# W

# Study at one of the world's best modern universities

## Top 20

17th best modern university in the world<sup>1</sup>

## 5-Star rating

for Overall Satisfaction, Staff Qualifications, Good Teaching and Generic Skills<sup>2</sup>

## Top 1%

for graduates as rated by global employers<sup>3</sup>

## Top 2%

of universities in the world<sup>4</sup>

# Why study a postgraduate degree?

## Get employed

81.9% of students secure full-time employment at the end of their postgraduate course.<sup>5</sup>

## Learn more, quickly

Compress a decade of on-the-job experience into a few short years with an industry-focused UOW postgraduate degree.

## Earn more

Postgraduates earn on average \$25,000 per annum more than those with a Bachelor degree.<sup>5</sup>

## Specialise

Gain highly valued skills, become the resident expert in your workplace and earn that promotion.

## Get a pay rise

Earn 20% more than your current salary within three years of graduation.<sup>6</sup>

The world is changing. Fast.

But now is not the time to give up, or simply keep up. Now is your chance to lead the change.

Rising to the challenge of postgraduate study can help you gain a competitive edge in the global job market, achieve better pay and deliver new opportunities.

If you're looking to accelerate your current career—or you want to start a new one—a postgraduate degree at UOW can help you become a leader in your field.

# Build your network

At UOW we connect over 30,000 students from more than 130 nations to learn and discover. Every person you meet can help further your career and open the door to new and exciting opportunities.

## MENTORS

Beyond the classroom, your teachers are the ones driving their industry forward. They are passionate about sharing their knowledge, and their industry connections will become an invaluable source of future career opportunities.

## CONTACTS

You'll make contacts with your industry peers and gain an insight into the contemporary challenges of your discipline. When you graduate, you become a lifelong member of the UOW alumni community of over 131,000 graduates worldwide.

## INDUSTRY & COMMUNITY

We've developed partnerships with over 150 universities in research, teaching and exchange, as well as with major corporations, community groups and government bodies across the globe. These connections ensure your degree is industry-led while fostering potential career prospects.

## RESEARCHERS

UOW is placed in the top two per cent of research universities in the world by the Times Higher Education and QS World University rankings. This reputation will give your research added credibility and opportunities to collaborate with researchers at other leading international universities.

# Get the tools to excel

Our size means that we are truly student-centred, providing students with individual attention, available staff, and a personal approach. From the day you become a UOW student, you can expect guidance and support.

## ADVICE AND SUPPORT

Each faculty has advisers and coordinators to assist you with questions about your subject or course. You can also consult your tutor, lecturer, or course coordinator. Research students can also expect support and mentoring from industry-leading academic supervisors.

## RESOURCES

[www.library.uow.edu.au](http://www.library.uow.edu.au)

[uow.edu.au/its/studentlabs](http://uow.edu.au/its/studentlabs)

With our award-winning library you'll have access to over a million digital and print volumes, and to dozens of study spaces and group seminar rooms. Book a librarian to help you get started with your research topic. Students also have access to nine central computer laboratories, as well as teaching and computer science laboratories.

## STUDENT SERVICES

[uow.edu.au/student/ourservices](http://uow.edu.au/student/ourservices)

Student Central helps students with a wide range of services, including accommodation, study abroad, scholarships and enrolment matters.

## RESEARCHER TRAINING

[uow.edu.au/research/rsc](http://uow.edu.au/research/rsc)

The Research Student Centre manages enrolments, scholarships and funding, as well as orientation, workshops and information sessions for research students.

A range of training is available to help you through your degree, including professional development courses, a Graduate Certificate program in tertiary teaching, HDR writing courses, seminars and workshops. A free statistical consulting service provides advice on investigation planning, data analysis and appropriate methods of presenting results and conclusions.

