Welcome to UQ

Starting university is an exciting time. You'll meet people who will become lifelong friends, exchange ideas with other bright minds, and develop knowledge that will help you excel, no matter where life takes you.

At UQ, we are here to support, guide and inspire you as you join us on this next step towards your future success – whatever form that takes.

When you join us, you'll be surrounded by like-minded students, who come from Australia and around the world to study here. The curiosity, creativity and resilience of our students are part of what makes employers seek out UQ graduates – a global network you will one day join, who reinforce the value of a UQ degree through their achievements and successes.

As a global top 50 university, UQ has championed creative thinking for more than 100 years to solve problems facing humanity. We don't just teach the latest research – our research pioneers are industry leaders who discover the latest breakthroughs, and make a positive difference in people's lives around the world.

You'll learn in a way that suits you at one of our beautiful campuses in South East Queensland – whether in seminars, small tutorials, laboratories, online or by partnering with our passionate educators to change how courses are taught.

University isn't just about study though – you'll also have fun here. UQ is renowned for our vibrant campus culture, our clubs and societies, and our sporting communities, where you'll truly enjoy your recreation time while making friends for life.

No matter what your reason for being here, you are sure to enjoy UQ's long-standing traditions, while creating some new ones of your own.

I look forward to hearing about the positive impact you create in your time with us and beyond.

Excellence in Research for Australia, 2018

Pioneering change

In 2017, UQ received the second highest level of funding for any Australian university from the Australian Research Council. We receive **A\$368 million** in funding annually.

UQ researchers are named among the world's most influential. 27 UQ researchers have been named in a prestigious 2018 Highly Cited Researchers List.

100%
of our research fields
are above world standard.
(Excellence in Research for Australia, 2018)

Our Institute for Social Science Research analyses society's 'big' issues including social disadvantage, employment, education, sustainability, social wellbeing, health and housing.

Heron Island Research Station, located on the Great Barrier Reef, is internationally renowned for coral reef research and student training in marine sciences.

94%
of students at UQ are satisfied with UQ's expert lecturers, learning environments and technology.
(International Student Barometer, 2018)

At UQ, we create knowledge.

You will discover our latest innovations and the people and technology behind them. Our world-leading researchers will be your teachers, so you can learn from the world's best, be inspired and understand what it takes to pioneer change.

Innovations for the world

We are a global research leader in biosciences, nanotechnology, engineering, sustainable development and social science. Our innovations are impacting millions of people around the world.

- **Gardasil® cervical cancer vaccine:** 205 million doses administered in 130 countries, saving an estimated 120,000 lives annually.
- **Conservation:** software developed by UQ has enhanced conservation planning globally in areas like the Great Barrier Reef and the Galapagos Islands.
- **Triple P Positive Parenting Program:** helps millions of children and families in 28 countries and 22 languages.
- **MRI machines:** UQ technology is used in the majority of the world's MRI machines, facilitating production of faster and more accurate images, and therefore improving diagnostic quality.
- **GroundProbe:** mine-safety technology that is used by some of the world's largest mining companies.
- **Food security:** UQ works with the Queensland Government to enhance the drought tolerance of sorghum, an important cereal in sub-Saharan Africa.
- **Nanopatch:** a revolutionary needle-free method of delivering vaccines being developed in the UQ spin-out company, Vaxxas.
- **Latch-On:** gives the gift of literacy to people with intellectual disability in Australia and across the globe.
- **Water use:** our technology has changed practices in global water and sewerage utilities, saving hundreds of millions of dollars.

uq.edu.au/research/impact

Pioneering your future

We bring the latest ideas and research into the classroom to place you at the frontier of knowledge. You will learn from world-renowned researchers. Our international reputation means we attract some of the best minds in the world to the University – including presidents, prime ministers, international authors and ground-breaking researchers – who will inspire you to break through barriers.

World-class facilities

We have eight internationally recognised research institutes on campus. These institutes are home to more than 1500 specialists working on ideas for the future with the latest in tools, technology and support. Off campus, we have over 100 research centres located throughout Queensland.

uq.edu.au/research/research-at-uq/research-facilities

3MT® (Three Minute Thesis)

Founded by UQ, 3MT has been adopted by more than 600 universities in 62 countries around the world. The 3MT competition sees our research students pitching their exciting ideas to industry leaders, alumni and global leaders in three-minute presentations. Each year, winners are awarded a range of prizes including research travel grants.

threeminutethesis.org

Summer and Winter Research Programs

Improve your employability, extend your knowledge of an area of interest, and develop your analytical, critical thinking and communication skills by participating in the UQ Summer or Winter Research Program. Successful applicants are eligible for funding to support their participation in the program.

employability.uq.edu.au/research

Transforming your learning

Our teachers are the most highly awarded in the country.

They will share the latest knowledge and ideas to inspire and guide you. You will put theory into practice in workplace settings, expanding your understanding and exciting your mind.

Best place to learn in Australia

We believe your development is the most important outcome of your degree. This approach has seen our teachers win the most awards for student learning in the country. In a 2018 Australia-wide survey designed to assess how satisfied international students were with their university, we received above 88 per cent satisfaction in the following areas:

- Overall student satisfaction
- Good teachers
- Quality lectures
- Performance feedback
- Managing research
- Topic selection
- Program content
- Learning support
- Virtual learning
- Laboratories
- Learning spaces.

Source: International Student Barometer, 2018

Transforming your knowledge

Our teachers write the books that are used for teaching. They produce research papers every year, they contribute to international conversations in their fields and their work appears in the media and influences government policy. This knowledge is brought into the classroom so you can address the latest issues, ideas and challenges with their support.

Teaching for the future

Our courses are designed in consultation with learning design teams to maximise your employability when you graduate. Our lecturers incorporate student feedback into their decision-making and planning processes to ensure course material is exciting, fresh and transformative. We offer Massive Open Online Courses (MOOCs), MicroMasters®, and UQ's first fully online master's program on edX, one of the most prestigious online course platforms in the world, so you can expand your horizon, gain new skills and follow your curiosity.

edx.org/school/uqx

Practical learning

You will apply knowledge in practical settings. From our marine research station at Heron Island and our veterinary science centre at Gatton to the UQ Business School in Brisbane's CBD and our medical centres located in hospitals throughout Queensland, we immerse you in environments where learning and making a difference meet.

Independent research

As a master's by coursework student, you will undertake compulsory independent research and project work or practice-related learning as part of your program. Depending on what you study, this may take the form of practice-based research, literature reviews, presentations, essays, case studies, and clinical and work-based research. Independent research develops your ability to work autonomously and gives you solid grounding for pursuing a higher degree by research.

Engineering students testing a hybrid vehicle as part of the Mechanical Systems Design course.

More national teaching awards than any other Australian university.

Dr Emma Bartle, from the School of Dentistry, was recipient of the Universitas 21 Health Sciences Teaching Excellence Award in 2018.

Professor Sritawat Kitipornchai, from the School of Civil Engineering, was the fifth Australian to be elected to the elite European Academy of Sciences and Arts (EASA).

Associate Professor Blake McKimmie and Professors Barbara Masser and Mark Horswill from UQ's School of Psychology, were awarded the 2018 edX Prize for Exceptional Contributions in Online Teaching and Learning for the MOOC Crime101x: The Psychology of Criminal Justice.

Industry relevant

As a locally and globally connected university, UQ provides many opportunities for students to apply knowledge gained in the classroom to the real world.

You will have access to work-integrated learning, local and global internships and volunteer positions to boost your confidence, skills and résumé.

A wide range of free entrepreneurship programs are available to complement your studies, and to help you build a network, take on new challenges and bring your ideas to life.

Partner to companies

We build partnerships with leading international companies. Our teachers work on commercial challenges and bring their experiences into the classroom. As UQ's partnerships with companies develop, so do internship and research opportunities for students and researchers.

- **Neusoft:** UQ has an agreement with the largest IT solutions and services provider in China to promote research collaboration and provide internships for students.
- **Siemens:** provided more than \$500 million of software to UQ to enable students to access advanced technology, building their skills in digital and data-driven industries.
- **Leo Pharma Denmark:** UQ has an ongoing scientific collaboration with the pharmaceutical company to better understand and treat skin cancer.
- **Australian Government:** UQ helped the government to create a national compliance framework for export controls.
- **Johnson & Johnson (J&J):** UQ researchers are collaborating with J&J immunology scientists to discover and develop a new treatment for rheumatoid arthritis.

- **Fangyuan Company (China) and CODELCO (Chile):** the two huge copper producers are funding a five-year research professorship at UQ around copper smelting.

- **Ernst and Young (EY):** UQ researchers are collaborating with EY on the importance of innovation as a driver of organisational productivity in the oil and gas sector in Australia.

- **Great Barrier Reef Marine Park Authority:** UQ provides ongoing pioneering research to protect the Great Barrier Reef's precious marine species such as coral reef communities and turtles.

Workplace learning

Internships, placements and networking will be part of your study experience at UQ through work-integrated learning. Grow your employment network before you even graduate.

- **Business, Economics and Law:** our staff work with a diverse portfolio of international organisations such as Accor Hotels, Bank of America Merrill Lynch, Colliers International, Deloitte, EY, Flight Centre, Goldman Sachs, Google, HSBC and Virgin.

- **Engineering, Architecture and IT:** the Meet a Mentor program sees third- and fourth-year engineering and IT undergraduates working one-on-one with managers from 80 companies.
- **Health and Behavioural Sciences:** ten clinics providing healthcare, rehabilitation and nutrition services to the general public expose our students to the latest in equipment, tools and care.
- **Humanities and Social Sciences:** internships, field trips and placements in Brisbane, interstate and overseas are part of course credit for humanities and social science students.
- **Medicine:** students undertake placements in hospitals and clinics around the world where they are trained and mentored by doctors and healthcare specialists.
- **Science:** our researchers work with industry partners including the peak industry councils for cotton, fisheries, horticulture and forestry, as well as Rio Tinto and BHP.

• **Extra-curricular opportunities:** with UQ's range of entrepreneurship programs students can access local and global internships and work experience.

Idea Hub offers fully supported, hands-on internships with startups in San Francisco, Singapore, Tel Aviv or Shanghai. Through ilab, students can also be placed in local startups over the summer and winter breaks.

UniQuest, UQ's commercialisation company, has helped start up more than 100 companies and raise A\$1.5 billion in funding.

Since 2003 we have been in partnership with Boeing, the world's largest aerospace company. Boeing Research & Technology-Australia (BR&T-A) is located at our St Lucia campus. Boeing collaborates with UQ researchers and students on the latest ideas in aerospace, so you can learn from their discoveries and setbacks in the classroom or directly from Boeing staff.

Venture ahead with UQ's entrepreneurial community

Develop the knowledge, networks and skills to prepare for current and future emerging careers.

UQ offers a range of free entrepreneurship programs, events and competitions that are run throughout the year, including the UQ Weekend of Startups, student challenges, industry panels, alumni guest speakers, meetups and pitch nights.

ventures.uq.edu.au

IDEATE – UQ Idea Hub

Budding student entrepreneurs from all disciplines can explore big ideas through UQ's Idea Hub.

Idea Hub brings together experiential learning, networking, 24/7 co-working space, and mentoring to support students through their entrepreneurial journey. Don't have an idea? No worries. Idea Hub is also for students who are passionate about making change through entrepreneurship and innovation, and want to contribute and grow their knowledge and skills.

ventures.uq.edu.au/idea-hub

VALIDATE – Startup Academy

To succeed in a new venture, you don't just need an idea, you also need validation. UQ's Startup Academy supports student entrepreneurs to test their idea on the market, develop a business model and get feedback from real customers. Whether that is the launch of a business, an app, or a social venture.

ventures.uq.edu.au/startup-academy

ACCELERATE – ilab at UQ

Get up to \$20,000 to take your business or social enterprise to the next level with the ilab Germinate PLUS accelerator program. The program includes workshops, mentoring, partner deals, desk space and introductions to investors. We welcome startups from all disciplines – from robotics to education and environmental sciences.

ventures.uq.edu.au/ilab

A truly global network

As an international student, you know the importance of thinking and acting globally. At UQ, so do we.

Our worldwide partner and alumni networks give you the international opportunities and connections to enhance your learning, life skills and employment prospects from the start of your degree to long after you graduate.

While you are at UQ

Our partnerships = your opportunity

As a UQ student, Brisbane or Gatton is just the first stop on your overseas adventure. Grow your global network through UQ's student exchange program by studying up to two semesters of your degree at one of our 200 partner institutions in 38 countries.

You will gain program credit while expanding your world perspective, enhancing your employability, developing your network, and maybe even learning a new language. While on exchange, tuition fees at the host university are waived as you remain enrolled at and pay fees to UQ.

[employability.uq.edu.au/
global-experiences](http://employability.uq.edu.au/global-experiences)

Unlock new languages

In a global economy, the ability to communicate with a wide range of people is invaluable. Perfect your English at our award-winning English language learning institute, ICTE, or tap into your inner polyglot at our Institute of Modern Languages. A range of Humanities and Social Sciences courses also allow you to learn a language for credit.

ICTE
icte.uq.edu.au

Institute of Modern Languages
iml.uq.edu.au

School of Languages and Cultures
languages-cultures.uq.edu.au

Short-term global experiences

While studying at UQ, head overseas for a short-term global experience at one of our partner institutions during semester break. The short-term study program includes study, intern and community-based learning opportunities.

[employability.uq.edu.au/
global-experiences](http://employability.uq.edu.au/global-experiences)

Incoming exchange and study abroad

Even if you are partway through a degree at a non-Australian university, with our incoming exchange and study abroad programs you can still study at UQ for one or two semesters and gain credit for your degree back home. If your university has an exchange agreement with UQ, you are eligible for the Incoming Exchange program. If your university is not partnered with UQ, you can apply to UQ as a Study Abroad student.

uq.edu.au/studyabroad

Global business connections

As a UQ graduate, you will join our alumni community of more than 264,000 people creating positive change around the world. You can tap into this network at any stage in your career to open doors to new relationships and employment prospects globally.

alumni.uq.edu.au

Relationships changing the world

Global connectivity is at the heart of UQ's vision to create knowledge leadership for a better world. From renewable energy technologies and sustainable mining practices, to disease control and child psychology, our international collaborations are working towards a cleaner, healthier, and happier future. Explore our impact around the world.

global-engagement.uq.edu.au

We are members of the prestigious Group of Eight coalition in Australia and the leading global network of research universities, Universitas 21.

Mr Cameron Bellamy

Master of International Economics and Finance

After growing up in Cape Town, South Africa, Cameron Bellamy vowed to make a difference after witnessing the inequalities around him. Upon graduating from Rhodes University, Bellamy completed a Master of International Economics and Finance at UQ.

An accomplished athlete, Bellamy founded the Ubunye Challenge in 2011, and it is through endurance challenges that Bellamy and his team of athletes raise money to support communities in some of the poorest areas of South Africa and Zimbabwe.

Cameron Bellamy is the recipient of the 2018 Distinguished Young Alumni Award.

Professor Opha Pauline Dube

Doctor of Philosophy (Geographical Sciences and Planning)

A recognised leader in global environmental change, Professor Opha Pauline Dube has been active in international climate change research for more than 25 years, with a focus on Africa. She is an environmental change scientist and an Associate Professor in the Department of Environmental Science at the University of Botswana.

Dube has received many accolades for her research, including a Nobel Peace Prize Certificate awarded in 2007 as part of the IPCC authorship for significant contribution to the scientific understanding of climate change and its implications for society.

Professor Opha Pauline Dube was the 2018 International Alumnus of the Year.

Ms Shandana Aurangzeb Durrani

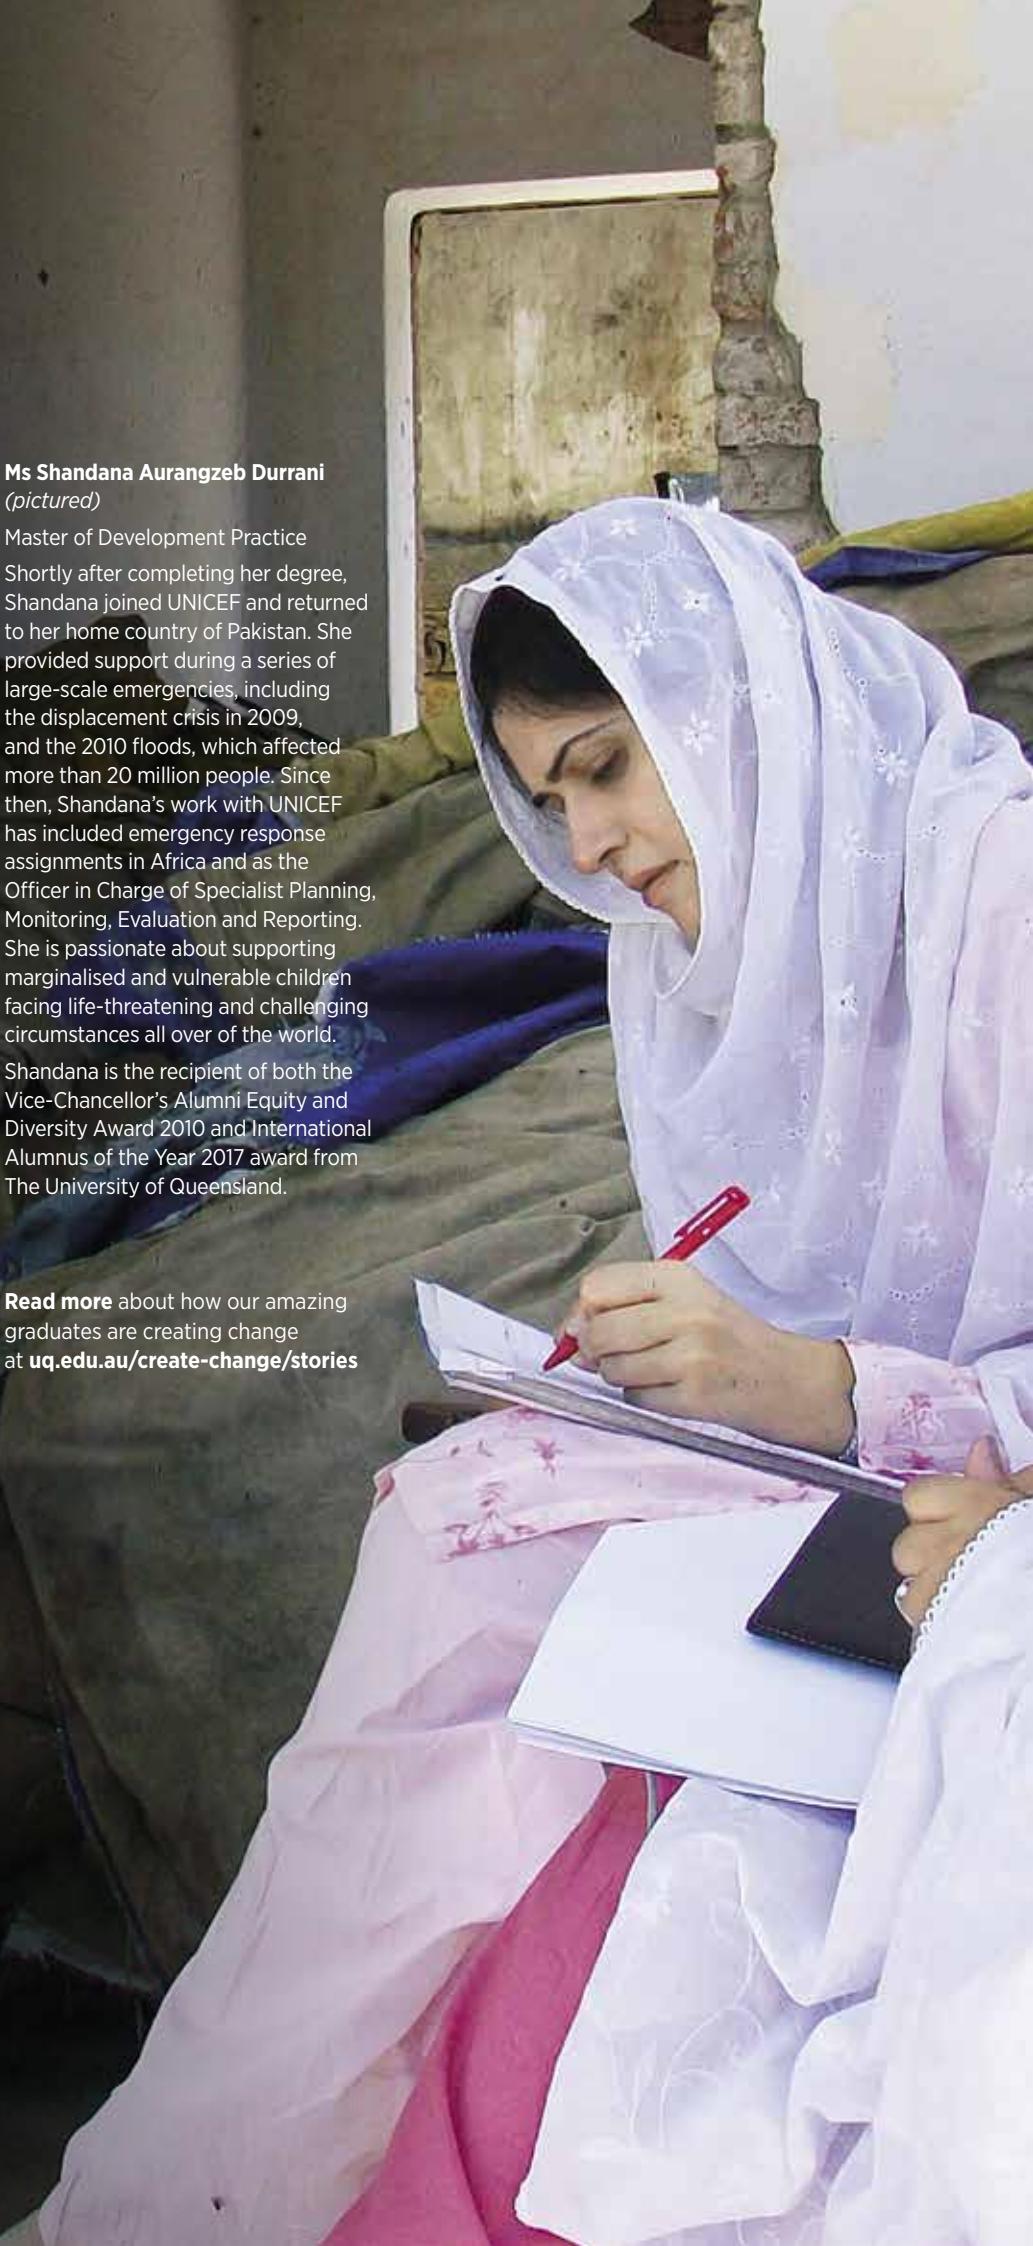

(pictured)

Master of Development Practice

Shortly after completing her degree, Shandana joined UNICEF and returned to her home country of Pakistan. She provided support during a series of large-scale emergencies, including the displacement crisis in 2009, and the 2010 floods, which affected more than 20 million people. Since then, Shandana's work with UNICEF has included emergency response assignments in Africa and as the Officer in Charge of Specialist Planning, Monitoring, Evaluation and Reporting. She is passionate about supporting marginalised and vulnerable children facing life-threatening and challenging circumstances all over of the world.

Shandana is the recipient of both the Vice-Chancellor's Alumni Equity and Diversity Award 2010 and International Alumnus of the Year 2017 award from The University of Queensland.

Read more about how our amazing graduates are creating change at uq.edu.au/create-change/stories

Game-changing graduates

Our research, teaching and connections prepare you to forge an exciting career. Outside of the classroom you can access our career resources and networking events, and participate in our Employability Award to expand your skills. When you graduate, you will be ready for any challenge.

Our **free online course** **EMPLOY101x** will help you unlock your career potential and market yourself to employers edx.org/course/unlocking-employability-uqx-employ101x-1.

UQ is ranked in the **top 50 universities in the world for employability** (QS Graduate Employability Ranking 2019).

Over the last three years, UQ's student employability and careers services have been recognised with **multiple national and international awards**.

The **UQ International Student Ambassador program** gives high-achieving international students the opportunity to represent the University in a range of paid roles.

Careers Service

Our award-winning Careers Service can help you plan your career, develop your skills, and gain that competitive edge. We offer workshops in how to find work, network, write a résumé, excel in interviews, apply for a job, and leadership and presentation techniques.

employability.uq.edu.au/find-a-job

Career portals

UQ offers an exclusive online job board for its students and graduates featuring vacation work, volunteer work, internships, and graduate employment opportunities from over 3000 employers. Our Global Grad careers search portal is just for international students with Australian and international companies posting work opportunities regularly.

studenthub.uq.edu.au
globalgrad.uq.edu.au

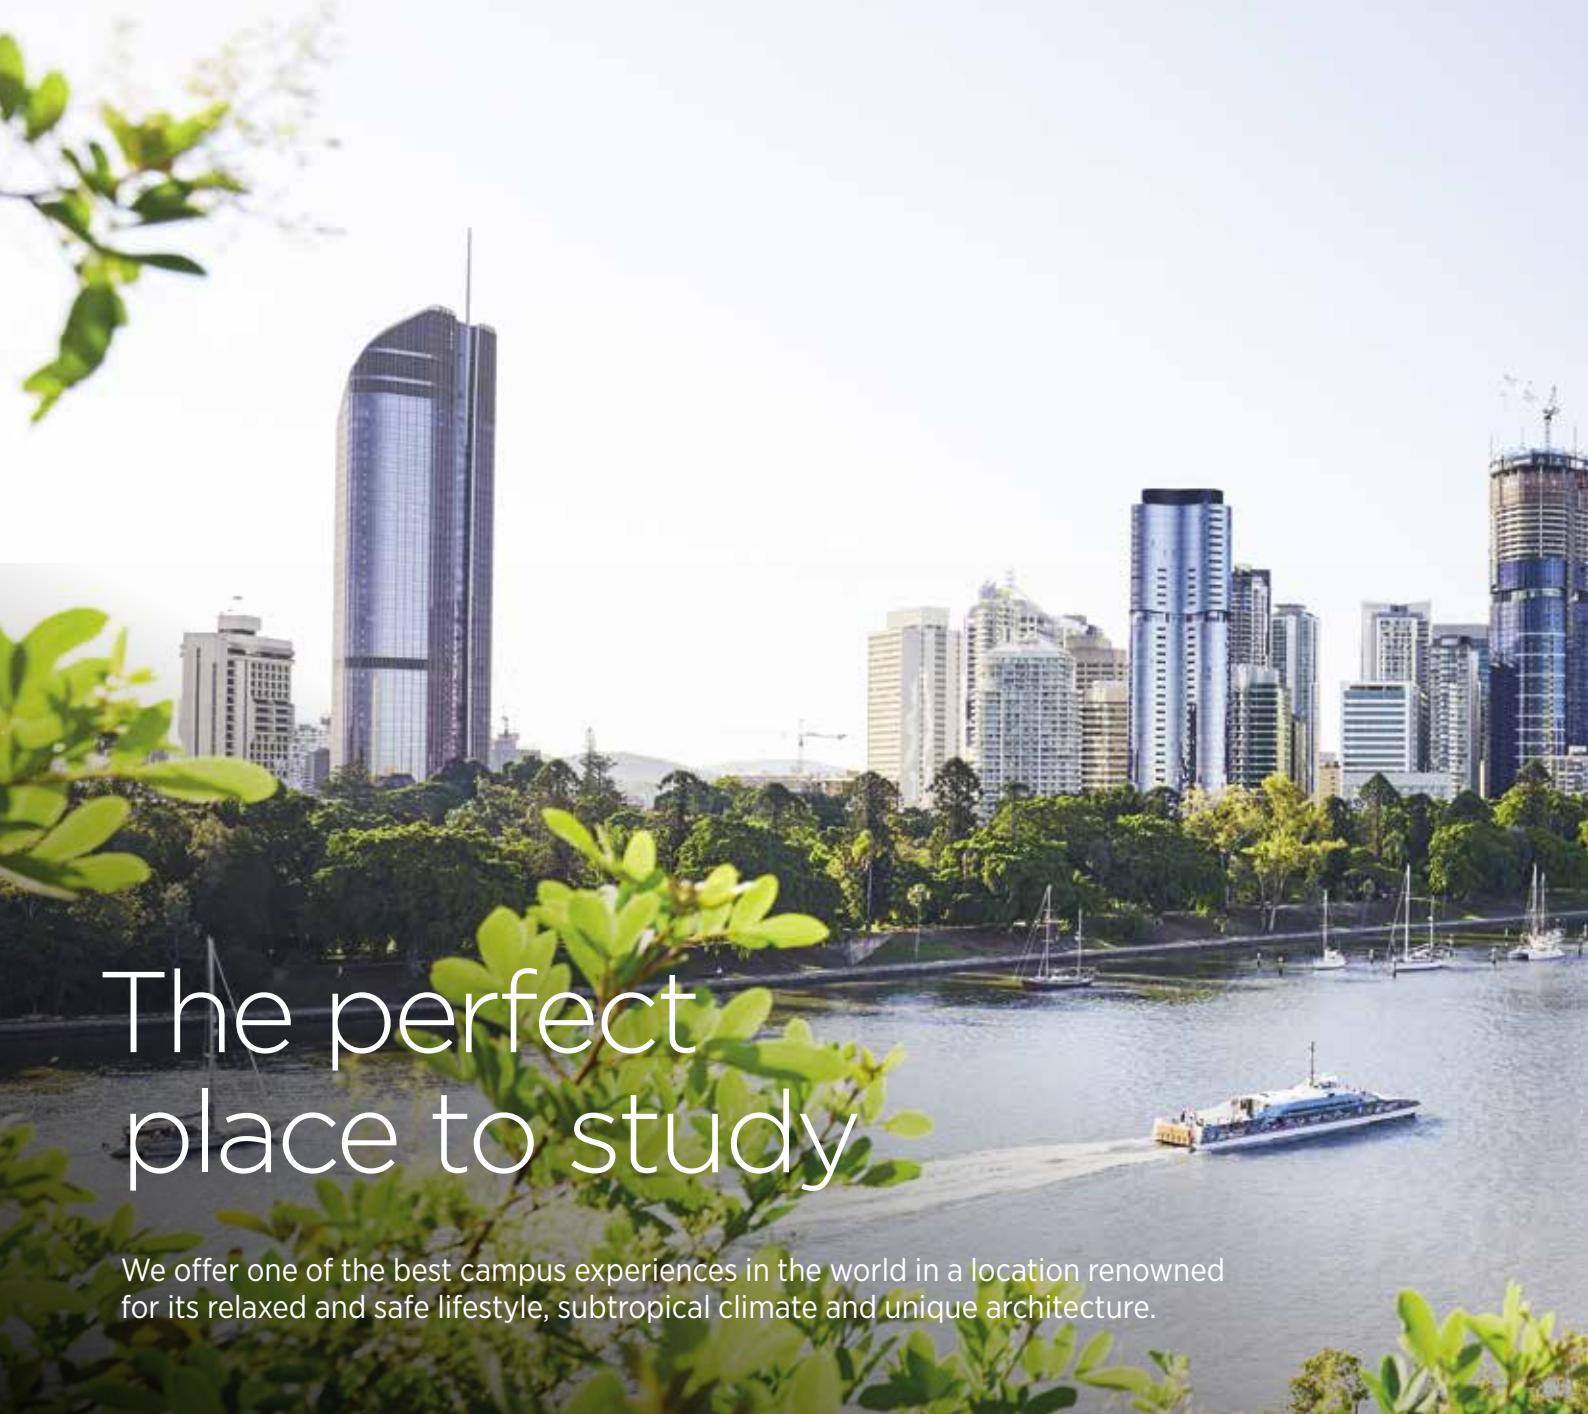

Careers Fair and Volunteer Expo

The annual Careers Fair is where you can speak with future employers from a diverse range of industries and backgrounds to find the right job for you. Most employers offer roles in graduate recruitment programs and some offer vacation work, internships, work experience, scholarships and co-op programs. Our yearly Volunteer Expo is an opportunity to find out how you can help the community and your career prospects.

Employability Award

The Employability Award program gives postgraduate coursework students the chance to build skills that future employers value, such as leadership, teamwork, communication, problem solving and cultural awareness. To qualify for the award, you need to complete a minimum of 100 hours of work experience, 100 hours of volunteering, and participate in five supplementary activities. The program is free to join. Successful completion of the Award will be recognised upon graduation from your degree.

employability.uq.edu.au/award

The perfect place to study

We offer one of the best campus experiences in the world in a location renowned for its relaxed and safe lifestyle, subtropical climate and unique architecture.

BRISBANE

Brisbane, the home of UQ's St Lucia and Herston campuses, is the capital city of Queensland and its economic engine room. Young and progressive, the city is fast becoming a hub in the Asia-Pacific for business, investment, major events and education. It is also home to over 200 nationalities and 220 languages.

Entertainment

Brisbane city has a great live music scene that can be discovered in Fortitude Valley and West End. For comedy, live theatre and dance, head to the Brisbane Powerhouse and the Queensland Performing Arts Centre (QPAC). The Gallery of Modern Art (GOMA) is one of the best modern art galleries in the country, and keep an eye out for the Brisbane Writers Festival and the Brisbane Festival that attract international artists from across the globe.

Sport

Brisbane's amazing weather and sporting facilities make physical activity a must. Kayak along the Brisbane River, rock climb your way to the top of the Kangaroo Point Cliffs, ride along more than 20 kilometres of riverside cycle paths, join a sporting club, or barrack like a local when you attend a rugby union, rugby league, cricket, 'Aussie Rules' or football match at one of our famous stadiums.

Food

With just under a third of Brisbane's population born overseas, you can find cuisine from almost every culture. From affordable lunchtime and 'Cheap Tuesday' offers, to reasonably priced cafes, pubs, restaurants and farmers' markets, there is plenty to choose from and plenty of new culinary experiences to be had. And you can always picnic or barbecue in one of our lovely parks by the river.

Getting around

One of the best views of Brisbane is from a CityCat – a ferry service that runs along the river from UQ's St Lucia campus to the city and the riverside suburb of Hamilton. Brisbane also has an extensive bus and train network that makes it easy to get around. A 'go card' will allow you to travel on all Brisbane public transport at discounted student prices.

Around Brisbane

When you want to head out of the city, there is plenty to discover. Head south for the famous golden sands of the Gold Coast and Byron Bay, north for the quiet beaches of the Sunshine Coast or the majestic Great Barrier Reef, west for ancient rainforests and charming outback towns or east for the spectacular Moreton Island, Stradbroke Island and Fraser Island. Sydney, Cairns and Melbourne are all short flights away. You will wish you had more holidays.

