

THE Awards Asia 2020 - Outstanding Leadership and Management Team

Institution Name	O.P. Jindal Global University
Submission title or project name	JGU - Leadership and Management
Submission	<p>In September 2019, just ten years after it was founded, O.P. Jindal Global University (JGU) was selected as an 'Institution of Eminence' by the government of India, making it one of only eight private Indian universities to be awarded this status. As an Institution of Eminence, we enjoy regulatory freedom and autonomy not accorded to other Indian universities.</p> <p>Rarely has such a young institution, established with only 100 students, one school and 10 faculty members progressed so rapidly to become a multidisciplinary university with over 5,000 students, nine schools and over 570 faculty members, while retaining a 1:9 faculty-student ratio by the end of 2019.</p> <p>JGU saw this not just as a reward of their effective leadership and management, but also as a responsibility towards the broader higher education ecosystem in India.</p>