“

*I liked that the postgraduate course offered a range of diverse and interesting elective subjects, with the option to choose a specialty.*

*The course delivery was flexible, which meant I could balance my study around full-time work and personal responsibilities. Some subjects were offered via distance and others delivered through block sessions where I attended class for two days twice a semester, and then completed work independently.*

*Now I have been able to apply the skills and knowledge I learned in my studies in my job, which has given me greater confidence in my work.*

**Holly Jones**  
**Master of Public Health**  
**Advanced 2014**

Assistant Director, Food and Nutrition Policy, Australian Government Department of Health

# Study your way

## COURSEWORK

UOW coursework programs are designed to develop practical and relevant skills from a range of specialisations that are driven by the current needs of industry. Similar to undergraduate study, postgraduate coursework assessments are based on a combination of written assignments, presentations, exams and practical exercises. Some coursework degrees also offer the option to complete a research project. Diverse course delivery options allow many students to complete their postgraduate studies while still working full-time.

### MASTERS BY COURSEWORK

1.5-2 YEARS FULL-TIME OR PART-TIME EQUIVALENT

A UOW Masters degree can help you gain that promotion, start your specialist career, or change career paths completely. Admission normally requires students to hold a recognised Bachelor degree in a related area. However, there are exceptions. See [coursefinder.uow.edu.au](http://coursefinder.uow.edu.au) for details.

### GRADUATE DIPLOMA

1 YEAR

### GRADUATE CERTIFICATE

6 MONTHS FULL-TIME OR PART-TIME EQUIVALENT

The courses leading to these awards are designed for students who may be:

- Seeking a professional development course at postgraduate level
- Seeking to take a different direction from their Bachelor degree
- Looking for a pathway into a Masters degree.

## RESEARCH

A postgraduate research degree allows you to play an active role in transforming lives and communities. By contributing to a body of knowledge you'll be shaping our future and furthering our understanding of the world. In most cases, you will be allocated two supervisors to ensure maximum support. There is also a wide range of research scholarships and awards to eligible domestic HDR students.

For information on scholarships, visit  
[uow.edu.au/research/rsc/prospective](http://uow.edu.au/research/rsc/prospective)

For information about UOW research strengths, visit  
[uow.edu.au/future/postgrad/study/research](http://uow.edu.au/future/postgrad/study/research)

### MASTER OF RESEARCH

2 YEARS FULL-TIME OR PART-TIME EQUIVALENT

This degree combines advanced research training and a substantial research project to provide a pathway doctoral programs. It represents an alternative to add-on (one-year) Honours degrees at UOW.

### MASTER OF PHILOSOPHY

2 YEARS FULL-TIME OR PART-TIME EQUIVALENT

Combining research and coursework, a Master of Philosophy allows students to further their knowledge by undertaking substantial research in an area of their interest.

### DOCTOR OF PHILOSOPHY

3 YEARS FULL-TIME OR PART-TIME EQUIVALENT

Candidates will make an original contribution to the body of knowledge in a specific discipline in this research-only program, which culminates in the production of a written thesis of research findings.

### DOCTOR OF PHILOSOPHY INTEGRATED

4 YEARS FULL-TIME OR PART-TIME EQUIVALENT

A four-year degree that integrates a traditional three-year PhD thesis with one year of coursework, which allows candidates to improve their research skills and develop a detailed research focus.

# How to choose your course

In the following pages you'll find every UOW postgraduate course, grouped by area of interest. You'll be able to discover where you can study each course, and what time of year you can start.

See [coursefinder.uow.edu.au](http://coursefinder.uow.edu.au) for in-depth program details.

## INTAKES

UOW has different intakes throughout the year. Intakes vary across study areas, so be sure to look out for these symbols to see what time of year you can start.

Autumn (March)	
Spring (July)	
Trimester 1 (Feb)	
Trimester 2 (May)	
Trimester 3 (Aug)	
Unique Session (see Coursefinder)	

## OUR CAMPUSES

UOW has two campuses in Wollongong, a series of regional campuses and our Sydney Business School based at Circular Quay. These symbols let you know at which campus(es) you can study each course.