Brisbane named 8th most beautiful city in the world

people

GATTON

Gatton, the largest town in South-East Queensland's Lockyer Valley, is the home of the UQ Gatton campus. Bordered by unspoilt mountain ranges and located only one hour's drive from Brisbane, Gatton has a culturally diverse population of approximately 7000 people. UQ Gatton students enjoy a laidback, country lifestyle in a close-knit community.

Find out more about living in Queensland
future-students.uq.edu.au/living-in-brisbane

UQ St Lucia

Considered one of the most beautiful campuses in the world, our main campus is a vibrant mix of old sandstone buildings, modern architecture, parklands and lakes. It is a city within a city with everything you need to study, live and relax.

Food

UQ St Lucia is full of cafe and food options. From great coffee and bakery food, to make-your-own sandwich stations, pizza, vegan and vegetarian options, noodles, bubble tea and juice bars, you won't go hungry or thirsty. Options include organic and halal food.

uqu.com.au/food-retail
instagram.com/uqfood

Retail

You don't need to leave the campus for your shopping. There is a School Locker bookshop, a shop where you can sell your secondhand books, a hairdresser, a travel agent, a post office, a newsagency and a Wednesday market offering handicrafts, gifts, flowers and fashion. Grocery stores are only a short walk away.

uqu.com.au/food-retail

Entertainment

The Red Room is the place to meet with your friends on campus, where you can have a bite to eat or a drink, play pool, listen to live music or study. Close by is the Pizza Caffe where you can get one of Brisbane's best pizzas. For some inspiration, head to our art, anthropology or antiquities museums.

future-students.uq.edu.au/campuses

Fitness

You'll be spoilt for choice with a massive range of sporting, fitness and recreational opportunities on offer at our St Lucia campus. Explore Queensland's largest multi-sport complex, featuring dedicated Fitness, Aquatic, Tennis, and Athletics Centres, as well as an array of sporting fields and courts. Play your way with more than 75 sports and activities to choose from, including up to 90 weekly group fitness classes, across over 30 sporting clubs and social sports.

uqsport.com.au

Library

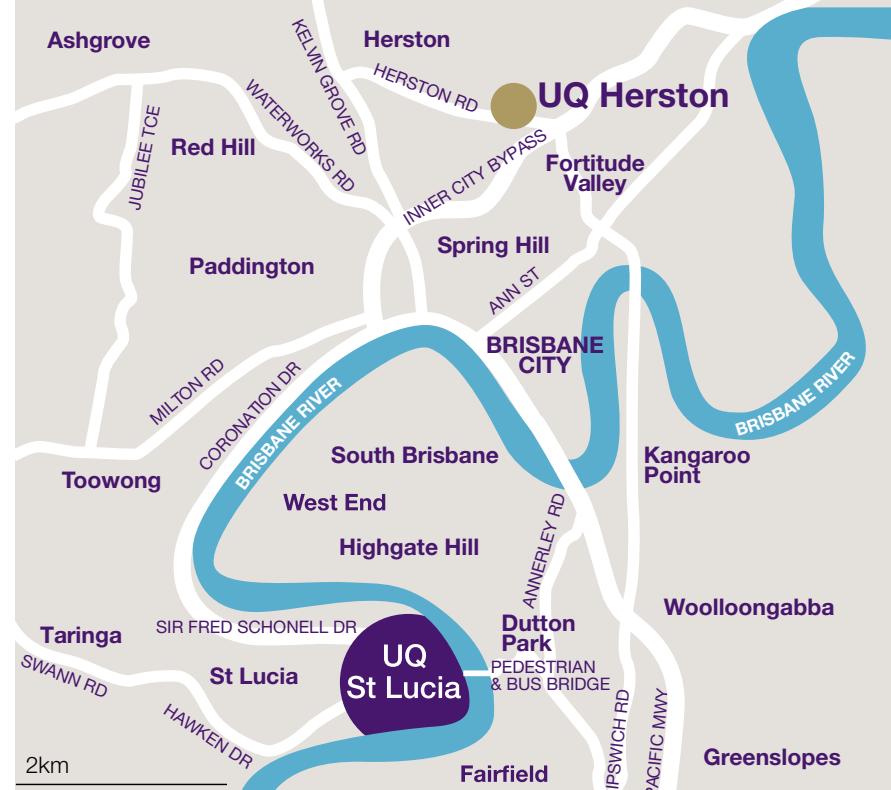

We have seven libraries on campus. They feature computers for students, group study and meeting rooms, postgraduate study areas, height-adjustable desks, 24-hour study spaces, quiet areas, and friendly staff ready to help you with finding information, accessing resources, research support, student IT and training, and details about the latest author talk, lecture or panel discussion in the library.

library.uq.edu.au

Healthcare

If you need to see a doctor, visit our friendly team at the UQ Health Care clinic. There is also a pharmacy and a dental clinic on campus.

uqhealthcare.org.au

UQ Gatton

Our rural campus is located near the town of Gatton, an hour's drive west of the Brisbane city centre. It offers a laid-back and friendly lifestyle, world-class teaching and research facilities, farms, a community garden and sports facilities.

Food and retail

You can buy food and drinks from the Coffee Pod, Dining Hall and Walkway Cafe, and you can purchase and sell books at our retail bookshop. There is an on-campus ATM and a post office, and keep an eye out for the regular events for students in the Central Walkway.

Green thumbs

The campus is a working farm that houses animals, horticultural fields, a plant nursery, post-harvest facilities, research laboratories, greenhouses, and plenty of machinery. Grow your own herbs and vegetables in the campus Community Garden.

Fitness

Whether you're looking to boost your fitness, meet new people, or relax and unwind, UQ Sport Gatton offers an ideal opportunity to do it all in one location. There's both gym and pool facilities – as well as tennis, basketball, netball and squash courts. There are weekly group fitness classes, sporting clubs and social sports to enjoy.
uqsport.com.au

Library

UQ Gatton's recently refurbished library provides computers, comfortable furniture and break-out spaces, individual study spaces with acoustic lining, power and USB connectors, height-adjustable desks, meeting rooms, a postgraduate study area, and a 24-hour study space.

Free inter-campus bus service

UQ provides a free inter-campus bus service between UQ Gatton and UQ St Lucia for students and staff.
future-students.uq.edu.au/campuses

UQ Herston

Just three kilometres from the Brisbane city centre, UQ Herston is the specialist campus for health and medical teaching and research.

UQ shares premises with the Royal Brisbane and Women's Hospital and the QIMR Berghofer Medical Research Institute, which creates a connected and engaged community.

The campus is home to:

- Faculty of Medicine
- School of Public Health
- School of Dentistry
- Herston Imaging Research Facility
- Oral Health Centre
- RECOVER Injury Research Centre
- UQ Centre for Clinical Research.

Surgical, Treatment and Rehabilitation Service (STARS)

Currently under construction, STARS will be one of the largest tertiary specialist

rehabilitation centres in the southern hemisphere, accommodating about 100 nursing and allied health students from 2020.

Library

UQ Herston's Health Sciences library provides computers, study rooms and meeting rooms, a 24-hour study space, height-adjustable desks, and access to the Queensland Health network.

Food and retail

You can grab a bite to eat or drink from Cafe Dose, the hospital cafes or Subway. There is a bank and ATMs on campus, as well as a gift shop, a pharmacy, a post office and newsagency, and a bookshop.

Research institutes

UQ's Global Change Institute

UQ has a proud reputation for creating change in the world through research. In partnership with government, industry and donors, UQ has established eight globally recognised research institutes, as well as more than 100 research centres and diverse off-campus facilities.

Australian Institute for Bioengineering and Nanotechnology (AIBN)

Seeking big impact with commercially viable breakthroughs in health, energy, manufacturing, agriculture and sustainability, AIBN delivers innovative solutions with a focus on cell and tissue engineering, precision nanomedicine, advanced materials, agriculture nanotechnology and advanced biomanufacturing.

aibn.uq.edu.au

Global Change Institute (GCI)

A growing global population will bring untold impacts and opportunities. Through a transdisciplinary approach, GCI brings together researchers with industry, government and the community to identify opportunities for economic, social, environmental and cultural change.

gci.uq.edu.au

Institute for Molecular Bioscience (IMB)

IMB is a leading multidisciplinary life sciences institute that is home to six research centres focusing on superbug infection, pain, heart disease, inflammation, solar biotechnology, the interplay of genetics and disease, and environmental and agricultural solutions. Together with academic, industry and clinical collaborators, IMB makes and translates discoveries that improve our health and environment.

imb.uq.edu.au

Institute for Social Science Research (ISSR)

As UQ's flagship institute for the social sciences, ISSR is committed to improving economic and social wellbeing for individuals, families, and communities in Australia and internationally. With expertise in research methods and social statistics, ISSR conducts policy and program evaluations for governmental and other agencies, and analyses society's 'big' issues including social disadvantage, employment,

education, sustainability, social wellbeing, health and housing.

issr.uq.edu.au

Mater Research Institute-UQ (MRI-UQ)

MRI-UQ discovers, develops, translates and commercialises medical research. Areas of focus include clinical and biomedical research in mothers', babies' and women's health; cancer biology and care; neurosciences and cognitive health; and chronic disease biology and care.

materresearch.org.au

Queensland Alliance for Agriculture and Food Innovation (QAAFI)

The Queensland Alliance for Agriculture and Food Innovation (QAAFI) is a UQ research institute supported by industry and the Queensland Government. QAAFI harnesses technologies such as big data, genomics, and nanotechnology to improve global nutrition and sustainable resource use.

qaaфи.uq.edu.au

Queensland Brain Institute (QBI)

The brain is a complex machine and some of its functions are little understood. It stores our memories and makes each of us unique. QBI works to unravel these mysteries. QBI researchers have made important advances in fundamental neuroscience and in diseases such as ageing, dementia, schizophrenia and motor neurone disease.

qbi.uq.edu.au

Sustainable Minerals Institute (SMI)

The Sustainable Minerals Institute (SMI) is a world-leading research institute committed to developing knowledge-based solutions to the sustainability challenges of the global resource industry, and to training the next generation of industry and community leaders. Our research integrates the expertise of production, environmental and social science specialists to deliver responsible resource development.

smi.uq.edu.au

Programs

At UQ, the study you undertake to earn a qualification is called a program.

We have more than 150 subject areas on offer as well as Higher Degrees by Research (HDR). You can choose a program that enhances your existing knowledge, or a program that sets you off on a new career path.

We give credit for prior studies, and if you do not meet the entry requirements for the program of your choice, you may be able to gain entry by undertaking a graduate certificate to enrol in your dream program.

Using the Programs section

1

Choose what you want to study

Use the 'UQ Programs Quick Reference' table on pages 26-27 to find where your program of interest is located. Alternatively, you can use the alphabetical index on page 113 to find where your preferred program or study area is located.

2

Check your program's admission requirements

Entry requirements for postgraduate coursework programs can be found within each program's description (pages 32-91).

TIP • All programs require that you have either 'Minimum' or 'Higher-than-minimum' English language skills. You can find definitions of 'Minimum' and 'Higher-than-minimum' English on pages 92-93.

TIP • For most programs you will need a 'grade point average' (GPA) (or equivalent). At UQ, we use a 7-point grading scale, where 4 is a pass and 7 is the highest grade.

future-students.uq.edu.au/apply/postgraduate/international/entry-requirements

3

Find out how to apply for your UQ program

Use the step-by-step application process on page 94 as a guide for how to apply to UQ.

4

Check if you are eligible for a scholarship

There are some scholarships available to postgraduate coursework students. Check pages 108-109 to see the scholarships that are available.

Higher Degrees by Research

UQ also offers the following Higher Degrees by Research (HDRs): Master of Philosophy (MPhil), Doctor of Philosophy (PhD) and Doctor of Biotechnology (DBiotech) to

equip you with specialist knowledge, enhance your employability, upgrade your qualifications, help you get promoted, or pave the way for your career in research. Detailed information on HDRs including

Key to symbols used in the Programs section

Additional costs

A program with additional costs has costs not included in the program fee for items such as equipment, clothing, field trips, placements, special registrations or other necessities. The symbol 'Additional costs' does not refer to textbooks, laptops, and other study items that are necessary for all students. You can find out information about a program's additional costs at future-students.uq.edu.au.

Quota program

A quota program is one that has limited places available for students, and entry may be competitive.

External

If a program is external, it means it is conducted off-campus (usually online). International students who enrol in an external program are not eligible for an Australian student visa. External programs can be studied part-time.

Placement

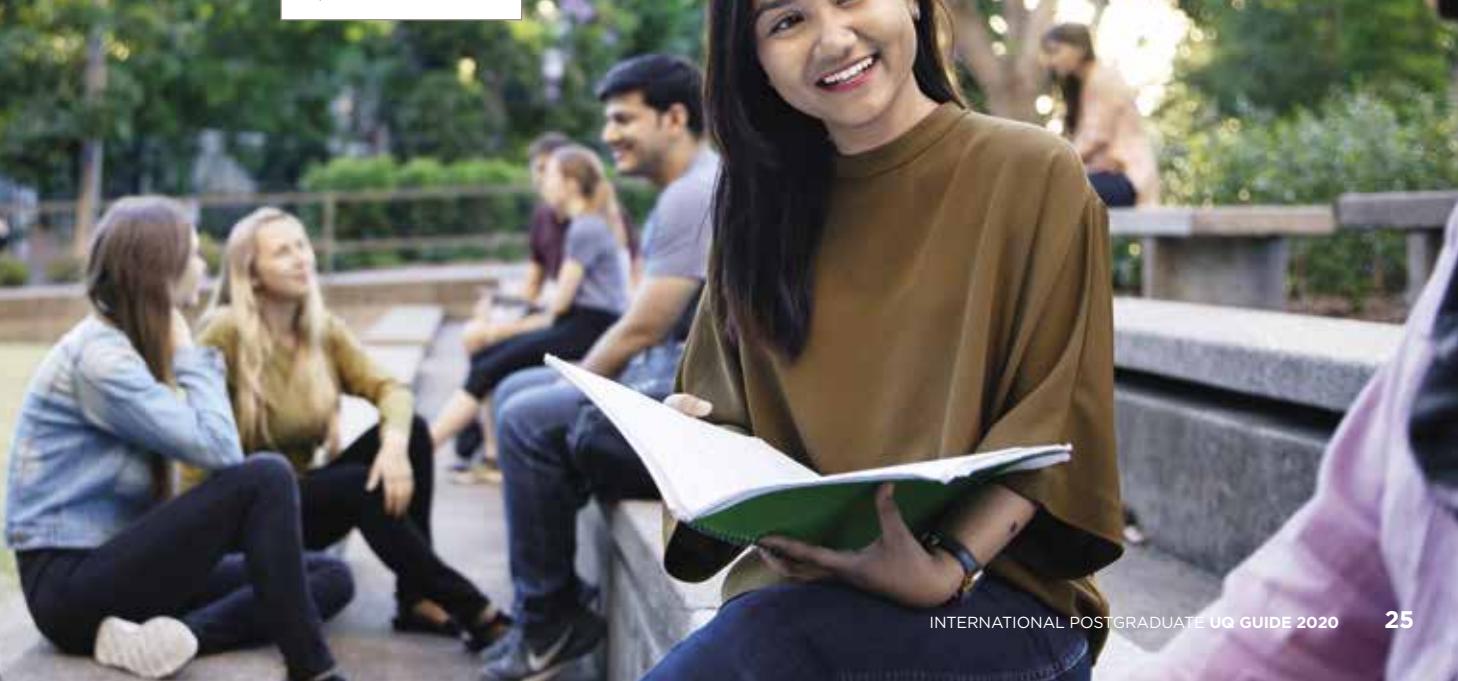

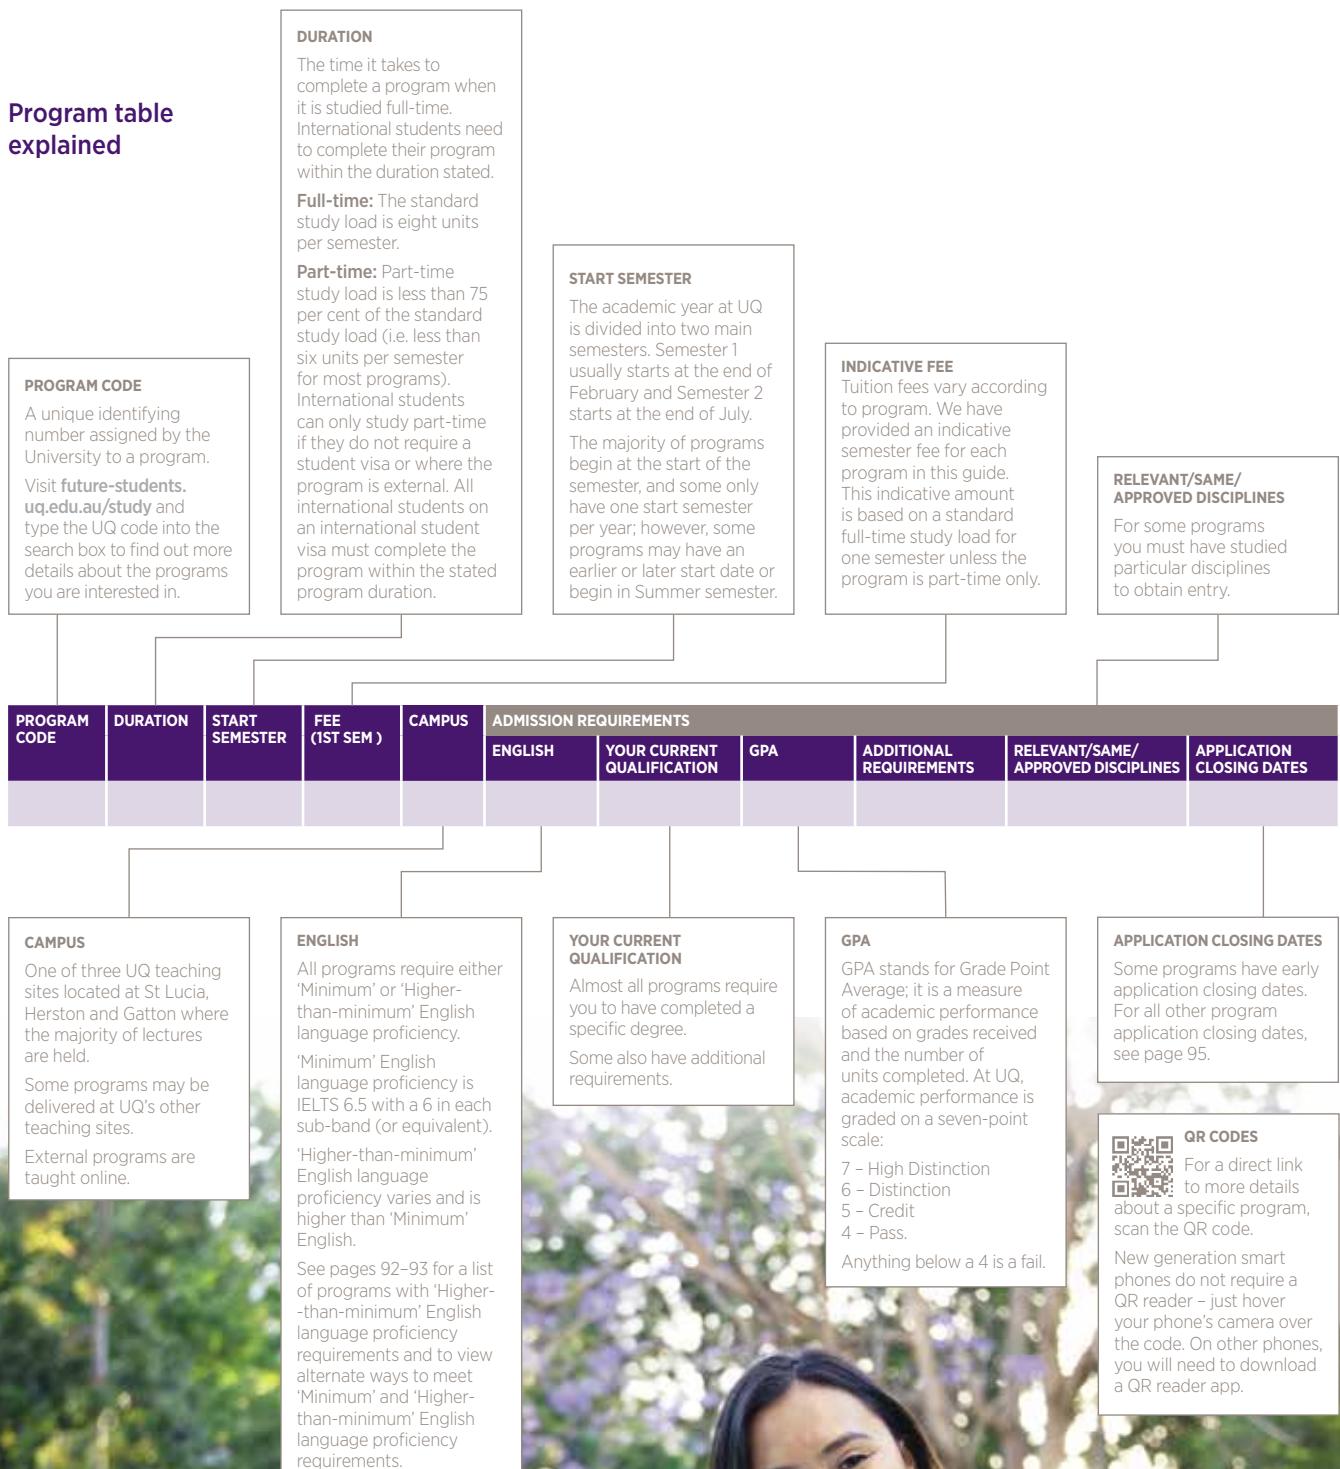

A placement is work experience for course credit. Placements can be compulsory or optional.

You can find a description of each key term used in the programs section on the 'UQ Terminology' page at the back of this guide (page 112).

admissions qualifications, fees, and application instructions can be found on pages 96-99.

Pathways to your program

If you don't have the required academic or English language results for entry into your preferred UQ program, there are other ways you can study with us.

You can improve your English language skills at our on-campus language institute.

For some master's programs, if you do not have the required academic grades for entry, you may be able to enter a graduate certificate in the same program suite, and progress to the master's program.

Pathway options to enter UQ

To improve your English language proficiency

ICTE English language pathway program

Which can lead to ...

- any UQ program (provided you have the academic qualifications for entry and achieve the required English results).

Institute of Continuing and TESOL Education (ICTE)

Each year nearly 4000 students from 50 countries come to Brisbane to learn or improve their English at ICTE on UQ's St Lucia campus. You will be taught by highly qualified teachers, and ICTE will help you find homestay accommodation.

icte.uq.edu.au

CRICOS Provider Number 00091C

To improve your academic entry qualifications

Articulate through a graduate certificate

If you do not have the academic requirements to enter a UQ master's program, you may choose instead to apply for a one-semester graduate certificate – if available – in the same program suite then study progressively to the higher-level programs of graduate diploma, coursework master's and master's (advanced).

future-students.uq.edu.au/apply/postgraduate/pathways

English language pathways

Improve your English language proficiency at UQ's award-winning English language institute, the Institute of Continuing and TESOL Education (ICTE).

If you meet the academic requirements for entry to a UQ program but do not satisfy the English language entry requirements for that program, you can apply for a package offer that includes:

- an English course – English language classes to get you to the level you need for entry to your UQ program, and
- a conditional place in your preferred UQ program.

To receive a UQ package offer, you must provide evidence of your current English language ability (IELTS or other recognised test – see the fold-out in this guide for other recognised tests) with your UQ program application.

If you don't have an IELTS score or equivalent for your UQ program, or your overall IELTS score is below 5.0, join our General English classes. When you reach General English level 5, you can transfer to an English for Academic Purposes program.

Learning English for work, travel or other reasons

ICTE offers English language courses from elementary to advanced levels. If you simply want to improve your English for work, travel or other personal reasons consider our General English (GE) or English for International Business Communication (EIBC) programs.

ict.e.uq.edu.au/english-courses

Prepare for your IELTS test

The free IELTSx MOOC, designed and delivered by ICTE, will prepare you to take the IELTS Academic test with confidence. You will have immediate access to over 80 hours of interactive practice materials covering each of the four skills: listening, speaking, reading and writing.

ict.e.uq.edu.au/testing/prepare-ielts/ieltsx-online-course

There are two English language pathways to UQ programs:

Bridging English Program (BEP)

Duration 10 to 30 weeks, depending on your English level and UQ program entry requirements (see table opposite).

Weekly tuition fee \$515

Campus UQ St Lucia

Minimum admission requirements

IELTS 5.0 overall and 5 in each sub-band (or equivalent). Higher-level programs require higher IELTS or equivalent test score for entry. See table opposite for details.

BEP is ICTE's most popular and flexible English language pathway with multiple entry points for admission into undergraduate and postgraduate programs at UQ including Study Abroad. The program will develop your proficiency in all four skills (reading, writing, listening and speaking), as well as systematically building your range of vocabulary and control of grammar.

Within the BEP there are two options:

BEP Advantage

The BEP Advantage finishes five to six weeks before semester commences. This means that if you do not pass the BEP assessment the first time, you are able to complete the four-week BEP Extension and re-sit the BEP assessment before the UQ semester commences. If you do pass the BEP assessment the first time, you

have the option to enhance on your academic English by completing the optional Academic Communication Skills (ACS) course.

BEP Standard

The BEP Standard finishes immediately before the start of the UQ semester. Due to time constraints, ACS and BEP Extension are not available with this option. If you do not achieve your required English language level to enter your UQ program, you will need to start at a later date.

Choose BEP if:

- you want multiple entrance points depending on your English proficiency level
- you would like the opportunity for one-on-one consultation sessions to discuss your progress every five weeks and weekly progress reviews to ensure you are on track with your English language progress to reach your academic goals
- you wish to re-sit the BEP assessment if you do not pass the first time (only available with BEP Advantage).

For further information on this program, visit ict.e.uq.edu.au/bridging-english or scan the QR code at right.

English for Academic Purposes (EAP)

Duration 5 to 30 weeks depending on your English level and UQ program entry requirements (see table opposite).

Weekly tuition fee \$440

Campus UQ St Lucia

Minimum admission requirements Successful completion of ICTE General English level 5 or IELTS 5.0 overall and 5 in each sub-band (or equivalent). Higher level programs require higher IELTS or equivalent test score for entry. See table opposite for details.

EAP prepares you for success in academic study and the IELTS test. Program materials and assessment reflect the type of activities and learning environment students experience in university or academic studies.

Choose EAP if:

- you need an official IELTS test result for work or other purposes
- you have studied General English at ICTE and wish to improve your English proficiency for entry into a UQ program
- you want to become more familiar with and prepare for the IELTS test with three days per week of dedicated IELTS preparation.

For further information on this program, visit ict.e.uq.edu.au/study/english-courses/academic-english or scan the QR code at right.

*If you wish to enter a UQ program with a higher IELTS requirement than 'Minimum' then you may enrol in either BEP 10 (either Standard or Advantage), provided you have an overall IELTS score not more than 0.5 below the English language proficiency requirements for the UQ program of your choice.

Environmental Sciences

1st in Australia
11th in the world

QS World University Rankings by Subject, 2019

Agriculture and Forestry

1st in Australia
17th in the world

QS World University Rankings by Subject, 2019

Agriculture and Environment

Balance our relationship with the earth

Agriculture and food science

Our challenge is to increase agricultural produce with the lowest possible impact on the environment. We offer first-class programs in agriculture, agribusiness, food, plants, soil and animals. We research with over 70 industry partners around the world to inform our teaching and student development. On graduation, you will be ready to influence the future of climate change, food security, biosecurity and the protection of endangered wildlife.

Environmental management

We teach you the environmental sciences with an added focus on social and economic disciplines, decision-making, problem solving and policy analysis. Our lecturers are experts in their fields, shaping policy for government, commerce, and industry. Students enjoy dedicated geography and marine labs and the latest technologies, including a climate station and portable weather stations. You get to apply your knowledge in field trips and industry placements to gain experience and enhance your career prospects.

Careers

With the world's population set to triple by 2050, food and fibre production must increase by 70 per cent. Studying agriculture will take you beyond traditional farming practices to meet this need in industries like agribusiness, agricultural science and food science.

Environmental managers take a critical look at the causes of environmental problems and develop ways of managing and solving them. Tackle the big issues like climate change, pollution and land clearing for consultancies, mining companies, government, landcare groups, and non-government organisations.

One of the most modern veterinary and animal science facilities in the Southern Hemisphere

Fieldwork locations include the Great Barrier Reef, islands along the Queensland coast, Hong Kong, Vietnam and Indonesia

As Regional Manager for the Lacandon Jungle in south-east Mexico, UQ Master of Environmental Management graduate, Maria Renata Cao de la Fuente (pictured), is responsible for resource management and conservation activities in more than 600,000 hectares of tropical rainforest.

MASTER OF AGRIBUSINESS

World's Top 10 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5155	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in the same discipline)		5	Business, marketing (or approved discipline)
5562	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in any discipline)	Graduate Certificate in Agribusiness (5007)	4.5	

Program overview

The Master of Agribusiness will help future-proof your career, whether you are working in agribusiness and would like to upgrade your management qualifications, redirect your career into agribusiness, or are a new graduate in business or agricultural-related sciences. During this program, you will explore aspects of the supply chain to confidently work with small- and large-scale producers, processors, logistics companies, financial institutions and international retailers to deliver high-quality and affordable products to the world. You will build on your existing knowledge of the food and fibre industries, develop a deep understanding of modern agribusiness practices, and investigate emerging technologies, business communication and the latest sustainability practices.

Program features

- ★ The University of Queensland is ranked 1st in Australia and 4th in the world (Performance Ranking of Scientific Papers for World Universities, 2018).
- ★ UQ's field of agriculture and forestry is ranked 1st in Australia and 17th in the world (QS World University Rankings by Subject, 2019).
- ★ Students will learn to apply Australian agricultural technology and techniques, network with industry partners and internationally experienced academics and research topics to improve the livelihoods of smallholder farmers at home and in developing countries.

Career opportunities

Agribusiness graduates typically enjoy excellent employment rates and above-average salaries, and opportunities in agribusiness are numerous and diverse. Graduates usually work in the following sectors: environment and sustainability, development and international aid, economics, logistics, marketing and business, primary production, research, life sciences, and finance and government.

5155

5562

MASTER OF AGRICULTURAL SCIENCE

World's Top 10 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5563	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in the same discipline)		5	Agricultural science, animal science, biological science, plant science (botany, horticulture or agronomy), veterinary science, wildlife biology, zoology (or approved discipline)
5564	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in any discipline)	Graduate Certificate in Agricultural Science (5561)	4.5	

Program overview

The Master of Agricultural Science is an ideal program if you are a graduate or professional seeking to expand your career prospects into a wide range of government, commercial, community or research roles in the broad fields of agriculture and environment. The program will enable you to cover integrative disciplines within the animal, plant, soil, food and social sciences. Learn to apply your leadership, research and problem-solving skills to meet the global challenges associated with feeding the world and maintaining our environments in situations of biosecurity concerns and competition for limited resources.

Fields of study

Agronomy • Horticulture • Plant Protection

Program features

- ★ The University of Queensland is ranked 1st in Australia and 4th in the world (Performance Ranking of Scientific Papers for World Universities, 2018).
- ★ UQ's field of agriculture and forestry is ranked 1st in Australia and 17th in the world (QS World University Rankings by Subject, 2019).

Career opportunities

Graduates usually work in high-level roles as agronomists and horticulturalists; scientists in government, industry or international institutions; agricultural consultants and advisers for producers and companies; managers of agricultural businesses, family or company-owned farms, or national and international agribusinesses; agribusiness or agricultural advisers

in banks and other financial organisations; agricultural and resource economists; extension and inspection officers; land information systems officers; regulators of government policy; or research scientists, animal scientists, or soil scientists.

MASTER OF ANIMAL SCIENCE

World's Top 10 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5570	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in the same discipline)		5	Agricultural science, biological science, plant science (botany, horticulture or agronomy), equine science, animal science (behaviour, production, technology), wildlife science, wildlife management, veterinary science, veterinary technology, zoology (or an approved discipline)
5571	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,264	Gatton	Minimum, see page 92	Bachelor's degree (in any discipline)	Graduate Certificate in Animal Science (5565)	4.5	

Program overview

How do you apply your leadership, research and problem-solving skills to meet the global challenges of animal welfare, biosecurity, and competition for limited resources? The Master of Animal Science program is ideal if you are a graduate or professional seeking to expand your career prospects into a wide range of government, commercial, community or research roles in the broad fields of agriculture and environment. You'll extend your knowledge of the care and management of various animals through the school's specialist fields of Equine Science, Production Animal Science and Wildlife Biology. In your final year you'll have the opportunity to specialise in research, if you wish to go on to a research career, or gain industry experience to improve your employability once you have graduated.

Fields of study

Equine Science • Production Animal Science • Wildlife Biology

Program features

- ★ The University of Queensland is ranked 1st in Australia and 4th in the world (Performance Ranking of Scientific Papers for World Universities, 2018).
- ★ UQ's field of veterinary science is ranked 33rd in the world (QS World University Rankings by Subject, 2019).
- ★ Some of our specialist research areas include animal and plant sciences, koala research, agriculture/wildlife interactions, plant propagation, soil improvement, animal welfare, thermal stress in animals, and agribusiness.
- ★ The Master of Animal Science is taught at our Gatton campus, which is home to the Equine Specialist Hospital and the Queensland Animal Science Precinct.

Career opportunities

Graduates of the Master of Animal Science typically work in supervisory, consulting or management roles across the public, private and not-for-profit sectors. Specific roles might include livestock adviser or consultant, animal nutritionist or research scientist, biosecurity or customs officer, equine nutritionist or physical therapist, government livestock extension officer, livestock enterprise manager, national parks officer, park ranger, wildlife ecologist or scientist, or zookeeper and zoologist.

5570

5571

MASTER OF CONSERVATION BIOLOGY

World's Top 20 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES		APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION				
5551	1 year intensive mode*	2 (26 June 2020)	\$30,012	St Lucia	Minimum, see page 92	Bachelor's degree (in the same discipline)	5	Botany, ecology, evolution, zoology or another approved discipline		1 April 2020

Program overview

Secure your success as a conservation professional working in government, non-profit or industry to preserve life for future generations. The Master of Conservation Biology will provide you with advanced knowledge in the integrative disciplines of conservation, ecology and biodiversity, while focusing on the problems of restoring and maintaining viable populations of animal and plant species, and natural and managed ecosystems. This program will equip you with a comprehensive theoretical understanding of conservation biology, as well as the practical training and skills obtained through field trips to some of the unique ecosystems of Australia and the Solomon Islands.

