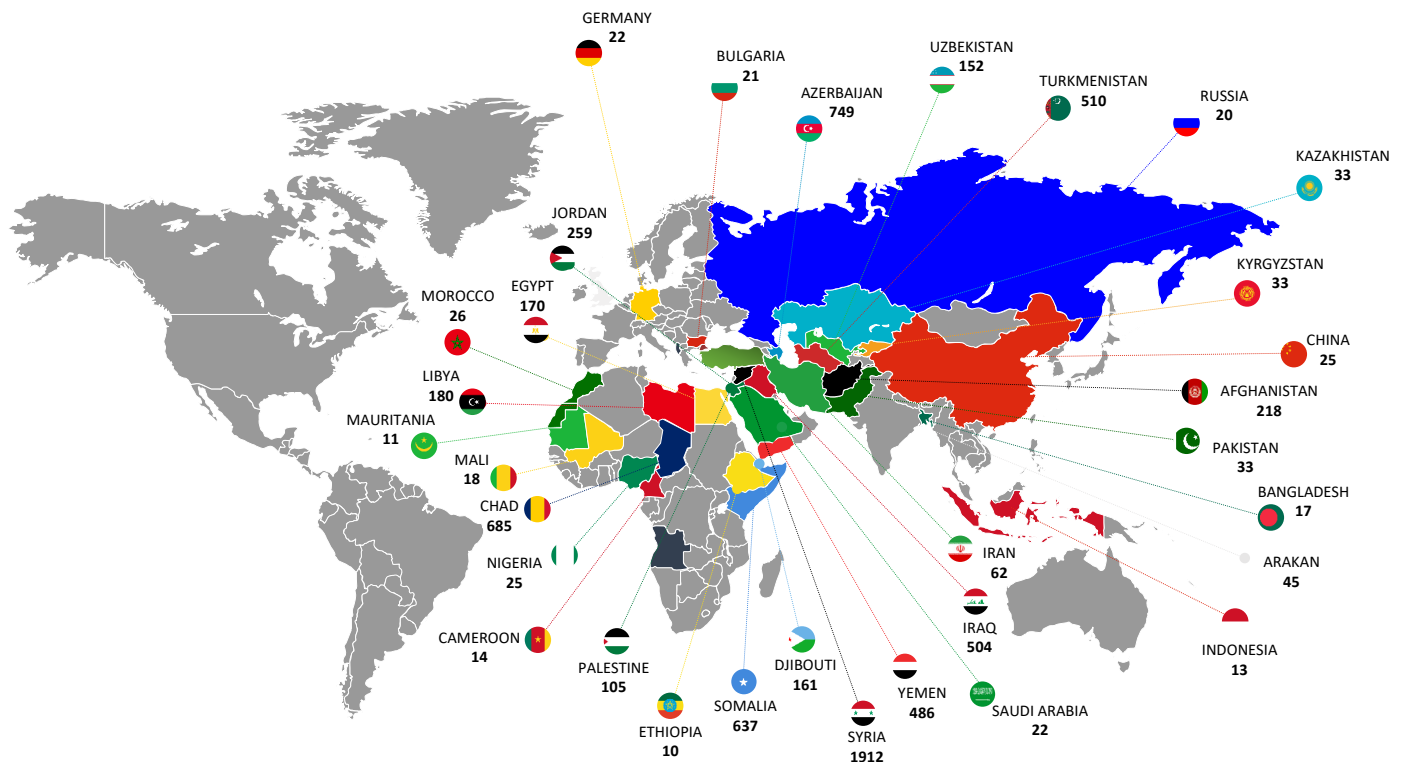

Karabuk University Technology Development Zone started to be established on August 02, 2018. There are 10 R&D companies now. After the establishment is over, there will be 25 R&D companies in total and also incubation and pre-incubation companies.

# GLOBALIZATION STATUS

- UNIKA has 9000 students from 90 different countries of the world
- UNIKA is a public university which offers BA, MA, MSc, PhD programme studies, intended to be compatible with the requirements implied by the Bologna Process
- UNIKA has more than 310 bilateral agreements worldwide

## International Students

From 90 country  
9000 international student

● The map shows countries with more than 10 students.

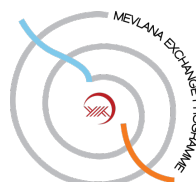

## International Recognition

UNIKA is a public university which offers BA, MA, MSc, PhD programme studies, intended to be compatible with the requirements implied by the Bologna Process.

UNIKA holds a valid (2014-2020) Erasmus Extended Charter and has been awarded Diploma Supplement Label (DS) 2011-2014 and ECTS Label 2013-2016 by European Commission.