Batemans Bay	
Bega	
Distance	
Innovation Campus (Wollongong)	
Shoalhaven	
Southern Highlands	
Southern Sydney	
South Western Sydney	
Sydney CBD	
Wollongong	

## DELIVERY MODES

UOW has three delivery modes. On Campus is the most common and will see you attending classes at a UOW campus. Courses available via Distance allow you to complete subjects at home with a high level of academic and peer support. Our Flexible mode is great for those already in full-time employment, as it may include evening and weekend classes or intensive block sessions on campus, or online delivery.

On Campus	
Distance	
Flexible	

## ARTS, HUMANITIES & INTERNATIONAL STUDIES

### ARTS & HUMANITIES

UOW postgraduate students in Arts & Humanities are part of a vibrant community of researchers and academics. Our programs focus on developing interactions between disciplines in our purpose-built collaborative research space and through our multi-disciplinary research centres, networks and initiatives. We provide an opportunity for graduates to develop their research skills, deepen their knowledge, and prepare for careers under the guidance of expert supervisors.

### INTERNATIONAL STUDIES

At UOW, we give you a strong understanding of the dynamics of internationalisation, globalisation, development and social change needed for careers in government, the private sector, the NGO sector and academia. Our programs reflect the growing realisation that understanding and addressing complex global challenges requires an approach that goes beyond traditional academic disciplinary boundaries. You will learn critical skills in a personalised, real-world focused program taught by expert, dynamic staff.

For in-depth program descriptions and entry requirements visit [go.uow.edu.au/artsint](http://go.uow.edu.au/artsint)

## EDUCATION

UOW's School of Education has a reputation for flexible course delivery and practical programs that produce highly employable educators. It is home to passionate and engaged academics who maintain strong community and industry ties and have close partnerships with schools to ensure that teacher education programs graduate quality teachers for the profession. Our teaching courses are accredited with the Board of Studies

Teaching and Educational Standards and we work closely with the Australian Institute for Teaching and School Leadership. We have a continued focus on interdisciplinary research, particularly with the Early Start Research Institute.

## ENGINEERING

UOW's well-designed engineering laboratories, practical implementation of skills and an emphasis on innovation ensure UOW graduates have the skills to meet modern engineering challenges. Coursework programs are flexible, with many subjects offered at times convenient to engineers in full-time employment.

UOW has a distinguished engineering research reputation, which has led to a place in the elite Group of Eight Associates (Go8)—the top research faculties in Australia—and the creation of a number of Centres of Excellence.

## GEOGRAPHY

Postgraduate research degrees in Human Geography provide students the opportunity to undertake research with UOW's world-leading Human Geographers in a stimulating intellectual environment. The degree allows students to develop unique, holistic ways of understanding issues of global significance, across their social, economic and environmental dimensions.

You will have the opportunity to explore diverse human engagements with environments and places, across multiple scales, in the face of major global challenges.

## HEALTH & MEDICINE

### HEALTH

UOW health students enjoy access to modern, purpose-built teaching and research facilities, including well-equipped physiology, histology, biochemistry, exercise physiology, exercise rehabilitation, nutrition and biomechanics teaching laboratories.

UOW maintains strong links with industry bodies, such as the Area Health Services and WorkCover, to ensure programs are relevant to the latest industry developments. Some programs are offered by distance education or in the afternoon/evening for convenient course delivery.

You can read in-depth program descriptions and review the entry requirements at [go.uow.edu.au/healthmed](http://go.uow.edu.au/healthmed)

### MEDICINE

With accreditation from the Australian Medical Council (AMC), the UOW Graduate Medicine curriculum reflects the latest approach to medical education, and incorporates extensive use of existing and emerging medical education and information technologies. Our programs are taught by professionals who are world-leading researchers and experienced clinicians, so the skills and knowledge you acquire can be applied to real-world challenges today and in the future. The anatomy laboratory is one of the few cadaver-based facilities outside of traditional medical faculties.