Program features

- ★ UQ's field of environmental sciences is ranked 1st in Australia and 11th in the world (QS World University Rankings by Subject, 2019).
- ★ UQ's field of biological sciences is ranked 37th in Australia (QS World University Rankings by Subject, 2019).
- ★ You will participate in field trips to subtropical rainforests, our Heron Island Research Station on the Great Barrier Reef, national parks and nature reserves, the Moreton Bay Research Station on Stradbroke Island, and the Solomon Islands.

Career opportunities

Conservation professionals typically work in government departments, universities and non-profit organisations, or in industry in various managerial, educational, research and consultancy roles.

or in industry in various managerial, educational, research and consultancy roles. Graduates work in areas like national parks and wildlife conservation, natural resource management, policy development, mining, agriculture, education and research.

More information

Visit future-students.uq.edu.au and type '5551' into the search box or scan the QR code at right.

*This program is taught in intensive mode (that is, students are required to enrol over summer semester) and covers 3 semesters of content in 12 months.

MASTER OF CONSERVATION SCIENCE

World's Top 20 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES		APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION				
5597	1.5 year intensive mode*	2 (26 June 2020)	\$30,012	St Lucia	Minimum, see page 92	Bachelor's degree (in the same discipline)	5	Botany, ecology, evolution, zoology, or other approved discipline		1 April 2020

Program overview

Conservation science combines the study of social science, law, environmental philosophy, economics and scientific reason in order to find ways to secure the world's biological diversity. The Master of Conservation Science is an ideal pathway if you have a degree in botany, ecology, evolution, zoology or a related field and would like to expand your career prospects with government, conservation and resource management agencies or as a researcher in conservation science. Taught by world leaders in their fields, the program will provide you with a diverse set of skills and experiences to allow you to further your career opportunities in this vital discipline. You'll obtain practical training through field trips to unique ecosystems of Australia and the Solomon Islands.

Program features

- ★ UQ's field of environmental sciences is ranked 1st in Australia and 11th in the world (QS World University Rankings by Subject, 2019).
- ★ You will participate in field trips to subtropical rainforests, our Heron Island Research Station in the Great Barrier Reef, national parks and nature reserves, the Moreton Bay Research Station on Stradbroke Island, and the Solomon Islands.

MASTER OF ENVIRONMENTAL MANAGEMENT

World's Top 20 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES	
					ENGLISH	YOUR CURRENT QUALIFICATION			
5174	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in the same discipline)	4.5	Environmental studies, geography, natural resources, conservation, sustainable development, environmental engineering, marine science or an approved discipline	
5609	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in any discipline) Graduate Certificate in Environmental Management (5025) Graduate Diploma in Environmental Management (5084)	4.5 4.5 4.5	Environmental studies, geography, natural resources, conservation, sustainable development, environmental engineering, marine science or an approved discipline	

Program overview

Environmental management bridges the gap between science and management, incorporating fundamental biophysical and social sciences and multidisciplinary skills in environmental management, decision-making and policy. The Master of Environmental Management qualifies you as an environmental manager with a strong science background who understands sustainability and the global threats to environments. In this program, you will learn from some of the leading environmental management experts in the world. You will develop core skills in environmental management principles and approaches, problem-solving and applied research, and you will graduate with the skills to address the many issues in this highly complex and rapidly changing area.

Program features

- ★ UQ's field of environmental sciences is ranked 1st in Australia and 11th in the world (QS World University Rankings by Subject, 2019).
- ★ Depending on your major and choice of electives, you might go on field trips to locations including central and western Queensland, Far North Queensland, or Hong Kong.

Career opportunities

Graduates of the Master of Environmental Management typically find employment in managerial, research, administrative and educational roles within consultancies, private companies, government departments, landcare and catchment management groups, and national and international non-government organisations. Specific opportunities exist in national parks and wildlife conservation, environmental assessment and compliance, natural

resource management, including coastal, river and catchment systems, policy development, government and commercial consultancies in environmental planning and management, mining, environmental tourism, and environmental management.

Architects and the Planning
Institute of Australia**

Architecture and Planning

Create spaces that matter

Addressing world issues

Our outlook is international. We engage with climate, geographic and social conditions in our design and planning to come up with practical solutions to common problems. We help to advance knowledge of the issues affecting our physical environment like climate change, urbanisation and natural resource management.

Helping you succeed

Our programs give you the skills and qualifications to create spaces that matter. You will be taught by a mix of internationally renowned scholars, experienced practitioners and talented architects. Courses are designed around studios where students can explore their interests in a collaborative environment. We make sure you get hands-on experience in community-based projects with real clients, so you know what it takes to succeed as a professional.

Careers

As our cities and towns become denser, we need living and working spaces that enhance our quality of life. Architects design these spaces. Make a career out of designing buildings, lead major design practices, manage property developments, build your own company, write for an architecture journal or work as a visualiser. Quality architects are always in demand.

Our urban environments need to strike a balance between design, infrastructure and lifestyle. Planners shape our cities and towns to create vibrant communities. Work for government, consultancy firms, property developers, private companies, or community groups.

Architect Emily Jukes and visiting guest critic Andrew Maynard of Melbourne-based practice Austin Maynard Architects discuss Master of Architecture student Owen Murphy's design model of a heritage building in the Ipswich Railyards for the Adaptive Capacities Design Studio.

Facilities

include a design studio, planning studio, collaborative lab, exhibition space, and computers with creative and computer-aided design (CAD) programs

MASTER OF ARCHITECTURE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS
5429	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	UQ Bachelor of Architectural Design	4.5	-
						UQ Bachelor of Architectural Design	4	6 months relevant work experience
						Non-UQ Bachelor of Architecture (or equivalent degree)	4.5	Minimum GPA of 5 in each of the two most recent design courses in architectural studies at either Bachelor or Master level
						Non-UQ Bachelor of Architecture (or equivalent degree)	4	6 months relevant work experience, and minimum GPA of 5 in each of the two most recent design courses in architectural studies at either Bachelor or Master level

Program overview

Do you want to positively contribute to the shaping of our built environment and culture, and influence the future personal and professional spaces? The Master of Architecture is the second stage of UQ Architecture's program, providing you with the necessary skills, experience and qualifications for your registration as a professional architect. You will undertake a range of courses designed to broaden your creative design skills and develop advanced technical and professional skills. This program provides opportunities to research environmental design, architectural technology, history and theory, and professional practice. UQ's six core

studio offerings span commercial, institutional and residential architecture, landscape and architecture, urban design, and adaptive re-use.

Program features

★ **UQ is one of the few Australian universities to offer dedicated, always-open design studios for students.**

Career opportunities

To legally call yourself an architect, you have to register with a state or territory architect registration board. There are eight boards in Australia - UQ's Master of Architecture is accredited by all of them. Graduates might work on residential buildings, commercial

buildings, public infrastructure, or non-building work. Other areas include heritage and conservation, construction and project management, interior design, urban planning, research and education, and consultancy work.

MASTER OF URBAN AND REGIONAL PLANNING

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
5559	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in any discipline)		4.5
						Graduate Certificate in Urban and Regional Planning (5068)		4.5
						Graduate Diploma in Urban and Regional Planning (5116)		4.5

Program overview

By following a career in urban and regional planning, you will make a difference to people's lives. You will help improve the quality of their cities and regions by integrating the environmental, economic and social aspects of development. Learn from some of the world's best practitioners and receive an industry-guided balance of knowledge and practical experience so you will graduate confident and ready for your next promotion. Undertake an individual research project, and choose from electives and specialise during your studies. You also have the option to complete an industry-based work placement or an in-house practical studio project.

Program features

★ **UQ's Master of Urban and Regional Planning is accredited by the Planning Institute of Australia – the leading national body for the planning profession.**

Career opportunities

Graduates of the Master of Urban and Regional Planning are valued by employers for their breadth of knowledge and skills, and their ability to make environmentally, socially and economically sustainable decisions. The urban development sector is one of the largest employers in the Australian economy, and there are diverse roles available for graduates, including roles

in urban design, statutory planning, strategic planning, regional development, environmental management and monitoring, technology for planning, spatial planning, commercial and industrial development, engineering and architectural firms, heritage and conservation, land-use planning, planning law and practice, resource management, social planning, and tourism research and policy.

"At university I wanted to do a degree that was creative as well as technical. UQ's Master of Architecture ticked both of those boxes and was also the best university in Queensland, so was an obvious first preference.

I had visited the University before I started the Master's program and was absolutely awestruck by the beautiful campus – it was just amazing.

My best experience while studying at UQ was a field trip to the office of Woods Bagot, an internationally renowned architecture firm. It was the first time I had visited an architecture firm and it was both inspiring and a great learning experience."

Bansi Vekaria, India

Master of Architecture

UQ is one of the few Australian universities to offer dedicated design studios that are open 24/7. These are principal learning spaces for students, alongside the workshop, and fabrication and computer labs for testing your ideas and developing your designs.

Ameya Deshmukh (India) (Master of Communication) chose UQ because it is the only Australian university to have a dedicated Centre of Communication for Social Change. “Being a part of a university in World’s Top 50 is certainly a responsibility and more importantly an opportunity of a lifetime. With the varied knowledge that I will earn in coming years, I feel a responsibility to become the best version of myself and give it back to the society as much as I can.”

Arts, Humanities and Social Sciences

Understand what it means to be a global citizen in the 21st century

Think differently

By studying arts, humanities and social sciences you will learn to think differently and use your understanding to shape the future you want for yourself and your world, no matter which career you pursue. Take the opportunity to indulge your interests in new and exciting fields, and find your passion and purpose. By studying arts, humanities and social sciences you will gain knowledge and ways of thinking that will serve you for the rest of your life.

Award-winning research

We will teach you to think independently in more than 40 program areas. Our award-winning research supports the ideas of stronger communities, social inclusion, sustainable development, and international engagement. Over 60 courses offer on-the-job experience, including travelling to Italy and Greece to research culture, making your own film, visiting religious sites worldwide, writing a travel article, and performing music for the public.

Careers

Studying arts, humanities and social sciences will equip you with the knowledge and skills required to navigate an ever-changing global environment. Arm yourself with a transferrable set of core skills and capabilities that employers are now searching for – critical thinking, problem solving, the ability to understand different perspectives, teamwork, communication and creativity.

Humanities graduates can work across disciplines and are adept at finding solutions to complex problems. You can work in a range of industries including advertising, community engagement, conservation, education, humanitarian organisations, law, marketing, museums, public policy, publishing, theatre and tourism.

Facilities

include three premier museums, archaeology laboratories and a field site, an industry-standard media studio and editing suites and one of the top UN-standard interpreter training facilities in Australia

Alumni

include actors, authors, musicians, ambassadors, premiers and Rhodes Scholarship recipients

MASTER OF APPLIED LINGUISTICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				SAME DISCIPLINES

Program overview

Study the Master of Applied Linguistics and equip yourself with the knowledge, tools and understanding for working in areas of second language teaching, translation, interpretation and other second language areas. Benefit from a program designed for professional development. You can choose to specialise in Applied Linguistics or Teaching of English to Speakers of Other Languages (TESOL) Studies. Graduate with a critical understanding of current approaches and developments in teaching and learning language, and gain a valuable advantage in your professional field.

Fields of study

Applied Linguistics • TESOL Studies

Program features

- ★ Graduate with the skills to enhance your career. Being part of the program allows you to develop your identity as a language professional and become part of a global network.

Career opportunities

The ongoing demand for qualified teachers of English and other second languages such as Chinese and Japanese provides a wide range of employment opportunities both in Australia and overseas. These include classroom teaching, testing and language program management. Graduates also take up positions in business and government that draw on the understanding of how languages are used in different settings and cultures. The Master of Applied Linguistics

has a strong national and international reputation. Graduates take up, and in many cases return to, teaching and administrative positions in high schools, universities and language schools in Australia, New Zealand and abroad.

MASTER OF ARTS IN CHINESE TRANSLATION AND INTERPRETING

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5593	4 semesters	1(24 Feb 2020) 2(27 July 2020)	\$17,400	St Lucia	Minimum, see page 92	Approved degree (in any discipline)	4.5	An aptitude test is waived for Native Chinese (Mandarin) speakers. However, all other applicants may be required to complete an aptitude test and demonstrate an appropriate standard to the satisfaction of the Executive Dean.	

Program overview

The Master of Arts in Chinese Translation and Interpreting provides intensive training in translation from English into Chinese and vice versa, as well as interpreting between English and Mandarin. Undertake training in areas including society, business and trade, law, science and technology, politics and international relations. Studies in translation and interpreting equip you with the necessary knowledge, tools and foundations for future employment as a professional interpreter and/or translator.

Program features

- ★ Training facilities are equipped with a simultaneous interpreting booth constructed to UN standards.
- ★ Upon completion you may be eligible to undertake the following NAATI certification tests: Certified Translator, Certified Interpreter, Certified Conference Interpreter and Certified Advanced Translator.
- ★ You will undertake 100 hours of supervised field practice, which has been set to meet NAATI guidelines.

Career opportunities

Apart from working as a professional interpreter and/or translator, the language skills acquired in your studies are an advantage for careers in business, diplomacy, law, health, education and academia. Some graduates teach translation and interpreting at universities or colleges, or pursue further study towards a PhD.

More information

MASTER OF ARTS IN JAPANESE INTERPRETING AND TRANSLATION

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5207	4 semesters	1(24 Feb 2020)	\$17,400	St Lucia	Minimum, see page 92	Approved degree (in any discipline)	5	UQ-administered aptitude test in spoken and written Japanese and English	
						Graduate Certificate in Arts in Japanese Interpreting (5436) and a Graduate Certificate in Arts in Japanese Translation (5437)	5		
						Graduate Diploma in Arts in Japanese Interpreting and Translation (5438)	5		

Program overview

The Master of Arts in Japanese Interpreting and Translation will allow you to develop advanced Japanese language skills through one of the best interpreting and translation programs in Australia. This program is for those with high levels of competence in the Japanese and English languages. Build the foundation for a career in translation and interpreting, and develop advanced linguistic competence in both Japanese and English. Hone your skills through interlinked areas of theoretical and practical training that covers interpreting techniques, translating techniques, ancillary skills such as public speaking and job research, and professional areas such as ethics and business. Upon successful completion of the program, students may be eligible to undertake the following

National Accreditation Authority for Translators and Interpreters (NAATI) certification tests: Certified Translator, Certified Interpreter, Certified Conference Interpreter and Certified Advanced Translator.

Program features

- ★ You will have access to top interpreting training facilities, equipped with a simultaneous interpreting booth constructed to UN standards.
- ★ Our teachers are NAATI-accredited and the interpreting coordinator is a member of the International Association of Conference Interpreters.
- ★ Graduate with a respected qualification that provides the option for NAATI certification and meets the training criteria of the International Association of Conference Interpreters School.

Career opportunities

Graduates work around the world as freelance or in-house interpreters and translators, using their translation and interpreting skills in a wide range of fields. Others have gone onto successful careers in business and government, including the Department of Foreign Affairs and Trade, Austrade, and the Department of Industry, Tourism and Resources. A number of graduates also teach interpreting and translation at tertiary level.

Program overview

Designed for communication graduates and professionals, the Master of Communication will help you to develop highly valuable communication skills, and set yourself up for career success in a range of communication industries. Focus on social change theory and practice and explore ways communication can change attitudes and behaviour. Alternatively, design professional communication solutions while expanding your knowledge of stakeholder engagement, crisis planning and critical thinking. Choose between two fields of study: Communication for Social Change (CSC) or Strategic Communication. UQ's CSC program will give you the qualifications to work in Australia and internationally across areas such as health, agriculture, education, media and community development. Strategic Communication develops your understanding and skill-set in professional communication practice and public relations, including campaign development, digital media strategy and issues and crisis management.

Fields of study

Communication for Social Change • Strategic Communication

Program features

- ★ **UQ's field of communication and media studies is ranked 48th in the world (QS World University Rankings by Subject, 2019).**
- ★ **Learn from award-winning teachers and researchers who are experts in their field and have access to the latest research.**
- ★ **UQ is the only Australian university to offer a field of study in Communication for Social Change.**

Career opportunities

Graduates with a specialisation in Communication for Social Change work as private consultants, or find communication and facilitation specialist roles in government, non-government, community-based organisations, and international research and development organisations.

Graduates with a specialisation in Strategic Communication are well equipped for diverse roles in public relations and marketing communication consultancies, not-for profit organisations and government bodies, including organisational communication, crisis management, government relations, social media management and political campaigning roles.

Program overview

Expand your understanding of the political, social and planning challenges facing development. Develop the practical and intellectual skills to navigate this complex landscape, to critically engage with key debates, and to be part of creating alternatives for the future. You'll learn to address key challenges in the world today: the rights of Indigenous people, inequality, gender, health, violence, alternative economics, climate justice, and environmental sustainability. By completing core courses drawing from anthropology, community development, planning, political science, sociology, and related fields, you'll have a unique, multidisciplinary and practice-based learning experience. The Master of Development Practice will teach you how to deal with the challenges faced by development practitioners across multiple levels and scales in both developed and developing countries.

Fields of study

Community Development • Development Planning •

Social and Cultural Dynamics of Development • Politics of Global Development

Program features

- ★ **UQ's field of development studies is ranked 48th in the world (QS World University Rankings by Subject, 2019).**
- ★ **Benefit from a program taught and supervised by leading researchers engaged in the field through research and practice. Your studies will be inspired and informed by these professional connections across the development sector.**
- ★ **You will study alongside students from all over the globe, each of whom contributes rich and diverse experiences. Studying with an international and diverse group of students will broaden your horizons, both personally and professionally.**

Career opportunities

Our graduates work across government, industry and community settings in development, social

services, health, planning and elsewhere, to contribute to collaborative social change. Past development graduates have worked in international development, foreign policy, multilateral development agencies, international financial institutions, The United Nations Development Programme, community development, and consultancies. Other graduates use the Master of Development Practice to further their research ambitions and proceed to enrol in a higher degree by research program.

Program overview

Boost your policy career and gain an advanced understanding of twenty-first century governance and public policy. Our programs bring world-class scholars, policy practitioners and cutting-edge researchers together to deliver a first-class teaching experience. Graduates will be equipped with a transferable skill-set allowing them to meaningfully address key policy issues and improve policy outcomes in both the public or private sector. As a student, you will undertake high-level coursework to gain practical knowledge and research skills, and a critical, inquiring approach to questions of governance and policy development in the modern world. You will interact with world-class scholars and policy practitioners, and work closely with top-rated researchers in the field. You will also be exposed to leading thinkers in the public, private and community sectors on a regular basis. Study with other students from a range of different backgrounds and countries in a genuinely multicultural classroom, giving you a global perspective.

Program features

- ★ You will interact with world-class scholars and policy practitioners, and work closely with top-rated researchers in the field.
- ★ Tailor your studies to include an optional internship or participate in the Graduate Centre Mentorship program and gain valuable experience and connections in your field.
- ★ A series of study areas include community and international policy, governance and development, and resource management.

Career opportunities

Our graduates can be found in ministerial and public sector leadership roles, senior public management positions, think tanks and policy research institutes, social enterprise and not-for-profit leadership roles, and special adviser roles around the world.

Program overview

The Master of International Relations will equip you with the necessary analytical and practical skills for a career in government, non-government organisations (NGOs), major project management or journalism. Gain an advanced understanding of the key issues and challenges in contemporary world politics, international security, foreign affairs and international and regional governance. Take advantage of activities offered beyond the classroom that focus on enhancing your employability as a future leader and contribute to a community of learners and researchers. You will have access to world-class teachers and researchers who are in touch with industry partners and participate in regular public commentary and debate in their fields. You will study alongside students who come from a range of countries and backgrounds, giving you a

global perspective. Graduate with a globally respected qualification that will deepen your professional skill set and make you stand out in a competitive market.

Program features

- ★ The MIR program at UQ focuses on traditional and contemporary global issues and offers more than 30 courses covering the main elements of international relations.
- ★ Choose from a diverse range of core and elective courses to build conceptual and practical skills relevant to your career aspirations. There is also an option to complete a research dissertation.
- ★ You can also include an optional applied fieldwork experience or research project in your program, or participate in the Graduate Centre Mentorship Program.

Career opportunities

Students have found careers in a range of areas including government, diplomacy, international organisations, NGOs, journalism and think tanks, as well as in the private sector.

MASTER OF INTERNATIONAL RELATIONS / MASTER OF INTERNATIONAL LAW

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		SAME DISCIPLINES
					ENGLISH	ADDITIONAL REQUIREMENTS	
5671	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$19,640	St Lucia	Minimum, see page 92	To be admitted into the Master of International Relations / Master of International Law you must meet the admission requirements for each individual 24 unit program. See details: Master of International Law (page 56); Master of International Relations (above)	

Program overview

This exciting dual program offers a rare opportunity to earn two sought-after master's qualifications in two years and supercharge your international career. The Master of International Relations allows you to delve into exciting and topical fields relevant to contemporary world politics, international security, foreign affairs, and international and regional governance. The Master of International Law provides a fascinating insight into some of the most compelling issues facing the world today in areas such as business, diplomacy, international policy, advocacy, negotiation and war. Develop your career with a range of professional opportunities including internships, mentoring programs, inspirational guest speakers and career planning advice. Spend

time abroad with one of our international partner universities including the University of Wisconsin, University College London, and the National University of Singapore.

Program features

- ★ This program is one of only two in Australia.
- ★ Graduate with two master's degrees in two years.
- ★ UQ's field of law is ranked 43rd in the world (QS World University Rankings by Subject, 2019).

Career opportunities

Graduates have the knowledge to work in any internationally focused career, whether in government, non-government organisations (NGOs) or international

business. This dual program unlocks many diverse careers, including in government policy, foreign trade and diplomatic services; UN, World Bank and other major international NGOs; international policy and research institutes; or international business. For graduates with research aspirations, the program includes opportunities to undertake a supervised research project and write a dissertation, laying the groundwork for possible future PhD study.

MASTER OF INTERNATIONAL RELATIONS / MASTER OF PEACE AND CONFLICT STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		SAME DISCIPLINES
					ENGLISH	ADDITIONAL REQUIREMENTS	
5688	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$15,152	St Lucia	Minimum, see page 92	To be admitted into the Master of International Relations / Master of Peace and Conflict Studies, you must meet the admission requirements for each individual 24 unit program. See details: Master of International Relations (above), Master of Peace and Conflict Studies (page 47)	

Program overview

This dual degree will allow you to pursue a unique program of studies, which provides an understanding of the broad structures and dynamics of the international system combined with more specialised skills and knowledge of critical issues and debates relating to peace and conflict, conflict resolution and mediation, and peacebuilding. The Master of International Relations provides you with an advanced understanding of key issues and challenges in contemporary world politics, international security, foreign affairs and global, international and regional governance.

The Master of Peace and Conflict Studies builds knowledge of the forces that generate contemporary conflict and the process and practices that contribute to conflict prevention, resolution and peacebuilding.

- ★ Gain hands-on experience through applied fieldwork, giving you an opportunity to work closely with an organisation in Australia or overseas.

- ★ Graduate with two master's degrees in two years.

Career opportunities

Our graduates have gone on to work in areas such as diplomacy, government, think-tanks, the UN and non-governmental organisations, as well as in the media.

GRADUATE CERTIFICATE IN MEDIATION AND CONFLICT RESOLUTION

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	
5454	1 semester	1 (24 Feb 2020)	\$15,152	St Lucia	Minimum, see page 92	Approved degree (in any discipline) Post-secondary studies	- 2 years full-time relevant work experience

Program overview

The Graduate Certificate in Mediation and Conflict Resolution will develop your capacity to negotiate, mediate, manage and resolve issues in a wide range of settings. The program draws on current practices to deal with conflicts ranging from small individual disputes to large-scale, international and multi-party conflicts. Undertake detailed studies in deep-seated and cross-cultural conflict resolution, and training in developing key practical skills in a range of conflict resolution processes, including dialogue

and mediation. Participate in a vibrant culture and study alongside students from a range of countries, backgrounds and disciplines – including political science and international studies, law, medicine, business, social science, education and the arts – giving you a diverse classroom experience.

Program features

- ★ Students can use the program to complete the training requirements for national accreditation as mediators or to articulate into UQ's suite of master's programs in international studies.

Career opportunities

Graduates may work directly in the field of conflict resolution, in international peacebuilding efforts, in private practice as mediators, or as mediators or conciliators for a variety of government organisations.

MASTER OF MUSEUM STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5343	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$15,872	St Lucia	Minimum, see page 92	Approved degree in the same or similar discipline	5	-
						Graduate Certificate in Museum Studies (5341)	5	-
						Graduate Diploma in Museum Studies (5342)	5	-
						Approved degree (in any discipline)	5	2 years full-time relevant work experience

Program overview

Museum Studies is an interdisciplinary field of study that encompasses museum history, theory and practice. The program delivers the professional training required for those interested in pursuing careers in the museum, art gallery and cultural heritage industry. It also provides the opportunity for those already working in this sector to develop or enhance existing skills and interests. At UQ, our focus is on developing a critical awareness of the social, cultural and political issues facing those working in the sector, whilst providing the hands-on training necessary for professional practice. Engaging with the University's world-class museums and collections together with leading professionals in the field, UQ provides a uniquely stimulating environment for museological research and training. A valuable component of the UQ Museum Studies program

is gaining professional experience and contacts in the workplace. The program offers students the opportunity to take short-term internships or placements where they undertake specific projects which contribute to their overall assessment.

Program features

- ★ Gain valuable hands-on experience and professional contacts by taking on a short-term internship or placement during your studies.
- ★ Work with campus-based museums and collections, including UQ Art Museum, UQ Anthropology Museum and the RD Milns Antiquities Museum.

Career opportunities

Students have conducted placements or internships at international institutions such as the American Museum of Natural History, Dallas Art Museum, Florence Nightingale Museum, Petrie Museum of Egyptian Archaeology, Tate Modern and the Vietnam Women's Museum. The Master of Museum Studies allows further study at the higher degree by research level and pursuit of academic career options in a field growing rapidly around the world.

Program overview

Delivered by world-class academics and researchers, this program encourages you to develop an understanding of varied forms of conflict and resistance and ways to move from conflict to peace. Our students graduate with the knowledge and practical skills they need to engage in conflict resolution, peacekeeping and peacebuilding in the contemporary global context. Learn from experts in Indigenous politics, gender, ethics, justice, development, security and the environment, and study alongside students who come from a range of countries and backgrounds. The The Master of Peace and Conflict Studies (MPACS) program is housed in the Graduate Centre in Governance and International Affairs within UQ's School of Political Science and International Studies – a School that is recognised internationally and nationally as a leader in peace and conflict studies research and teaching.

Program features

- ★ **Fieldwork opportunities are available in Australia or overseas.**
- ★ **Our multicultural learning environment gives you a global perspective.**
- ★ **Study as a dual degree with the Master of International Relations.**
- ★ **UQ is one of only six universities in the world and the only one in Australia to host a prestigious Rotary Centre for International Studies in Peace and Conflict Resolution.**

Career opportunities

Graduates go on to a range of careers nationally and internationally and find employment within government, professional, and non-government organisations.

						Graduate Certificate in Writing, Editing and Publishing (5678)	4.5	Writing portfolio	
						Approved degree in any discipline	4.5	2 years full-time relevant professional experience and a writing portfolio	

Program overview

The Writing, Editing, and Publishing program addresses the escalating demand for specialist writing and editing in today's workforce, and provides you with the practical communication skills to succeed in traditional and new media. You'll gain a deeper understanding of all stages of the writing process and develop practical knowledge and experience in writing and editing across a range of genres, including corporate and technical documents, creative writing, academic research, advertising and marketing, and more. You'll learn about the dynamic and continually evolving landscape of the Australian and international publishing industries, and have opportunities to intern at arts organisations, literary journals, educational publishers, and trade publishers. An accelerating international focus means enhanced employment prospects for graduates.

Program features

- ★ **You will have access to world-class teachers who have extensive and current industry experience.**
- ★ **You may undertake an internship with some of the leading publishing organisations in Queensland.**

Career opportunities

The program offers graduates a wide range of opportunities to pursue either freelance or salaried careers in writing, editing, and publishing. Graduates have found employment in Australia and internationally in writing and editing for social media and mainstream publications in the arts, advertising, business, education, marketing, science, technology, and journalism.

Challenge the future

Create your future

Our vision is to provide a world-class business, economics and law education that opens your mind and your possibilities for the future. We want to inspire you to create change locally and globally.

World-class teaching

Our high-achieving students are taught by academic staff who advise and consult to companies worldwide. Many of these lecturers are world-leading researchers. Our courses and programs are designed to deliver the skills, concepts and techniques that are critical for a successful career in an increasingly connected and competitive world. Our award-winning Student Employability Team will create opportunities for you to further develop your skills and résumé to get ahead of the competition.

Careers

Business, economics and law have improved living conditions worldwide, but inequalities remain. Graduates of UQ's Business, Economics and Law programs balance the push to prosperity with values like fairness, equality and justice. Leaders in business, policymaking and law are in demand around the world.

As a graduate, you can work in areas like accounting and finance for non-government organisations, consultancy firms, the Reserve Bank, the International Monetary Fund, or academia. Law graduates can work as in-house counsels in organisations or go on to become solicitors or barristers, work in negotiation and conflict resolution, or in community organisations and legal aid.

**Our Employability Team
won the 2018 Best University –
Employer Partnership Award
at the QS Reimagine Education Awards in San Francisco**

The TC Beirne School of Law features state-of-the-art facilities in an inspiring environment to support the School's strengthened focus on collaborative, interactive and innovative learning.

MASTER OF APPLIED ECONOMETRICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA
					ENGLISH	YOUR CURRENT QUALIFICATION	
5603	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum see page 92	Approved bachelor's degree in the same discipline Graduate Certificate in Economics (5010)	4.5 4.5
5632	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree Graduate Diploma in Economics (5077) Graduate Certificate in Economic Studies (5602)	4.5 4.5 4.5

Program overview

Our Master of Applied Econometrics programs will advance your ability to analyse data and interpret the results. You will build expertise in the application of mathematical and statistical methods to economic data, so you can inform decision-making, predict change and provide quantitative insight into economic relationships. You will develop advanced-level quantitative skills and abilities in critical and analytical thinking and logic. Compulsory courses will cover core areas including advanced microeconomics, advanced macroeconomics, and macroeconomics and finance. You can also choose from a diverse range of electives to tailor your studies to your personal interests and career goals. The skills and knowledge you acquire can be applied in a wide variety of economics and finance-related fields, including quantitative finance, environmental and

natural resources management, health, public sector management, business and economic modelling.

Program features

- ★ **UQ's School of Economics is ranked in the top two economics research institutions in Australia (RePEc, December 2018).**
- ★ **You can participate in the Community Engagement Program, which gives you opportunities to work on real-life projects with not-for-profit and community organisations.**

Career opportunities

In the private sector, graduates typically work in finance, insurance and banking; or as stockbrokers and for consulting firms, where they study economic trends, marketing and business in areas like market research, logistics, and quantitative business analysis.

In the public sector, they are employed in policy or treasury, or work for bodies such as the Australian Bureau of Statistics, the Australian Tax Office and the Reserve Bank of Australia. Previous School of Economics graduates have studied at Yale, Harvard, the Massachusetts Institute of Technology and the University of Oxford.

MASTER OF DEVELOPMENT ECONOMICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5469	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline) Graduate Certificate in Economics (5010)	4.5 4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics
5587	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline) Graduate Certificate in Economic Studies (5602) Graduate Diploma in Economics (5077)	4.5 4.5 4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics

Program overview

As a Master of Development Economics student, you will learn how to address one of the most critical problems facing humanity: how can we create thriving and sustainable economies to overcome poverty and inequality? You will cultivate specialist skills in economic modelling and statistical techniques, as well as knowledge of the complex forces that shape global economic growth, trade and development. To balance out the quantitative emphasis of your studies, a range of electives is available from four different schools within UQ. Elective options may also include a research component, which provides a pathway to higher degree by research study. No prior knowledge or training in economics is required for the four-semester program.

Program features

- ★ UQ's School of Economics is ranked in the top two economics research institutions in Australia (*RePEC, December 2018*).
- ★ Enjoy the flexibility of a study framework that balances compulsory prerequisites with elective study areas. You can choose to specialise in study areas including health economics, environmental economics, and international economics and politics.
- ★ Study as a dual degree with the Master of Economics and Public Policy.

Career opportunities

Graduates are in demand domestically and internationally within private and public sectors, aid agencies, consultancies, and the areas of project management and infrastructure planning. Across sectors, graduates have secured jobs as consultants, policy advisers, project officers, economic analysts, and researchers.

MASTER OF DEVELOPMENT ECONOMICS / MASTER OF ECONOMICS AND PUBLIC POLICY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5691	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	To be admitted into the Master of Development Economics / Master of Economics and Public Policy you must meet the admission requirements for each individual 24 unit program. See details: Master of Development Economics (above), Master of Economics and Public Policy (page 53)		

Program overview

The dual degree of the Master of Development Economics and Master of Economics and Public Policy offers students the opportunity to combine a deep understanding of economic development theory with a thorough understanding of how government policy is developed and rolled out. This allows students to be fully equipped for a career in central government economic development. Students will study a program with a strong emphasis on quantitative techniques in econometrics, benefit-cost analysis and operations research (MDevEcon), alongside an economics-centred, multidisciplinary program (MEconPP). A range of electives are

available, allowing study in fields such as health, environment, innovation and competition policy, international economics and politics, and quantitative techniques for project appraisals. This dual program will allow students to complete the requirements for two master's degrees over a two-year study period, rather than three years if the programs were taken separately.

Program features

- ★ Graduate with two master's degrees in two years.

Career opportunities

Our graduates are sought after in economic policy areas within governments at local, state and federal levels, and internationally. In Australia and internationally, our graduates have secured jobs with central banks, public sector agencies, policy review and advisory boards, international organisations – including the Organisation for Economic Cooperation and Development and the International Monetary Fund – and international financial institutions, such as the World Bank.