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. Its budget of €14.7 billion will provide opportunities for over 4 million Europeans to study, train gain experience, and volunteers abroad. The Erasmus+ Programme is a European funding programme established in 1987 offering university students a possibility of studying or doing an internship abroad in another country for a period of at least 2 months and maximum 12 months per cycle of studies.

Mevlana Exchange Programme is run and funded by Turkish Higher Education Council (YÖK) and a programme aiming the exchange of students and academic staff between the Turkish higher education institutions and higher education institutions of other countries.  
(on condition that the higher education institutions signed a bilateral Mevlana Exchange Protocol)

## Agreements

UNIKA has more than 310 bilateral agreements worldwide

\*Some universities which we have agreements

# GREEN ENERGY

UNIKA produces its own electrical energy by the solar panels that are placed on the roofs and side walls.

The solar panels are placed on 10.000 meter square and they produce the %50 need of electricity that is used in our university and in summer %70.

# CAMPUS LIFE

Students at KBU participate in the various activities such as recreational sport clubs, cultural, chess club, folk dances club, drama clubs, dance clubs, and photography club. Student can find ways of entertainment to meet their needs by joining one of these clubs. There are volleyball, basketball and tennis courts and 25000 seating capacity football stadium. And also there are different sports teams Bicycle group, teakwondo team, basketball team, volleyball team, boxing team, table tennis, canoe team, diving team and rafting team.

Every year graduation ceremonies with the participation of families are held at UNIKA's football stadium having 25000 seating capacity and concerts are given by very well known singers.

# ABOUT CITY

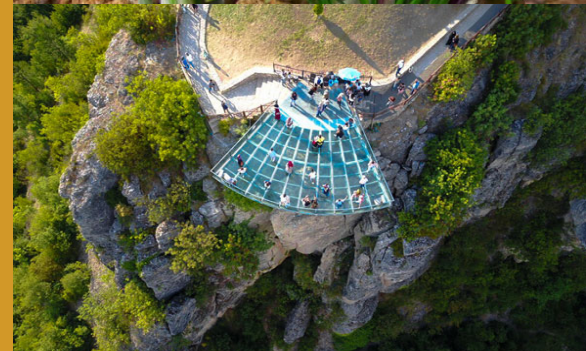

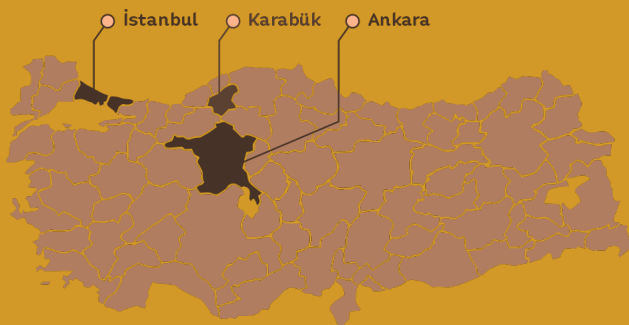

Historical | Industrial | Cultural | Natural | Architectural | Touristic

**K**arabük city was founded on 3rd April 1937, as the seat of the iron and steel industry of Turkey.

After the foundation of the Iron - Steel Factory Karabük started to grow rapidly and its name became popular all around Turkey. In 1953, it became a district of Safranbolu and later in 1995 Karabük became an official province center of Turkey. Hadrianapolis (now Eskipazar) is an ancient city from the Roman Empire of the 4th century, located about 3 kms away from Karabük. There are many fountains, churches, and Roman baths.

## Safranbolu (A World heritage City of UNESCO)

The most important element, which brought Safranbolu forward in our country and in the world at the scope of the culture tourism, is the Safranbolu houses constructed in the style of the traditional Turkish architecture. These houses are attractive both in the scope of urban positions and their architecture styles. There are approximately 2000 traditional Turkish houses at the district center constructed at the beginning of 18th and 19th century.

# TUITION FEES

Associate Degree	300 US Dollar – 450 US Dollar
Bachelor Degree (4 years)	550 US Dollar – 950 US Dollar
Bachelor Degree (Dentistry Faculty)	2.250 US Dollar
Bachelor Degree (Medicine Faculty)	3.000 US Dollar
Postgraduate Degrees (Master & PhD)	550 US Dollar

# ACCOMMODATION (DORMITORY)

Government Dormitories: **60 Dollar per month** (Accommodation)

Other Dormitories (Private Companies) **120- 140 US Dollar per month**  
(Including Breakfast and Dinner)

# APPLICATION (For International Students)

For International Student applications, Student can be those below:

- Those who have a foreign nationality
- Those who were born as Turkish citizens but later were permitted by the Ministry of the Interior of Turkey to leave Turkish citizenship
- Those who used to have a foreign citizenship but later have acquired Turkish citizenship/those who have a dual citizenship under these circumstances