① UOW Graduate Medicine is accredited by the Australian Medical Council (AMC) and graduates are eligible for registration as a medical practitioner. ② Exercise and Sport Science Australia: Upon graduation, students are eligible to apply for membership as an Exercise Scientist and accreditation as an Exercise Physiologist. ③ The Australian College of Mental Health Nursing recognised this level of qualification as one of the criteria for its 'credential for practice' program. ④ Dietitians Association of Australia (DAA): all graduates are eligible for the credential of Accredited Practising Dietitian (APD) and Accredited Nutritionist (AN).

◆ Varies depending on the subjects chosen.

## INFORMATION & COMMUNICATION TECHNOLOGY

At UOW you'll learn from world-renowned academic leaders covering a wide range of ICT specialisations. Many courses have professional accreditation with the Australian Computer Society and all are constantly reviewed to stay ahead of advances in the field. UOW is one of the largest ICT researchers in the southern hemisphere. It has strong partnerships with major international companies and is strengthened by UOW's Simulation,

Modelling, Analysis, Research & Teaching (SMART) facility and collaboration with Illawarra Health and Medical Research Institute (IHMRI).

## LAW, OCEAN LAW & POLICY

Our postgraduate coursework programs target two specialised interest areas of law. We offer online programs through our research strength, the Australian National Centre for Ocean Resources and Security (ANCORS), for students interested in ocean policy and law.

Our criminal practice program offers the only postgraduate qualification in law in Australia designed specifically for lawyers working in (or aspiring to work in) criminal practice, whether as a prosecutor or defence lawyer. Our specialist programs are challenging, interesting and professionally relevant.

For those thinking about undertaking a higher research degree, the Doctor of Philosophy will allow you to research a field of study in any area of the law. Please consult with the Faculty of Law, Humanities and the Arts to identify a potential supervisor.

## MATHEMATICS & STATISTICS

With extensive experience working with industry and government, UOW has an international reputation for excellence in many areas of mathematics. The programs are designed to expand your knowledge and develop the skills needed by industry, including the growth of the financial sector.

UOW's National Institute for Applied Statistics Research Australia (NIASRA) undertakes a range of fundamental and

contract research, including assisting with a recent NASA mission to better understand of how the Earth inhales and exhales carbon dioxide.

## PUBLIC HEALTH / WORK HEALTH AND SAFETY

UOW is home to Public Health and Work Health and Safety researchers who are international leaders in their field. The multidisciplinary approach to learning and teaching at UOW enables a valuable interdisciplinary experience and academic input from public health, ergonomics, occupational hygiene, statistics, epidemiology, medicine, health promotion, nutrition, law and health services. At UOW you will have the opportunity to build your professional networks and practical skills through our coursework programs, supervised independent projects and research seminars. ① Accredited by The Australian Occupational Health and Safety Educators Accreditation Board (AOHSEAB) and the Institution of Occupational Safety and Health (IOSH) of the UK. ② Graduates qualify for membership of the Australian Health Promotion Association and the Public Health Association of Australia. ③ The Master of Work Health and Safety (Ergonomics) and (Occupational Hygiene) specialisations have been accredited by The Australian Occupational Health & Safety Educators Accreditation Board (AOHSEAB). The Occupational Hygiene specialisation has been accredited by The Australian Institute of Occupational Hygienists (AIOH) and the British Occupational Hygiene Society (BOHS). The Ergonomics, Occupational Hygiene and Risk Management specialisations have also been accredited by the Institution of Occupational Safety & Health (IOSH) of the UK.

Research students enjoy a collegial environment appropriate for advanced scholarship and an active program of research support to ensure your research meets international standards.

You can read in-depth program descriptions and review the entry requirements at [go.uow.edu.au/psyc](http://go.uow.edu.au/psyc)

## SCIENCE

At UOW you'll learn the technical skills for specialist careers while developing analytical and research skills that can be applied to any career. Students will have access to UOW's new \$35 million Sciences Teaching Facility, featuring both teaching and higher degree research laboratories.

Our research programs offer candidates opportunities to join world-class projects and direct their own research.

UOW Science Research Groups have close relationships with many industrial and governmental organisations, including ANSTO, CSIRO and Australian biotechnology developer AMRAD.