MASTER OF ECONOMICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5601	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline) Graduate Certificate in Economics (5010)	4.5 4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics
5399	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline) Graduate Certificate in Economic Studies (5602) Graduate Diploma in Economics (5077)	4.5 4.5 4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics

Program overview

The Master of Economics teaches the knowledge and skills expected of a professional economist, and will prepare you to confront complex economic problems with intelligence and insight. You will develop strong skills in research, analysis and critical and logical thinking, with comprehensive training in microeconomics, macroeconomics and econometrics. While the four-semester program requires no prior knowledge of economics, you will have the opportunity to progress to more advanced courses in these areas after you have mastered the fundamentals. You can also choose from a range of electives in fields including environmental economics, health economics and economic development. Our graduates play a vital role in public life and are respected experts across multiple fields in Australia and internationally.

Program features

- ★ UQ's School of Economics is ranked in the top two economics research institutions in Australia (*RePEC, December 2018*).
- ★ Enjoy the flexibility of a study framework that balances compulsory prerequisites with elective study areas. You can choose to specialise in study areas including health economics, environmental economics, and international economics and politics.

Career opportunities

Graduates of the Master of Economics are highly employable across private and public sectors in a large number of agencies, international organisations, consultancy companies, utilities, insurance companies, financial organisations and banks. Graduates have

been employed in a wide range of areas including investment banking, senior consulting, financial analysis, government economic policy, and research.

GRADUATE CERTIFICATE IN ECONOMIC STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	ADDITIONAL REQUIREMENTS		
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS				
5602	1 semester	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved degree (in any discipline)	4	-		5 years full-time work experience in business or economics		
						Post-secondary study	-					
						7 years full-time work experience in business or economics	-					

Program overview

Acquire a foundation in core economic principles and concepts such as microeconomics, macroeconomics, mathematics and statistics with this four-course postgraduate certificate. You will develop sharp analytical and critical-thinking skills, which are highly valued in a number of workplaces. This program is ideal for students without an economics background. It will boost your business career or pave the way for further study, and reveal new ways of understanding the world. You could use your qualifications as a pathway to one of our prestigious and respected two-year master's programs, which provide advanced

training in the fundamentals you will learn in this certificate. Graduates of the program have found success in competitive, fast-moving organisations in Australia and overseas.

Program features

★ **Graduates have the opportunity to pursue further study and enrol in the Graduate Diploma in Economics, or one of our two-year economics master's programs.**

Career opportunities

Graduates of the Graduate Certificate in Economic Studies possess core knowledge and skills that

are valuable in a large number of workplaces. Qualifications in economics have allowed a great number of our graduates to progress further in their existing professional careers, or move into new roles that involve more economic analysis. Other graduates choose to advance their studies further and enrol in a Graduate Diploma in Economics, or one of our two-year economics master's programs.

MASTER OF ECONOMICS AND PUBLIC POLICY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	SAME DISCIPLINES		
5545	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics
						Graduate Certificate in Economics (5010)	4.5			
5588	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline)	4.5	Graduate Diploma in Economics (5077)	4.5	Graduate Diploma in Economics (5077)
						Graduate Certificate in Economic Studies (5602)	4.5			

Program overview

The Master of Economics and Public Policy is an economics-focused, interdisciplinary program that examines the complex relationship between public policy, governance and economics. You will learn how governments develop policy, and how their intervention affects the global economy. You will also develop the analytical tools, concepts and techniques for evaluating and developing public policy. Drawing on knowledge from the School of Economics and the School of Political Science and International Studies, our programs cover microeconomics, macroeconomics, econometrics, political science, public policy, and the contributions of economic analysis to public policy. You may also choose to undertake a research component, providing a pathway to higher degree by research study. No prior knowledge or training in economics is required for the four-semester program.

Program features

★ **UQ is home to the Energy Economics and Management Group, the Macroeconomics Research Group, and the Asia-Pacific Centre for the Responsibility to Protect.**
★ **The program balances compulsory prerequisites with elective study areas. You can choose to specialise in areas including health economics, natural resource economics, and the dynamics of governance.**
★ **Study as a dual degree with the Master of Development Economics.**

Career opportunities

Master of Economics and Public Policy graduates are sought after in economic policy areas within governments at local, state and federal levels, and internationally. In Australia and internationally, our

graduates have secured jobs with central banks, including the Reserve Bank of Australia; public sector agencies, such as the Australian Bureau of Statistics and the Australian National Audit Office; policy review and advisory boards, such as the Productivity Commission; international organisations, including the Organisation for Economic Cooperation and Development and the International Monetary Fund; and international financial institutions such as the World Bank.

MASTER OF ENTREPRENEURSHIP AND INNOVATION

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5690	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (same discipline)	4.5	3 years full-time work experience in same discipline	-	Biotechnology, business, commerce, commercialisation, computer science, data analytics, economics, energy studies, engineering, entrepreneurship, environmental management, food sciences, health services/ health practitioners, international development or international relations, information systems, innovation, management, science, strategy, sustainability, or technology (agricultural, information, nano, bio)
						Approved bachelor's degree (in any discipline)	4.5			
						Graduate Certificate in Entrepreneurship and Innovation (5689)	4.5			

Program overview

Are you an entrepreneur? Do you have startup ambitions? Gain hands-on experience in managing the development of products and services, commercialisation and operating a lean startup model. This 18-month program will deepen your understanding of entrepreneurship and innovation and is suitable for professionals from all backgrounds, including corporations, startups, research organisations or the public sector.

Food Entrepreneurship • Social and Community Entrepreneurship • Sustainable Energy

Program features

★ **This program allows you to combine entrepreneurship and innovation studies with fields of study in science, engineering and social science.**
★ **Work in a team on real-life projects with our industry partners or your own startup idea.**
★ **Undertake your entrepreneurial projects and participate in the six-week Idea Hub program that gives you access to mentoring, workshops and networking to make your ideas a reality.**

Career opportunities

Graduates can expect careers in public or private organisations and research institutions both in Australia and internationally in a range of business functions, or in your own startup. Specific roles largely depend on your study fields and career ambitions, but the program offers significant flexibility to support your aspirations.

Fields of study

Biotechnology • Design and Information Technology •

MASTER OF GLOBAL MANAGEMENT

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5511	4 semesters	2 (27 July 2020)	\$21,136	St Lucia/ international partner institution	Higher-than- minimum, see page 93	Approved bachelor's degree (in any discipline)	5.25	While UQ does not require a GMAT for entry into the Master of Global Management, to meet the requirements of our partner institutions, you may require a GMAT prior to applying		

Program overview

The Master of Global Management is designed to broaden your horizons and open doors to an international business career. You not only benefit from valuable exposure to the global business environment, but also gain two postgraduate degrees from two world-leading business schools in two years. You will study for one year at UQ's St Lucia campus, and then one year at an approved, prestigious partner institution in Finland, Italy, France, Norway or Canada. This program will help you build the skills and experience you need to become a business leader in today's highly connected, multicultural world. You will study topics including international business operations, globalisation and the world economy, and cross-cultural management, complemented by a selection of courses from the program's specialised fields of study, or any approved combination of courses that suit your goals and interests.

Fields of study

International Economics and Finance • International Enterprise Management • International Tourism

Program features

- ★ Spend your first year studying at UQ Business School, and your second year studying in Europe or Canada.
- ★ Graduate with two degrees – a Master of Global Management from UQ, and either:
 - Master of International Business (Canada), or
 - Master in Management and International Business (Finland) or
 - Master in International Management (Italy), or
 - Master of Science in Management (France), or
 - Master of Science in Economics and Business Administration (Norway).

Career opportunities

Graduates typically find careers as managers, strategists and consultants in large international businesses and government organisations, and with global agencies and organisations that have international operations.

MASTER OF HEALTH ECONOMICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	SAME DISCIPLINES		
5418	3 semesters	1 (24 Feb 2020)	\$20,320	St Lucia/ Herston	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics		
		2 (27 July 2020)				Graduate Certificate in Economics (5010)	4.5			
5589	4 semesters	1 (24 Feb 2020)	\$20,320	St Lucia/ Herston	Minimum, see page 92	Approved bachelor's degree (in any discipline)	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics		
		2 (27 July 2020)				Graduate Certificate in Economic Studies (5602)	4.5			
						Graduate Diploma in Economics (5077)	4.5			

Program overview

Master the complex economic issues in health administration and learn to find innovative solutions to global health problems, preparing you for a career in the health sector. You will also learn to apply high-level economic analysis to decision-making processes in the health sector, such as the allocation of resources and staff. Your strong analytical skills and respected qualification will unlock career opportunities in national and international health agencies and facilities. No prior knowledge or training in economics is required for the four-semester program.

Program features

- ★ Enjoy the flexibility of a study framework that balances compulsory prerequisites in your first two semesters with elective study areas in your final semester(s).

Career opportunities

Our Master of Health Economics graduates have enjoyed careers in national and international health agencies, pharmaceutical and health technology companies, health departments, private health facilities, health insurance companies and government and development agencies. Internationally, our graduates have secured jobs with organisations and

institutions including the World Health Organization, The World Bank and the United Nations. Our graduates with previous careers in health have used their new qualifications to move into administration or senior advisory roles.

MASTER OF INTERNATIONAL COMMERCIAL LAW

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5695	3 semesters	1 (25 Feb 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5	Degree in law, business, commerce or economics		
		2 (22 July 2020)				Approved bachelor's degree (in any discipline)	4.5			

Program overview

The Master of International Commercial Law is designed for lawyers and non-lawyers who have worked in international commerce and global trade. This program will consolidate your understanding of the national and international legal and regulatory frameworks that impact your work in these fields. Suitable for graduates of any discipline, this program includes key courses to enhance your knowledge and understanding of fundamental legal concepts.

Program features

- ★ UQ's field of law is ranked 43rd in the world (QS World University Rankings by Subject, 2019).
- ★ Our courses are taught in small groups using the contemporary learning spaces in the newly refurbished Forgan Smith building.
- ★ Study as a dual degree with the Master of Commerce.

Career opportunities

The Master of International Commercial Law provides an internationally recognised qualification relevant to a wide

range of careers. Opportunities for graduates include diplomatic service and foreign affairs, international law firms, international policy and research institutes, and international finance and banking. For graduates with research aspirations, the Master of International Commercial Law also includes opportunities to undertake a supervised research project and write a dissertation, laying the groundwork to enrol in an MPhil or PhD.

MASTER OF INTERNATIONAL COMMERCIAL LAW / MASTER OF COMMERCE

World's Top 50

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS	
					ENGLISH	YOUR CURRENT QUALIFICATION
5696	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,888	St Lucia	Minimum, see page 92	To be admitted into the Master of International Commercial Law / Master of Commerce you must meet the admission requirements for each individual 24 unit program. See details: Master of International Commercial Law (page 54) and the Master of Commerce (page 51).

Program overview

This dual master's program allows you to integrate your commerce-related disciplinary knowledge with the theory and practice of commercial law to develop an understanding of how the law shapes international commercial interactions of all kinds. In addition to your chosen field of study in commerce, you are introduced to private and public law. You then study a range of commercially related law courses specifically developed for students interested in the world of commerce.

Fields of study

Applied Finance • Information Systems • Professional Accounting

Special note: For students who have previously undertaken studies in business or commerce, entry will only be considered for a field not already studied.

Program features

- ★ Graduate with two master's degrees in two years.
- ★ UQ's fields of law, and accounting and finance are both ranked 43rd in the world (QS World University Rankings by Subject, 2019).

Career opportunities

Graduates may find employment opportunities in the areas of accounting, banking and finance, funds management, stockbroking, auditing, electronic retailing, and management consulting with an international commercial legal focus.

Visit future-students.uq.edu.au and type '5696' into the search box or scan the QR code at right.

MASTER OF INTERNATIONAL ECONOMICS AND FINANCE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5185	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics
						Graduate Certificate in Economics (5010)	4.5	
5590	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline)	4.5	Economics, business, commerce, or a degree that contains four courses in microeconomics, macroeconomics, statistics or mathematics
						Graduate Certificate in Economic Studies (5602)	4.5	
						Graduate Diploma in Economics (5077)	4.5	

Program overview

Our Master of International Economics and Finance programs examine the nature of the globalised world economy and the significant role played by financial markets and institutions within interconnected modern economies. Founded on a platform of microeconomics, macroeconomics, mathematics and statistics, these programs will advance your understanding of the implications and opportunities arising from the international economic and financial integration process. You will learn how to apply economic principles in response to economic issues and forces. Our diverse range of electives will allow you to focus on your specific needs and interests – for example, you could develop specialised knowledge in the interaction

between globalisation and development. The two-year program is designed for students from any academic discipline.

Program features

- ★ Enjoy the flexibility of a study framework that balances compulsory prerequisites with elective study areas.
- ★ Study as a dual degree with the Master of Commerce.

Career opportunities

Our graduates are highly employable across private and public sectors in a large number of agencies, international organisations, consultancy companies, utilities, insurance companies, financial organisations

and banks. Graduates have been employed in a wide range of areas including finance and banking, stockbroking and trading, policy and research. Employers have included major banks, departments of treasury, the Australian Taxation Office and the Reserve Bank of Australia.

MASTER OF INTERNATIONAL LAW

World's Top 50

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5658	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	5	A degree in law or a degree in arts with a sequence of study in peace and conflict studies, international relations, political science, sociology, cultural studies, media studies, communication, economics / political economy, anthropology or ethnography

Program overview

In an increasingly internationalised world, law shapes almost all forms of interaction, from business, to trade, to diplomacy, and in war. The Master of International Law may be studied by both lawyers and non-lawyers. People building or hoping to establish a career in internationally focused fields such as international business, policy, government and the non-governmental organisation sector will gain a clear understanding of the structure of the international laws that shape the international system, and how to work within those laws.

Program features

★ UQ's field of law is ranked 43rd in the world (QS World University Rankings by Subject, 2019).

★ Study as a dual degree with the Master of International Relations.

Career opportunities

The Master of International Law provides an internationally recognised qualification relevant to a wide range of careers. Opportunities open up in

government, policy and research; foreign trade and diplomatic service careers; the UN, World Bank and other major international NGOs; and international policy and research institutes.

More information

						Equivalent academic or professional qualification in law and be able to demonstrate you have the requisite knowledge to complete the program.		

Program overview

The Master of Laws program will enhance your theoretical and practical legal expertise. It is designed for recent law graduates and established legal professionals wishing to deepen their legal knowledge or break into new fields of law. You will improve your critical thinking and research skills as you study courses driven by the needs of contemporary legal practice. These include courses in highly specialised areas, such as corporate and commercial law, and international trade and maritime law, as well as courses with an international focus in both public and private law providing you with the opportunity to look beyond domestic law. Please note that not all courses are offered each year.

Program features

★ UQ's field of law is ranked 43rd in the world (QS World University Rankings by Subject, 2019).

★ Master of Laws lecturers include renowned academics, legal practitioners, judges, and international scholars.

Career opportunities

The Master of Laws (LLM) accelerates your career progression. Courses are presented by internationally recognised legal scholars and visiting practitioners who are passionate about the law and selected for their experience and expertise. Many graduates complete the LLM to deepen existing expertise, allowing them to pursue specialist accreditation. Other graduates have a goal of breaking into a new area of practice. Completing the LLM gives you

advanced knowledge of new areas of law, putting you in contention for globally competitive legal careers. Graduates with academic aspirations may enrol in research courses during their LLM studies to give them a foundation of advanced legal knowledge before enrolling in a Master of Philosophy or PhD program.

MASTER OF LEADERSHIP IN SERVICE INNOVATION

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5707	4 semesters (part-time only)	2 (27 July 2020)	\$12,320	Online	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5	-	A degree in accounting, advertising, business, commercialisation, economics, event management, finance, health, tourism management, international relations, information systems, innovation management, marketing, management, strategy, sustainability, or technology.
						Approved bachelor's degree (in a different discipline)	4.5	3 years full-time work experience in the same field	
					UQx Business Leadership MicroMasters ®	-	65% in the Business Leadership Capstone Assessment, and 3 years full-time work experience in the same field		

Program overview

The Master of Leadership in Service Innovation adopts a cross-disciplinary perspective aimed at developing the transformational mindset needed for leaders in a rapidly changing world. It addresses critical challenges facing managers in the fast-evolving world of business. The program blends research and best practice in business leadership, innovation, service science, service management, and experience design. Through these areas, the program develops transformative organisational and leadership capabilities which will

enable managers to thrive in business landscapes, both in the current climate and the future.

Note: This program is offered in a web-based (online) mode only. Due to course scheduling and prerequisites, this program can be completed on a part-time basis only.

Program features

- ★ Enjoy the flexibility of a program that's taught online with a part-time workload.
- ★ Complete part of your program with the UQx Business Leadership MicroMasters ® credential.

Career opportunities

The skills you develop throughout your degree will enable you to take on a range of business functions for public, private and not-for-profit organisations in Australia and around the world. Specific roles largely depend on career ambitions and industry experience, but the program is structured to support your aspirations.

World's Top 5

MASTER OF TOURISM, HOTEL AND EVENT MANAGEMENT

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
5548	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4.5		Bachelor's degree specialising in at least one of the following areas: events, hospitality, hotel management or tourism
5585	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline) Graduate Certificate in Tourism, Hotel and Event Management (5547)	4.5		

Program overview

Gain knowledge and skills in the dynamic and exciting tourism, hotel and events industries. The three- and four-semester Master of Tourism, Hotel and Event Management programs are ideal if you wish to accelerate or change your career. These programs will develop your specialist knowledge in event management, hotel management or travel and tourism management, and give you access to industry experience across these areas. You will study key foundation courses to gain a comprehensive understanding of these three different industries and the wider context in which they operate. The skills you develop will be relevant to many international settings and could take you anywhere in the world.

Fields of study

Event Management • Hotel Management • Travel and Tourism Management

Program features

- ★ UQ's field of hospitality, leisure, sport and tourism is ranked 2nd in the world (Center for World University Rankings, 2017).
- ★ UQ's field of hospitality and leisure management is ranked 27th in the world (QS World University Rankings by Subject, 2019).
- ★ UQ is the only university in Australia to offer programs with UNWTO TedQual certification. The United Nations World Tourism Organization (UNWTO) promotes responsible, sustainable and universally accessible tourism.
- ★ Undertake work-integrated learning where you will apply and develop your knowledge.

Career opportunities

Graduates typically work in roles spanning business, the arts, sports, culture, and events. Specific roles

largely depend on your field of study and might be found in hotels, accommodation management, national and state sporting associations, state and local government tourism, events and sport and recreation departments, the airline and cruise industries, travel organisations and with tour operators. Graduates also work in small hospitality enterprises or take on roles in general hospitality management.

World's Top 5

MASTER OF TOURISM LEADERSHIP

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5549	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$21,136	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	5	1 year full-time work experience in the same field	Bachelor's degree specialising in at least one of the following areas: events, hospitality, hotel management or tourism
						Approved bachelor's degree (in any discipline)	5	3 years full-time work experience in the same field	

Program overview

Whether you have relevant undergraduate qualifications, or unrelated undergraduate qualifications plus professional experience in the tourism, hospitality or events industries, this program will give you the knowledge and skills required for positions in international tourism leadership, research, and consultancy with private, public or not-for-profit organisations. Depending on your career goals and interests, you can specialise in service management, tourism development, tourism marketing or visitor management. You will also have the chance to work with industry on current and future challenges relevant to your field.

Fields of study

Service Management • Tourism Development • Tourism Marketing • Visitor Management

Program features

- ★ UQ's field of hospitality, leisure, sport and tourism is ranked 2nd in the world (Centre for World University Rankings, 2017).
- ★ UQ's field of hospitality and leisure management is ranked 27th in the world (QS World University Rankings by Subject, 2019).
- ★ This is the only postgraduate coursework program in Australia designed for students with a background in tourism, hospitality or events.

Career opportunities

Graduates typically work in management positions. Specific roles largely depend on your field of study, although there is flexibility to work in a general management capacity. Because the program has a strong emphasis on research and research skills, graduates can choose to work in consultancy, research or advisory positions, or may be eligible for the PhD or MPhil programs.

Education

19th in the world

QS World University Rankings by Subject, 2019

**Graduates of both Master of
Teaching programs are eligible to
apply for teacher registration with
the Queensland College of Teachers**

**Students complete more than 80 days
of supervised teaching in the classroom
with experienced teachers as part of UQ's
professional enrichment program**

Education

Inspire the minds of tomorrow

Inspire the minds of tomorrow

Education has changed in important and unimaginable ways. We emphasise problem-solving and problem-posing methods, strategies to ignite student passion, and how to use technology in imaginative ways that students will love so you can lead a rewarding career and inspire the minds of tomorrow.

Develop new skills

You can choose to upskill with one of our professional development programs or join our research community. We bring the classroom to you in our professional enrichment program, and we place you in real-life classrooms during your studies so you can develop new skills and test new teaching strategies.

Careers

The world of learning is going through significant social and technological change. It is an exciting time for teachers to influence the development of their students in new and interesting ways and prepare them for a successful future.

You can also find work in the education industry as a head of department, principal, guidance officer, learning support teacher, student adviser or education adviser.

UQ has been preparing teachers for the world's classrooms for nearly 70 years. University study with practical school-based learning, ensures graduates are well-equipped to meet the challenges of a teaching career.

Our vision is to teach you how education has changed and prepare you for the future of learning, placing you in classrooms so you can learn and develop, and start inspiring the minds of tomorrow.

5596	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$15,152	St Lucia, online	Minimum, see page 92	Approved degree (in any discipline)	4	-		

Program overview

Study the latest developments, theories, policies and practices in education, and strengthen your leadership expertise as you obtain the knowledge and skills required for work in your chosen area of specialisation. Choose from five fields of study and depending on your field, you can choose to complete a practicum – giving you an opportunity to put your learning into practice.

Fields of study

Behaviour Management • Curriculum • Guidance and Careers Counselling • Leadership • Supporting Diverse Learners

Program features

- ★ UQ's field of education is ranked 19th in the world (QS World University Rankings by Subject, 2019).
- ★ The School has been preparing teachers for the world's classrooms, for industry, for media and for community leadership for nearly 70 years, and our programs and academics lead the field.

Career opportunities

Educational Studies prepares students for a variety of employment opportunities including learning support teachers, guidance counsellors, and educational administrators. The program also allows students to gain significant professional advantages in advancing their career and broadening their career options.

MASTER OF TEACHING (PRIMARY)

World's Top 20 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5556	4 semesters*	1 (24 Feb 2020)	\$15,152	St Lucia	Higher-than-minimum, see page 93	Approved degree (in any discipline)	4.5	Your degree must have included the equivalent of at least one full year of study in areas relevant to one or more learning areas of the Australian primary school curriculum (i.e. languages other than English, civics, mathematics, English, science, history, geography, the arts, health and physical education, or technology). You will be required to submit a statement addressing non-academic criteria including your motivation and suitability for teaching.	

Program overview

Designed for those with an approved undergraduate degree, you can qualify as a primary school teacher in just 18 months of intensive study (equivalent to four semesters). Benefit from a structure that combines the latest educational research with practical school based learning, ensuring you are job ready. Graduate from an accredited program with eligibility for teacher registration in Queensland. This program also provides the potential to work internationally. You will be taught by national and international award-winning lecturers and be thoroughly prepared for a career in education through access to the latest innovations in teaching research.

Program features

- ★ UQ's field of education is ranked 19th in the world (QS World University Rankings by Subject 2019).
- ★ Complete 60 days of supervised practicum supported by an expert team of university facilitators.
- ★ The Master of Teaching (Primary) is available to students without a teaching degree.

Career opportunities

Graduates are eligible to apply for registration with the Queensland College of Teachers (QCT), as well as other authorities, to teach in schools around Australia, and some worldwide. Once registered, you can work as a primary school teacher in state or independent schools in

Queensland, interstate or overseas, or undertake further study to qualify as a principal, mentor, curriculum adviser, guidance or career officer, or head of department.

More information

Visit future-students.uq.edu.au and type '5556' into the search box or scan the QR code at right.

**Placement**

*This program is 1.5 years full time – it is the equivalent of 2 years (4 semesters) full time, offered intensively over 18 calendar months by using a summer semester.

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION		
5685	4 semesters	1 (24 Feb 2020)	\$15,152	St Lucia	Higher-than-minimum, see page 93	Approved degree that meets the requirements for two learning areas of the Australian schools secondary curriculum	4.5	A statement addressing non-academic criteria including your motivation and suitability for teaching

Program overview

The program allows you to build on your experience and previous degree and qualify as a secondary school teacher in two years. Learn to cooperatively and critically plan, design, implement and review teaching programs - including developing teaching and learning strategies and curriculum materials. Develop powerful teaching strategies and effective learning activities under the guidance of academics in UQ's School of Education. Our lecturers and tutors are award winning educators and researchers who are experts in their field. They provide regular educational policy and practice consultancy services for a range of government departments and private organisations. This means our teaching (and your learning) is informed by the latest knowledge.

Program features

- ★ UQ's field of education is ranked 19th in the world (QS World University Rankings by Subject, 2019).
- ★ You will complete 75 days of supervised professional experience placements throughout the program.

Career opportunities

Graduates are eligible to apply for registration as a teacher in Queensland and to work as a secondary school teacher in state and independent schools in Australia and worldwide. With further study and experience, this program can lead to roles as a head of department, principal, guidance officer, learning support teacher or student adviser. If you choose to undertake a specialisation in music or a language other

than English (Chinese, French, German, Japanese, Spanish), there is also the opportunity to work in primary school education.

 Placement

"I honestly think that the lecturers and the 'real life' teachers that I have been exposed to have given me an edge over other students. With their guidance I knew the curriculum and teaching standards inside out. In addition, UQ made an effort to help me by creating opportunities for me to make meaningful connections. I truly believe that without those connections and the teaching and learning that I have done at UQ, I would not have been able to get a job before I graduated."

Engineering and Information Technology

The world needs creative problem solvers

Solving problems

We believe in thinking differently, asking the hard questions, and being a positive disruptive influence. Our ambition is to transform our region, and the world. From novel hydrogen storage and biomedical engineering, to mining safety and modelling complex IT systems, we are solving problems for local and international communities and industry partners.

Innovation

You will be taught by a mix of internationally renowned lecturers, industry professionals and leading researchers. Our learning spaces are some of the most innovative in the world, allowing students to share ideas, help each other and socialise. Our programs focus on developing your understanding of the business environment so you can make better decisions in class and in your professional career.

Careers

The world needs structural solutions for our expanding cities, and we need computer systems to enhance the efficiency of our organisations, companies and lives.

You can find work in research, development, design, manufacturing and operations within engineering firms, IT corporations, government, companies, consultants and non-government organisations. Or you can come up with your own entrepreneurial idea, and use the resources available at UQ's Idea Hub to start your own business.

12 national teaching awards

UQ facilities include dedicated student spaces with 24-hour access for collaborative work and individual study.

UQ has laboratories and workshops to support prototyping in design projects, including 3D printing, laser cutting, professional image and video editing software, and a multitude of sensors and microelectronic devices.

MASTER OF COMPUTER SCIENCE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
5521	2 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)	5		Computer Science, Information Technology (or approved alternative)
5522	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in the same discipline)	5		

Program overview

The Master of Computer Science focuses on preparing information and communications technology (ICT) professionals with a bachelor's degree in Computer Science or Information Technology for the challenges of rapidly advancing ICT technologies. If you want to move into leadership positions, or want to undertake a research degree, you can enrol in this program to upgrade your skills or gain skills in a specific area, such as information systems, software engineering, distributed systems, networks, security of computing systems and other ICT areas.

Program features

- ★ UQ's field of computer science and information systems is ranked among the top 100 in the world (QS World University Rankings by Subject, 2019).
- ★ The school is home to facilities including more than 400 Windows, Unix and Apple workstations; more than 16 specialist computer labs (including 10 with 24-hour access); a university-wide 802.11ac Wi-Fi network; and dedicated IT and engineering support staff.

Career opportunities

Graduates work across a variety of fields and professions. Some graduates choose to study higher degrees and go on to research positions at universities

or other major research organisations. Other graduates work in industry – as analysts, engineers, administrators, developers, project managers and in specialist roles – with an increasing number of graduates employed in banking, finance and insurance.

More information

Visit future-students.uq.edu.au and type '5521' or '5522' into the search box or scan the QR codes below.

5521

5522

MASTER OF COMPUTER SCIENCE (MANAGEMENT)

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
5523	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in the same discipline)	5		Computer Science, Information Technology (or approved alternative).

Program overview

This master's program will provide you with the combination of advanced courses in information and communications technology (ICT) and business and management skills required by the ICT industry. The combination of ICT and management skills is currently a crucial requirement for candidates seeking employment in the ICT industry. The job market is changing: the demand for pure information technology (IT)/computer science (CS) jobs are diminishing, while the demand for IT professionals with good business and management skills is growing. You have the flexibility to either upgrade general ICT skills or

focus on a specific area such as information systems, software engineering, distributed systems, computer networks or information security.

Program features

- ★ UQ's field of computer science and information systems is ranked among the top 100 in the world (QS World University Rankings by Subject, 2019).
- ★ You can choose from nearly 60 courses.

Career opportunities

Graduates of the Master of Computer Science (Management) are typically interested in becoming

managers or entrepreneurs in the technology sector. Graduates work across a variety of fields and professions. Many graduates pursue business roles in areas including strategy, digital marketing, product management, or consulting. Other graduates work in industry – as analysts, engineers, administrators, developers, project managers and in specialist roles – with an increasing number of graduates employed in banking, finance and insurance.

More information

Visit future-students.uq.edu.au and type '5523' into the search box or scan the QR code at right.

MASTER OF DATA SCIENCE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
5659	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree with significant computer science, statistics and mathematics content	5	Applicants are encouraged to provide a CV which details any experience working with data	Information Technology, Computer Science, Statistics, Mathematics, Engineering, Physics, Actuarial Studies
5660	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in the same discipline)	5		

Program overview

The Master of Data Science is the first program of its kind offered in Australia, designed specifically to solve contemporary big data challenges across business, social, government and health data. The program is highly advanced with extensive industry contact and professional placement opportunities, and offers you a cross-disciplinary education in advanced computing, mathematics and statistics courses specifically tailored to data science. The graduate profile will include fundamental attributes of effective communication, creative and disruptive thinking applied to complex problems, and hands-on experience with dominant market tools in the big data space.

Program features

- ★ Data science is one of the most in-demand professions globally. UQ has a growing network of industry partners who will ensure you receive hands-on training and experience to be job-ready and well-aligned with industry demands and expectations.

Career opportunities

Master of Data Science graduates will be expertly prepared to work in Australia or overseas across a large number of industry sectors, government agencies and technology companies, as well as in consulting and market-research firms.

5660

MASTER OF ENGINEERING

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA
					ENGLISH	YOUR CURRENT QUALIFICATION	
5674	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved Bachelor of Engineering or Bachelor of Engineering (Honours) degree with a specialisation in the field of study for which you want to enrol.	5
5709	6 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree or equivalent in engineering or a relevant field of study; and satisfy the executive dean, that based on their academic record, they are suitably qualified for admission.	5

Program overview

The 21st century engineer is now someone with a truly global outlook who addresses increasingly complex and interdisciplinary challenges. UQ's two-year and three-year Master of Engineering gives you greater specialisation opportunities and specialist skills development to tackle current and future issues facing society. The program will allow you to advance your engineering knowledge and skills in one of a range of specialised fields and demonstrate your learning through practice-focused and advanced technical courses, experiential learning experiences, and research projects.

Fields of study

Bioengineering • Chemical Engineering • Civil Engineering • Electrical Engineering • Manufacturing and Materials Engineering • Mechanical Engineering • Software Engineering • Urban Water Engineering

Program features

- ★ **UQ's field of chemical engineering is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **UQ's field of civil and structural engineering is ranked 36th in the world (QS World University Rankings by Subject, 2019).**
- ★ **UQ's Master of Engineering has been designed to include business and innovation courses so graduating students are better prepared to take on more senior, leadership roles.**
- ★ **All students complete a two-semester research project or industry placement as part of this program.**
- ★ **Across each field, students will develop technical expertise in their discipline through specialised advanced and masters level courses.**

Career opportunities

Graduates of the Master of Engineering are equipped

with the specialist knowledge, technical skills and business acumen needed for leadership roles within their chosen engineering discipline. The program is a pathway to becoming an accredited engineer and opens doors to an array of industries, from consulting firms to forensic investigation companies, or working in areas such as chemical, civil, electrical, mechanical, mining and software.

5709

MASTER OF ENGINEERING SCIENCE

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA
					ENGLISH	YOUR CURRENT QUALIFICATION	
5528	2 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved four-year degree (in the same discipline)	4.5
5529	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved bachelor's degree in engineering	4.5

Program overview

With great global and local challenges – climate change and the greenhouse effect, clean energy, reliable water supplies, infrastructure for booming populations, sustainable resource development, and efficient and effective communications – engineers have many opportunities to be part of the solution at all scales, from molecular to global. If you have a desire to lead multidisciplinary teams to find solutions to the challenges facing engineering industries in the 21st century, you should enrol in the Master of Engineering Science. You will learn from staff who are internationally recognised as leading experts in their fields, and use the advanced facilities that UQ has to offer.

Fields of study

Bioengineering - Civil Engineering (2 semesters only) • Electrical Engineering • Fire Safety Engineering (3 semesters only) • Materials and Manufacturing Engineering (2 semesters only) • Mechanical

Engineering (2 semesters only) • Mechatronic Engineering (2 semesters only) • Software Engineering

Program features

- ★ **UQ's field of chemical engineering is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **UQ's field of civil and structural engineering is ranked 36th in the world (QS World University Rankings by Subject, 2019).**
- ★ **During your studies, you will learn in the \$135 million Advanced Engineering Building – a state-of-the-art facility and 'living laboratory' that combines teaching and research spaces.**
- ★ **Our engineering academics scored the highest possible rating in the most recent Excellence in Research for Australia assessment, which means our research is world class.**

Career opportunities

Graduates of the Master of Engineering Science have developed the advanced knowledge needed to cross disciplinary boundaries and undertake sophisticated and complex engineering work. Graduates not only have technical expertise, but also have a combination of business, problem-solving and interpersonal skills to understand markets and develop productive relationships with customers, suppliers, business partners and colleagues.

MASTER OF INFORMATION TECHNOLOGY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA
					ENGLISH	YOUR CURRENT QUALIFICATION		
5581	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved bachelor's degree (in a discipline other than information technology or computer science)		4.5

Program overview

Do you want to learn how to build on your previous skills and apply information technology (IT) within your own industry? The Master of Information Technology is designed for students who do not have a previous IT degree and want to enhance their current discipline areas through specialist IT knowledge. The program will give you skills in web development, software development, information systems and other aspects of IT. Core courses are combined with design computing team projects and a capstone research project. Both introductory and advanced electives are available in areas including computer systems, web information systems, human-computer interaction, artificial intelligence, networks and computer security.

