The table covers data for the financial year ended 31 July 2010. It does not include colleges that offer higher education courses. All decimal figures are rounded up. The following institutions' accounts were not available at the time the data were compiled: Edinburgh College of Art, Trinity College Carmarthen, University College Plymouth St Mark and St John, and the University of Glamorgan. In addition, data were not obtained for the Conservatoire of Dance and Drama

Net surplus/deficit: simply put, this is the difference between income and expenditure. It does not take into account any profit or loss made on the disposal of assets. Deficits are shown in parentheses

Funding council grants: all Higher Education Funding Council for England/Higher Education Funding Council for Wales/Scottish Funding Council grants as well as from other public funding bodies such as the Training and Development Agency for Schools

Research grants and contracts: all research income from all sources except Hefce/HEFCW/SFC research grants

Tuition fees and contracts: tuition fees from UK and European Union students, plus other teaching income relating to education contracts, short courses, etc

Overseas fees: tuition fees received from full-time and part-time students outside the UK and EU. Where no figure is given, overseas fees were not differentiated in the accounts

Other income: income from catering, residential and other activities. May also include income from subsidiary companies

Total staff costs: total wages and salaries, including benefits, social security costs and pension contributions

Interest paid: includes interest paid on pension liabilities. As a result, some institutions with zero borrowing may still have large interest payments