You can read in-depth program descriptions and review the entry requirements at [go.uow.edu.au/sci](http://go.uow.edu.au/sci)

## SOCIAL SCIENCE

UOW is home to Social Science and Social Work researchers who are leaders in their field in Australia and internationally. Our academics will help you to build your career through supervised independent projects and our research seminars. At UOW you will have the opportunity to develop your practical skills and professional networks. UOW Higher Degree Research

training attracts candidates from across Australia and the world that are keen to work in research centres and schools where students belong to an academic community dedicated to social understanding of health and action.

You can read in-depth program descriptions and review the entry requirements at [go.uow.edu.au/socsci](http://go.uow.edu.au/socsci)

# How to apply Costs

## COURSEWORK

You can apply online for all degrees (excluding Medicine). Alternatively you can download an application from the below website. There is no application fee for applying to UOW. [apply.uow.edu.au](http://apply.uow.edu.au)

## RESEARCH

You should first determine your field of study and then identify, contact and consult with the faculty or academic unit that conducts research in that area. The faculty or unit website will help you identify a potential supervisor. All Higher Degree Research (HDR) applications must be submitted online. Students may also apply for a HDR scholarship at the same time. For more info visit [uow.edu.au/research/rsc/prospective](http://uow.edu.au/research/rsc/prospective)

## APPLICATION CLOSING DATES

The date will depend on the course, session, campus and delivery mode. Closing dates for each degree are included with the complete course descriptions at [coursefinder.uow.edu.au](http://coursefinder.uow.edu.au)

## COURSEWORK

UOW offers Commonwealth Supported Places (CSP) for a number of our postgraduate coursework programs. A CSP is where the Australian Government funds up to three quarters of the total tuition fee for the program. If you're an eligible Commonwealth Supported Student you can access HECS-HELP to defer part or all of your tuition fees.

The remaining postgraduate coursework programs are full-fee paying, however you may be eligible to access FEE-HELP, a loan to cover part of or all of your tuition fees.

For information on fees and payment options, visit [uow.edu.au/future/postgrad/costs](http://uow.edu.au/future/postgrad/costs)

## RESEARCH

For Australian citizens and permanent residents, most research programs are exempt from tuition fees. It is a UOW and Australian Government policy to award domestic Doctoral and Master of Philosophy students a fee exempt place. For further information, visit [uow.edu.au/student/finances](http://uow.edu.au/student/finances)

# Key dates

## SYDNEY BUSINESS SCHOOL

### AUTUMN SESSION 2017

Orientation	21 Feb – 23 Feb
Lectures Commence (weeks 1–7)	27 Feb
Mid-Session Recess (1 week)	18 Apr
Lectures Recommerce (weeks 8–13)	24 Apr
Study Recess (1 week)	5 Jun
Exams (2 weeks)	10 Jun
Mid-Year Recess (4 weeks)	26 Jun

### SPRING SESSION 2017

Orientation	17 Jul
Lectures Commence (weeks 1–9)	24 Jul
Mid-Session Recess (1 week)	25 Sep
Lectures Recommerce (weeks 10–13)	3 Oct
Study Recess (1 week)	30 Oct
Exams (2 weeks)	4 Nov

### TRIMESTER 1 2017

Enrolment and Orientation	
– Sydney Campus	1 Feb
– Wollongong Campus	2 Feb
Lectures Commence	6 Feb
Study Recess (1 week)	17 Apr
Exams (1 week)	22 Apr

### TRIMESTER 2 2017

Enrolment and Orientation	
– Sydney Campus	10 May
– Wollongong Campus	11 May
Lectures Commence	15 May
Study Recess (1 week)	24 Jul
Exams (1 week)	29 Jul

### TRIMESTER 3 2017

Enrolment and Orientation	
– Sydney Campus	16 Aug
– Wollongong Campus	17 Aug
Lectures Commence	21 Aug
Study Recess (1 week)	30 Oct
Exams (2 weeks)	4 Nov