Program features

- ★ UQ's field of computer science and information systems is ranked among the top 100 in the world (QS World University Rankings by Subject, 2019).
- ★ The school is home to facilities including more than 400 Windows, Unix and Apple workstations; more than 16 specialist computer labs (including 10 with 24-hour access); a university-wide 802.11ac Wi-Fi network; and dedicated IT and engineering support staff.

Career opportunities

Graduates are typically employed in areas as diverse as e-commerce, information systems, technology management, health, records management, geographic information systems and client services. Many of our graduates use their qualifications as a way of moving ahead with their careers – whatever industry they work in – or use the Master of Information Technology to further their research ambitions.

More information

Visit future-students.uq.edu.au and type '5581' into the search box or scan the QR code at right.

MASTER OF INTERACTION DESIGN

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA
					ENGLISH	YOUR CURRENT QUALIFICATION		
5580	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in a discipline other than interaction design or information environments)		5

Program overview

Interaction with electronic devices through computer-based technology, networks and telecommunication, is a major part of our daily lives and will become increasingly important in the future. The emerging challenges in this radically evolving field are not solely with the nature of new technologies, but with their design. Postgraduate studies in Interaction Design at UQ will train you to understand contexts of technology use and solve usability problems. You will explore design issues related to physical and digital environments that support interaction between people and technology across multiple disciplines and specialist areas.

Program features

- ★ Interaction design professionals work in multidisciplinary teams to address open-ended, real-life design projects. Your program simulates this environment through studio-based and project courses.

Career opportunities

Graduates typically work across the public and private sectors. Employers include technology companies, banking and financial services, digital agencies, media companies, government agencies and health providers. Because the program has a strong emphasis

on research and research skills, other students work in research or advisory positions, or choose to enrol in a Master of Philosophy or PhD program.

More information

Visit future-students.uq.edu.au and type '5580' into the search box or scan the QR code at right.

MASTER OF PETROLEUM ENGINEERING

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
5662	3 semesters*	1 (24 Feb 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)	5	Relevant industry experience Chemical Engineering, Civil Engineering, Mining Engineering, Petroleum Engineering, Geology, Earth Sciences, Physics, Mathematics, Chemistry

Program overview

Petroleum is the world's dominant source of energy, with current global production of oil and gas at record rates. UQ's Master of Petroleum Engineering covers conventional and unconventional resources and is delivered by academics with extensive and recent industry experience. It combines world-class reputation, technical expertise and industry insight to shape you and your fellow students as the next generation of highly skilled industry professionals.

Program features

- ★ Up to 25 students are eligible to undertake internationally recognised and certified well-control courses at no extra cost (e.g. IWCF and IADC well control levels 2 to 4).
- ★ In your final year, you will undertake a field development project, where you will design a plan to develop an unconventional gas resource – a world-first for a university petroleum engineering program.

Career opportunities

Graduates work anywhere from offices in large cities to offshore oil rigs. You may find yourself working for some of the world's largest companies looking

to design and develop new methods for extracting oil and gas. Depending on their expertise, graduates may work in roles such as management positions, engineering services, oil and gas extraction, geology and exploration.

More information

Visit future-students.uq.edu.au and type '5662' into the search box or scan the QR code at right.

* All taught courses will be available only in intensive mode and in non-standard teaching periods

MASTER OF RESPONSIBLE RESOURCE DEVELOPMENT

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				GPA	ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5623	6 semesters (part-time only)	1 (24 Feb 2020) 2 (27 July 2020)	\$11,280	Online	Minimum, see page 92	Approved degree (in the same discipline)	5	A minimum of two years practical experience in a related field is required.		

Program overview

Are you a graduate planning on exploring future career opportunities, or an industry professional seeking to broaden your knowledge base within the extractive resources sector? Postgraduate studies in Responsible Resource Development are built around common core courses that engage directly with the sustainable development agenda. You will have the opportunity to combine courses in environment, health and safety, or community relations, or specialise in one of two fields of study – community relations or health and safety.

Fields of study

Community Relations • Health and Safety

Program features

- ★ **UQ's field of mining and mineral engineering is ranked number one in the world (Academic Ranking of World Universities, 2018).**
- ★ **UQ's field of mining and mineral engineering is ranked 5th in the world (QS World University Rankings by Subject, 2019).**
- ★ **Undertake a research project on a topic relevant to community relations or health and safety in the mineral resources sector.**

Career opportunities

Graduates of the Master of Responsible Resource Development typically work in the mineral and resources industry, local or national government, or other organisations actively engaging with the sector. Many graduates study the program for professional development reasons and proceed to move into leadership or management positions.

MASTER OF SUSTAINABLE ENERGY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5684	3 semesters	1 (24 Feb 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in the same discipline)	4.5	3–5 years practical experience in a related field is preferred.		Engineering, Science, Environmental Management, Economics, Commerce, Business, Public Policy, International Development, Energy

Program overview

The Master of Sustainable Energy aims to equip the next generation of energy leaders, managers and decision-makers with the skills and knowledge to address the challenges at the nexus of energy, climate change and sustainability. As one of the few programs in the world to offer you a cross-disciplinary education with direct industry contact and practical experience, you will gain a deeper understanding and appreciation of energy systems, responsible business practice and contemporary energy challenges.

Program features

- ★ **Some courses involve site visits to let you see firsthand the changing landscape of energy and power generation in Australia.**
- ★ **The University of Queensland offers several scholarships for high-calibre candidates who want to study the Master of Sustainable Energy.**
- ★ **All coursework in this program is taught in five-day intensive blocks at our St Lucia campus. Some courses also require online discussions and field trips.**
- ★ **A MicroMasters® option is also available for some of this program via edX.org (edx.org/course/sustainable-energy-capstone-uqx-engycapx).**

Career opportunities

Graduates of the Master of Sustainable Energy typically work in and move across a large number of industries and sectors, where they develop innovative solutions for energy problems. Many graduates study the program for professional development reasons and proceed to leadership or management positions in industry, consultancy, government, or in non-government organisations and international agencies.

More information

Visit future-students.uq.edu.au and type '5684' into the search box or scan the QR code at right.

MASTER OF SUSTAINABLE ENERGY (MANAGEMENT)

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS		
5708	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,560	St Lucia	Minimum, see page 92	Approved degree (in a relevant discipline)	4.5	3–5 years practical experience in a related field is preferred.		Engineering, Science, Environmental Management, Economics, Commerce, Business, Public Policy, International Development, Energy

Program overview

The Master of Sustainable Energy (Management) is designed to equip students to develop transition pathways that provide affordable, reliable and sustainable energy. The program aims to provide students with a deep understanding of energy systems, responsible business practice and ways to address threats of climate change impacts. Commencing with management courses, you will learn enhanced management, research and communication skills. You will be working towards creating a better energy future, learning directly from leading academics, researchers and industry representatives.

Program features

- ★ **Specifically designed to address complex problems across disciplines and equips graduates to become leaders in the sector.**
- ★ **Some courses involve site visits to let you see firsthand the changing landscape of energy and power generation in Australia.**
- ★ **All coursework in this program is taught in five-day intensive blocks at our St Lucia campus. Some courses also require online discussions and field trips.**
- ★ **A MicroMasters® option is also available for some of this program via edX.org (edx.org/course/sustainable-energy-capstone-uqx-engycapx).**

Career opportunities

As a graduate of the Master of Sustainable Energy (Management) you will understand the complex nature of energy generation, distribution, and supply; the crucial roles of finance and technology for project management and business; and the critical importance of social license for assessing the energy landscape.

Lead the world to better health

Commitment to health

At UQ, we're committed to health in a big way. From the molecular to the macro, from the laboratory bench to the bedside, and from biomedical to behavioural sciences, we seek to advance understanding, build better health services, and make you a leader and innovator of the future.

Pathway to an exciting career

We offer one of the widest range of health study areas in Australia. A hands-on approach and cutting-edge research are built into our teaching, to prepare you for all types of care situations. We maintain close partnerships with major healthcare providers to inform our teaching, research and clinical engagement. Placements are important steps in your study program to expand your professional network, decide on your specialty and prepare for an exciting career.

Careers

There is a shortage of doctors around the world as life expectancy increases. The health sector is seeking alternatives to costly hospital-based models, leading to greater demand for professionals who can help prevent rather than treat disease and injury. It is an exciting time for a career in health.

You can become an audiologist, biomedical scientist, dentist, doctor, dietitian, physiotherapist, public health worker, nurse, speech pathologist, social worker, pharmacist or psychologist. Work in local public hospitals or private practices, or travel the world doing what you love.

The UQ Oral Health Centre facility at Herston is the largest and most advanced tertiary oral health facility in Australia.

GRADUATE CERTIFICATE IN ALCOHOL, TOBACCO AND OTHER DRUG STUDIES

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	
5508	2 semesters part-time (not available full-time)	1 (24 Feb 2020) 2 (27 July 2020) Summer	\$8,356	Online	Minimum see page 92	Approved degree Post-secondary study	- 2 years full-time work experience in a healthcare or public health setting

Program overview

Both experienced practitioners and those new to the field will leave this program equipped with the knowledge and skills to make a real difference to the global burden of alcohol, tobacco and other drugs. Individuals, families and communities experience adverse social harms arising from specific patterns of intoxication, modes of drug use and illicit drug markets. The Alcohol, Tobacco and Other Drug Studies program will give you a comprehensive understanding of the political, social, economic and scientific factors that influence the development of alcohol and drug-related policies, services, treatment and prevention.

Program features

- ★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).
- ★ Make the most of a program that is fully delivered online.
- ★ Public Health is ranked 1st in Australasia (ShanghaiRanking's Global Ranking of Academic Subjects, 2018).

Career opportunities

The Graduate Certificate in Alcohol, Tobacco and Other Drug Studies is usually undertaken for professional development reasons, such as career specialisation or advancing clinical or counselling practice. Graduates

work in a diversity of roles across the public, private and not-for-profit sectors, including nursing (including mental health nursing), pharmacy, school guidance and counselling, social work, school nursing, medicine, community services, sporting teams and sporting organisations, health promotion and public health, alcohol and drug support services, not-for-profit and crisis support organisations.

MASTER OF AUDIOLOGY STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		APPLICATION CLOSING DATE		
					ENGLISH	YOUR CURRENT QUALIFICATION			
5145	4 semesters	1 (24 Feb 2020)	\$23,568	St Lucia	Higher-than-minimum, see page 93	Bachelor's degree	A bachelor's degree in fields such as health, humanities, education, social, physical or biological sciences is recommended.	This program has pre-placement requirements that must be met prior to commencement of the program or a placement course. Further details can be found on the Placement Ready website.	31 October 2019

Program overview

Audiologists play an essential role in improving hearing health and wellbeing in adults and children. Audiologists make a difference to the lives of others and are in high demand due to their specialist skills in helping people with hearing difficulties. The program integrates the theoretical foundations of audiology with practical clinical skills in preparation for a career as a clinical audiologist. You will also gain the ability to contribute to the development of clinical audiology by completing your own research.

Program features

- ★ We are the only university in Queensland to provide a tertiary-level qualification in audiology, and we have an international reputation for the quality of our graduates.

★ UQ has a dedicated Audiology Clinic where you will develop your clinical skills during your studies. You will be placed in clinics in Brisbane, Queensland and around Australia and it may also be possible to complete placements overseas.

★ The School of Health and Rehabilitation Sciences is ranked number one in overall student satisfaction within UQ (UQ Course Experience Questionnaire (CEQ) 2017).

Career opportunities

Graduates of the Master of Audiology Studies work across the private, public and not-for-profit sectors. They might work in government-funded hearing services, public and private hospitals, community health centres and agencies, rehabilitation units,

preschools, kindergartens and child care centres, aged-care/high-care facilities, private practice, and government and non-government institutions and organisations.

Pre-placement requirements

MASTER OF BIOSTATISTICS

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	
5499	4 semesters part-time	1 (24 Feb 2020) 2 (27 July 2020)	\$10,160*	Online	Minimum, see page 92	Approved bachelor's (honours) degree with a statistics major	30 Nov 2019 (Sem 1) 31 May 2020 (Sem 2)
5500	6 semesters part-time	1 (24 Feb 2020) 2 (27 July 2020)	\$10,160*	Online	Minimum, see page 92	Approved degree and successful completion of one tertiary course in statistics Graduate Diploma in Biostatistics (5498)	

Program overview

If you like maths and quantitative problems and want to contribute to the advancement of broader scientific understanding, then you will be well suited to the study of biostatistics. Biostatistics is the specialised application of statistics, involving study design, data collection, data analysis and interpretation, to measure, understand and solve medical problems. The Biostatistics program aims to fill the gap between programs in public health and epidemiology and general statistics programs. In this program, you will develop critical analysis expertise and interpretation skills, and the ability to apply relevant research findings.

Program features

- ★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).

★ This program is delivered online.

★ There is an ongoing shortage of biostatisticians, both in Australia and internationally.

★ Public Health is ranked 2nd in Australasia (U.S. News Best Global Universities Subject Rankings, 2019).

Career opportunities

Our graduates contribute to all fields of medical research and healthcare. If you enjoy collecting and studying information to forecast and draw conclusions, biostatistics could be your perfect health career. As there is an ongoing shortage of skilled biostatisticians in Australia and around the world, our graduates are in high demand in the public health sector, medical research and the pharmaceutical industry. With postgraduate biostatistics qualifications, our graduates have contributed to positive change in a variety of global roles including a longitudinal study

on Australian women's health, studying air quality near a bus tunnel in Seattle, and monitoring and evaluating data on infections in hospitals in the United Kingdom.

MASTER OF BUSINESS PSYCHOLOGY

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5665	3 semesters	1 (24 Feb 2020)	\$23,360	St Lucia	Minimum, see page 92	Approved bachelor's degree in psychology (honours I or IIA)	Applicants also need to nominate two referees and provide a copy of their CV. Shortlisted applicants will be invited to participate in a process of selection. Completion of this program does not lead to registration as a psychologist in Australia.	30 Sept 2019

Program overview

The Master of Business Psychology is designed to give students the skills required to become a consultant, specialising in the use of psychology to enhance the productivity and effectiveness of individuals, teams and organisations, and to improve quality of working life. The program provides practical skills in areas such as selection, training and development; leadership and talent management; change management; work redesign; and human factors and safety. The program is designed for people working as internal and external consultants in both the public and private sector.

Program features

- ★ **UQ's field of psychology is ranked 23rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **UQ's School of Psychology is one of the largest psychology schools in Australia.**

Career opportunities

Employees with a background in business psychology are sought after for their analytical and practical skill set, along with their theoretical understanding. Graduates can work in a range of roles, such as organisational development and management

consultants, customer service training managers, change management specialists, and human factors specialists.

DOCTOR OF CLINICAL DENTISTRY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5616	6 semesters	1 (20 Jan 2020)	\$36,536	Herston	Higher-than-minimum, see page 93	An approved degree in dentistry (or equivalent)	2 years graduate clinical experience (full-time) and registration with the Dental Board of Australia. A personal statement and supporting documentation must be submitted with your application. A request for referee reports will be emailed to your nominated referees (two required) once your online application is submitted. Shortlisted applicants will be required to undertake a Clinical Assessment Program in Brisbane.	12 April 2019

Program overview

The Doctor of Clinical Dentistry degree is designed for dental graduates to train in a specialty. The content of your program will vary depending on the field of study related to your chosen specialisation. The program will provide you with advanced understanding, diagnostic skills and clinical competence in your chosen field. You will develop an understanding of scientific methodology and the role of research in knowledge and clinical practice. You will undertake practical experience at the public dental clinics located at the purpose-built Oral Health Centre (OHC), hospitals and external healthcare facilities. The OHC is the nation's largest and most advanced tertiary oral health facility and features state-of-the-art facilities and technology.

Fields of study

Dento-Maxillofacial Radiology • Endodontics • Oral Medicine • Orthodontics • Periodontics • Prosthodontics • Special Needs Dentistry

Program features

- ★ **You will learn in the purpose-built \$138 million UQ Oral Health Centre. With more than 150 dental chairs in 11 clinics, it is the largest and most advanced tertiary oral health facility in Australia.**
- ★ **Depending on your specialisation, you will undertake placements in major hospitals and health facilities around Brisbane as a part of your training.**
- ★ **We keep student numbers low across all fields in the Doctor of Clinical Dentistry so you work in a supportive and close-knit environment.**

Career opportunities

Graduates of the Doctor of Clinical Dentistry can apply for specialist registration with the Dental Board of Australia. If you completed your undergraduate studies outside of Australia, you will also have to pass additional examinations set by the Australian Dental Council before you can apply for specialist registration

in Australia. Specialist dentists typically open their own private practice, work in an established practice, or join a partnership. Within the public sector, there are opportunities to work within hospitals, community health services or school-based dental clinics.

MASTER OF CLINICAL EXERCISE PHYSIOLOGY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5518	3 semesters	1 (24 February 2020)	\$20,320	St Lucia	Higher-than-minimum, see page 93	Approved degree in Exercise and Sport Science (or equivalent)	You must be recognised as an Exercise Scientist by Exercise and Sports Science Australia (ESSA) OR have been assessed by ESSA as being deficient only in exercise science subject areas covered by the Master of Clinical Exercise Physiology program.	31 October 2019

Program overview

Clinical Exercise Physiology graduates are in high demand in the exercise rehabilitation, health and fitness, and sport science industries. This degree allows suitably qualified graduates to gain Exercise and Sports Science Australia (ESSA) accreditation in just 1.5 years. You will receive specialised skills and knowledge in exercise prescription and programming for patients with acute and chronic medical conditions, injury prevention and exercise interventions. The program provides a comprehensive coverage of key pathologies, including metabolic, cardiovascular, neurological, musculoskeletal and acute conditions. You will also understand the emerging role that accredited exercise physiologists are playing in health promotion, injury prevention and effective treatment planning, implementation and evaluation.

Program features

- ★ **UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2019).**
- ★ **Complete over 600 hours of clinical exercise prescription and professional practice within external industry placements and our five on-campus specialised exercise clinics where you will work with clients with real and specific conditions.**
- ★ **Taught by award-winning lecturers and Accredited Exercise Physiologists who have expertise across all of the pathology areas needed for clinical exercise practice.**

Career opportunities

Graduates can work in private or multidisciplinary clinics, hospitals, home health services, workplace health and rehabilitation, community health or research.

MASTER OF CLINICAL PHARMACY

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5146	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$23,560	Online	Higher-than-minimum, see page 93	Approved degree	Current registration as a pharmacist in country of practice and at least 2 years full time relevant and recent work experience	31 Jan 2020 (Sem 1) 30 June 2020 (Sem 2)

Program overview

The Clinical Pharmacy program gives you the knowledge, skills and resources needed to practise as a clinical pharmacist. Learn how to individualise, review and monitor a patient's medication regimen; demonstrate effective communication skills in clinical and non-clinical scenarios; critically appraise medical and pharmaceutical literature; and recognise and describe social issues relating to medicine use. You will gain insight into contemporary management strategies for pharmacy and health care, as well as explore the research and evaluation of pharmacy services and practice. Also available as a Graduate Certificate and Graduate Diploma.

Program features

★ **UQ's field of pharmacy and pharmacology is ranked 31st in the world (QS World University Rankings by Subject, 2019).**

Career opportunities

Graduates are equipped with highly developed knowledge, skills and understanding of clinical pharmacy, and can use their qualifications to show evidence of professional development and advanced practice for the Advanced Pharmacy Practice Framework. Career opportunities include advancement as a hospital pharmacist, accreditation to conduct

home medication reviews and aged care reviews, introduction of new practices in your community pharmacy, pharmacist-led outpatient clinics, pharmacists in GP practices, academia, pharmaceutical care and the quality use of medicines, advisers in primary health care organisations, clinical pharmacy research, and pharmacy management.

MASTER OF CLINICAL PSYCHOLOGY

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5164	4 semesters	1 (24 Feb 2020)	\$21,328	St Lucia	Higher-than-minimum, see page 93	An approved 4-year bachelor's degree in psychology (honours I or IIA) or equivalent 4-year APAC-accredited program. Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Please refer to future-students.uq.edu.au for the application requirements	31 Aug 2019

Program overview

Clinical psychologists promote optimal levels of psychological functioning to decrease levels of psychological distress. They have expertise in the assessment, diagnosis, treatment and prevention of a broad range of emotional and behavioural problems, including anxiety, depression, stress, substance addiction and abuse, adjustment to physical illness, relationship difficulties, and learning disabilities. This program provides you with the knowledge and professional skills in the area of clinical psychology through a combination of coursework, supervised practice and research. You will gain a foundation in the scientific bases and practice of clinical psychology and receive training in clinical practice that employs evidence-based best practice models in health and mental health settings.

Program features

★ **UQ's field of psychology is ranked 23rd in the world (QS World University Rankings by Subject, 2019).**

★ **Be confident and job-ready after you spend 1000 hours on supervised placements both in the UQ Psychology Clinics and in different healthcare settings in the community.**

Career opportunities

Graduates of the Master of Clinical Psychology can apply for general registration as a psychologist in Australia and are eligible to apply for the Registrar Program through the Psychology Board of Australia. Graduates typically work in healthcare settings, such as hospitals, community and support groups, private

practice, government services and health departments, mental health organisations, and health clinics.

MASTER OF COUNSELLING

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION		
5333	4 semesters	1 (24 Feb 2020)	\$13,768	St Lucia	Higher-than-minimum, see page 93	Approved degree (in a relevant discipline)	You must submit a CV and personal statement with your online application. You may be required to undertake an interview.	Social and behavioural sciences, e.g. in social work, psychology, social welfare, behavioural studies, human services, nursing, therapies, medicine or related fields.

Program overview

Taught in collaboration with UQ's School of Psychology, the program is one of the largest in Australia and has a strong focus on counselling and applied psychotherapy strategies to enhance outcomes for clients struggling with a range of challenges. You will develop knowledge, skills and competencies for professional practice in counselling and be able to competently support individuals, couples, families and groups in the community. You will learn from leaders in the field of counselling and psychotherapy. The program adopts an integrative theoretical and practical focus. While on placement you will undertake a major project, providing an opportunity to apply counselling theory, knowledge and skills with clients.

Program features

★ **You will be confident and job-ready when you spend more than 350 hours on supervised placements.**

★ **The program focuses on integrating theory with practical, hands-on skill development. You'll learn flexible ways to adapt your practice to the uniqueness of your specific clients.**

Career opportunities

Graduates of the Master of Counselling typically work in human-service settings such as health, welfare, community services, human resources and personnel management, and private practice. Graduates work with individuals, families, groups and communities in a number of different settings in order to address

issues like loss and grief, mental health and wellbeing, violence, sexual abuse, drug and alcohol problems, relationship issues, crisis, working with children, medical diagnoses, and health challenges.

MASTER OF DIETETICS STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
5473	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$23,568	St Lucia	Higher-than-minimum, see page 93	Approved degree (in a relevant discipline)	Applicants must have an approved degree. Studies must include prerequisite courses in public health nutrition, nutrition, human physiology and biology, research methods, behavioural science, food science, chemistry and biochemistry.	31 Oct 2019

Program overview

An increased awareness of the importance of food and nutrition to health and disease prevention has led to growing demand worldwide for qualified dietitians. The Master of Dietetics Studies prepares you for eligibility as an Accredited Practicing Dietitian with the Dietitians Association of Australia. You will gain the practical skills and knowledge needed to apply the art and science of human nutrition to the prevention and treatment of medical conditions, such as diabetes, obesity and infectious diseases. You will develop the skills and knowledge to help people understand food

and health relationships, enabling them to make better food choices to get the most out of their lifestyles.

Program features

- ★ Undertake approximately 850 hours of supervised clinical practice in hospitals, community centres, aged care facilities, food industry, and other organisations.

Career opportunities

Graduates of the Master of Dietetics Studies typically work across the public, private and not-for-profit sectors as clinical dietitians, community nutritionists, public

health nutritionists, sports dietitians, food industry dietitians, researchers, and food service administrations.

MASTER OF EPIDEMIOLOGY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
5481	1.5 years	1 (24 Feb 2020) 2 (27 July 2020)	\$16,712	Herston	Minimum, see page 92	Approved degree (in the same discipline)	5	Health sciences, public health, psychology, science, biostatistics, mathematics, health economics, veterinary science, or one of the healthcare professions
					Approved degree (in any discipline) and 1 year full-time work experience in a healthcare, public health or research setting, as approved by the Executive Dean		5	
					Graduate Certificate in Epidemiology (5478)		-	
					Graduate Diploma in Epidemiology (5479)		5.5	
					Graduate Diploma in Epidemiology (5479)			

Program overview

To meet growing industry demand for health practitioners with specialist qualifications in the core public health discipline of epidemiology, the Master of Epidemiology has been designed to give you advanced skills in epidemiology, biostatistics and health research methods. You will gain strong methodological skills and enjoy the flexibility to tailor your learning to best reflect your own interests and professional aspirations. If you are curious, enjoy maths and science, and want a career where you can make a difference, a degree in Epidemiology may be for you.

Program features

- ★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).
- ★ UQ's School of Public Health lecturers work on major public health projects with partners like the Wellcome Trust, the Bill & Melinda Gates Foundation, the Institute for Health Metrics and Evaluation, Harvard University, and the Swiss Tropical and Public Health Institute. These links enrich the content of our Epidemiology programs.
- ★ Public Health is ranked 2nd in Australasia (U.S. News Best Global Universities Subject Rankings, 2019).

Career opportunities

The Master of Epidemiology is usually undertaken for professional development reasons – career progression, updating knowledge, or broadening areas of expertise. Graduates typically work across the public, private and not-for-profit sectors, both in Australia and internationally. They may work in areas including education, medicine, health, public health, government, or clinical research.

MASTER OF MEDICINE

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5398	4 semesters part-time	1 (24 Feb 2020) 2 (27 July 2020)	\$10,160	Online	Higher-than-minimum see page 93	Approved degree in medicine	At least 2 years full-time post-qualification clinical practice		30 Nov 2019 (Sem 1) 31 May 2020 (Sem 2)

Program overview

The Master of Medicine (Skin Cancer) is an online coursework program designed to provide comprehensive training in the diagnosis and management of skin cancer in the primary-care setting. This program offers continuing profession education for primary care and specialist doctors working in specialist practice with an interest in skin cancer.

Field of study

Skin Cancer

Program features

- ★ UQ's field of medicine is ranked 49th in the world (QS World University Rankings by Subject, 2019).

- ★ This program is suitable for doctors who are preparing for a Fellowship pathway in one of the following medical or surgical colleges: surgical oncology; ear, nose and throat (ENT); plastic surgery; anatomical pathology; dermatology; radiation oncology; and primary care/specialist practice.
- ★ Benefit from our world-leading skin cancer research.
- ★ This online program has a flexible structure that can fit around busy schedules.

Career opportunities

There is a shortage of skin cancer specialists and, with skin cancer being one of the most common forms of cancer in Australia, the need for specialists is continually growing. With a skin cancer qualification,

you will be qualified to work as a specialist in general practice, public and private hospitals and skin clinics. Along with complementing your existing skills, this programs will help to prepare you for entry into a variety of fellowship pathways focused on management of cutaneous malignancy. Career opportunities may also extend to teaching or progression into a Higher Degree by Research (PhD).

DOCTOR OF MEDICINE

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS				APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5578	8 semesters	1 (late Jan 2020)	\$40,576	St Lucia, Herston, Clinical Schools in and outside Brisbane	Higher-than-minimum, see page 93	Approved degree	5	Applicants need to pass Graduate Australian Medical School Admission Test (GAMSAT) gamsat.acer.org with a minimum score of 50 in each section OR North American Medical College Admission Test (MCAT) with minimum total of 504 for new MCAT scores. Eligible applicants will be invited to participate in an online multiple mini interview (MMI) based on their GAMSAT/MCAT ranking and places available. Offers will be made based on the number of places available that year, the applicant's final ranking, based on the combined score of MMI, GAMSAT Score and GPA. Offer holders need to complete their first degree program before enrolment to MD Program. Visit medicine-program.uq.edu.au/current-students/annual-program-requirements	Applications to UQ International open from April each year and are waitlisted once full.

Program overview

The Doctor of Medicine (MD) is a postgraduate-entry program that is internationally renowned for our outstanding people, the diversity of our student intake, and the excellence of our education. Graduates are recognised for their social accountability, critical scientific thinking and global leadership in health care. Years 1 and 2 (Phase 1) of the program combine biomedical sciences, public health, medical ethics and clinical skills training in a case-based learning context and a series of patient-centred cases, each designed to teach different principles of basic and clinical science of health and disease. Early patient contact and training in clinical reasoning and research are embedded to develop advanced critical thinking and clinical reasoning and skills that are required for evidence-based clinical practice. Students will complete a clinical observership placement in Australia or internationally by the end of Year 1. Years 3 and 4 (Phase 2) are organised around core medical disciplines

and delivered across three clinical schools comprising hospitals, clinics and general practices in Queensland and the United States. Our students may also enhance their learning by conducting research through a higher degree or executive leadership training opportunities.

Program features

- ★ UQ's field of medicine is ranked 49th in the world (QS World University Rankings by Subject, 2019).
- ★ This program is accredited by Medical Board of Australia, all US State Medical Licensing Boards (upon completion of USMLE) and Specialist Australasian Colleges (upon completion of specialist training).
- ★ You will benefit from early patient contact and training in clinical reasoning and research in Phase 1.
- ★ We are committed to offering research training and experience for students within the MD program, in addition to higher study opportunities for PhD and MPhil candidates.

Career opportunities

Graduates are ready to embark on a host of different and complementary career pathways. They may become experts in patient care, public health, clinical academia and teaching, research or work for aid organisations, the defence forces or set up their own private practice.

5151	3 semesters	1 (24 Feb 2020)	\$16,688	Herston	Higher-than-minimum, see page 93	Approved degree (in the same discipline)	1 year full-time work experience in a mental healthcare setting

Program overview

The Master of Mental Health provides systematic training designed to develop knowledge, skills and attitudes that will prepare you for contemporary mental health practice. You will receive advanced training in a variety of evidence-based interventions and the theoretical principles that underpin them. You have the opportunity to undertake both structured and independent learning assignments and study in a flexible environment.

Fields of study

Art Therapy • Psychotherapy

Program features

- ★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).
- ★ This program's flexible learning activities may consist of online readings, online discussions or intensive workshops (eight days per semester), so you can still meet your other commitments.
- ★ You will complete 800 hours of clinical placement throughout the program, and receive a high level of professional supervision.

Career opportunities

As a graduate, you will have advanced skills and understanding in mental health for roles such as senior clinical, management, policy and planning mental health positions in both clinical and non-clinical settings.

MASTER OF MENTAL HEALTH NURSING

World's Top 30 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
5509	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$16,688	St Lucia, online*	Higher-than-minimum, see page 93	Approved degree (in the same discipline)	You must be eligible to practice as a registered nurse in Australia (refer to the program rules for additional information). You must also provide a CV with your application.	30 Nov 2019 (Sem 1) 31 May 2020 (Sem 2)

Program overview

Mental health nurses are in high demand in a variety of fields within the mental health sector. The Master of Mental Health Nursing is designed to provide students with an advanced understanding of the theories, legislation, policies and standards that underpin mental health nursing. It will develop a student's knowledge, skills and attitudes relevant to contemporary mental health nursing practice. Students will develop practical skills that promote safe nursing practice and management of risk in a clinical setting.

Program features

- ★ UQ's field of nursing is ranked 21st in the world (QS World University Rankings by Subject, 2019).
- ★ Coursework is delivered in online study modules and discussions, and you can complete practical placements at your current place of work.

Career opportunities

As a registered nurse who has completed the program, you will have diverse career opportunities. These include community, inpatient, consultation liaison, acute care, forensic mental health and leadership roles.

GRADUATE CERTIFICATE IN NURSING

World's Top 30 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
5392	1 semester	1 (24 Feb 2020) 2 (27 July 2020)	\$16,688	Online	Higher-than-minimum, see page 93	Approved bachelor's degree in nursing or equivalent	5	At least 1 year's recent and relevant experience working as a registered nurse 30 Nov 2019 (Sem 1) 31 May 2020 (Sem 2)

Program overview

If you are a registered nurse who does not currently hold a Bachelor of Nursing, this program could be the perfect next step to advance your career. With a focus on deep knowledge of professional best practice, this program suits anyone seeking flexible online learning with direct application to the workplace. Gain an understanding of the requirements for postgraduate study before committing to a master's degree, with the option to exit the master's program after one semester of study (full-time equivalent) with a qualification.

Program features

- ★ UQ's field of nursing is ranked 21st in the world (QS World University Rankings by Subject, 2019).
- ★ The Graduate Certificate in Nursing program offers a flexible, external method of study suited to working professionals, with the option to continue on to the more comprehensive Master of Advanced Nursing.

Career opportunities

Many of our graduates use this program to further their nursing career. The need for registered nurses

with a postgraduate qualification is growing for senior roles (grade 7 or above in Australia) particularly for advanced or specialised nursing roles. This postgraduate qualification can support your career development in a range of environments such as care centres, community centres, GP clinics, public or private hospitals, schools and specialist clinics.

MASTER OF NURSING STUDIES

World's Top 30 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
5491	4 semesters	1 (24 Feb 2020)	\$16,688	St Lucia, Princess Alexandra Hospital	Higher-than-minimum, see page 93	Approved degree	You must have completed one course in biological science, chemistry or physics at undergraduate level.	30 Nov 2019

Program overview

The Master of Nursing Studies has been specifically designed to prepare you for work as a registered nurse within two years of study. In this program, you will apply clinical-reasoning skills in your nursing practice, be able to work effectively in interprofessional teams to promote quality health outcomes for clients in your care, and provide high-quality client-centred care through safe and effective nursing practice. The program follows an inquiry-based learning model. All inquiry-based learning tutorials, clinical simulation and clinical placement will take place in partner sites.

Program features

- ★ UQ's field of nursing is ranked 21st in the world (QS World University Rankings by Subject, 2019).
- ★ Be confident and job-ready when you spend 880 hours on clinical practice during your program.
- ★ During your first year you will undertake morning and evening shifts at one of Brisbane's major teaching hospitals.

Career opportunities

As a registered nurse, you will be qualified to work in a variety of public or private healthcare settings, academia and teaching, research, aid organisations and the defence force. Careers and specialties include aged care, cardiac or critical care, day surgery or

domiciliary, drug and alcohol, Indigenous health, infectious disease, medical/surgical, oncology, and paediatrics and child health.

MASTER OF OCCUPATIONAL HEALTH AND SAFETY SCIENCE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	
5558	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4	Approved tertiary level background in chemistry and biology
5653	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree (in any discipline)	4	Approved tertiary level background in first year science

Program overview

It's been estimated that every 15 seconds, a worker dies from a work-related accident or disease. Occupational health and safety (OHS) is a crucially important field, which is rapidly growing and offers excellent employment opportunities. This program will give you the knowledge, practical skills and professional attributes to provide greater protection to workers in every sector. You will learn about industry hazards (chemical, physical, mechanical, biological and psychosocial) within the context of the OHS disciplines of occupational hygiene, ergonomics, occupational health, safety science and risk management.

Program features

- ★ Learn from leading OHS experts in Australia in a program developed in response to industry demands.
- ★ Be accredited by the Australian Occupational Health and Safety Education Accreditation Board.
- ★ Courses include industry placements, practical sessions, worksite visits and industry projects, so you can apply what you're learning to current problems.

Career opportunities

With a shortage of qualified OHS professionals, particularly those with a degree based in science, our Master of Occupational Health and Safety Science

graduates have a lot of options. The industries graduates work in largely depends on both their career goals and personal aspirations. OHS professionals work everywhere, from sprawling cosmopolitan cities to small mining towns, and can be found anywhere there is a workplace.

MASTER OF OCCUPATIONAL THERAPY STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5147	5 semesters	2 (27 July 2020)	\$23,568	St Lucia	Higher-than-minimum, see page 93	A bachelor's degree in a relevant discipline	You must have completed prerequisite courses in statistics, human anatomy, social sciences and human physiology. If the bachelor's degree was completed more than 10 years prior to program commencement, you must have subsequently completed a postgraduate qualification, or a minimum of 8 units / 4 courses of university level study	Health, education and social, physical or biological sciences	31 Mar 2020

Program overview

Occupational therapists help people of all ages improve their quality of life and overcome factors which affect their everyday activities. You will learn to use assessment and treatments to develop, recover or maintain the daily living and work skills of people affected by injury or illness, psychological or emotional difficulties, developmental delays or ageing. As an occupational therapist, you will work with clients to identify and eliminate environmental barriers to independence and participation in daily activities. You will do this through a range of treatment strategies designed to enhance the client's ability, such as modifying the task or environment, skill development and/or education. You will receive an overview of how environmental factors in our society – such as legislation, public and private policies and programs, and attitudes – contribute to people's experiences of inclusion and discrimination.

Program features

- ★ UQ has a dedicated occupational therapy clinic and simulated hospital ward where you will develop practical skills during your studies (as well as in hospitals, schools or private practices during placements).
- ★ The School of Health and Rehabilitation Sciences is ranked number one in overall student satisfaction within UQ (Course Experience Questionnaire, 2017).

Career opportunities

Graduates of the Master of Occupational Therapy Studies typically work across the public, private and not-for-profit sectors, both in Australia and internationally. They may work in public and private hospitals, community health services, rehabilitation units (medical, psychiatric and vocational), primary and secondary schools, private practice, industry and

government institutions, residential aged care, mental health services, services providing development and training for persons with a social, intellectual or physical disability, tertiary education and research institutions.

MASTER OF ORGANISATIONAL PSYCHOLOGY

World's Top 30 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5199	4 semesters	1 (24 Feb 2020)	\$21,328	St Lucia	Higher-than-minimum, see page 93	An approved 4-year bachelor's degree in psychology (honours I or IIA) or equivalent 4-year APAC-accredited program. Applicants with non-Australian degrees must have their qualifications assessed by the Australian Psychological Society.	Please refer to future-students.uq.edu.au for the application requirements.	31 Aug 2019	

Program overview

In this program, we focus on current issues confronting and changing the way work is managed, organised, and conducted, and the theoretical and practical approaches that organisational psychologists can use to enhance quality of work life for employees and improve organisational effectiveness. The Master of Organisational Psychology will develop your professional skills within a broad range of strategic and functional areas, including personnel selection, training and development, work design, leadership, and organisational development and change. You can expect to be involved in a diverse range of projects, such as large-scale cultural-change projects, the design and implementation of psychometric screening processes for employment purposes, high-volume

recruitment and selection for large recruitment firms, and training design and delivery.

Program features

- ★ UQ's field of psychology is ranked 23rd in the world (QS World University Rankings by Subject, 2019).
- ★ During your studies, you will complete four practicum courses where you will get to apply and develop your knowledge, skills and professional ethics and attributes.
- ★ UQ's School of Psychology is one of the largest schools of psychology in Australia.

Career opportunities

As a graduate, you can work in varied and challenging roles in business, the public sector and the community.

The main areas for employment include academic teaching and research; job design, ergonomics, measurement and evaluation; organisational development and change; recruitment and selection; and training and development. For more information about employment opportunities see the Australian Psychological Society at psychology.org.au.

MASTER OF PHARMACEUTICAL INDUSTRY PRACTICE

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	RELEVANT DISCIPLINES		
5703	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	PACE	Minimum see page 92	Applicants must have an approved bachelor's degree in a relevant discipline.	Science, engineering, medical/biomedical science, pharmacy or pharmaceutical science	30 Nov 2019 (Sem 1) 30 April 2020 (Sem 2)	

Program overview

In this program, you'll learn the stages of drug or device development and the lifecycle management process, from understanding how need drives the discovery process, through pre-clinical development to post-registration surveillance. Learn about associated disciplines like pharmacovigilance, health economics, regulatory, quality assurance, quality control, and biometrics, as well as commercialisation, intellectual property, and project and finance management. Undertake placements in Australia or overseas in your second year. Choose an independent project working alongside one of our world-class UQ Pharmacy researchers, in state-of-the-art laboratories at the \$100 million Pharmacy Australia Centre of Excellence (PACE).

Program features

- ★ UQ's field of pharmacy and pharmacology is ranked 31st in the world (QS World University Rankings by Subject, 2019).
- ★ Undertake one (mandatory) or two full-time placements in areas such as: pre-clinical; clinical; medical affairs; pharmacovigilance; manufacturing and packaging; regulatory; marketing; health economics; and government.
- ★ UQ alumni hold leading positions in pharmaceutical companies and in pharmaceutical and health care related positions in government and industry.
- ★ Be taught by award-winning lecturers and internationally-renowned researchers and get to meet and network with current leaders in the pharmaceutical industry.

Career opportunities

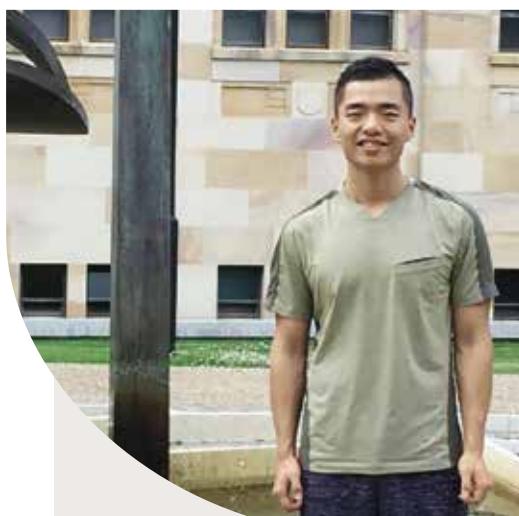

Careers in the pharmaceutical and medical device industries and government are incredibly diverse and include, pre-clinical research, drug discovery and formulation, clinical trials coordination and project management, medical affairs / medical science liaison, medical writing, regulatory affairs, manufacturing, marketing, health economics, drug and device safety assessment, pharmacovigilance, data management and biostatistics.

 Placement

"I was inspired to undertake the Master of Occupational Therapy Studies at UQ after I volunteered at a senior care facility for over three years and was really fascinated with the work that occupational therapists do to enable residents to fulfil their lives. The hands on component of the program was a highlight for me as it really supported me towards becoming an occupational therapist. After working for a few years I plan to continue my study and complete a PhD degree and maybe eventually become an academic."

Chih-Yao Lee, Canada

5533	4 semesters part-time only	1 (24 Feb 2020) 2 (27 July 2020)	\$5,890	Online	Higher-than-minimum, see page 93	A Bachelor of Pharmacy or equivalent from Australia or New Zealand and completion of the Australian Pharmacy Examining Council requirements	You must be registered as an intern pharmacist with the Pharmacy Board of Australia.	31 Dec 2019 (Sem 1) 30 June 2020 (Sem 2)

Program overview

This program provides intern pharmacists with specialised training and skills in pharmacy practice. The program combines academic excellence with pharmacy practice to provide intern pharmacists the opportunity to gain a formal postgraduate qualification. The program has been developed not only to address the competence required by the Pharmacy Board of Australia standards, but with a focus on a program that is relevant to contemporary pharmacy practice.

Program features

- ★ UQ's field of **pharmacy and pharmacology** is ranked 31st in the world (QS World University Rankings by Subject, 2019).
- ★ This program is developed, delivered and supported by a team of community and hospital pharmacists with extensive practice experience, which allows interns to leverage the expertise of a wide range of pharmacist practitioners.

Career opportunities

A formal postgraduate qualification makes sure graduates are well placed to find work in an increasingly competitive market. This program provides graduates with credit towards postgraduate clinical pharmacy programs at UQ.

Allied health, human movement science, physical or biological sciences	31 July 2020

Program overview

Physiotherapists reduce pain, restore function, improve mobility and prevent injury through rehabilitation of individuals with injury, disease, older age or atypical development. The Master of Physiotherapy Studies program will equip you with the theoretical knowledge, skills and professional attributes necessary for a career in physiotherapy, earning internationally recognised qualifications. In this program, you will gain the knowledge, clinical abilities, problem solving skills and professional attributes to provide a skilled physiotherapy service in a wide range of contexts. You will develop an understanding of the principles of scientific method, critical analysis and research design, and apply them to professional practice.

Program features

- ★ The Master of Physiotherapy Studies is designed as an intensive program, where you complete three

semesters every year with a small group of students from diverse backgrounds.

- ★ Be confident and job-ready when you undertake extensive supervised clinical placements across your program, including at onsite physiotherapy clinics.
- ★ UQ is known as a leader in clinical physiotherapy skills, research and digital health.
- ★ Graduates of this program have excellent employment rates and commonly work internationally as physiotherapists in a range of countries including Canada, Singapore, Hong Kong and the UK.

Career opportunities

Graduates of the Master of Physiotherapy Studies typically work in private practice; public and private hospitals; community health centres and agencies;

rehabilitation units; school and programs; and sporting organisations. Other graduates choose to undertake further study and go on to specialise in sports physiotherapy, musculoskeletal physiotherapy, paediatrics, obstetrics, orthopaedics and research.

					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
5224	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$16,712	Herston and/or online	Minimum see page 92	Approved degree (in the same discipline)	-	
						Approved degree (in any discipline)	1 year full time work experience in a healthcare setting	
						Graduate Certificate in Public Health (5181)	-	
						Graduate Diploma in Public Health (5131)	-	

Program overview

Public health focuses on preventing disease, prolonging life and promoting healthy lifestyles and offers a rewarding career that suits many people from a variety of backgrounds. Our Public Health program prepares health professionals from a broad range of backgrounds, with knowledge and skills from a variety of disciplines, to define, critically assess and resolve public health and nutrition problems. If you are curious, enjoy solving problems and have a desire to make a lasting impact on the health of communities and populations, a degree in public health may be for you. Please note: All fields of study are a mixture of internal and external delivery. All core courses are offered internally and externally. If you wish to complete the program either entirely by internal or external delivery the choice of courses is more limited.

Fields of study

Alcohol, Tobacco and Other Drugs • Global Health • Health Promotion and Disease Prevention • Indigenous Health • Nutrition • Standard

Program features

- ★ **UQ is ranked 1st in the Asia-Pacific for social sciences and public health (U.S. News Best Global Universities Subject Rankings, 2018).**
- ★ **UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **This program is the first in the Asia-Pacific region to achieve Curriculum Validation from the Agency for Public Health Education Accreditation, which confirms the curriculum adheres to European standards and contains the structure and core content expected from a comprehensive Master of Public Health.**

Career opportunities

The Master of Public Health is usually completed by health professionals who want to move into public health, mid-career health professionals who want to advance their careers, or clinicians who want to broaden their range of expertise with a population-level focus on health and management. Careers in public health are diverse and graduates work across the public, private and not-for-profit sectors. Roles might include medical and health services manager, health promotion officer, community health worker, public health analyst, program support officer, environmental health officer, policy analyst, health administrator, or researcher.

MASTER OF SOCIAL WORK STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEES (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS	
5458	3 semesters	1 (24 Feb 2020)	\$13,872	St Lucia	Higher-than-minimum, see page 93	Bachelor of Human Services	Applicants must submit a professional practice portfolio that demonstrates Australian Association of Social Workers practice standards and code of ethics for the first placement.	30 Nov 2019
5457	4 semesters	1 (24 Feb 2020)	\$13,872	St Lucia	Higher-than-minimum, see page 93	Approved bachelor's degree (in a relevant discipline)	At least one year of full-time (or part-time equivalent) demonstrated study in social and behavioural sciences or psychology	

Program overview

Social work is an exciting and rewarding career for those interested in working with people and addressing social and community issues and problems. The program will provide you with a professional qualification as a social worker, so that you can play a key role in contributing to a society based on social justice, and in alleviating disadvantage. Through this program, you will learn how to stimulate action to change the social circumstances of individuals and groups who are socially excluded. You will also work to reduce personal pain and distress, and provide direction for individual development and control over life situations for your clients.

Program features

- ★ **You will undertake 600–1000 hours of supervised**

practical placements in a variety of organisations including not-for-profit, community service organisations and private practice.

- ★ **Students will engage in simulated learning opportunities to prepare for practice across complex and dynamic environments.**

Career opportunities

Graduates of the Master of Social Work Studies work across the public, private and not-for-profit sectors. Employment opportunities are diverse and graduates may find themselves working in any number of areas, including family support, disability services, Aboriginal and Torres Strait Islander agencies and community development, correctional services, health services, drug and alcohol clinics, mental health, private practice, migrant and refugee services, child protection, youth work and youth justice.

MASTER OF SPEECH PATHOLOGY STUDIES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			RELEVANT DISCIPLINES	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5228	5 semesters	2 (27 July 2020)	\$23,568	St Lucia	Higher-than-minimum, see page 93	A bachelor's degree in a relevant discipline	Prerequisite course in statistics and a course in either linguistics, psychology or physiology	Health, humanities, education, or social, physical or biological sciences	31 Mar 2020

Program overview

This program equips graduate entry students with the theoretical knowledge, professional attributes, and clinical and research skills necessary for professional careers in speech pathology. You will learn more about the communication skills of young children and adults across the lifespan. You will study communication and swallowing disorders across the areas of language, speech, fluency, voice, and multimodal communication.

Program features

- ★ You will participate in clinical experiences from your very first semester of study, including simulated learning experiences, and a range of clinical placements in metropolitan, regional, and rural settings.

★ UQ has its own Speech Pathology Clinic where you will develop your professional competency during your studies.

★ This program will provide you with a professional qualification as a speech pathologist.

Career opportunities

There are many career options in Australia and internationally for qualified speech pathologists, including work in community health centres and agencies; rehabilitation units; public and private hospitals in generalist, paediatric, geriatric, trauma and oncology-related roles; preschools, kindergartens and child care centres, including treating hearing impairment and/or intellectual disabilities; aged care/

high-care facilities; private practice; and government and non-government institutions and organisations.

Pre-placement requirements

Visit habs.uq.edu.au/placement-ready.

MASTER OF SPORTS COACHING

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			SAME DISCIPLINES	APPLICATION CLOSING DATES
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5447	2 years part-time	1 (24 Feb 2020) 2 (27 July 2020)	\$17,368	Online	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)		Sports coaching, exercise and sport sciences, health and physical education or exercise and nutrition sciences	31 Jan 2020 (Sem 1) 30 June 2020 (Sem 2)
5446	1.5 years full-time	1 (24 Feb 2020) 2 (27 July 2020)	\$17,368	Online	Minimum, see page 92	Approved degree (in the same discipline)	Graduate Certificate in Sports Coaching (5444)		

Program overview

There is high demand for innovative and well-informed sports coaches with widely recognised qualifications, in all sectors of domestic and international sport. Elite coaches, expert academics, and world-leading researchers have combined their knowledge and skills in forging this unique and engaging program, that offers the latest and most innovative theory and practice in sport coaching. You will engage in tailored learning experiences, applied across biophysical (e.g. recovery, program management, rate limiters) and socio-cultural (e.g. quality coaching practices, emotional regulation, and cultures of excellence) aspects of coaching. This program provides practicing coaches with the opportunity to enhance and develop their professional practice and support their performance in the world of sport coaching.

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2019).
- ★ As the longest running tertiary sports coaching program in Australia, UQ has been supporting the development of high quality coaches in domestic and international settings for nearly 20 years.
- ★ Complete online delivery of the programs allows high flexibility regarding the times (e.g. outside business hours and across time zones) and locations (e.g. home, office, on the road) where study can occur.

Career opportunities

Graduates of the Master of Sports Coaching are well placed to move into more advanced coaching roles with a variety of athletes and sporting contexts

including professional sport, schools of sporting excellence, and sporting academies. Graduates typically work in roles including head coach, assistant coach, specialist coach, director of coaching, high-performance coach, sports development manager, and coach educator.

MASTER OF SPORTS MEDICINE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	APPLICATION CLOSING DATE
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5420	2 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,320	Online	Minimum, see page 92	Approved degree in medicine		Be registered as a medical practitioner in your country of practice and have completed a minimum 2 years post-qualification clinical practice.	31 Jan 2020 (Sem 1) 30 June 2020 (Sem 2)

Program overview

The Master of Sports Medicine has been created specifically for general practitioners who want to develop or advance their knowledge and skills in sports medicine. The program provides a comprehensive and interdisciplinary approach to prevention, treatment and management of sports injuries. Students will develop the clinical knowledge, research and practical skills for evidence-based practice in sports medicine. Students will be well placed to treat different types of exercising individuals (e.g. athletes and amateur sports people), and different types of injuries sustained during sporting activities and other physical activity (e.g. muscular injuries and lumbar region injuries).

Program features

- ★ UQ's field of sports-related subjects is ranked 2nd in the world (QS World University Rankings by Subject, 2019)
- ★ Course content is delivered as online video lectures, readings, notes and presentations, and materials can be accessed in any order, at any time.
- ★ Assessment projects are highly practical and industry relevant and they can also be customised to your own development needs.

Career opportunities

Graduates are well placed to treat different types of people and different types of injuries and may find

employment in rehabilitation clinics and hospitals, healthcare clinics; sports medicine clinics, sports academies and institutes; private practice; health and fitness centres; state and local government departments; professional associations and not-for-profit organisations; and sporting associations and professional teams.

Science and Mathematics

Discover new worlds, big and small

World class

UQ has one of the largest science faculties in Australia with some of the world's leading scientists, teachers, science programs and commercial outcomes. We focus on groundbreaking projects like the molecular characterisation of drug-resistant bacteria and finding better treatments for illness, to solving conservation problems using mathematics and improving hydrogen bonding.

Student focused

You will have the opportunity to interact with research teams, use our world-class laboratories and contribute to our international research efforts. You will network with industry partners and work for organisations and companies during professional placements or internships. This hands-on approach is why UQ graduates enjoy high employability rates and attractive starting salaries.

Careers

As a scientist, you can become a chemist, biochemist, ecologist, geneticist or statistician in areas such as climate change, biosecurity, food, sustainable energy, disease eradication and the management of natural resources. Mathematicians and physicists are using the latest computer technology to optimise financial portfolios, predict weather patterns, and build quantum systems.

UQ has developed the cervical cancer vaccine, the highly innovative Nanopatch, and chip technology in MRI machines

More than 1800 laboratories, including specialist teaching and research labs
10 research centres in mathematics and physics

MASTER OF BIOINFORMATICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5541	2 semesters	2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)	5	You must have completed a major tertiary research project or other significant research experience with introductions to molecular biology, computer science and statistics.	Science, IT and fields of engineering
5542	3 semesters	1 (24 Feb 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	5	You must have completed introductions in one or more of the following subject areas: molecular biology, computer science and statistics.	Science, IT and fields of engineering
						Graduate Certificate in Bioinformatics (5557)	4.5	-	

Program overview

Bioinformatics is changing the way we make scientific discoveries and interpret scientific data and, with a worldwide shortage of bioinformaticians, the career opportunities for skilled bioinformatics graduates are extensive. Choose UQ's Master of Bioinformatics to increase your technical and research skills in core areas of bioinformatics, and update your qualifications in recent technologies and methodologies. Learn how to analyse genes and their molecular products, and model the systems they make. Compare genetic material between species, monitor the expression of molecules in different cells, and discover abnormalities that cause disease. Throughout your studies you will gain extensive practical laboratory experience and develop your computational skills through immersion in a research laboratory.

Program features

- ★ UQ's broad field of natural sciences is ranked 77th in the world (QS World University Rankings by Subject, 2019).
- ★ You will have access to more than 1800 teaching and research labs.
- ★ Some courses within this program offer a practical placement.

Career opportunities

Graduates typically work for pharmaceutical, pathology and biotechnology companies, research organisations, government departments, universities, or in research laboratories. Roles include

bioinformatician, data scientist or analyst, biomedical computer scientist, biostatistician, clinical data manager, geneticist, medical/technical writer, research scientist, or software/database programmer.

Placement

MASTER OF BIOINFORMATICS RESEARCH EXTENSIVE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5628	3 semesters	2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)	5	You must have completed a major tertiary research project or other significant research experience with introductions to molecular biology, computer science and statistics.	Science, IT and fields of engineering
5598	4 semesters	1 (24 Feb 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	5	You must have completed introductions in one or more of the following subject areas: molecular biology, computer science and statistics.	Science, IT and fields of engineering
						Graduate Certificate in Bioinformatics (5557)	5	-	

Program overview

If you have research experience in molecular biology, computer science or statistics, the Master of Bioinformatics Research Extensive allows you to combine your research interests in mathematics, computing and biological sciences. Update your knowledge of recent technologies and methodologies, while enhancing your practical laboratory and computational skills as part of an advanced research project. Upon graduation, you will be able to demonstrate you can effectively use world-class bioinformatics practice to solve complex scientific problems. This program provides a strong preparation for entry into a higher degree by research program.

Program features

- ★ UQ's broad field of natural sciences is ranked 77th in the world (QS World University Rankings by Subject, 2019).
- ★ You will have access to more than 1800 teaching and research labs.

Career opportunities

Graduates typically work for pharmaceutical, pathology and biotechnology companies, research organisations, government departments, universities, or in research laboratories. Roles include bioinformatician, data scientist or analyst, biomedical computer scientist, biostatistician, clinical data manager, geneticist, medical/technical writer, research scientist, or software/database programmer.

Program overview

Biotechnology is a rapidly expanding field driving our current and future economy, and graduates with biotechnology qualifications are in tremendous demand globally. In this program, you'll gain a thorough understanding of a broad range of modern biotechnologies, the commercialisation of products, marketing and the business environment, including business planning and project management. You'll also learn how research and development are undertaken in industry settings.

Program features

- ★ **UQ is ranked 7th in the world for biotechnology and 1st in Australia (Academic Ranking of World Universities, 2018).**
- ★ **Choose from a wide variety of globally renowned laboratories (academic or industrial) to complete your research.**

Career opportunities

Graduates work in industry, venture capital, pharmaceutical companies, research institutes and government agencies in a wide range of roles including new product design and development, regulatory affairs, quality assurance, clinical trial operations

management, consulting, commercialisation officer, technology analysts, and business plan analysts.

						Graduate Diploma in Biotechnology (5119)	5		

Program overview

The Master of Biotechnology Research Extensive provides advanced training in Biotechnology while simultaneously developing business and workplace skills. As a student of the Biotechnology Research Extensive program, you'll look at how biotechnology can be used to advance medicines, vaccines and food production while minimising the ecological footprint of human activity. Through advanced lectures, projects and directed study, you'll gain a comprehensive knowledge of the disciplines that underpin the biotechnology industry. You'll also develop your research methodology skills and receive training in the special requirements needed to undertake research in the biotechnology industry, before undertaking your own research project.

Program features

- ★ **UQ is ranked 7th in the world for biotechnology and 1st in Australia (Academic Ranking of World Universities, 2018).**
- ★ **Accredited by the US Council of Graduate Schools (Washington DC) as a Professional Science Master's Degree.**
- ★ **Receive advanced training in biotechnology while simultaneously developing business and workplace skills.**
- ★ **Choose from a wide variety of globally renowned laboratories (academic and/or industrial) and research labs to complete your research.**

Career opportunities

Graduates work in industry, venture capital, pharmaceutical companies, research institutes and government agencies in a wide range of roles including new product design and development, regulatory affairs, quality assurance, clinical trial operations management, consulting, commercialisation officer, technology analysts, and business plan analysts.

DOCTOR OF BIOTECHNOLOGY

World's Top 10 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	ADDITIONAL REQUIREMENTS	
				ENGLISH		YOUR CURRENT QUALIFICATION				
7601	3 years	1 (24 Feb 2020) 2 (27 July 2020)	\$19,584 per research quarter	St Lucia	Minimum, see page 92	Bachelor of Science or Bachelor of Biotechnology with Class I or IIA honours	5.5		All potential candidates are interviewed as part of the selection process.	
						Approved coursework master's degree	5.5			
						2-years relevant professional experience and/or research publications	–			

Program overview

The Doctor of Biotechnology program is designed to train scientists to develop an understanding of management issues for research enterprises and technology ventures and the integration of specialist training in the area of biotechnology and research. As a Doctor of Biotechnology candidate you'll help tackle global challenges as varied as harnessing clean energy to finding new ways to prevent and mitigate disease.

Program features

★ **UQ is ranked 7th in the world for biotechnology and 1st in Australia (Academic Ranking of World Universities, 2018).**

Career opportunities

With more than 400 dedicated biotechnology companies in Australia and more than 600 medical device companies, you will be well-placed for roles in a range of sectors, including health, agriculture, diagnostics, the environment, forestry, the law and commerce. Graduates typically work in agriculture, including in plant breeding and engineering; chemical companies, including nanotechnology, biosensor applications and developing drug leads; diagnostic companies, including diagnostic test design, development and production; government agencies, as technology analysts or commercialisation officers; legal and consulting companies, as business

plan analysts; pharmaceutical companies, including drug design and development or pharmaceutical production; research institutes, universities or industry; and venture capital companies.

MASTER OF FINANCIAL MATHEMATICS

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA
				ENGLISH		YOUR CURRENT QUALIFICATION		
5572	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor of Mathematics	5.5	
						Approved bachelor's degree with a major in mathematics	5.5	
5573	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree with first-year university mathematics (including single-variable and multi-variable calculus, ordinary differential equations and linear algebra)	5.5	

Program overview

With capital markets and financial risk management becoming more quantitatively and computationally sophisticated, financial mathematics graduates are in high demand. The Master of Financial Mathematics will help qualify you for your next promotion in banking, insurance, investment, utilities, mining, or any other industry in which aspects of contemporary financial markets – such as international exchange rates, futures contracts and options – play a significant role. The program is tailored to build upon your background in mathematics, commerce or economics/econometrics, while developing your essential skills in quantitative and computational analysis, mathematical modelling and stochastic processes. You will graduate able to demonstrate your thorough understanding of the financial mathematics field, possessing the skills

required to manage investment portfolios, develop financial products and price, and analyse business risk.

Program features

★ **High achievers in the Master of Financial Mathematics are offered industry-based placement projects with successful Australian firms who operate in areas including banking, superannuation and energy trading.**

★ **Our researchers in the School of Mathematics and Physics have been awarded numerous ARC Fellowships, including Laureate Fellowships, Australian Professorial Fellowships, Discovery Outstanding Researcher Awards, and QEII Fellowships, so you know you're learning from the best.**

Career opportunities

Graduates of the Master of Financial Mathematics typically work as quantitative analysts, market risk analysts, data scientists, risk managers and energy traders in areas such as funds management, hedge funds and superannuation; investment banking; retail banking; insurance and actuarial; energy providers and utilities; and risk management.

						You must have a tertiary level background in chemistry or biology.		

Program overview

The Master of Food Science and Technology builds on your existing knowledge and practical skills, and develops your expertise in areas such as food safety and quality management, food chemistry and microbiology, food processing and new food product development. You will apply the knowledge you develop to a research project or an industry placement. As a Food Science and Technology graduate, you will use your leadership, analytical and problem-solving skills to respond to global consumer demand for desirable, safe and nutritious food.

Program features

★ **UQ is a global leader in food science research across subtropical and tropical production systems.**

★ **You can choose to complete a placement with one of our industry or research partners. Our academics have close working relationships with both the Australian and international food processing sectors.**

Career opportunities

The food industry is the largest industry in the world and many of our graduates find careers with national and international food, wine, beer, confectionery and beverage companies, food research laboratories, flavouring manufacturers, educational institutions,

and government bodies. They typically work in areas of quality control, new product development, research and innovation.

						Graduate Diploma in Geographic Information Science (5086)			4.5	Science (mathematics, physics, computer science); environmental science; environmental management; geographical science; geology; surveying; geometrics; engineering; or an approved discipline

Program overview

With the rapid growth of geographic data and products, employers are increasingly demanding high-quality graduates with technical and research skills in advanced areas of geographic information science. The Master of Geographic Information Science provides you with core skills in ecology, business geographics, environmental management, environmental informatics, marine and earth sciences, natural resource management, sustainability, geography, urban planning and transportation. Graduates are highly sought after for jobs in government, professional consulting and industry.

Program features

★ UQ's field of geography is ranked 37th in the world (QS World University Rankings by Subject, 2019).

★ Depending on your major and choice of electives, you may participate in field trips to central and western Queensland, Far North Queensland, and Hong Kong.

★ The School of Earth and Environmental Sciences is home to specialist laboratories that have applications for GIS and remote sensing, mapping, programming, graphics, 3D design, demography, statistics (SPSS and NVIVO), climatology, and planning.

Career opportunities

Graduates typically work across the public and private sectors, in areas including telecommunications, consulting, engineering, logistics, transport, maritime services, energy, urban development, planning and infrastructure, defence and utilities.

GRADUATE CERTIFICATE IN MAGNETIC RESONANCE AND POSITRON EMISSION TOMOGRAPHY

PROGRAM CODE	DURATION	START SEMESTER	Fee (1 st SEM)	CAMPUS	ADMISSION REQUIREMENTS				SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA	ADDITIONAL REQUIREMENTS	
5654	1 semester	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia/ Online	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	4	-	Mathematics, physics, chemistry, biology, medical imaging, medical radiation, radiography, allied health, biomedical engineering, engineering, computer science, or a relevant discipline
						Post-secondary study		2 years relevant work experience	

Program overview

If you are a nuclear medicine technologist, diagnostic radiographer, or professional in a similar field this program may be for you. Medical imaging is developing at a rapid pace and hybrid medical imaging systems are becoming more commonplace. With the blend of high-resolution magnetic resonance imaging (MRI) and the physiological data of positron emission tomography (PET), magnetic resonance and positron emission tomography (MR-PET) is making quite an impression in medical diagnosis. This program will equip you with the skills required to operate this new hybrid system by encouraging your understanding of both the MRI and PET stand-alone technologies.

Program features

★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).

★ You will get to attend a one-week on-campus practical where you will operate MRI scanners, and practice scanning on human volunteers.

★ Our Magnetic Resonance Technology programs are offered through the Centre for Advanced Imaging, which is one of the best imaging research centres in Australia. More than 75 per cent of the MRI scanners in the world use technology based on UQ research.

Career opportunities

Our graduates use this qualification as a way of advancing their careers. This program is primarily designed for nuclear medicine technologists and diagnostic radiographers, wanting to upskill in this emerging specialisation. It may also be of interest to researchers using this exciting technology.

MASTER OF MAGNETIC RESONANCE TECHNOLOGY

PROGRAM CODE	DURATION	START SEMESTER	Fee (1 st SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	ADDITIONAL REQUIREMENTS		
5193	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia, online	Minimum, see page 92	Approved bachelor's degree (in the same discipline)	-	2 years relevant work experience	Mathematics, physics, chemistry, biology, medical imaging, medical radiation, radiography, allied health, biomedical engineering, computer science, or a relevant discipline
						Post-secondary study	2 years relevant work experience		
						Graduate Certificate in Magnetic Resonance Technology (5036)	-		
						Graduate Diploma in Magnetic Resonance Technology (5096)	-		

Program overview

As one of the most powerful diagnostic tools for organs and tissues inside the body, magnetic resonance imaging (MRI) demands technologists with expert scientific and technical expertise. The Master of Magnetic Resonance Technology teaches you the physics of magnetic resonance and image formation, the components of modern MRI scanners, and the specialist practical skills essential for a dynamic career in this field. Upon graduating, you will be able to embark on projects that make innovative use of magnetic resonance, such as assessing the needs of a radiography practice and the capability of equipment from various manufacturers to meet these needs.

Program features

★ UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).

★ Our Magnetic Resonance Technology programs are offered through the Centre for Advanced Imaging, which is one of the best imaging research centres in Australia. More than 75 per cent of the MRI scanners in the world use technology based on UQ research.

★ The teaching team in the Centre for Advanced Imaging reflects the multidisciplinary nature of the field and includes expert radiographers, clinicians, physicists, chemists and engineers.
★ An elective for a three-week full-time clinical placement is available.

Career opportunities

Graduates are typically capable of embarking on projects that make innovative use of magnetic resonance; assessing the effects of innovation on clinical applications; assessing the needs of a radiography practice; and assessing the capabilities of equipment from different manufacturers to meet these needs. Past graduates have found employment in leadership positions in hospitals, private practice and research facilities and organisations.

MASTER OF MINERAL RESOURCES

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5196	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Approved bachelor's degree (in the same discipline) Graduate Diploma in Mineral Resources (5097) Graduate Certificate in Mineral Resources (5041)		5 5 5	Geological science, geological engineering (or approved discipline)

Program overview

The Master of Mineral Resources gives you advanced knowledge of the minerals industry, as well as the analytical skills to provide solutions to complex problems. You will gain exposure to current scientific knowledge from research experts, and explore a range of strategies for its practical implementation from experienced industry associates. You can choose to specialise in exploration geology or exploration geophysics, and learn about the areas necessary for the efficient discovery and exploitation of ore deposits and energy resources.

Fields of study

Exploration Geology • Exploration Geophysics

Program features

- ★ UQ's broad field of natural sciences is ranked 77th in the world (QS World University Rankings by Subject, 2019).
- ★ UQ is home to labs with geographic information systems and remote sensing, mapping, programming and more.
- ★ The School of Earth and Environmental Sciences has specialised facilities and microscopy equipment for laboratory research and fieldwork, including labs for argon geochronology, coal and environmental geochemistry.
- ★ Core academic staff have significant industry experience and most projects are undertaken in collaboration with industry partners.

Career opportunities

Graduates typically work across the public and private sectors, in areas including mineral and fossil fuels exploration and production, mining geology, mineral processing, natural resource management, and research.

MASTER OF MOLECULAR BIOLOGY

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS			ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION	GPA		
5388	2 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's (honours) degree (in the same discipline)	5	-	Genetics, molecular biology, biochemistry, biotechnology or biological chemistry
						Bachelor's degree in approved discipline plus a postgraduate qualification	5	Major research project or other significant research experience	
5197	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in the same discipline)	5	-	
5600	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in any discipline)	5	-	
						Graduate Certificate in Molecular Biology (5042)	5	-	
						Graduate Diploma in Molecular Biology (5127)	5	-	

Program overview

Advances in molecular biology have transformed biological research and driven the extensive growth of the biotechnology industry, with rapid increases in molecular medicine and technology creating a high demand for skilled molecular biologists around the world. The Master of Molecular Biology exposes you to the laboratory and teaches you about bioinformatics and genomics, biomolecular structure and function, and immunology and infectious diseases. You will receive theoretical and practical training through lectures, workshops, projects and directed study. You will also gain training in research methodology in molecular biology, and have the opportunity to undertake individual research.

Program features

- ★ UQ's field of biological sciences is ranked 37th in the world (QS World University Rankings by Subject, 2019).
- ★ Opportunity to complete significantly more in-lab research than most other molecular biology programs.

Career opportunities

Graduates of the Master of Molecular Biology are equipped with high-level knowledge and skills relevant to modern molecular biology. Opportunities for molecular biology graduates exist across the public, private and not-for-profit sectors in areas including

health, agriculture, diagnostics, the environment, food, pharmaceuticals, biotechnology, pathology, and research.

"UQ ranks highly internationally and within Australia, is multicultural, beautiful and offers opportunities outside academics. The Master of Biotechnology program offers a diverse range of fields in Biotechnology to choose from and is flexible in nature. You can also choose to undertake an industry internship in firms like Patheon and Merck. UQ is well connected to research institutes as well as biotech industries, so you can easily choose the preferred direction for your career."

Suchita Gera, India

Master of Biotechnology

MASTER OF MOLECULAR BIOLOGY RESEARCH EXTENSIVE

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	ADDITIONAL REQUIREMENTS	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION			
5624	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's (honours) degree (in the same discipline)	5	- Major research project or other significant research experience	Genetics, molecular biology, biochemistry, biotechnology, biological chemistry or an approved discipline

5625	4 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$20,520	St Lucia	Minimum, see page 92	Bachelor's degree (in the same discipline)	5	- Major research project or other significant research experience	Genetics, molecular biology, biochemistry, biotechnology, biological chemistry or an approved discipline
						Graduate Certificate in Molecular Biology (5042)			
						Graduate Diploma in Molecular Biology (5127)			

Program overview

If you have a degree in genetics, molecular biology, biochemistry, biotechnology or a related field, the Master of Molecular Biology Research Extensive program is for you. It gives scientists more advanced technical and research skills in core areas of molecular biology, protein technology, and bioinformatics than the Master of Molecular Biology. Gain extended research laboratory experience which will provide you with a strong preparation for entry into a higher degree by research program (such as a PhD).

Program features

- ★ **UQ's field of biological sciences is ranked 37th in the world (QS World University Rankings by Subject, 2019).**
- ★ **Gain extensive in-lab research experience by completing a year-long in-lab project.**

Career opportunities

Graduates of the Master of Molecular Biology Research Extensive are equipped with high-level knowledge and skills relevant to modern molecular biology. Opportunities for molecular biology graduates exist across the public, private and not-for-profit sectors

in areas including health, agriculture, diagnostics, the environment, food, pharmaceuticals, biotechnology, pathology, and research.

5624

5625

MASTER OF MOLECULAR IMAGING TECHNOLOGY

World's Top 50 

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5692	3 semesters	1 (24 Feb 2020)	\$22,960	St Lucia, online	Minimum, see page 92	Bachelor's degree (in the same discipline)	4	Applied science, medical imaging, chemistry, pharmacy, physics, computer science or electrical and biomedical engineering or an approved discipline

Program overview

Molecular imaging is a form of biomedical imaging, which is rapidly growing in importance in the applied life sciences, and contributes in the advancement of biomedicines. The Master of Molecular Imaging Technology aims at developing international leaders in molecular imaging, by enabling students to use state-of-the-art imaging facilities, and learn from an interdisciplinary teaching team of expert radiographers, clinicians, physicists, chemists, and engineers. In this program students will have the opportunity to undertake courses and engage with a molecular imaging research project. It is well-suited

to anyone with a background in chemistry, biology, physics, computer science, engineering, radiography and nuclear medicine technology who wish to gain in-depth knowledge and skills.

Program features

- ★ **UQ's broad field of life sciences and medicine is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **Our molecular imaging programs are offered through the Centre for Advanced Imaging, one of the best imaging research centres in Australia. More than 75 per cent of the MRI scanners in the world use technology based on UQ research.**

Career opportunities

Graduates typically work as radio-pharmacists, physicists or engineers in the biotechnology sector; clinical imaging technologists; specialist chemists or radiochemists; medical physicists; and radio-pharmacologists or radio-physicists.

MASTER OF SCIENCE

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA
					ENGLISH	YOUR CURRENT QUALIFICATION	
5244	3 semesters	1 (24 Feb 2020) 2 (27 July 2020)	\$22,368	St Lucia	Minimum, see page 92	Bachelor's degree with mathematics major (for entry into the Mathematics field)	5.5
						Bachelor's degree with physics major (for entry into the Physics field)	
						Bachelor's degree with statistics major (for entry into the Statistics field)	
						Graduate Certificate in Science (5138)	
						Graduate Diploma in Science (5240)	
5712	4 semesters	2 (27 July 2020)	\$22,368	St Lucia	Minimum, see page 92	Bachelor's degree with first year university level in the field of study	-

Program overview

The Master of Science provides advanced theoretical knowledge and practical skills in the specialised scientific fields of mathematics, physics and statistics. Use this program to extend your knowledge in a particular field or choose a new specialisation to expand your skills across these disciplines. This program will equip you with the qualification you need to demonstrate you can solve problems in government and industry, and support other disciplines such as agriculture, biology, chemistry, engineering and medicine.

Fields of study

Mathematics • Physics • Statistics

★ **The Faculty of Science is one of the largest Science groupings in Australia, with approximately 1100 staff and 8500 students.**

★ **You will have the opportunity to attend the Maths Colloquium Series – a regular seminar series for students and academic staff who are working in pure and applied mathematics, and statistics.**

Career opportunities

Many of our Mathematics graduates study higher degrees and go on to research positions at universities and other major research institutions. The number of mathematicians employed in banking, finance, insurance and risk-management is also on the rise. Our Physics graduates are highly valued by employers in education, finance, engineering, computing and management. Many graduates are employed in research and management positions, universities, health, research and nuclear physics. Our Statistics

graduates are in high demand in business, industry, research and government, where they are employed in areas such as quality control, product development, asset and liability management, and determining risks and returns of investments.

More information

5244

5712

MASTER OF QUANTUM TECHNOLOGY

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		GPA	SAME DISCIPLINES
					ENGLISH	YOUR CURRENT QUALIFICATION		
5711	3 semesters	2 (27 July 2020)	\$22,368	St Lucia	Minimum, see page 92	Approved bachelor's (honours) degree (in the same discipline)	5.5	Computer science, engineering, information technology, mathematics or statistics

Program overview

We are now in the second quantum revolution, with rapidly growing investment to harness quantum physics for sensing, communications and computation. Developing the quantum ecosystem will require increasing familiarity with the principles of quantum mechanics in technological and engineering contexts. The Master of Quantum Technology will expose you to core and specialist courses in quantum technologies, incorporating lab-based research projects and lab or industry placements as preparation for a career in this expanding global sector.

Program features

- ★ **UQ is a global leader in quantum science, hosting the Australian Centre of Excellence for Engineered Quantum Systems (EQuS) and a node of the Centre for Quantum Computation and Communications Technology (CQC2T).**
- ★ **UQ is home to leading experimental and theoretical research in quantum technologies, and boasts high-performance fabrication and measurement facilities in optical, superconducting, opto-mechanical and ultra-cold atomic systems.**

Career opportunities

Global investment has created an estimated 20,000 specialist roles in this field with a worldwide shortage of talent in Australia, the US, China, Singapore, Taiwan, Japan and several European countries. Quantum technologies will actively contribute to economic growth and job creation and offer high earning potential for qualified professionals.

DOCTOR OF VETERINARY CLINICAL SCIENCE

World's Top 50

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	
7603	3.5 years	Research Quarter (1 Jan 2020) Research Quarter 3 (1 July 2020)	\$11,030 per research quarter	Gatton	Minimum, see page 92	Bachelor of Veterinary Science (Honours) with honours class I or IIA or an equivalent approved degree	At least 2 years postgraduate clinical experience; applicants may be required to attend an interview and must be eligible for registration with the Queensland Veterinary Surgeons Board

Program overview

If you are a practising veterinarian who would like to specialise, the Doctor of Veterinary Clinical Science is the next step in your journey to develop your particular skills and knowledge in the area of your choice. The program will prepare veterinarians to sit specialist qualification examinations, and students will undertake clinical work in an approved veterinary diagnostic laboratory (for pathology residents) or referral hospital to develop their skills to specialist level. Comprised of both coursework and research components, the program will build a firm foundation for graduates seeking career paths as clinical academics, and skilled specialist practitioners.

Field of study

Veterinary Diagnostic Pathology

Program features

- ★ **UQ's field of veterinary science is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **The School offers the latest research laboratories, teaching spaces, and facilities, including veterinary laboratory services, a small animal hospital, an equine specialist hospital and an animal genetics laboratory.**

Career opportunities

Depending on your area of interest, you will have the opportunity to work in a variety of areas connected with veterinary medicine and pathology, including diagnostic laboratories, research institutions (including universities), industry (pharmaceutical, biotechnology, chemical), private practice, or government agencies that manage animal disease control.

More information

Visit future-students.uq.edu.au and type '7603' into the search box or scan the QR code at right.

MASTER OF VETERINARY SCIENCE

World's Top 50

PROGRAM CODE	DURATION	START SEMESTER	FEE (1 ST SEM)	CAMPUS	ADMISSION REQUIREMENTS		ADDITIONAL REQUIREMENTS
					ENGLISH	YOUR CURRENT QUALIFICATION	
5613	3 semesters	2 (27 July 2020)	\$33,016	Gatton	Minimum, see page 92	Approved bachelor's degree (in veterinary science) or an approved discipline Graduate Certificate in Veterinary Science (5611) Graduate Diploma in Veterinary Science (5612)	

Program overview

Are you interested in building your knowledge of veterinary diagnostic techniques, pathology and the modern field of infectious disease diagnosis? Veterinary Science at UQ attracts some of the highest-achieving students from around the world. During this program, you will complete a significant research project, learn about the pathogenesis of diseases, and improve your research skills and diagnostic techniques for the purposes of disease diagnosis, investigation, control and prevention, and the promotion of public health.

Field of study

Veterinary Diagnostic Pathology

Program features

- ★ **UQ's field of veterinary science is ranked 33rd in the world (QS World University Rankings by Subject, 2019).**
- ★ **The School offers the latest research laboratories, teaching spaces, and facilities, including veterinary laboratory services, a small animal hospital, an equine specialist hospital and an animal genetics laboratory.**

Career opportunities

The Master of Veterinary Science is usually undertaken for professional development reasons – updating knowledge and skills, career progression, or broadening areas of expertise. Graduates typically

work in a variety of areas connected with veterinary medicine and pathology, including diagnostic laboratories, research institutions (including universities), industry (pharmaceutical, biotechnology, chemical), private practice, or government agencies that manage animal disease control.

More information

Visit future-students.uq.edu.au and type '5613' into the search box or scan the QR code at right.

Additional costs

Learning comes in all shapes, sizes and textures at The University of Queensland's Gatton campus. From fangs to feathers, scales to skin - staff and students at the UQ VETS Small Animal Hospital never know what patient will come through the door next.

English proficiency requirements

All students need appropriate English language skills for admission to UQ.

There are different ways you can meet our English requirements. The three most common ways are:

- A recognised qualification
- Previous secondary schooling or post-secondary study
- English language tests

UQ programs have either 'Minimum' or 'Higher-than-minimum' English language requirements.

These are stated within each program entry under 'English' on pages 32–91.

For 'MINIMUM' ENGLISH programs

'MINIMUM' ENGLISH: recognised qualification If you have obtained a recognised qualification, score or test (and satisfied relevant conditions) listed in the following table, you will likely meet UQ's English language proficiency requirements:

COUNTRY	QUALIFICATION	CONDITIONS
International	General Certificate of Education (GCE)/General Certificate of Secondary Education (GCSE) O level	A grade C or better in English Language, English Literature, or English as a Second Language
	International GCSE (IGCSE) (must be endorsed by CIE, OCR, Edexcel, AQA or other UK authority: independent and school-assessed A Levels are not sufficient)	A grade C or better in English Language, English Literature, or English as a Second Language
	General Certificate of Education (GCE) A or AS Level (must be endorsed by CIE, OCR, Edexcel, AQA or other UK authority: independent and school-assessed A Levels are not sufficient)	A grade C or better in an English Language or English Literature subject or (AS Level) General Paper/General Studies
	International Baccalaureate Diploma	A grade of 4 or better in Language A: Literature or Language A: Language and Literature (previously English A1 and English A2) at HL or SL A grade of 5 or better in Language B (previously English B) at HL or SL Note: Literature and Performance is not accepted
	Group of 8 (Go8) Foundation programs	Requirements will vary depending on both the Foundation Program undertaken and the UQ Program entry requirements
Australia	UQ/IES Foundation Year	A grade of 5 in Academic English
	UQ College Tertiary Preparation Program	A grade of 4 in Academic English for University Studies
Austria	Matura	A grade of satisfactory (befriedigend) or better in English
Canada	British Columbia Senior Secondary School Graduation Diploma-	A grade of 60% or higher in English in the final year
	Ontario Secondary School Diploma	A grade of 60% or higher in English in the final year
Denmark^	Studentereksam (Upper Secondary School Leaving Examination) or Højere Forberedelseseksamen (HF) (Higher than minimum Preparatory Examination Certificate)	A grade of 4 or better in English A or a grade of 7 or better in English Level B
Germany	Abitur	A grade of 3 (or 'Satisfactory') or better in English
Hong Kong	Hong Kong Examination Authority Advanced Level (HKALE)	A grade of C or better in 'Use of English'
	Hong Kong Diploma of Secondary Education (HKDSE)	A grade of 4 or better in core English language
India	All India Senior School Certificate (AISSCE) issued by CBSE	A grade of 65 per cent or better in English
	Senior Secondary School Certificate issued by the State Boards of Gujarat, West Bengal, Maharashtra and Karnataka	A grade of 65 per cent or better in English
	Indian School Certificate (ISC)	A grade of 65 per cent or better in English
Malaysia	Malaysian Certificate of Education/Sijil Pelajaran Malaysia (SPM)	A grade of 6C or better in English (SPM 1119)
Norway^	Vitnemål	A grade of 4 or better in English
Singapore	Singapore-Cambridge GCE A Levels	A grade of C or better in the General Paper or Knowledge and Inquiry subject, or a grade of C or better in H2 English Language and Linguistics or Literature in English
Sweden^	Slutbetyg	A grade of VG or C in English B
USA	USA Advanced Placement (AP) Examinations	English (AP) A pass in English (Grade 3)

Results are valid for five years from the date of the qualification being granted to the commencement date at UQ, except for countries marked with ^.

-Provincially examined acceptable if completed prior to 2019

Comprehensive information about UQ's English language proficiency requirements is available online in the UQ Policy and Procedures Library: ppl.app.uq.edu.au/content/3.40.14-english-language-proficiency-admission NOTE: It is assumed that the applicant will have completed the entire school qualification, where applicable.

Or

'MINIMUM' ENGLISH: previous secondary schooling or post-secondary study If you have completed senior secondary schooling from a designated country, or have successfully undertaken at least one year of full-time (or part-time equivalent) post-secondary study (at diploma level or higher) in a designated country from an accredited university or institution where the medium of instruction was English, you may meet UQ's English language proficiency requirements.

DESIGNATED COUNTRIES

American Samoa, Australia, Bahamas, Barbados, Botswana, Bermuda, Canada, Cook Islands, Falkland Islands, Fiji, Gibraltar, Ghana, Grenada, Guyana, Ireland, Jamaica, Kenya, Lesotho, Liberia, Nauru, New Zealand, Nigeria, Papua New Guinea, Samoa, Singapore, Solomon Islands, South Africa, Trinidad and Tobago, UK, USA, Zambia, Zimbabwe

Or

'MINIMUM' ENGLISH: English language tests You can undertake one the following English language tests to determine if you satisfy UQ's English language proficiency requirements:

IELTS	TOEFL (INTERNET-BASED)	TOEFL (PAPER-BASED)	PEARSON	CAMBRIDGE ENGLISH SCALE	BRIDGING ENGLISH PROGRAM (BEP)*
Overall: 6.5 Reading: 6, Writing: 6, Speaking: 6, Listening: 6	Overall: 87 Reading: 19, Writing: 21, Speaking: 19, Listening: 19	Overall: 570 Reading: 54, Listening: 54, Test of Written English: 5, Structure and Written Expression: 59	Overall: 64 Reading: 60, Writing: 60, Speaking: 60, Listening: 60	A Cambridge English Scale (CES) score of 176 Reading: 169, Writing: 169, Speaking: 169, Listening 169	Overall: 4 Reading: C, Writing: C, Speaking: C, Listening: C

NOTE: Test scores are valid for two years from the date of the test to the commencement date at UQ.

*BEP is UQ's English language pathway program delivered by ICTE. See pages 28-31 for more information.

Or

'MINIMUM' ENGLISH: other qualifications You can also meet UQ's English language proficiency requirements if you can demonstrate one of the following:

- Proof that you have either successfully completed a bachelor or master's degree program, or at least two years full-time (or part-time equivalent) post-secondary study (at diploma level or higher), at an accredited university or institution that is recognised by UQ as one where:
 - English was the medium of instruction, and
 - English was the medium of assessment, and the final year of study has been undertaken during the five years immediately prior to the commencement of study at the University, OR
- Proof that you have substantial paid work and/or voluntary work experience in a primarily English-speaking professional environment that has been undertaken for a period of at least three years immediately before the start of study at the University.

For 'HIGHER-THAN-MINIMUM' ENGLISH programs

'HIGHER-THAN-MINIMUM' ENGLISH: English language tests

To gain entry into UQ programs requiring 'Higher-than-minimum' English, you will need either the IELTS* English test score listed below, or an equivalent test score** where this is accepted:

UQ PROGRAM (MASTER OF)	IELTS SCORES REQUIRED					UQ PROGRAM (MASTER OF)	IELTS SCORES REQUIRED

*International English Language Testing System

**For an equivalent test score, see: future-students.uq.edu.au/applying/english-language-proficiency-requirements.

Note – at the time of publication, equivalent tests are not accepted for Teaching (Primary and Secondary) and are restricted for most other programs.

 This section is only to be used as a guide and does not guarantee that you will meet UQ's English language proficiency requirements. Each application is assessed on an individual basis. For more information about UQ's English language proficiency requirements visit future-students.uq.edu.au/apply/english-language-proficiency-requirements.

 If you meet your preferred program's academic requirements but NOT the English language proficiency requirements, you may apply for an ICTE English language pathway program. For more information see pages 28-31.

How to apply

STEP 1

Choose your program

- Find the program you wish to study in the Programs section on pages 32–91.
- Check you meet all entry and English language proficiency requirements.
- Check the application deadline has not passed.

STEP 2

Create an account

- Go to UQ's online application portal and create an account: apply.uq.edu.au.

STEP 3

Complete your application

- Complete all details requested in the online application, attaching all required documentation as per the program entry requirements and any additional information requests.

TIP: You can save an incomplete form and return later.

- You must provide complete academic transcripts (detailing all courses you have

taken and qualifications you have been awarded from institutions other than UQ) and/or testamurs of your previous tertiary studies.

- If you want to apply for an English language pathway package, you can indicate this during the application process.

STEP 4

Submit your application

- **Online:** a non-refundable A\$100 application fee will be charged when submitting your application online. After submission, you can check the status of your application through your account.
- If you are unable to access the online application portal, please email applicationstatus@uq.edu.au to request an application form. A non-refundable A\$150 application fee is payable for an email submission of an application.

- **In person or by mail:** If you are unable to email your application, you can submit it in person or by mail to: UQ International, Level 2, JD Story Building, St Lucia, The University of Queensland Brisbane, Queensland 4072 Australia. A non-refundable A\$150 fee applies for applications that are not submitted online.
- Your application will be assessed by UQ International Admissions. They will inform you of the outcome.

International student definition

You are an international student if you are:

- not a citizen of Australia or New Zealand
- not an Australian Permanent Resident, or
- a Temporary Resident (visa status) of Australia.

You are not an international student if you are:

- an Australian citizen (living in Australia or as a resident overseas)
- an Australian Permanent Resident (visa status)
- a New Zealand citizen, or
- a holder of an Australian permanent humanitarian visa.

Permanent residency

If you have been offered a postgraduate place as an international student and become an Australian permanent resident before starting your first semester of study, you will not be able to retain your place as an international student and you must apply for enrolment as a domestic fee paying student.

Please apply to change your fee status as soon as you receive written confirmation about your new residency, visa or citizenship status.

my.uq.edu.au/information-and-services/manage-my-program/financial-matters/fees-international-students/changes-residency-visa-or-citizenship-status

Credit transfer and exemption for previous studies

Credit transfer for previous studies

If you have completed study elsewhere and have taken courses that are the same, or similar (in terms of level, standard and content) to courses in your UQ program, you may be eligible for credit transfer. In some instances, this will reduce the amount of time it will take to complete your UQ program. UQ recognises formal studies and recognised prior learning. You can see if your prior studies qualify through our database.

creditprecedents.app.uq.edu.au

Exemption for previous studies

If you have undertaken some prior formal or informal learning you may not have to complete some courses in your program. You will still have to complete a total number of units to graduate.

future-students.uq.edu.au/apply/credit-and-exemptions

Visas

All international students applying to study in Australia must have a student visa unless they have an alternative visa that enables them to study full-time. If you are granted a student visa, you must comply with all student visa conditions. For all visa enquiries and applications, please contact your local Australian Embassy, High Commission, or Diplomatic Mission.

future-students.uq.edu.au/node/364/
dfat.gov.au/about-us/our-locations/missions
www.homeaffairs.gov.au

Applications

Closing dates

It is recommended that you submit your application no later than the dates below to ensure you have enough time to apply for a student visa. Please note that some UQ programs have earlier closing dates. See program listing for details.

Semester 1 30 November of previous year

Semester 2 31 May of same year

Assessment

Applicants are assessed on a case-by-case basis against the established entry requirements for the program concerned. For some quota programs, meeting the minimum entry requirements does not guarantee acceptance. Applicants who do not meet the academic entry requirements may wish to consider a pathway program (see pages 28–31).

Your application status

If you have applied online, you can view the status of your application through your online application portal.

Documentation required

Academic

When you apply to UQ, please ensure that you submit certified copies of up-to-date transcripts and award certificates with your application. Grading scales will also be needed for any tertiary studies you have undertaken. Certified official translations are required for all documents in languages other than English.

English

To demonstrate your English language proficiency, you must attach copies of all relevant academic transcripts and award certificates to your application. Specific arrangements apply to IELTS, TOEFL and the Pearson Test of English (PTE) Academic. future-students.uq.edu.au/applying/english-language-proficiency-requirements

Waiting on documents?

If you are waiting for transcripts or final results, you may still submit an application and, where possible, we will consider making a conditional offer to you. Submit your evidence of English Language Proficiency (unless you intend to sit a test), and any results you have so far with your application. Please upload any outstanding documents to your online application portal as soon as you receive them.

Deferrals, suspensions and cancellations

If you have a UQ offer to start in a certain semester and you wish to defer (i.e. delay commencing to a future semester), please contact the International Admissions office as soon as possible before the commencement date given on your offer. If you have already received your UQ Confirmation of Enrolment (CoE), a deferral will only be permitted if there are 'compassionate or compelling grounds'. If a deferral is not approved, you may still delay commencing, but your CoE will be cancelled. This may impact your student visa or student visa application. The University can suspend or cancel your enrolment for a number of reasons including misbehaviour, poor academic standing and unsatisfactory academic progress. Please note that any deferrals, suspensions or cancellations may affect a student visa or visa application.

future-students.uq.edu.au/apply/international/deferring-studies

PhD candidate Paula Kuo from Taiwan takes part in Industry Experience Placement with pioneering vaccine company Vaxxas, while working towards her PhD. Opportunities for industry placements can be facilitated by UQ supervisors and the Graduate School.

Higher Degrees by Research

Completing a Higher Degree by Research can advance your career opportunities, satisfy your intellectual curiosity and position you as an expert in your field, while providing you with opportunities to travel, network and explore.

Why do a Higher Degree by Research (HDR)?

Undertaking a research degree will advance your career opportunities and satisfy your intellectual curiosity. Graduates from HDR programs typically secure academic or research careers within tertiary institutions or a broad range of professional and leadership roles within industry and government.

What are UQ's Higher Degrees by Research?

Doctor of Philosophy (PhD)

A PhD is one of the highest degrees that can be awarded. It is seen as a requirement for the majority of academic and research positions in a wide range of fields and industries. The aim of a PhD is to foster the development of independent research skills.

Master of Philosophy (MPhil)

The MPhil is an internationally recognised research degree that involves undertaking a significant research project. It provides candidates with an opportunity to develop and enhance analytical and research skills through independent investigation in a specific field.

Doctor of Biotechnology (DBiotech)

The DBiotech program is designed to train scientists to develop an understanding of management issues for research enterprises and technology ventures, and the integration of specialist training in the area of biotechnology and research.

The doctorate includes one semester of advanced coursework in an area such as intellectual property management, regulatory and legal issues, innovation and entrepreneurship and biotechnology venture management. The program also includes a one-semester professional placement in industry and a two-year research project and thesis, which generally focuses on the technology transfer, legal, regulatory, quality or production aspects of biotechnology.

Higher Degrees by Research

PROGRAM	ASSESSMENT	DURATION	ENTRY REQUIREMENTS*
PhD	A thesis of no more than 80,000 words, with the research representing a significant new contribution to the discipline.	Three to four years full-time	A bachelor's degree with honours class IIA or better from approved universities, which should include a relevant research component, or; a research master's degree, or; a coursework master's degree and an overall GPA equivalent to 5.65 on the 7 point UQ scale, which should include a relevant research component, or; a postgraduate degree of at least one year full-time equivalent with an overall GPA equivalent to 5.0 on the 7 point UQ scale, together with demonstrated research experience equivalent to honours IIA will be considered for PhD entry on a case by case basis, or; a bachelor's degree plus at least two years of documented relevant research experience, including research publications.
MPhil	A thesis of no more than 40,000 words that demonstrates a capacity for critical analysis and application of specialist knowledge.	One-and-a-half to two years full-time	A bachelor's degree with honours class IIB or better from approved universities, which must include relevant experience, or; a postgraduate degree of at least one year full-time equivalent and an overall GPA equivalent to 5.0 on the 7 point UQ scale, which must include relevant experience, or; a bachelor's degree plus at least two years of documented relevant experience. Evidence of other qualifications and/or experience to satisfy the Dean that the applicant is suitably qualified for admission.
DBiotech	One semester of coursework; one semester of professional practice in industry; a thesis of no more than 50,000 words that demonstrates a capacity for critical analysis and application of specialist knowledge.	Three years full-time	Bachelor of Science or Bachelor of Biotechnology with Class I or IIA honours from UQ or equivalent, or; Coursework master's with approved results in the research component and a GPA of 5.5 on the 7 point UQ scale, or; at least two years relevant professional experience and/or research publications.

*International students whose first language is not English must demonstrate that they meet the University's English language proficiency requirements (see page 92).

Reach your research and professional goals

Technology is changing our world on a global scale, affecting the way in which we live and work. To deal with these changes it will become increasingly important for HDR graduates to combine disciplinary expertise with a broader range of capabilities. Such knowledge workers, who have the ability to source information, critically assess its

validity and apply it in novel and innovative ways, can make a significant contribution and develop outstanding careers in a variety of industries.

UQ's Career Development Framework (CDF) was developed in consultation with students and industry to provide the skills and personal development HDR graduates need to meet these industry changes.

Training covers topics including: research

integrity, networking, communication skills and inter-cultural communication, writing skills, teamwork, CV writing, entrepreneurship, business acumen, resilience and emotional intelligence.

Training sessions are run throughout the year which provides you with the flexibility to decide which training is right for you and when.

cdf.gradschool.uq.edu.au

Dr Vincent Wheatley (far right) with PhD student Will Landsberg (far left) and School of Mechanical and Mining Engineering senior lecturer Dr Anand Veeraragavan (middle).

How to apply: (Higher Degrees by Research)

STEP 1

Check your eligibility

Check your eligibility by reviewing the entry requirements for UQ's Higher Degrees by Research.

Fee quarters

International HDR candidates at UQ enjoy a significant advantage over students at most other tertiary institutions with annual tuition fees divided into quarters instead of semesters. This reduces the pressure to submit research prematurely due to financial considerations. Research quarters are designed to match HDR student enrolment and work patterns, as well as scholarship rounds. You are required to commence your program within the first two weeks of a research quarter: January, April, July or October.

graduate-school.uq.edu.au/fees

graduateschool@uq.edu.au

+61 7 3346 0503

STEP 2

Search for a supervisor

UQ is home to over 2000 research experts and a growing community of internationally renowned scholars and scientists. Visit researchers.uq.edu.au to search for and contact potential advisors directly through the UQ Researchers database or view available supervision and projects. Some projects also have attached scholarships.

graduate-school.uq.edu.au/research-projects

STEP 3

Prepare your documentation

When applying you must submit documents to support your application, such as a research proposal, academic CV, academic transcript, award certificates, proof of English language proficiency and two referee reports. If you do not upload all suggested documents, your application may be delayed or rejected.

STEP 4

Apply online

You can submit your application online. If you wish to be considered for a competitive, merit-based scholarship, simply indicate this on the application form. There is no need to fill out a separate application form.

graduate-school.uq.edu.au/apply

2020 tuition fees per research quarter

BAND	FIELD OF EDUCATION	TUITION FEE PER QUARTER FULL-TIME/ INTERNAL*
A	Architecture, Creative Arts, Education, Health, Information Technology, Management and Commerce, Mathematical Sciences, Social and Cultural Studies	A\$8,820
B	Agriculture and Environmental Studies, Dentistry, Engineering, Human Movement, Medical Studies, Natural and Physical Sciences, Pharmacy, Psychology, Veterinary Science	A\$11,030
	Doctor of Biotechnology	A\$9,792

*See page 107 for refund information.
Fees for the Doctor of Biotechnology program are indexed annually.

Life at UQ

UQ will be your home away from home. We offer sporting, cultural and recreational activities, we help you find accommodation, and we anticipate your unique needs from arrival to departure. Whether you require help with learning, someone to talk to, or a lift from the airport the first time you touch down in Australia, we have you covered.

Accommodation

We have accommodation options to suit your lifestyle and make you feel at home. Live in a college on one of the best campuses in the world, go to the inner city for off-campus student accommodation, or find your own home in the private housing market.

On-campus colleges

Do you want a traditional, immersive university experience? If you are studying at one of UQ's Brisbane campuses you can live in one of our ten colleges at UQ St Lucia, or if you are studying at UQ Gatton, live at the Gatton Halls of Residence. You can walk to class, enjoy services like academic support and social and sporting activities, and your meals are provided. Plus, you will make friendships for a lifetime. Apply before you arrive to secure a room.

liveuq.edu.au

Off-campus student accommodation

Do you want to cook your own meals but still live in a student community in the inner city of Brisbane? Choose from one of our recommended student accommodation

providers. A variety of studio, single bedroom apartments and twin share options are available. You can pre-book a room before you arrive.

my.uq.edu.au/student-support/accommodation/approved-providers

Private housing

Are you the more independent type? You might like to share a house or apartment with other people. Brisbane's rental market features everything from low-cost share houses to high-rise apartments, while Gatton's rental market features a range of affordable share houses. To find a room, apartment or house, first check our UQ Rentals database. There are also private rental accommodation websites and you can rent directly from real estate agents. At the start of a lease you typically pay two weeks rent in advance and

a bond (four weeks rent). You should get the bond back at the end of your lease if you maintain the property well. Make sure you inspect a property in person before paying money or signing anything. Arrive around one month before classes start to get organised, arrange inspections and lodge your rental application. Make sure you arrange temporary accommodation for when you land, if needed. uqrentals.com.au

UQ Accommodation team

Our UQ Accommodation team can help you find your new home. If you are new to the housing market, attend a free information session two weeks before classes start. The team can also give you advice, check documentation for you, and direct you to useful material online.

accommodation.uq.edu.au

Airport pick up

If you are a new international student to UQ, we'll provide you with free transportation from Brisbane's domestic or international airports. Just make sure you book three days in advance.

my.uq.edu.au/information-and-services/student-support/accommodation/about/airport-pickups

Guaranteed accommodation

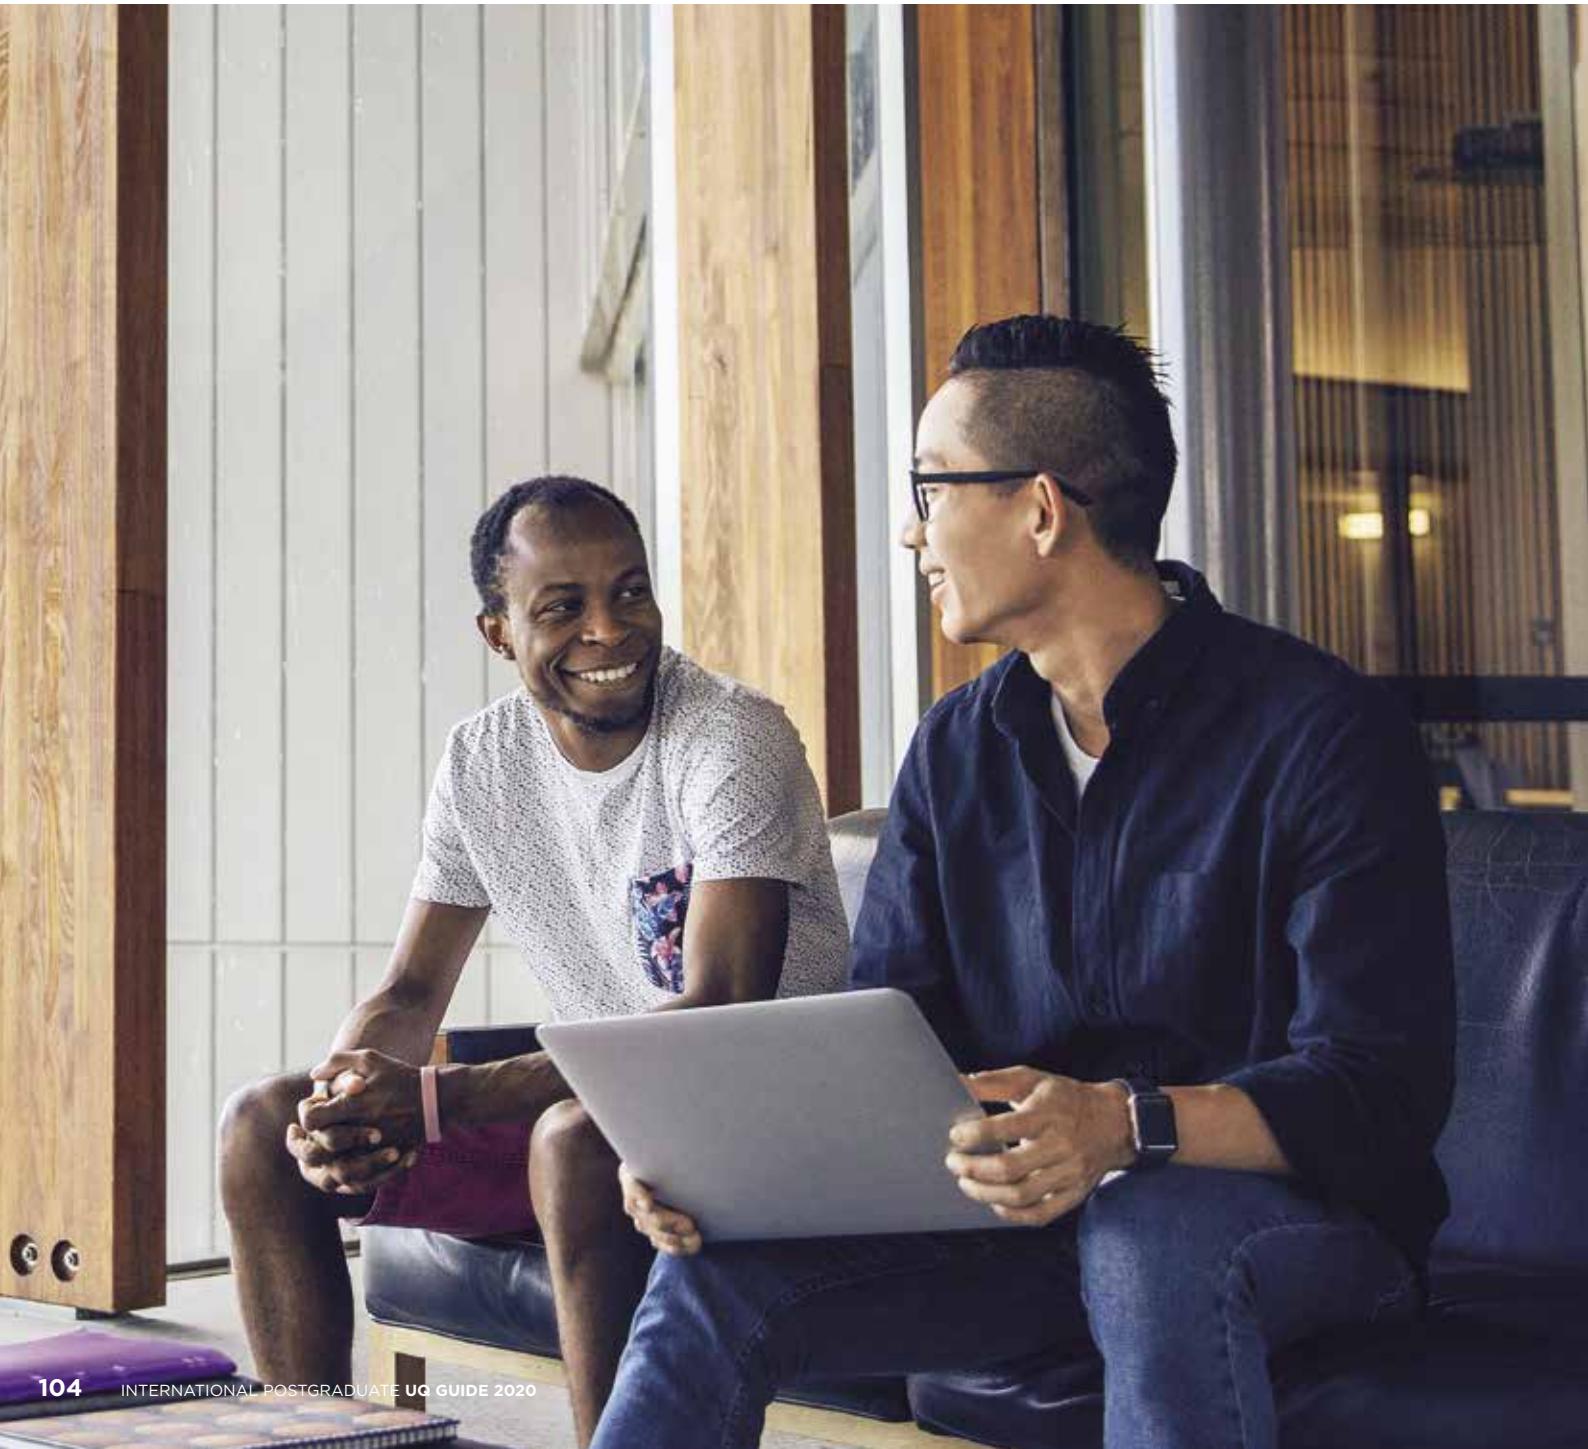

When you apply through UQ Guaranteed Accommodation, you are able to secure your accommodation prior to arriving in Brisbane and commencing studies at UQ.

The UQ Residential Colleges (on campus) and UQ Approved Providers (off campus) set aside a guaranteed number of rooms so you are able to compare, choose and secure the most appropriate accommodation easily. Find out more at:

my.uq.edu.au/guaranteed-accommodation

International student support

UQ has services and activities to help you settle in, make new friends, expand your skills and network, and enjoy student life right up until graduation.

SETTLING IN

Getting started

Make your transition to UQ a smooth one by attending one of our Getting Started sessions either when you arrive or during O-Week. Attendance is compulsory for all international students. In the session, you find out: how to enrol, register for classes, get your student ID card and key UQ dates and terminology. We also tell you about what services and facilities are on campus, how to register for public transport student discounts, and what your best options are for getting to and from UQ.

uq.edu.au/student-services/new2uq
my.uq.edu.au/starting-at-uq

O-Week and your first weeks

Make sure you are here for O-Week, which is held one week before semester starts. It is a great introduction to life at UQ. You can browse clubs and societies, listen to live music, meet new and interesting people at events, pick up free stuff, and most importantly, attend your program's welcome session.

orientation.uq.edu.au

uq.edu.au/student-services/new2uq

UQ mentoring

UQ offers loads of mentoring opportunities for you to get connected, get involved and have fun! Connect to peers, groups or industry partners; there's something for everyone. As a new student transitioning to uni life we recommend you check out the O' to 4 program to help you navigate your first five weeks at UQ. For more information on all of the mentoring opportunities available, visit the Mentoring website:

my.uq.edu.au/mentoring

Clubs and societies

Are you up for expanding your social network and diving into a hobby or passion? Join one of our 220 clubs and societies. From anime to yoga, medievalism to table tennis, and hockey to dancing, you are certain to find like-minded people. If you don't, you can always start your own club.

uqu.com.au/clubs-societies
uqsport.com.au/clubs

Safety on campus

Our campuses are safe places for students and staff. St Lucia and Gatton campuses have 24-hour security teams. St Lucia also offers a safety escort service if you would like someone to accompany you to public transport or your car, and a Safety Bus that runs from 6pm onwards around the campus.

Plus, students can download the free UQ SafeZone app, which connects students directly with security officers or emergency services.

campuses.uq.edu.au/information-and-services/security/campus-safety

Spiritual practice

Our Multi-Faith Chaplaincy at UQ St Lucia caters to all religions. The venue also offers yoga and meditation classes, free English conversation classes, and it hosts community celebrations. It is a great place to meet people from different cultures and faiths.

uq.edu.au/student-services/faith

UQ Mates

Your one place to gain access to the social scene through UQ's free social network!

Meet new friends and connect with like-minded students that share your interests through chat groups and facilitated on- and off-campus meet-ups. Whether you are into food, drinks, arts, culture, fitness, games or study – find your circle at UQ Mates.

my.uq.edu.au/uqmates

ACADEMIC AND LIFE SUPPORT

Student Centres

If you need help navigating university administration, visit UQ Answers online or head to one of our Student Centres for help with forms, fees, health insurance, enrolments, scholarships, exams and visas.

support.future-students.uq.edu.au/app/answers/list

my.uq.edu.au/contact/student-centre

Academic workshops

Gain new skills and prepare for exams by attending free workshops held by our Student Services team. There are workshops on writing assignments, improving your memory, thesis writing, presentation skills, time management, academic language and grammar, and more.

uq.edu.au/student-services/upcoming-workshops

International student advisers

At Student Services we have advisers specifically for international students to help you overcome some of the challenges of studying in a foreign country. UQ Union's Student Help On Campus (SHOC) team can help you with everything from finding part-time work and advice on extending your visa, to legal advice, dealing with financial pressures, and support and information around gender and sexuality. If you need to speak to someone in private, visit a UQ counsellor or discrimination officer for free.

uq.edu.au/student-services/international-students

shocuqu.com.au

uq.edu.au/student-services/wellbeing

English language support during your study

Develop and refine your academic English language skills needed for Australian university study. Free English for Academic Communication (EAC) programs are offered by ICTE (Institute of Continuing & TESOL Education). A variety of relevant courses are run at the beginning of each semester and are offered on a part-time basis. Check the website for more information.

icte.uq.edu.au/study/english-academic-communication

Ally Network is our award-winning program for the LGBTIAQ+ community.

staff.uq.edu.au/information-and-services/human-resources/diversity/sexuality/ally-network

UQ provides free support, services and facilities for **students with a disability, illness, injury or mental health condition** at UQ. You can contact a disability advisor to ensure your transition to study is as smooth as possible.

uq.edu.au/student-services/disability

Cost of living

Brisbane is an affordable city offering a lower cost of living than Sydney, Melbourne, Perth and Canberra*.

To make the most of your time in Australia, we recommend you plan and budget for your study and vacation time.

[*studentcities.com.au](http://studentcities.com.au)

Yearly costs

How much it will cost you to live in Brisbane will depend partly on your lifestyle preferences. For example, if you live in a share house (off-campus private accommodation), your yearly budget will be in the range of \$17,000–\$27,000. In addition to this amount, you will also need to consider establishment costs such as buying furniture, paying a rental bond and setting up electricity, gas and mobile phone accounts, as well as other expenses such as visa and medical fees, tuition fees, return airfares, and Overseas Student Health Cover (OSHC). Remember that exchange rate variations may also affect your budget.

Weekly expenses

The table below estimates weekly expenses for studying at UQ. These estimates are a guide only and prices vary according to your lifestyle. UQ tuition fees, textbooks and study materials, clothing, entertainment, printing, and healthcare costs are in addition to the figures below.

Working while studying

If you have a student visa you can work up to 40 hours per fortnight (two-week period) during university semesters, and full-time hours during vacations. In general, students shouldn't expect to cover tuition fees or living expenses by holding down a casual job.

If you are studying at UQ on a scholarship, you should contact your scholarship provider about how many hours you are permitted to work each week.

immi.homeaffairs.gov.au/visas/already-have-a-visa/check-visa-details-and-conditions/see-your-visa-conditions?product=500

Student concessions

As a student, you can use your student ID to receive concession prices for public transport, the cinema, museums, software, technology and much more.

my.uq.edu.au/starting-at-uq/student-finances/budgeting

Visa information

When applying for a student visa, you must meet the Genuine Temporary Entrant criteria (immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500/genuine-temporary-entrant) and have sufficient funds to pay your tuition fees, living costs (and the living costs of any dependants, if applicable) for the duration of your studies. future-students.uq.edu.au/international/visa-information

Bringing your family

To apply for a Student Visa in Australia, you need to declare that you have access to sufficient funds to pay your tuition fees and to support yourself and any dependants who are coming with you. This declaration is part of the UQ acceptance process. For children, you will also have to factor in school fees and childcare costs.

If you are bringing a spouse and/or children, they will need dependant visas. future-students.uq.edu.au/international/bringing-your-family

Estimated weekly living costs	STUDENT LIVING IN ON-CAMPUS COLLEGE	STUDENT LIVING IN OFF-CAMPUS COMMERCIAL PRIVATE PROVIDER	STUDENT LIVING IN OFF-CAMPUS SHARE HOUSE	STUDENT WITH DEPENDANTS (2 ADULTS, 1 CHILD) LIVING OFF-CAMPUS
Rent	\$450–\$700*	\$180–\$520	\$130–\$250***	\$450–\$600
Food	Included	\$100–\$125	\$100–\$125	\$250–\$300
Utilities (gas and electricity)	Included	Included**	\$10–\$20	\$40–\$50
Internet	Included	Included**	\$5–\$10	\$15–\$50
Phone	\$20–\$30	\$20–\$30	\$20–\$30	\$20–\$30
Public transport	\$10–\$20	\$20–\$40	\$20–\$40	\$80–\$160
Recreation	\$30–\$50	\$40–\$60	\$40–\$60	\$60–\$100
TOTAL	\$510–\$800	\$360–\$775	\$325–\$535	\$915–\$1290

*Cost of fully catered accommodation including utilities vary from residential college to college. The weekly cost for a standard resident room in the Halls of Residence in Gatton is approximately \$293. **Many student accommodation providers include electricity, gas and internet costs in rent; however, check with your provider to be sure.

***Off-campus accommodation costs are usually lower in Gatton.

Please note – these fees are based on 2019 prices. Students should allow for a four to five per cent increase in living expenses each year. For the most up-to-date cost of living prices see: future-students.uq.edu.au/international/cost-living.

Fees and expenses

As an international student, you will pay tuition fees and a services and amenities fee. Some programs have additional costs; see individual program listings for details.

Tuition fees

Tuition fees vary according to program. We have provided an indicative annual tuition fee for each program on pages 26-27. This indicative amount is based on a standard full-time study load for the whole year.

UQ has program-based tuition fees for coursework award programs, meaning that all courses within a program are charged at the same tuition fee rate per unit for a given academic year. Some programs also have additional costs. Tuition fees are reviewed annually.

future-students.uq.edu.au/apply/international/tuition-fees

Student Services and Amenities Fee (SSAF)

The SSAF is charged each semester for the provision of non-academic services. In 2019 the annual SSAF was capped at \$303.

uq.edu.au/myadvisor/student-services-and-amenities-fee

Scholarships

The University of Queensland offers competitive scholarships to help high-achieving students fund their tertiary education. For more information, see pages 108-109.

Health insurance

If you will be coming to Australia on a Student Visa, you will need to purchase and maintain Overseas Student Health Cover (OSHC) as one of the conditions of your visa. This is an insurance policy that covers you for basic medical and hospital care and is required from the day you arrive in Australia until you leave. UQ's preferred OSHC provider is Allianz Global Assistance. UQ can organise your OSHC with Allianz when you accept your UQ offer and pay your tuition fee deposit. Alternatively, you can obtain your own OSHC from a government-approved OSHC provider.

future-students.uq.edu.au/international/health-insurance

Financial aid

We can help students from North America, as well as some countries in Europe and Latin America, apply for student loan programs that are offered in their home countries. These loans can help you cover a portion of your educational expenses while studying full-time at UQ.

future-students.uq.edu.au/apply/international/financial-aid

Refunds

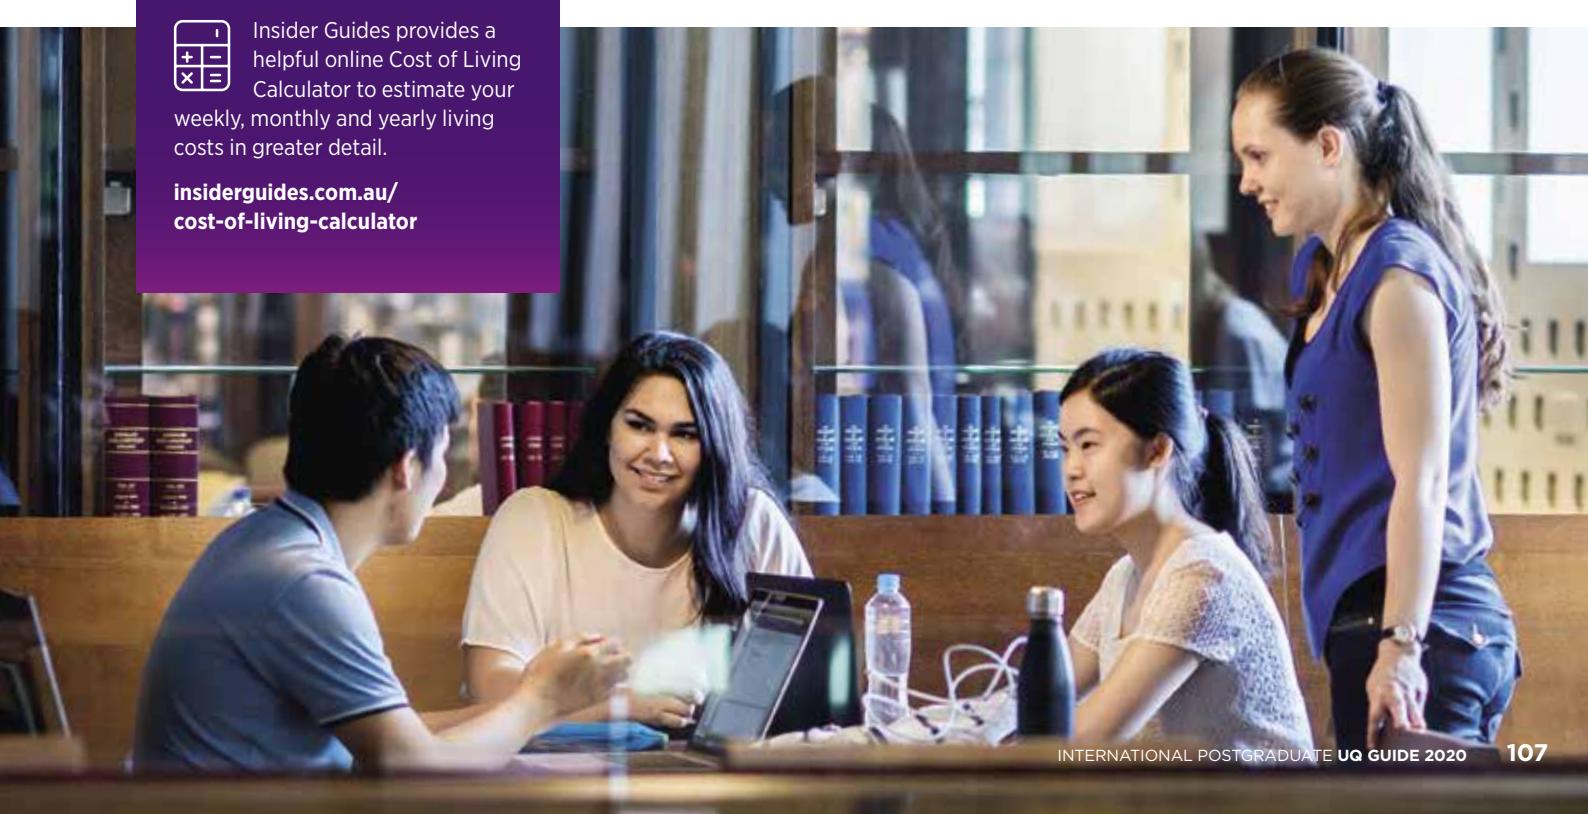

Refunds are only made to international students in certain circumstances and in accordance with our Fee Rules and Student Refund procedures.

ppl.app.uq.edu.au/content/3.40.03-student-refunds

Insider Guides provides a helpful online Cost of Living Calculator to estimate your weekly, monthly and yearly living costs in greater detail.

insiderguides.com.au/cost-of-living-calculator

UQ HDR scholarship recipient Gurion Ang is an entomologist and who completed his PhD at UQ's School of Biological Sciences. Originally from Singapore, he first came to UQ to take part in a Summer Research program and stayed to complete his Bachelor of Science (Honours) and PhD.

Scholarships

You may be eligible for a scholarship to study at UQ. The Australian Government provides international students with a range of scholarship options, and the University also offers competitive scholarships to help high achieving students fund their tertiary education. For more information, and to check your eligibility, please visit: scholarships.uq.edu.au

UQ HDR scholarships

UQ provides almost A\$40 million in scholarship funding support each year for living and tuition expenses of Higher Degree by Research (HDR) candidates.

UQ Graduate School Scholarship (UQGSS)

The UQ Graduate School Scholarship (UQGSS) is awarded from Research Training Program (Australian Government) funding and UQ funding via a competitive scholarship round twice per year. The UQGSS provides a living allowance and a tuition fee offset. For international applicants who will study in Australia on a student visa, the UQGSS also includes an allowance for single overseas student health cover.

graduate-school.uq.edu.au/scholarships#2

Other scholarships for HDR candidates

In addition to the UQGSS, a wide range of scholarships for HDR candidates is available. These can be found on UQ's Scholarships website. New opportunities are frequently added, so prospective HDR candidates are advised to check the website regularly.

Australian Government scholarships

Australia Awards

Australia Awards are prestigious international scholarships and fellowships funded by the Australian Government. They are administered by the Department of Foreign Affairs and Trade and offer the next generation of global leaders an opportunity to undertake study, research and professional development in Australia. The opportunities provided by Australia Awards Scholarships help participants develop the skills and knowledge to drive change and contribute to the development outcomes of their

country. Benefits of the scholarship include payment of an establishment allowance, full tuition fees, return airfares, living allowance and overseas healthcare cover (OSHC). UQ has hosted Australian Awards-sponsored students for more than 50 years.

australiaawards.gov.au

Endeavour Leadership Program

The Endeavour Leadership Program offers financial support to non-Australians from participating countries to undertake postgraduate study, master's by coursework or research, and vocational education and training in Australia. They provide individuals of academic merit with high-quality learning opportunities that contribute to Australia's standing as a world leader in education and research.

The program supports Australia's first National Strategy for International Education, which sets out a 10-year plan for developing Australia's role as a global leader in education, training and research. Endeavour Leadership Program recipients receive personalised support provided by a dedicated case manager, have opportunities to attend professional development workshops and receptions and become members of an active alumni network.

The dedicated case managers provide recipients with:

- pre-departure briefings
- advice on health and travel insurance, accommodation, security
- payment of allowances, and;
- reporting to the department on the recipient's progress.

international.education.gov.au/endeavor

Australian Centre for International Agricultural Research (ACIAR) Fellowships

ACIAR is Australia's specialist international agricultural research for development

agency. Building capacity of individuals and agricultural research institutes in partner countries is one of ACIAR's key priorities.

ACIAR administers two fellowships under the Australia Awards: the John Allwright Fellowship and the John Dillon Fellowship. The John Allwright Fellowship provides the opportunity for partner country scientists involved in ACIAR-supported collaborative research projects to obtain postgraduate qualifications at Australian tertiary institutions. The John Dillon Fellowship provides career and leadership development opportunities for outstanding agricultural scientists or economists from ACIAR partner countries who are involved in a current or recently completed ACIAR project.

Up to ten fellowships are offered annually.
aciar.gov.au

Other scholarship opportunities

Many international students at UQ are funded by scholarships from their home governments or other funding bodies. For more information on these scholarships, you should contact the Ministry of Education or another appropriate government agency in your home country. Some multinational aid organisations and other large corporations also provide scholarship funding for international students. If you wish to apply for assistance, contact the organisation directly.

global-engagement.uq.edu.au/sponsored-students

Studies in Australia Scholarship Search

Studies in Australia allows you to search for scholarships available to international students who want to study in Australia. Using the scholarships search tool, you can filter by course, support type and the location.

studiesinaustralia.com/scholarships-in-australia

UQ Partners

UQ has links worldwide and is also a proud member of the prestigious Group of Eight and Universitas 21 networks.

UQ's partnership network

UQ has a strategic partnership network across more than 50 countries, which includes leading organisations and institutions across higher education, research, industry, government, sponsorship and philanthropy.

As a key component of UQ's broader Global Strategy, UQ seeks to ensure a cohesive and coordinated approach to collaboration with international partners. UQ partners for global impact by building meaningful relationships worldwide and leveraging our strategic global presence. UQ's global connectedness has a multitude of beneficiaries, leading to research outcomes, products and services that have real impacts on people around the world.

Through our partnerships, UQ students can study in more than 40 countries to develop and broaden their perspectives, build international networks and prepare for global careers. Almost a quarter of UQ's undergraduate students engage in an international experience of some kind during their studies.

UQ is also a member of a number of global networks that enhance the opportunities for collaboration for our staff and students, including: Universitas 21, a select international network of comprehensive, research-intensive universities; edX, the world's leading consortium of Massive Open Online Courses (MOOCs); and the McDonnell International Scholars Academy, a select group of research universities that aims to develop future leaders and promote global awareness and social responsibility.

UQ also has a number of arrangements with international institutions to facilitate the progression of students from those institutions to UQ through credit transfer.

UQ terminology

Alumni

All UQ graduates are considered UQ alumni.

Assessment

Assessment is completed as part of your course. It can come in the form of assignments, examinations, oral reports, debates, projects, research summaries and laboratory practical reports.

Australian student (also known as Domestic)

A student who is an Australian citizen or permanent resident, or a New Zealand citizen.

Bachelor degree

A qualification awarded for the first level of study undertaken at university, typically requiring three to five years of study (see also Undergraduate programs).

Blue Card

An identification card issued under the *Commission for Children and Young People and Child Guardian Act 2000* that you need in order to work with children in Queensland, whether as paid employee or volunteer. You can apply for one through the UQ School administering your program. Blue card applicants undergo a complete national criminal history check.

Campus

The locations where a program is conducted. Some programs are taught at locations other than UQ St Lucia, or across more than one campus.

Census date

The last date to cancel enrolment in a course without incurring financial liability. Census dates are 31 March for Semester 1, and 31 August for Semester 2. Summer Semester census dates change each year depending upon the start date of Summer Semester. Intensive teaching periods also have individual census dates that change each year according to the start date of the teaching period.

Compulsory courses

Courses that must be studied to complete the requirements of a program.

Confirmation of Enrolment (CoE)

A CoE is sent to you for when you wish to apply for a student visa, and is presented at your nearest Australian embassy, high commission or diplomatic mission.

Course

A component of study within a program.

Course profile

A statement of the essential details of a course, in particular its objectives and goals, how performance will be assessed and other general assessment expectations and penalties.

Coursework program

A postgraduate program where the assessable content by research represents less than two-thirds of the total assessable content (as distinct from a research higher degree).

Commencement

Semester 1 in Australia generally begins in late February, and Semester 2 in late July, but some programs may start earlier. Check with the relevant UQ faculty.

Credit

1. Students receive credit towards a degree when they pass a course that is part of the program requirements. 2. Students changing programs (within UQ or from another university) may apply for credit, a value assigned for study completed in one program, towards the new program. See Credit transfer.

Credit transfer (or transfer credit)

Credit transfer may be granted when students change from one program to another, if the rules of the new program allow. Check with the administering faculty.

CRICOS code

The Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) code indicates a registered program offered to international students studying in Australia on a student visa.

Dual program

Two UQ degree programs undertaken at the same time (sometimes known as dual/parallel/combined/double degrees).

Duration

The amount of time normally taken to complete a program, expressed in terms of full-time (F/T) or part-time (P/T).

Elective

A course that you may choose from a set of options. Some UQ programs allow elective courses to be taken from outside the main focus of the program or from other UQ programs.

Entry score

All undergraduate students are assigned a university entry score based on high-school or post-secondary study results. Once you complete the equivalent of one full-time year of tertiary study (bachelor level or higher), your ranking is converted to a score based on Grade Point Average.

External student

External students study by distance education and do not have to attend any on-campus classes, although attendance at residential schools may be required in some cases. Material is dispatched by mail or via the Web. International students can only study external programs from offshore.

Faculty

The major organisational unit within UQ, with responsibility for academic programs. Faculties may have a number of sub-faculty academic units called 'schools'. There are six faculties: Business, Economics and Law; Engineering, Architecture and Information Technology; Health and Behavioural Sciences; Humanities and Social Sciences; Medicine; and Science.

F/T Full-time

75 per cent or more (six units) of the standard full-time study load (eight units) per semester for most programs. As an international student in Australia, you must complete your program within the specified duration. To do this, we recommend you enrol in eight units per semester.

Grade Point Average (GPA)

A statistic based on grades received and the number of units completed, indicating how successful you are in your studies.

Honours

At UQ, Honours may be awarded as a one-year bachelor honours degree following completion of a bachelor degree; or as a four-year bachelor honours degree. Some undergraduate programs allow eligible students to transfer to a bachelor honours degree at a defined point in the bachelor degree.

IELTS

International English Language Testing System.

Immunisation

For some Health, Behavioural Sciences and Medicine programs, you must provide proof of immunisation against certain diseases, including Hepatitis B. See habs.uq.edu.au/placement-ready/immunisations

Intensive

A flexible delivery study mode where you attend on campus for short periods only (typically 1-2 weeks).

Internal student

A student who attends classes (lectures, tutorials and practicals) on-campus during semester.

International applicant

An 'international' applicant is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol at an institution in Australia. Temporary residents of Australia are also classified as international applicants.

International student

A student who is not an Australian citizen or permanent resident, nor a New Zealand citizen, and is enrolled or proposes to enrol at an institution in Australia. Temporary residents of Australia are classified as international students.

Major

An area of specialised study within a program of at least 12 units, e.g. history in an Arts program, which may be a formal requirement. Extended and dual majors are when the specialised area comprises a higher proportion of the degree.

Minor

A field within a program approximately half the value of a major.

Orientation (O-Week)

A program of activities and information sessions to introduce new students to the university, to assist the transition to tertiary study.

Placement

Also called work placement, internship, industry study, clinical practice, practicum, fieldwork, clinical placement, practical work, teaching practice or industry experience – this is a period of practical, work-related experience designed to enable you to practise professional skills in a real-life setting.

Plan/Field

A plan or field is an area of study within a program, for example, biology, physics, mathematics, or history.

Postgraduate coursework programs

Postgraduate coursework programs involve at least two-thirds of coursework. Study options include a graduate certificate, graduate diploma, coursework master, and professional doctorate.

Prerequisites

Courses that you have to pass before you can enrol in a particular course, providing you with the appropriate foundation knowledge.

Program

A sequence of study leading to the award of a qualification such as a bachelor degree, graduate diploma, or PhD.

Program code

A unique identifying number the University assigns to a program.

P/T

Part-time.

Quota

Some programs have limited places available.

School

The core, sub-faculty academic unit, responsible for teaching, research and interaction with professional organisations. Course coordinators and lecturers generally work in schools.

Semester

The University teaching year is divided into three semesters: Semester 1, Semester 2, and Summer Semester. Most programs only require you to be enrolled in Semesters 1 and 2 each year.

Teaching methods

At UQ we use a range of teaching methods, including lectures, tutorials, laboratory practicals, fieldwork, group discussions, and online modules and workshops. You will be required to complete assignments and examinations, and undertake independent study. Debate in classrooms is strongly encouraged.

Teaching spaces

Ranging from large, tiered lecture theatres to small tutorial rooms and specialised laboratories, we offer flexible spaces for group work, teaching and printing. All UQ lecture theatres and most tutorial rooms have Echo 360 installed so that teaching sessions can be recorded and accessed online.

Undergraduate coursework programs

Undergraduate coursework programs involve at least two-thirds of coursework. Study options include a bachelor degree (including honours), associate degree, dual program, and concurrent diploma.

Upgrading

If you are not offered a place in your preferred program, you can accept an offer in a program with lower entry requirements, improve your entry score during your first year of study and then apply for your preferred program.

Units

Units (#) represent the value of individual courses that contribute to the total unit requirement of an academic program. A standard study load is eight units per semester.

Workloads

International students must complete their studies within the minimum duration of the program (student visa duration).

Index

Programs are listed in **bold**. Fields of study are *italicised*.

Academic workshops	105	Development Economics	52	International Commercial Law / Master of Commerce	55	Safety on campus	105
Accommodation	102-103	Development Economics / Economics and Public Policy	52	International Economics and Finance	55	Scholarships	109
Advanced Nursing	75	<i>Development Planning</i>	43	<i>International Economics and Finance</i>	54	Science	89
Advertising	50	Development Practice	43	International Economics and Finance / Commerce	56	Science and Mathematics	82-91
Agribusiness	34	<i>Dietetics Studies</i>	73	<i>International Enterprise Management</i>	54	<i>Service Management</i>	57
Agriculture and Environment	32-35	<i>Doctor of Philosophy (PhD)</i>	97-98	International Law	56	Short-term study program	11
Agricultural Science	34	<i>Economics</i>	52	International Relations	45	<i>Skin Cancer</i>	74
Agronomy	34	<i>Economic Studies</i>	53	International Relations / International Law	45	<i>Social and Community Entrepreneurship</i>	53

<i>Design and Information Technology</i>	53						

Find out more

Meet us in your country

UQ academic and administrative staff often travel internationally, giving you the opportunity to meet one of our team members at an event in your home country. Check out our events calendar.

future-students.uq.edu.au/events

UQ educational representatives

UQ's representatives can help you find information about studying at UQ, what the entry requirements are, how to complete your application, and how to lodge your student visa.

future-students.uq.edu.au/find-international-representative

UQ campus tours

UQ is a great place to study, make new friends, and take part in sporting and cultural activities. Register for a campus tour and experience first-hand what UQ has to offer.

future-students.uq.edu.au/campus-tours

All UQ campuses are smoke-free.
